Sub: Intimation of 16th Annual General Meeting of RattanIndia Enterprises Limited (“Company”), cut-off date for remote e-voting and closure of Register of Members of the Company

Dear Sir/Madam,

Pursuant to Regulation 30 and other applicable regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, read with Schedule III thereto (“Listing Regulations”), we wish to inform that the Sixteenth Annual General Meeting (“AGM”) of the members of the Company will be held on Thursday, **September 24, 2026 at 04:30 P.M. (IST)** through Video Conferencing (“VC”)/Other Audio-Visual Means (“OAVM”), in compliance with applicable MCA and SEBI Circulars (“Circulars”).

In compliance with the requirements of Regulation 34 of the Listing Regulations, we enclose hereto the Annual Report of the Company, comprising the Notice of the AGM and Audited Financial Statements (Standalone and Consolidated) for the Financial year 2025-26, along with Board’s Report and Auditor’s Report thereon and other documents required to be annexed thereto including Business Responsibility & Sustainability Report pursuant to Regulation 34(2)(f) of Listing Regulations.

The Annual Report for the financial year 2025-26, is also simultaneously being electronically dispatched to those shareholders whose names appear in the beneficiary data of the shareholders / Register of Members of the Company (for shareholders holding shares in physical form) as on **August 28, 2026** at the e-mail addresses registered with the Company or its Registrar and Transfer Agent. The said Annual Report would also be available on the website of the Company i.e. www.rattanindia.com. The Company has sent a letter to shareholders whose e-mails are not registered, with RTA/Company/DP, providing the web-link of Company’s website from where the Annual Report for the FY 2025-26 can be accessed.

It may further be noted that pursuant to Section 91 of the Companies Act, 2013 read with Rule 10 of the Companies (Management and Administration) Rule, 2014, as amended and the applicable Listing Regulations, it is hereby intimated that Register of Members of the Company, shall remain closed from **Friday, September 18, 2026, to Thursday, September 24, 2026**, (both days inclusive) for the purpose of the AGM.

The Company has fixed **Thursday, September 17, 2026**, as the “**Cut-off Date**” for the purpose of determining the Members eligible to vote on the resolutions set out in the Notice of the AGM, through remote e-voting.

This is for your information and record.

Thanking you,

Yours faithfully,
For **RattanIndia Enterprises Limited**

Notes:

- I. Pursuant to various circulars issued by the Ministry of Corporate Affairs ("MCA") and SEBI, and other applicable provisions of the Companies Act, 2013 ("the Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") (together referred to as "applicable provisions"), 16th Annual General Meeting of the Company is being held through Video Conferencing ('VC') or other audio-visual means ("OAVM").
- II. Explanatory Statement, pursuant to Section 102 of the Companies Act, 2013 ('the Act'), relating to the Special Business to be transacted at this Annual General Meeting ('AGM') is annexed.
- III. Since this AGM will be held through Video Conferencing ('VC') / Other Audio-Visual Means ('OAVM'), (a) Members will not be able to appoint proxies for the meeting, and (b) Attendance Slip & Route Map are not annexed to this Notice. The Route Map is not required to be annexed to this Notice.
- IV. Participation of members through VC/OAVM will be reckoned for the purpose of quorum for the AGM as per Section 103 of the Act.
- V. In terms of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014, the Resolutions for consideration at this AGM will be transacted through remote e-voting (i.e. facility to cast vote prior to the AGM) and also e-voting during the AGM, for which purpose the Board of Directors of the Company ('the Board') have engaged the services of Registrar and Transfer Agent of the Company, KFin Technologies Limited ("KFinTech" or "RTA"). The Board of Directors has appointed Mr. Sanjay Khandelwal (Membership No. FCS 5945) of S. Khandelwal & Co., Practicing Company Secretary, as the Scrutinizer to scrutinize the remote e-voting process and voting during the AGM, in a fair and transparent manner.
- VI. No transfer of unclaimed/unpaid amounts to the Investor Education and Protection Fund has been made as the Company has not declared any dividends since the date of its incorporation.
- VII. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and other relevant registers and documents referred in the Notice will be available electronically for inspection by the members during the AGM. All other documents referred to in the Notice will be available for electronic inspection during business hours, by the members from the date of circulation of this Notice up to the date of AGM, without any fee. Members seeking to inspect such documents can send an email to rel@rattanindia.com.
- VIII. Voting rights will be reckoned on the paid-up value of shares registered in the name of the Members on Thursday, September 17, 2026 (cut-off date). Only those Members whose names are recorded in the Register of Members of the Company or in the Register of Beneficial Owners maintained by the Depositories as on the cut-off date will be entitled to cast their votes by remote e-voting or e-voting during the AGM. Those who are not Members on the cut-off date should accordingly treat this Notice as for information purpose only. The Register of Member and Share Transfer Book of the Company shall remain closed from Friday, 18th Day of September, 2026 to Thursday, 24th Day of September, 2026 (both days inclusive) for the purpose of AGM.
- IX. In conformity with the applicable regulatory requirements, the Notice of this AGM and the Report and Accounts 2026 are being sent (i) through electronic mode to those Members who have registered their e-mail addresses with the Company or with the Depositories and (ii) through a letter containing the web-link, including the exact path, where complete details of the Annual Report is available.

