'Model Code of Conduct Needs to Change, has to be in Line With Changing Times'

ET Q&A

SUNIL ARORA

Chief Election Commissioner

Deliberations on scheduling J&K elections this week; 'political propaganda' in EC's defence-related advisory of March needs sharper definition, CEC tells **Anubhuti Vishnoi**

What are your initial takeaways from the Lok Sabha elections?
My first impulse is of relief that a mammoth exercise has been completed. We have set up working groups on various subjects and will start work on these from July.

Where's the debate on EVMs after these elections?
It is more a debate in the minds of limited stakeholders. If it was a debate across the country, then why would 67% people turn out to vote? EVMs have been used for two decades. We also started using VVPATs since Himachal Pradesh assembly elections. As per SC orders, VVPAT verification was done at randomly selected five polling stations per assembly segment this time. Still, two days before counting, a demand came for a change in the SOPs. We kept an open mind and deliberated within the Commission and with all CEOs. It was felt that making any last minute change was nothing short of disrupting the electoral process. Some felt it was like derailing, even sabotaging the mandate of the people. We decided against any change. Now 22,000 VVPATs have been put through verification, virtually without any glitches. If still some people for their own reasons are creating a phantom or a ghost where there is none, let them keep doing. We will keep replying as is our duty.

What about delays in handling Model Code of Conduct complaints?
There are complaints of violations from various parts of the country, often on speeches in various languages. Transcripts, certified translation with reports have to be sought from DEOs and CEOs and then a decision is taken.

And on complaints related to the Prime Minister?
We have taken strong action against senior functionaries of the ruling party. Is the litmus test of EC or its purity of intentions only proven when action is taken against a Prime Minister? I do not recall any such condition detailed in any rule book.

One of your Commissioners seemed to disagree?
An Election Commissioner may have his own opinion which he is welcome to put on record. I had issued a statement earlier mentioning clearly that the three Election Commissioners are not expected to be templates or clones of each other. I have also said in an interview to ET that the eloquence of silence is always difficult but far more desirable... this was an ill-timed controversy.

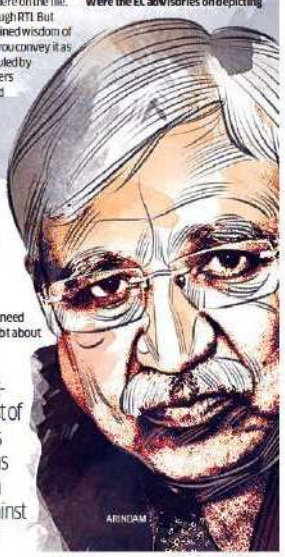

But the concern was on making dissent public?
The issues raised are on legally incorrect premises. MCC orders are not quasi-judicial. These proceedings would involve arguments and defence by lawyers. In a model code period of 2-2.5 months, can we conduct quasi-judicial inquiries?

In multi-member bodies like say UPSC, they advise ministries on a range of issues but do they mention varying views recorded by different members? The question is also, who is suppressing dissent? All opinions are there on the file. They can be accessed through RTI. But while conveying the combined wisdom of any multi-member body, you convey it as the ECI. I can also be overruled by both Election Commissioners but it will not be mentioned since it is an executive decision and not a judgment.

The SC had desired consensus among three ECs...
Yes, of course, consensus is definitely desirable... but if it doesn't happen, it doesn't happen.

Does the MCC need review?
MCC most certainly does need a change. There is no doubt about it. It has to be in line with changing times, like everything else. We have constituted a working group on it to examine it closely.

Were the EC advisories on depicting

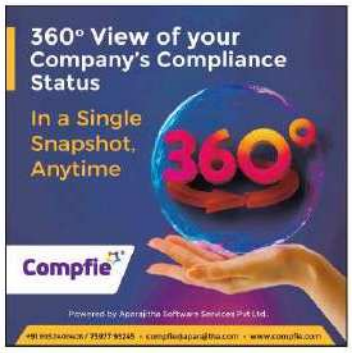

TEST FOR EC

Is the litmus test of EC or its purity of intentions only proven when action is taken against a Prime Minister?

