Rolta Retains 2nd Rank in the DQ-CMR Best Employer Survey – 2012

Mumbai: Rolta today announced that it has been ranked at the 2nd position in the 2012 Dataquest-CMR Survey of Best Employers in the IT Sector for the second year in a row. Rolta has been placed in the top 4 Best Employers for the fifth consecutive year.

In the DQ-CMR Best Employer Survey 2012, the survey questionnaire was sent to around 200 IT Companies and information was sought on various parameters. Rolta topped in 'Managing Slowdown', 'Company Image' and 'Gender Inclusivity' categories. The Company secured the 2nd position for 'Preferred Employer', 'Company Culture', and 'Ranking by Employees'. In fact, Rolta has exceeded the industry averages far ahead of its peers in many of the parameters.

The survey attributes Rolta's ranking to various factors such as compensation, job content, training, transparent appraisal, employee welfare policies and activities, and positive work environment etc.

Speaking on the occasion, Mr. K. K. Singh, Chairman and CEO of Rolta said, "We are pleased to have been ranked at the 2nd position yet again in the DQ-CMR Best Employer Survey – 2012. It is recognition of our commitment to provide world class environment to enable our employees to achieve their professional and personal aspirations."

About DQ-CMR Best Employers Survey 2012: The DQ-CMR Best Employers Survey 2012 was designed and carried out in 2 phases. In the first phase, HR questionnaires were sent to around 200 IT companies. These spanned systems to software companies, both domestic and exports players. The questionnaire sought information on areas such as employee strength, salary structure, training days, tenure of top management, etc. In order to achieve balance and better coverage, DQ-CMR have decided to have two top 20 lists – first for companies with employee base less than 2000, and the second for employee base of 2000 and above.

About Rolta: Rolta is a leading provider of innovative IT solutions for many vertical segments, including Federal and State Governments, Defense/HLS, Utilities, Process, Power, Banking and Insurance. These enterprise level solutions are built around Rolta's intellectual property and domain expertise to offer unique business intelligence for impactful insights for effective decision making.