- XI. Members who hold shares in the certificate form or who have not registered their e-mail addresses with the Company or with the Depositories and wish to receive the AGM Notice and the Annual Report for FY 26, or participate in the AGM, or cast their votes through remote e-voting or e-voting during the meeting, are required to register their e-mail addresses with the Company's RTA, KFin Technologies Limited at einward.ris@kfintech.com.

- XII. The Securities and Exchange Board of India (SEBI) vide its circular no. SEBI/HO/MIRSD/DOP1/CIR/P/2018/73 dated April 20, 2018, with a view to protect the interest of the shareholders, has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN details to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Registrar and Transfer Agent. The Securities and Exchange Board of India (SEBI) vide its circular no. SEBI/HO/MIRSD/DOS3/ CIR/P/2019/30 dated February 11, 2019, decided to grant relaxation to Non-residents (NRIs, PIOs, OCIs and foreign nationals) from the requirement to furnish PAN and permit them to transfer equity shares held by them in the Company.
- XIII. In case of joint holders, the Members whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM. Corporate Members intending to depute their authorised representatives to attend the Meeting through VC/ OVAM are requested to send to the Company a certified true copy of the Board Resolution together with the attested specimen signature of the duly authorized signatory (ies) who are authorized to attend and vote at the Meeting on their behalf.
- XIV. The relevant details of the director sought to be reappointed, including his brief resume and the nature of their expertise in specific functional areas, are provided in the Corporate Governance Report forming part of the Annual Report. Additional information, pursuant to regulation 36 of the Listing Regulations, in respect of the director seeking appointment/ reappointment at the AGM, has been provided in the Corporate Governance section of the Annual Report
- XV. As per Regulation 40 of SEBI Listing Regulations, as amended, and vide SEBI Notification No. SEBI/LAD-NRO/ GN/2018/24 dated June 8, 2018 and further amendment through Notification No. SEBI/LAD-NRO/GN/2018/49 dated November 30, 2018, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of requests received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of members with respect to their portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact Company's RTA, KFin Technologies Limited for assistance in this regard.
- XVI. As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. Members are requested to submit these details to their Depository Participants in case the shares are held by them in electronic form, and to the RTA, KFin Technologies Limited, in case the shares are held in physical form.
- XVII. In compliance with the provisions of Section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time, Regulation 44 of the SEBI Listing Regulations and in terms of SEBI vide circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 in relation to e-Voting Facility Provided by Listed Entities, the Members are provided with the facility to cast their vote electronically, through the e-Voting services provided by KFinTech , on all the resolutions set forth in this Notice. EXPLANATORY STATEMENT

The following Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("Act") sets out all material facts relating to the business mentioned at Item No. 4 of the accompanying Notice dated September 02, 2026:

Item No. 4

Mr. Rajiv Rattan (DIN: 00010849), Promoter and Non-Executive Chairman of the Company, has been providing strategic leadership and guidance to the Company and its subsidiaries in the areas of business strategy, governance, risk management and stakeholder engagement. Considering the nature and extent of his responsibilities and his continued contribution towards the Company's growth and long-term objectives, the Board of Directors, based on the recommendations of the Nomination and Remuneration Committee and the Audit Committee, has approved, subject to the approval of the Members, the payment of remuneration to Mr. Rajiv Rattan by the Company and/or any of its subsidiaries, including foreign subsidiaries, as specified below:

Remuneration Payable: ₹ 5,00,00,000/- (Rupees Five Crores Only) per annum;

Leave Travel Concession: Reimbursement of to and fro travel expenses, once every year for self and family, for travelling to any place within India or overseas, subject to a maximum of 25% of the Basic Salary;

Annual Increment: Up to 35% per annum;

Annual Leave and Gratuity: As per the standard applicable rules in the Company/appointee company;

Other Benefits: As per the rules, policies and practices applicable in the Company/appointee company from time to time.