Bala kot followed?
The advisory on March 19 dealing with 'political propaganda' needs to be looked at. The term should be more sharply defined for greater clarity.

Was a seven-phase election necessary in West Bengal?
The phasing of elections depends on availability and movement of forces from one state to another... do note that if the 42 seats in West Bengal went to polls in seven phases, so did Bihar's 40 seats. In hindsight, in fact I think it was the correct assessment and an essential one considering the levels of street violence. Both in West Bengal and Tripura, we felt the situation warranted some drastic measures which were taken including sending special observers for recount.

What about assembly polls in J&K given that home ministry has revised its stand?
We have just completed parliamentary elections there and want to hold assembly elections. We will be meeting soon on the issue. The term that MHA or state is 'revising' its position is incorrect. They have inputs on law and order situation from various agencies. If they do a review and give us an opinion with the consent of responsible authorities like the Home Minister or the Governor, we must consider them. We at EC are not sitting in a fortress or a small island. We cannot be, and no EC has been, non cognisant of the field situation.

ED to Take Possession of AJL Land in Panchkula

Our Political Bureau

New Delhi: In a setback for Congress, the Enforcement Directorate will soon take possession of land worth over ₹64 crore in Panchkula that had been allotted to the Associated Journals Ltd. (AJL) by the Haryana government in 2005. The adjudicating authority of the ED, a quasi-judicial entity, approved the provisional attachment order passed by the agency in December. The order pertaining to plot number 17 of Sector 6 in Panchkula was issued two days after the Central Bureau of Investigation charge-sheeted former Haryana chief minister Bhupinder Singh Hooda and others for alleged irregularities in allotting the land to AJL in December last year. AJL, which publishes the National Herald newspaper, is said to be controlled by senior Congress leaders, including members of the Gandhi family.

India May Extend $100-m Defence Line of Credit to Kyrgyzstan

Wants to acquire protective equipment, simulators, armoured systems from India

Manu.Pubby
@timesgroup.com

New Delhi: President of Kyrgyzstan Sooronbay Jeenbekov, who holds the current chair of the Shanghai Cooperation Organization, is a surprise special guest at the swearing-in ceremony of Prime Minister Narendra Modi on Thursday.

The invite is another step up for bilateral ties that have been on an upward swing — the Central Asian republic is sharing a request for defence equipment from India, taking the strategic relationship beyond the current level of bilateral exercises and the construction of a joint mountain warfare training centre.

India is likely to extend a line of credit to Kyrgyzstan to enable the transfer of defence equipment, with sources indicating that this could be valued to as much as $100 million. The Central Asian nation is looking for a range of defence systems to modernise its armed forces that are largely of Russian origin. Sources said three areas in particular have been identified by Kyrgyz defence teams that visited India over the past few months and a formal letter of request is being processed to take the acquisition ahead. The process will involve approvals from the ministry of external affairs. Given the commonality of equipment, the Kyrgyz military wants to procure simulators that have already been purchased by the Indian defence forces. Sources said the request for equipment includes products made by the Hyderabad-based Zen Technologies. The company has a wide range of products for Russian equipment, including driving and gunnery crew equipment for T-72 and T-90 tanks, as well as for the BMP Infantry Combat Vehicles.

A Kyrgyz military team visited several private sector companies in India to identify an equipment list that includes land-based systems upgrades by Larsen and Toubro (L&T) and protective equipment by MKU, sources said.

Bilateral relations have been on a strong footing since 2011 when the joint 'Khanjar' series of exercises started but saw an acceleration after Prime Minister Narendra Modi's visit in 2015 to all central Asian republics. Since then three IT-Centres have been established by India at Kyrgyz Military Institutions and the Khanjar series have evolved into more complex exercises. Both nations are jointly constructing the Kyrgyz-Indian Mountain Training Centre in the city of Balykchi and India helped to equip the Kyrgyz Military Field 2nd Level Hospital for UN Peacekeeping Missions.

