MEDIA RELEASE

RELIANCE POWER'S 45 MW WIND POWER CAPACITY AT VASHPET, MAHARASHTRA COMMENCES OPERATIONS

POWER TO BE SUPPLIED UNDER LONG TERM POWER PURCHASE AGREEMENT TO RELIANCE INFRASTRUCTURE LTD'S MUMBAI DISTRIBUTION

PROJECT IS ALREADY REGISTERED AS CLEAN DEVELOPMENT MECHANISM (CDM) PROJECT

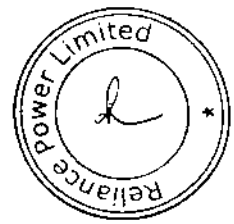

PROJECT WOULD GENERATE CLOSE TO ONE MILLION CER'S

RELIANCE POWER'S OPERATIONAL RENEWABLE CAPCITY DOUBLES TO 85 MW

RENEWABLE CAPACITY AT THE GROUP LEVEL SET TO REACH 300 MW WITH COMPLETION OF CAPACITIES UNDER EXECUTION

MUMBAI, July 29, 2013: Reliance Power today announced that its 45 MW Wind power capacity, in Vashpet, which is located in one of the fastest developing wind zone in Maharashtra had commenced operations. The wind project consists of 18 nos of Wind Turbine Generators having 2.5 MW of rated capacity each. The Wind Turbine Generator is based on superior German technology and is the largest turbine to be certified and installed in India on all parameters.

The power from Vashpet project would be sold to Reliance Infrastructure Limited for distribution to Mumbai in line with regulated tariff structure of Maharashtra. The project has been set up with an investment of over Rs. 300 cr. The project is already registered as a Clean Development Mechanism (CDM) project with UNFCCC and is expected to earn ~1.6 million carbon credits during its operations phase.

Reliance power is already operating a 40 MW Solar PV project in Rajasthan and with the commissioning of the 45 MW Wind Power capacity, its operating renewable capacity has doubled to 85 MW. In addition, the Reliance group already has another ~100 MW of wind power capacity. Reliance Power is also executing country's largest 100 MW Solar CSP power project at Rajasthan which is set to be completed in the current year.

J.P. Chalasani, Chief Executive Officer of Reliance Power, said "*The completion of 45 MW of Wind Power Project is yet another milestone in the growing renewable capacity of the group. We are committed to increasing our clean and green footprint by adding more renewable power to our portfolio and also by using advanced technologies for all our capacities to reduce carbon emissions*".

About Reliance Power:

Reliance Power Limited, a part of the Reliance Group, is India's leading private sector power generation company. The company has the largest portfolio of power projects in the private sector based on coal, gas, hydro and renewable energy, with an operating capacity of 2,545 MW. The company also has the largest captive coal reserves in the private sector in India, estimated at two billion tonnes. Besides, the company is developing coal mines in Indonesia and coal bed methane blocks in India.