Profile of Mr. Rajiv Rattan:

Mr. Rajiv Rattan is a visionary first-generation entrepreneur and an alumnus of IIT Delhi. He began his professional journey with Schlumberger, one of the world's largest oilfield services companies, where he gained invaluable industry experience.

In 2014, Mr. Rajiv Rattan, alongside Mrs. Anjali Rattan Nashier, founded RattanIndia Enterprises Limited (REL). Over the past decade, under his astute leadership, REL has grown into one of the country's foremost business conglomerates, with a strong presence in innovative, new-age industries.

Before establishing RattanIndia Group, Mr. Rattan co-founded one of India's leading conglomerates, with diversified interests in consumer finance, securities, and real estate. With over 27 years of entrepreneurial experience, he continues to be a driving force in shaping the future of business in India.

The proposed remuneration may, in one or more financial years, exceed the limits prescribed under Sections 197 and 198 read with Schedule V of the Companies Act, 2013 and the limits specified under Regulations 17(6)(ca) and 17(6)(e) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, since the remuneration may also be paid by the Company's subsidiaries, including foreign subsidiaries, the approval of the Members is also being sought under Section 188 of the Companies Act, 2013 read with the applicable Rules and Regulation 23 of the SEBI Listing Regulations for holding an office or place of profit in such subsidiaries.

The remuneration shall be subject to the terms and conditions set out in the accompanying resolution and shall be treated as minimum remuneration in the event of absence or inadequacy of profits, in accordance with the applicable provisions of the Companies Act, 2013.

The Nomination and Remuneration Committee, the Audit Committee and the Board of Directors recommend the Special Resolution for approval of the Members.

Except Mr. Rajiv Rattan, Mrs. Anjali Nashier, being the spouse and his relatives, to the extent of their interest, if any, in the proposed resolution, none of the Directors, Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the said Resolution.

Dear Stakeholders

FY 2025-26 has been another milestone year for RattanIndia Enterprises. Against a backdrop of geopolitical uncertainty, evolving global supply chains, persistent inflationary pressures in several advanced economies and rapidly changing technology landscapes, India continued to demonstrate remarkable resilience. Strong domestic consumption, accelerating digital adoption, infrastructure-led growth and progressive government policies reinforced India's position as one of the fastest-growing major economies in the world.

These structural trends provide a powerful foundation for businesses that are aligned with the country's long-term growth priorities. At RattanIndia Enterprises, we continue to build scalable businesses that leverage technology, innovation and disciplined execution to capitalize on these opportunities.

During the year, we further strengthened our portfolio, accelerated execution across our businesses and delivered another year of robust operational and financial performance. Our investments in digital commerce, electric mobility and advanced drone technologies have positioned us to participate meaningfully in India's next phase of technology-led growth.

Delivering Sustainable Growth

Despite continued volatility in global markets, our disciplined capital allocation, prudent risk management and execution excellence enabled us to deliver one of our strongest financial performances to date. Improving operating leverage, stronger business fundamentals and an unwavering focus on efficiency contributed significantly to our performance during the year.

E-commerce Business

The Company's e-commerce businesses continued to demonstrate strong growth and resilience during FY 2025-26. Cocoblu Retail Limited strengthened its position as a leading e-commerce enabler, delivering revenue growth of 12.6% to Rs. 7,351 Crore, while expanding its ecosystem to over 1,500 active brand partners and serving approximately 14 Crore orders during the year. Its

At the heart of India's growth story are more than a billion aspirations. Rising incomes, rapid digital adoption and entrepreneurial ambition are creating unprecedented opportunities where technology, innovation and human potential converge.

technology-led operating model, expanding fulfilment network and entry into quick commerce provide a strong foundation for continued scale and sustainable profitability.

Neobrand Limited also continued to build a differentiated portfolio of consumer brands focused on the evolving aspirations of India's Gen Z consumers. With revenue growing 17% to Rs. 21.3 Crore, expanding international presence across 5+ countries and seven distinctive brands across fashion, lifestyle and other consumer categories, the Company made significant investments in brand building and market expansion. We remain confident that these businesses are well positioned to capitalise on India's accelerating digital commerce opportunity and create enduring value for all stakeholders.