Modi to Address Maldivian Parliament

NEXT WEEK May focus on India's neighbourhood policy and vision for Indian Ocean region

DipanjanRoy.Chaudhury
@timesgroup.com

New Delhi: Prime Minister Narendra Modi, in a significant move, will address the Maldivian parliament when he travels to the neighbouring island nation next week, his maiden overseas trip in his second term.

Modi is expected to visit Male from June 7 to 9, ET has learnt.

In a shot in the arm for Indo-Maldives ties, former president Mohamed Nasheed was elected as the new speaker of the Majlis, or parliament, on Tuesday. Maldivian foreign minister Abdulla Shahid said his country's parliament unanimously passed a resolution to invite Modi to address a sitting of the house. During his first term, Modi had addressed lawmakers in various countries – Nepal and Australia (2014), Sri Lanka, Afghanistan and Mauritius (2015) and a joint session of the US Congress (2016).

Modi's address to the Maldivian parliament is expected to focus on India's neighbourhood policy and vision for the Indian Ocean region, where China has made strong inroads.

The choice of Maldives as the first overseas destination of his second term is significant because Modi had skipped visiting the island nation in his first term until Yameen Abdul Gayoom was voted out of power in September 2018. Modi attended the swearing-in ceremony of Ibrahim Mohamed Solih as Maldives President in November.

In 2015, while addressing the national assembly in Mauritius, Modi referred to the Indo-Mauritius security partnership for the Indian Ocean region. "I see Mauritius as a leader in the Indian Ocean Community and as a bridge to Africa... For India and Mauritius, our destinies are linked by the currents of the Indian Ocean. Our security partnership has been a strong pillar of our relationship. And, it has stood the test of time. It is founded on unmatched mutual confidence and trust. It is rooted in the responsibility to each other that comes naturally from our friendship. It stems from our shared commitment to peace and prosperity in the Indian Ocean region," Modi had said.

4th Edition of Quadrilateral Meet This Week

New Delhi: The fourth edition of the Quadrilateral meeting among India, Japan, Australia and the United States, after the grouping was revived in November 2017, will be held this week in a yet-to-be-announced Southeast Asian capital days after Prime Minister Narendra Modi's re-election, signalling strong intent to maintain rules-based global order amid China's ambitions to expand its influence in the region. The nations are exploring alternatives to China's Belt and Road Initiative and the meeting of the Quad, as it is popularly called, is expected to discuss various projects, according to people aware of the matter. –**PTI**

Minister orders third-party audit of plantation drives

HT Correspondent
htreporters@hindustantimes.com

NEW DELHI: For the first time, all government agencies involved in planting tree saplings during the monsoons every year have been directed to carry out third-party audits to check how many plants survived.

"The forest minister, Imran Hussain, directed all agencies to carry out third-party audits of plantation done during the period 2015-18. The exercise should be completed within four months," said a statement issued by the forest department on Wednesday.

This year (2019-20), the Delhi government set a target to plant more than 23 lakh trees and shrubs. More than 4.25 lakh saplings would be distributed free to RWAs, educational institutions and market associations.

Hussain urged all greening agencies to provide locations where large-scale plantations were carried out during 2018-19, so that an inspection could be carried out to check the survival rate of the saplings. "Even though some government agencies had done audits earlier, this is for the first time that all greening agencies have been directed to carry out third-party audits," said a senior official of the forest department. The department had often come under the flak from experts, who pointed out that even though lakhs of saplings are planted every year, there is no record of how many actually survive. This was because there were no proper audits.

"This is a very good move by the state forest department provided it is done by an experienced agency such as the Forest Survey of India. This would help us to know the survival rate of plantations carried out in Delhi. If the survival rate is poor in any particular area we can try to find out the problem and come up with solutions. This would help us to increase the tree cover further," said Prabhakar Rao, a member of Kalpavriksha Environment Action Group, and an expert on urban forests.

