RSWM Limited partners with Spain based Noize Design Studio (NDS9) to Establish Next-Generation Industry 5.0 Green Garment Manufacturing Platform in India

- RSWM Limited and Spain based Noize Design Studio (NDS9) have entered into a Joint Venture Agreement to establish **LNJ NDS9 Global Private Limited**.
- RSWM and NDS9 will hold equity in the joint venture in a **74:26 ratio**, respectively.
- The joint venture will establish India's first **Next-Generation Industry 5.0 garment manufacturing facility**, with an initial investment of approximately INR 186 crore.

New Delhi, 11th August 2026: RSWM Limited, the flagship company of the LNJ Bhilwara Group and one of India's leading textile manufacturers, today announced a Joint Venture with Barcelona-based Noize Design Studio (NDS9), an apparel design, product development and global marketing company, to establish a design-led, integrated garment manufacturing platform in India focused on premium denim and activewear for leading international apparel brands.

The joint venture will establish a state-of-the-art green garment manufacturing facility in India. Designed around Industry 5.0 principles, the facility will integrate advanced automation, latest-generation technology, digital manufacturing, artificial intelligence, sustainability and human-centric operations to create one of India's most advanced and future-ready apparel manufacturing campuses.

Phase 1 will have an installed capacity of **500,000 denim garments per month**. Phase 2 will add an additional **10,00,000 denim/activewear garments per month**, taking the total installed production capacity to **1.5 million garments per month**. The initial investment for Phase 1 is estimated at approximately **INR 186 crore**

Speaking on the occasion, **Mr. Riju Jhunhunwala, Chairman & Managing Director, RSWM Limited**, said, *"This joint venture marks an important milestone in RSWM's journey towards becoming an integrated, value-added apparel company. By combining our manufacturing expertise with NDS9's design innovation and global market capabilities, we are creating a future-ready manufacturing platform built on Industry 5.0 principles, innovation and sustainability. The platform reflects our continuing commitment to green manufacturing, and we look forward to creating meaningful value for the nation and the world at large."*

Under the agreement, RSWM Limited will lead manufacturing, plant operations, procurement, quality systems and supply chain management, leveraging its decades of expertise in textiles and apparel manufacturing.

NDS9 will lead design, trend forecasting, sales and marketing, product development, merchandising, customer engagement and international business development, drawing on its design studios and fashion expertise across Europe, North America and Asia.

Mr. Rajeev Gupta, Joint Managing Director, RSWM Limited, added, *"The project reflects our vision of building a next-generation garment manufacturing ecosystem. RSWM will lead manufacturing, plant operations, procurement and supply chain. The facility has been structured in two phases, denim followed*

by knits, with rooftop solar built in from the start, and we look forward to bringing the same operational discipline to this project that runs across our existing units. Through this partnership, we aim to deliver world-class quality, innovation and sustainable manufacturing while strengthening India's position as a preferred global apparel sourcing destination."

Mr. Anurag Chauhan, Founder & Chairman, Noize Design Studio (NDS9), said, *"This partnership brings together NDS9's global design expertise with RSWM's manufacturing excellence to create a globally competitive, integrated platform for premium apparel. Together, we will deliver innovative, sustainable and technology-driven solutions for leading international fashion brands."*

Mr. Aryash Chauhan, Managing Director, Noize Design Studio (NDS9), added, *"NDS9 has always been a design-first organisation, helping global brands transform emerging fashion trends into commercially successful products with speed and precision. Together, we will offer customers a fully integrated solution—from concept and design to sustainable, large-scale production—while accelerating India's emergence as a preferred destination for premium apparel sourcing".*