Electric Vehicle Business

Our electric mobility business made a meaningful progress during FY 2025-26, supported by the steady expansion of India's EV ecosystem and growing consumer acceptance of sustainable mobility. Revolt Intellicorp Private Limited strengthened its pan-India presence with 221 dealerships across 202 cities and 24 States and Union Territories, while achieving the significant milestone of rolling out its 50,000th electric motorcycle from the Manesar facility. The brand also enhanced its market visibility through strategic brand engagements and strengthened its international presence in South Asia. With a growing rider community, expanding distribution network, focus on quality and technology, and continued investments in product and manufacturing capabilities, we remain committed to accelerating the transition towards affordable, connected and sustainable electric mobility in India and international markets.

Drone Business

Our Drone Business strengthened its capabilities and market presence during FY 2025-26, supported by the growing adoption of indigenous unmanned systems across defence, homeland security and commercial applications. The Government of India's continued emphasis on Atmanirbhar Bharat, Make in

India and defence indigenisation, together with initiatives such as the Drone Rules, PLI Scheme, iDEX and increasing preference for indigenous solutions in defence procurement, is creating a strong and supportive ecosystem for the domestic drone industry.

During the year, the business delivered notable milestones, including the supply of indigenous surveillance drones to the Karnataka State Police, execution of strategic defence and government projects, expansion of drone training initiatives and continued investments in technology, manufacturing and system integration. With established expertise, strong customer relationships and capabilities spanning drones, Counter-UAS, AI-enabled solutions and remote pilot training, we are well positioned to capitalise on the significant opportunities arising from India's growing focus on indigenous defence technologies and the increasing global demand for reliable, cost-effective and technologically advanced drone solutions.

Investing in the Future

Our philosophy remains clear and consistent, we invest in businesses that combine cutting-edge technologies with scalable business models operating in sectors benefiting from strong structural demand.

The convergence of artificial intelligence, digital commerce, electric mobility, autonomous systems and advanced manufacturing is fundamentally reshaping industries. We believe these transformational technologies will define India's economic trajectory over the coming decade.

Our strategy remains focused on identifying high-potential opportunities early, building scalable platforms through disciplined capital allocation and creating sustainable long-term value for all stakeholders. Supported by a strong balance sheet, experienced leadership team, robust governance practices and an innovation-driven culture, we remain confident in our ability to deliver profitable and sustainable growth.

Looking Ahead

India stands at the threshold of a defining decade powered by innovation, digital transformation and manufacturing-led growth. Government initiatives promoting clean mobility, indigenous technology development, digital infrastructure and advanced manufacturing continue to strengthen the country's long-term competitiveness.

RattanIndia Enterprises is uniquely positioned at the intersection of these powerful megatrends. Whether through digital commerce, electric mobility or intelligent autonomous systems, we are committed to building businesses that not only create shareholder value but also contribute meaningfully to India's technological advancement and economic progress.

We remain optimistic about the future and confident that our diversified technology-led portfolio will continue to generate sustainable growth while creating enduring value for all our stakeholders.

Acknowledgements

On behalf of the Board, I extend my sincere gratitude to our esteemed Board of Directors, Advisory Board and the leadership team for their strategic vision, guidance and unwavering commitment.

I also express my deepest appreciation to our employees, whose passion, dedication and relentless pursuit of excellence continue to drive our success. To our customers, business partners, investors and shareholders, I thank you for your continued trust, confidence and support.

Together, we are building RattanIndia Enterprises into one of India's leading new-age technology enterprises, creating lasting economic, technological and societal value while contributing to the nation's growth journey.

With warm regards,

Rajiv Rattan

MANAGEMENT DISCUSSION & ANALYSIS

GLOBAL ECONOMY

FY 2025-26 was characterised by moderate global economic expansion amid persistent geopolitical uncertainties, evolving trade dynamics and divergent monetary policies across major economies. While inflation moderated across most developed markets, economic growth remained uneven as central banks sought to balance the need to support growth with the imperative of maintaining price stability.

According to the International Monetary Fund (IMF), global GDP growth remained in the range of approximately 3.0% to 3.2%, supported by resilient domestic demand across emerging markets and a gradual recovery in international trade. The United States continued to demonstrate economic resilience despite elevated interest rates, while Europe experienced subdued growth due to weak industrial activity and ongoing geopolitical uncertainties. China witnessed slower-than-historical growth as its economy continued to adjust to structural changes in the real estate sector and evolving domestic consumption patterns.