A 2018 CAG report had stated the plantation of 28.12 lakh trees in 2014-2017 could not lead to a commensurate increase in tree and forest cover, thereby raising concerns about the efficacy of government's plantation drive.

Army canteens

CSD because service personnel get a sizeable discount which can run into a few lakhs depending on the model of the car. HT has a copy of the 24th May letter from the army's Quartermaster General. This direction is not an austerity move as such because they are free to buy whichever car they want from the open market. However, officials confirmed to HT that most serving and retired personnel make use of the significant discounts they get in the canteen.

The rules specify that personnel below officer rank can now buy cars only up to an engine capacity of 1,400 CC and costing not more than Rs 5 lakh (excluding GST). They can purchase cars once during service and once after retirement. Officials explain that these curbs have become necessary because out of the Army canteen's budget of ₹17,000 crore, a third is devoted just to car sales. The payment to car dealers becomes a problem due to the sheer volume.

"It has been decided to restrict the expenditure on purchase of cars, yet ensure that officers, junior commissioned officers and other ranks and their equivalent in the sister services continue to benefit from the relief in taxes available to service personnel and veterans," the letter stated. Singh has written to the Quartermaster General Lieutenant General R Gopal to withdraw the new policy as it will lead to "severe displeasure" among serving and retired cadres. He said no feedback was taken "from the environment" before the promulgation of the new policy. A former army commander, who did not wish to be named, said the new policy was unwarranted.

Army headquarters officials, who did not wish to be named, defended the move to restrict car purchase from canteens. "Last year, car sales were over ₹6,000 crore (a third of the CSD budget) resulting in the overshooting of budget and a carry over liability of payment to car manufacturers of ₹4,500 crore," said one of the officials cited above.

Another official said while car sales across the country fell 17% in 2018-19, CSD car sales rose by 20%.

Traffic diversions in central Delhi today for PM's swearing-in event

HT Correspondent
htreporters@hindustantimes.com

NEW DELHI: Commuters driving through New Delhi and Central Delhi areas may face traffic snarls on Thursday evening as arterial roads will remain closed for the swearing-in ceremony of Prime Minister Narendra Modi and his cabinet.

Delhi Traffic Police on Wednesday said elaborate arrangements had been made and roads leading to Rashtrapati Bhawan, where the ceremony is scheduled, would remain closed for public between 4pm and 9pm on Thursday.

The advisory said roads, including Rajpath, from Vijay Chowk to Rashtrapati Bhawan, areas around north and south block fountains, South Avenue, North Avenue, Dara-Shikoh Road and Church Road will be closed.

"Traffic diversions have been made for the rush coming from Akbar Road, Rajpath, Teen Murti Marg, Krishna Menon Marg, Pandit Pant Marg, Talkatora Road, Gurudwara Rakab Ganj Road, Thyagaraj Marg and S.P. Marg," the advisory read.

Similarly, traffic will be diverted from Kushak Road, K. Kamaraj Marg, Rajaji Marg, Shanti Path, Raisina Road, beyond Rail Bhawan roundabout towards Parliament House and Moti Lal Nehru Marg (beyond roundabout Udyog Bhawan towards RP Bhawan), areas that are expected to face congestion, the traffic police said.

टॉइलट तोड़ने पर डीडीए और एमसीडी आमने-सामने

उत्तम नगर टर्मिनल के पास एमसीडी ने बनाया था टॉइलट

■ वरिष्ठ संवाददाता, नई दिल्ली

- उत्तम नगर बस टर्मिनल से हस्तसाल डीडीए फ्लैट्स तक नई रोड बनाई जा रही है
- इस रोड के बीच में बने टॉइलट पर डीडीए और एमसीडी आमने-सामने हैं
- डीडीए अफसरों ने एमसीडी को पत्र लिखा था और टॉइलट तोड़ने की बात कही थी।
- एमसीडी टॉइलट तोड़ने के लिए तो तैयार है, लेकिन नए लोकेशन पर टॉइलट बनाने के लिए 28.73 लाख रुपये मांग रही है

