RELIANCE

As already announced, coal production has commenced from the Moher and Moher-Amlohri coal mines. The Chhatrasal coal block has also received forest clearance and is under development.

The electricity generated from the project will be sold to 14 distribution companies across seven states benefiting an estimated 35 crore people.

The Sasan Ultra Mega Power Project, is the largest integrated power plant and coal mining project in the world with an estimated investment of over Rs. 23,000 crore.

J.P. Chalasani, the Chief Executive Officer of Reliance Power said: "The successful commissioning of the first unit in record time is a clear demonstration of the execution capabilities of Reliance – the ability to build large power and coal mine projects ahead of schedule".

About Reliance Power:
Reliance Power Limited, a part of the Reliance Group, is India's leading private sector power generation company. The company has the largest portfolio of power projects in the private sector based on coal, gas, hydro and renewable energy, with an operating capacity of 2,500 MW. The company also has the largest captive coal reserves in the private sector in India, estimated at two billion tonnes. Besides, the company is developing coal mines in Indonesia and coal bed methane blocks in India.
