Rolta Offers High-performance In-memory BI and Big Data Analytics Solutions

Mumbai: Rolta today announced that it has launched an initiative to deliver Oracle Business Analytics, including Oracle Business Intelligence, Big Data and Oracle Enterprise Performance Management (EPM) solutions and services with unprecedented levels of performance.

Rolta has established Centers of Excellence (CoE) in Chicago and Mumbai to offer its customers the ability to experience first-hand this cutting-edge approach to harness the power of Oracle Business Analytics to address real-world business problems. Rolta's CoE is equipped with Oracle Exalytics, the industry's first engineered system for in-memory analytics, and staffed by Rolta's Business Analytics and Big Data solution experts. Customers in various vertical segments, including Utilities, BFSI, Process/Power, Infrastructure and Government can utilize the CoE to optimize their strategies for performance modeling, planning, budgeting and predictive analytics, well beyond traditional BI solutions.

Organizations are becoming ever more dependent on business intelligence and EPM to drive better decision making and improve performance. Oracle Exalytics combines Oracle's proven Business Intelligence Foundation with enhanced capabilities and an optimized version of the industry-leading Oracle TimesTen in-memory database with analytics extensions. Rolta OneView™, the versatile and field-proven Enterprise Business Intelligence and Operational Analytics solution, has been engineered to also run on this new platform to provide higher performance and richer functionality.

Sunil Jose, Vice President, Applications, Oracle India said, "As a Platinum level member of Oracle PartnerNetwork, Rolta is recognized for its expertise in Oracle Business Intelligence. Oracle is excited about leveraging Rolta's track-record in the BI and Analytics technologies to bring the power of high performance, in-memory analytics to our customers. It not only adds value to existing Oracle Business Intelligence and Oracle Enterprise Performance Management environments, but also offers options for architecting new high performance analytics environments. We encourage customers to utilize Rolta's CoE to benefit from Oracle Exalytics based analytics."

"Rolta is committed to bringing high performance BI and Analytics solutions to customers to solve their real world business problems. Rolta is now in a position to offer even better ROI and lower TCO to customers investing in BI and Big Data initiatives. Rolta offers products, solutions and comprehensive services to help businesses take advantage of state-of-the-art technologies to address the growing need for 'extreme analytics' in the most demanding environments," said Rajesh Ramachandran, President & CTO – Global Products & Technology Solutions, Rolta.

About Rolta: Rolta is a leading provider of innovative IT solutions for many vertical segments, including Federal and State Governments, Defense/HLS, Utilities, Process, Power, Financial Services, Manufacturing, Retail, and Healthcare. By uniquely combining its expertise in the IT, Engineering and Geospatial domains, Rolta develops exceptional solutions for these segments. The Company leverages its industry-specific know-how, rich repository of intellectual property that spans photogrammetry, image processing, geospatial applications, business intelligence, analytics, field-proven solution frameworks, and deep expertise in cutting-edge technologies like Geo BI, Cloud computing, Software Defined Infrastructure and Big Data for providing sophisticated enterprise-level integrated solutions. Rolta is a multinational organization headquartered in India. The Company operates from 40 locations worldwide through its subsidiaries, and has executed projects in over 45 countries. The Company benchmarks its quality processes to the world's best standards, like successful assessment for Software Application Development and Maintenance at the highest Level 5 of SEI's CMMI® version 1.3. Rolta is listed on the Bombay Stock Exchange & National Stock Exchange, and forms part of various indices on BSE/NSE in India. The Company's GDRs are listed on the Main Board of London Stock Exchange.

About the Oracle PartnerNetwork: Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle's products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit: http://www.oracle.com/partners.