उत्तम नगर बस टर्मिनल से हस्तसाल डीडीए फ्लैट्स तक नई रोड बनाई जा रही है। इस रोड के बीच में बने टॉइलट पर डीडीए और एमसीडी आमने-सामने हैं।

डीडीए अफसरों ने एमसीडी को पत्र लिखा था और टॉइलट तोड़ने की बात कही थी। एमसीडी अफसर टॉइलट तोड़ने के लिए तो तैयार हैं, लेकिन नए लोकेशन पर टॉइलट बनाने के लिए एमसीडी अफसर 28.73 लाख रुपये मांग रहे हैं। डीडीए टॉइलट बनाने के लिए पैसे देने के लिए बिल्कुल ही तैयार नहीं है।

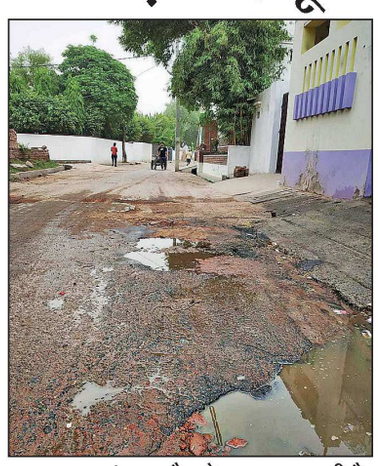

एमसीडी ने बस टर्मिनल के पास डेढ़ साल पहले ही पब्लिक टॉइलट बनाया था। करीब 16 लाख रुपये की लागत से यह टॉइलट एमसीडी ने रोड के बीच में ही बना दिया था। अब रोड के काम की वजह से एमसीडी को डीडीए ने टॉइलट तोड़ने के लिए कहा है। एमसीडी टॉइलट तोड़कर किसी अन्य लोकेशन पर टॉइलट बनाने के लिए डीडीए से 28.73 लाख रुपये की मांग कर रहा है। इस पर डीडीए अफसरों ने जवाब दिया है कि बिना डीडीए के मंजूरी के उनकी जमीन पर टॉइलट क्यों बनाया गया?

एमसीडी ने टॉइलट तोड़ने पर डीडीए से करीब 28,73,013 करोड़ रुपये की मांग की है। इसमें से पब्लिक टॉइलट के री-कंस्ट्रक्शन के लिए 16,98,350 रुपये और ढलाव के कंस्ट्रक्शन के लिए करीब 6 लाख रुपये की मांग एमसीडी ने की है। इसके अलावा एमसीडी ने डीडीए से डेमोलिशन चार्ज के रूप में 19,927 रुपये की मांग की है। डीडीए इतने पैसे देने के लिए तैयार नहीं है। डीडीए अफसरों ने पत्र में कहा है कि यह एमसीडी की गलती है कि रोड के लिए पहले से चिह्नित जमीन पर टॉइलट बनाया। दूसरी समस्या यह है कि जहां टॉइलट बनाया गया था वहां आसपास काफी झुग्गियां है और इन झुग्गियों में रहने वाले लोगों के लिए पब्लिक टॉइलट के अलावा कोई व्यवस्था भी नहीं है। इस कारण भी एमसीडी इस टॉइलट को तोड़ने के पक्ष में नहीं है।

लोगों का कहना है कि डूसिब ने कुछ टॉइलट तो बनाया है लेकिन उनकी संख्या पर्याप्त नहीं है। जितनी संख्या में झुग्गियों में लोग रहते हैं उस हिसाब से करीब 5-7 पब्लिक टॉइलट की जरूरत है। टॉइलट टूटने के बाद लोगों की समस्या और बढ़ भी जाएगी। इसके अलावा गंदगी भी पहले की तुलना में अधिक बढ़ सकती है।

