R SYSTEMS INTERNATIONAL LIMITED

R Systems, Inc. (RSI) Awarded the Federal GSA Schedule 70 Contract

Noida, September 08, 2011

R Systems International Limited (NSE: RSYSTEMS), one of the leading providers of outsourced product development, technical and customer support services, today announced that R Systems, Inc. (RSI) (wholly owned subsidiary of R Systems International Limited) has been awarded the prestigious General Services Administrations (GSA) Supply Schedule 70 contract for Information Technology Professional Services. The award is the largest and most widely used acquisition vehicle for information technology services by the United States federal government. This market was estimated at \$86 Billion in 2010 and is expected to grow to \$110 billion by 2015.

Rekhi Singh, CEO, R Systems stated that the GSA award was a very important milestone for the Company and that it would open the doors to new revenue streams besides facilitating local job creation opportunities within the United States. "We are very excited by the opportunities presented in this new industry vertical and have aggressive plans to pursue new federal government opportunities that this award presents. Our experience in local markets and past work we have done with state and local government agencies will help us make quick inroads in this huge, but highly competitive market" he added.

About GSA Schedule 70

The GSA IT Schedule 70 is a Federal procurement program for Information technology product and services. The schedule helps federal government organizations to help optimize their planning and procurement process for IT. It includes a wide range of software, hardware, security, networking and professional IT services. It is designed to be a quick, cost effective means for fulfilling IT needs of federal government.

About RSI

R Systems, Inc. (RSI) (wholly owned subsidiary of R Systems International Limited) is a Global IT services company and has been working with Government agencies since 1997, delivering the highest quality of software engineering services across the Software Development Life Cycle (SDLC) using industry standard methodologies based on the Project Management Institute's (PMI's) Guide to the Project Management Body of Knowledge (PMBOK) and Software Engineering extension to the Rational Unified Process (RUP SE) Methodology industry models and best practices.

For R SYSTEMS INTERNATIONAL LTD.
