Rolta Unveils Rolta OneView® 6.0

Cloud-ready rapidly deployable Big Data Analytics Solution

Mumbai – Rolta today announced a major release of Rolta OneView® 6.0 with greatly enhanced features and functionality to provide unprecedented business value to asset-intensive enterprises. It has 3000+ pre-built performance metrics and business-value scenarios tailored to specific needs of individual verticals, including Oil & Gas, Chemicals, Power & Water Utilities, and Transportation.

Rolta OneView® 6.0 is unique in providing an out-of-the box enterprise-level solution that is Cloud-ready and addresses the needs of enterprises to rapidly exploit the business value of Big Data and OT-IT integration through diagnostic, predictive and prescriptive analytics, to achieve faster ROI. It provides seamless integration and tracking of enterprise Balance Score Card and operational strategy maps with role-based KPIs. Rolta OneView® effectively leverages platforms like SAP HANA® for in-memory analytics to deliver key performance indicators, a critical need of businesses to achieve operational excellence. By leveraging Rolta's patented technologies that facilitate real time integration of data from disparate Operations and Business systems, Rolta OneView® offers cross-functional visibility of Operations, Assets, Maintenance, Reliability, Supply Chain, Health Safety/Environment, Projects and Business insights across multiple sites of an enterprise. Rolta OneView® 6.0 comes with 200+ pre-built real-time and ETL based connectors with a Universal Connector Framework to easily develop and plug-in new connectors. Rolta OneView® is unique in its ability to present rich spatial analytics due to the Company's extensive expertise and IP in geospatial technologies. Through its globalization and localization features, Rolta OneView® 6.0 is available in multiple languages like Chinese, Russian, Japanese, Arabic, etc.

Rolta OneView® has rapidly gained acceptance among customers, and recognition from global technology leaders and global industry analysts as a critical enabler for accelerating a variety of customers' business transformation programs, such as Operational Integrity. It has proven itself as an invaluable solution for many customers in various verticals world-wide.

"We are pleased to be able to offer a solution to our customers that effectively translates Big Data Analytics buzzwords such as machine streaming data, predictive analytics, in-memory computing, Hadoop etc. into rapidly implementable analytics. Rolta OneView® 6.0 takes business analytics to the next level, and offers greatly enhanced business value to customers," said Mr. Rajesh Ramachandran, President & CTO, Global Products & Technology Solutions.

About Rolta:

Rolta is a leading provider of innovative IT solutions for many vertical segments, including Federal and State Governments, Defense, Homeland Security, Utilities, Oil & Gas, Financial Services, Manufacturing, Retail, and Healthcare. By uniquely combining its expertise in the IT, Engineering and Geospatial domains, Rolta develops exceptional solutions for these segments. The Company leverages its industry-specific know-how, rich repository of field-proven intellectual property that spans photogrammetry, image processing, geospatial applications, Business Intelligence, Big Data analytics, Cloud computing, and Software Defined Infrastructure for providing sophisticated enterprise-level integrated solutions. Rolta is a multinational organization headquartered in India. The Company operates from 40 locations worldwide through its subsidiaries, and has executed projects in over 45 countries. Rolta is listed on the Bombay Stock Exchange and National Stock Exchange in India. The Company's GDRs are listed on the Main Board of London Stock Exchange. The Company's 'Senior Notes' are listed on Singapore Stock Exchange.