कुतुबगढ़-फिरनी रोड पर 2 किलोमीटर तक हैं गड्ढे, लोग मुश्किल में

दिल्ली और हरियाणा को जोड़ने वाली सड़क है टूटी, होता है जलभराव

यह सड़क सांपला और रोहतक तक जाती है

चार साल पहले बनी थी सड़क

हम सोशल फ्रंट के पदाधिकारियों का कहना है कि यह सड़क 4 साल पहले इरिगेशन एंड फ्लड कंट्रोल डिपार्टमेंट ने बनवाई थी। इस सड़क की देखरेख का काम एमसीडी का है। सड़क दो साल में ही जर्जर हो गई थी। बारिश में और समस्या होती है

■ **शमसे आलम, कुतुबगढ़ :** दिल्ली को हरियाणा से जोड़ने वाली कुतुबगढ़ फिरनी रोड जर्जर हालत में है। कई बार शिकायत और एनबीटी में खबर प्रकाशित होने के बावजूद भी यह सड़क ठीक नहीं की गई।

स्थानीय लोगों का कहना है कि इस सड़क से गुजरना मुश्किल हो रहा है। बारिश के दिनों में घुटने भर पानी के बीच कुतुबगढ़ गांव के लोगों का पैदल चलना भी मुश्किल हो जाता है। लोगों का कहना है कि इसकी शिकायत इलाके के जनप्रतिनिधियों से लेकर एमसीडी के अधिकारियों से कई बार कर चुके हैं, लेकिन अभी तक इसपर कोई एक्शन होता नहीं दिख रहा है।

यह सड़क कुतुबगढ़ गांव से हरियाणा के सोहटी होते हुए सांपला और रोहतक तक जाती है। यह हरियाणा के दो जिलों और जीटी करनाल रोड को जोड़ती है। ऐसे में कुतुबगढ़ के आसपास इलाके के अधिकतर लोग हरियाणा के अलग-अलग जिलों में जाने के लिए इसी रोड से आते-जाते हैं। दिल्ली से हरियाणा जाने वाली सामान वाली गाड़ियां भी इस सड़क से जाती हैं। बाइक और साइकल सवार स्टूडेंट्स गड्ढे में गिरकर चोटिल हो रहे हैं।

आउटर दिल्ली की स्पेशल कवरेज

> **सड़क की शिकायत एमसीडी अधिकारियों से कई बार कर चुका हूं। लंबे अरसे बाद भी इस पर कोई एक्शन नहीं हुआ। सड़क से गुजरना खतरे से खाली नहीं।** *–श्रीभगवान राणा*

नरेला में मूंगफली भूनने वाली भट्टियां बंद

■ **प्रस, नई दिल्ली :** नरेला के स्वतंत्र नगर इलाके में रहने वाले लोगों को प्रदूषण से राहत दिलाने के लिए अवैध रूप से चल रही मूंगफली भूनने वाली भट्टियों को बंद कर दिया गया है। दिल्ली पल्यूशन कंट्रोल कमिटी ने यह जानकारी एनजीटी को दी, जिसने मामले का निपटारा कर दिया।

एनजीटी को इस संबंध में एक शिकायत मिली थी, जिसमें कहा गया कि नरेला के स्वतंत्र नगर इलाके में मूंगफली भूनने वाली भट्टियां अवैध रूप से चल रही हैं, जिनकी वजह से इलाके में प्रदूषण हो रहा है। इस पर मिले निर्देश पर दिल्ली पल्यूशन कंट्रोल कमिटी ने एनजीटी को अपनी रिपोर्ट दी। उसमें विवादित इकाइयों से प्रदूषण की बात को सही ठहराते हुए उन्हें बंद करने का दावा किया। ट्राइब्यनूल ने हालांकि पाया कि डीपीसीसी ने इस मामले में नॉर्थ एमसीडी को अनधिकृत रूप से नोटिस भेजते हुए नाकामी के लिए मुआवजा देने के लिए कहा है। डीपीसीसी के पास ऐसा करने का कोई अधिकार नहीं, इसीलिए कमिटी ने ट्राइब्यूनल को भरोसा दिलाया कि इस नोटिस को लेकर आगे कार्रवाई नहीं की जाएगी।
