Latest Monthly Business Update (Annexure I)

Ritco Logistics Ltd. Secures New Business in Transportation and Warehousing worth nearly INR 342 Crores

Ritco Logistics Ltd., one of India's leading integrated logistics and supply chain solutions providers, continued to strengthen its business portfolio by securing new contracts across its Transportation and Warehousing business verticals.

These new orders further reinforce the Company's strategy of expanding long-term customer relationships while strengthening its integrated logistics capabilities across multiple industry sectors.

Transportation Vertical

Major Contract Win in Petrochemical Segment – HRRL and MRPL

- Ritco Logistics Ltd has secured a significant contract valued at approx. **₹334 Crore** from **HPCL Rajasthan Refinery Limited (HRRL)** for pan-India Polymer Granule distribution from Pachpadra, Rajasthan. This renowned business will play a pivotal role in advancing:
  - **Market Leadership:** As a trusted logistics partner to all major polymer producers across India, this contract further consolidates Ritco's deep in-routes within the petrochemical sector.
  - **Tech-Driven Scaling:** This expanded volume accelerates the scaling of our digital supply chain ecosystem, including advanced AI route optimization, automated fleet management, and real-time transit visibility.
  - **Client Portfolio Focus:** These continuous technological upgrades are designed to enhance operational efficiency, safety, and service reliability across our entire valued corporate client.

- Ritco Logistics secured a **transportation contract** from **MRPL (Mangalore Refinery & Petrochemicals Ltd.)** The contract covers transportation services from **Mangalore**.
- The award further strengthens Ritco's presence in the polymer logistics sector and demonstrates customers' confidence in the Company's reliable nationwide transportation network.

Warehousing & Integrated Logistics

OPAL – Warehousing Operations

- Ritco Logistics secured a **warehousing contract** from **OPAL (ONGC Petro additions Limited)**

- The contract covers warehousing operations in **multiple locations in Gujarat**.
- The project further strengthens Ritco's integrated logistics offerings and reflects the Company's growing capabilities in warehousing and supply chain management services.

Sustained Growth & Business Mix

The latest business additions highlight:

- New businesses secured.
- Continued expansion in the Energy and Petrochemical sectors.
- Strengthening of the Company's Warehousing and Integrated Logistics portfolio.
- Healthy diversification across Transportation and Warehousing business verticals.
- Reinforcement of Ritco's position as an integrated logistics solutions provider delivering end-to-end supply chain services across India.

Outlook

Ritco Logistics continues to focus on sustainable and profitable growth by expanding its customer base across transportation, warehousing, multimodal logistics, and specialized supply chain solutions. The latest contract wins reaffirm customer confidence in the Company's operational capabilities, technology-driven approach, and commitment to delivering reliable logistics services. With a diversified business portfolio and strong industry relationships, Ritco remains well-positioned to create long-term value for its customers and stakeholders.

Information Technology

1. **Security Operations Enhancement:** Security monitoring capabilities have been strengthened to improve the detection and response to cyber threats.
2. **IT Asset Management Optimization:** IT asset management processes have been improved to increase operational efficiency and lifecycle governance.
3. **Collaboration Platform Improvements:** Collaboration services have been enhanced to improve productivity and user experience across the organization.

Key Trucksup Updates:

1. 5,000+ FASTags has been issued, taking GMV to approx. ₹ 27 Crores. FASTag continues to be one of the platform strongest and most consistent products, and fleet operators keep coming back to it month after month to consolidate their toll payments in one place.
2. 326 fuel cards have been created, with a GMV of approx. ₹ 2.50 Crore. Fleet operators are steadily moving their fuel spends onto the platform, which gives them better visibility and control over how much they are spending at the pump.

3. Vehicle financing has closed 13 cases this month, with total disbursement of approx. ₹4.30 Crore — an average ticket size of about ₹ 33 Lakh per case, which shows fleet operators are trusting the platform with fairly large-ticket financing needs.
4. Approx. 800 GPS units have been installed so far, bringing in revenue of around ₹ 40 Lacs. GPS is shaping up as a solid new revenue stream for the platform.

The association of **Mr. Ajay Devgn** reflects the Company's ongoing commitment to expanding its reach, strengthening its brand identity, and driving greater awareness of its technology-led solutions for the road transport and logistics sector. By partnering with a personality who resonates with audiences across the country, the Company aims to deepen its connection with truck owners, transporters, fleet operators, logistics businesses, and MSMEs.

The Company believes that this strategic collaboration will support its long-term growth objectives, enhance stakeholder confidence, and reinforce the TrucksUp brand as it continues to scale its presence across the country.