Global trade witnessed modest improvement during the year, supported by easing supply chain disruptions and

growing demand for technology products, digital services and advanced manufacturing. However, geopolitical conflicts, rising protectionist measures and tariff-related uncertainties continued to weigh on cross-border investments.

Artificial Intelligence (AI), cloud computing, semiconductor manufacturing and digital infrastructure emerged as key drivers of global capital expenditure. Governments and enterprises significantly accelerated investments in automation, cybersecurity and digital transformation, creating new opportunities across technology-driven sectors.

Outlook

The global economy is expected to remain resilient during FY 2026-27 despite persistent geopolitical challenges. Moderating inflation, gradual monetary easing and increasing investments in digital technologies are expected to support economic growth. However, trade fragmentation, volatile energy prices, climate-related disruptions and geopolitical conflicts continue to pose significant risks to global economic stability.

INDIAN ECONOMY

India further strengthened its position as one of the world's fastest-growing major economies during FY 2025-26. Supported by robust domestic consumption, sustained government capital expenditure, rising private investments and rapid digital adoption, the economy maintained a strong growth trajectory despite prevailing global uncertainties.

India's real GDP is estimated to have grown by approximately 6.4% to 6.6%, driven by resilient domestic demand, expanding manufacturing activity, infrastructure development and continued strength in services exports. Construction, financial services, telecommunications, digital services and manufacturing remained the key contributors to economic growth.

Government initiatives such as Make in India, Digital India, PM Gati Shakti, the Production Linked Incentive (PLI) Scheme, semiconductor manufacturing initiatives and investments in renewable energy continued to reinforce India's long-term growth trajectory.

Inflation largely remained within the Reserve Bank of India's target range, supported by stable food prices and prudent monetary policy. The Government also continued to advance its fiscal consolidation roadmap while

maintaining substantial public investment in infrastructure development.

India's exports remained resilient despite a challenging global environment. Services exports, particularly in information technology, Global Capability Centres (GCCs), engineering services and digital solutions, continued to perform strongly. At the same time, sustained foreign direct investment inflows reflected continued global confidence in India's long-term growth prospects.

The country also witnessed record GST collections, continued expansion of digital payments and further formalisation of the economy.

Outlook

India is expected to remain one of the fastest-growing major economies globally during FY 2026-27. Rising urbanisation, favourable demographics, sustained infrastructure investments, manufacturing expansion and rapid digitalisation are expected to support long-term economic growth. Increasing adoption of AI, electric mobility, renewable energy and digital commerce is also expected to create significant business opportunities across sectors.

INDIA'S DIGITAL ECONOMY

India's digital economy continued its rapid transformation during FY 2025-26, emerging as one of the country's strongest engines of economic growth. Supported by expanding internet penetration, widespread smartphone adoption, affordable data connectivity and one of the world's most advanced Digital Public Infrastructure (DPI) ecosystems, digital technologies became increasingly integrated across commerce, governance, finance and manufacturing.

India today has over one billion internet connections, while the Unified Payments Interface (UPI) continues to be the world's largest real-time digital payment ecosystem, processing billions of transactions every month. Digital payments have become an integral part of everyday commerce across both urban and rural India.

Government initiatives, including Digital India, the IndiaAI Mission, ONDC, India Stack, DigiLocker and the continued rollout of 5G services, further accelerated digital inclusion and technology adoption. The country's expanding network of Global Capability Centres (GCCs), data centres and cloud infrastructure further strengthened India's position as a global hub for digital innovation.

Artificial Intelligence emerged as the defining technology of the year. Enterprises across financial services, healthcare, education, retail, manufacturing and logistics increasingly adopted AI-driven automation, predictive analytics and generative AI applications to improve operational efficiency and enhance customer experience.

India's start-up ecosystem also continued to expand, attracting significant domestic and international investments across AI, fintech, electric mobility, Software-as-a-Service (SaaS), deep technology and consumer internet businesses.

Future Imperatives

To sustain long-term leadership in the digital economy, India will continue to focus on:

- Expanding AI capabilities and computing infrastructure.
- Strengthening cybersecurity and data protection.
- Enhancing semiconductor manufacturing capabilities.

- Improving digital skills and AI talent development.
- Accelerating rural broadband connectivity.
- Building resilient cloud and digital infrastructure.
- Promoting innovation-led entrepreneurship.

Opportunities

India's structural transformation presents significant long-term opportunities across multiple sectors.

Digital Transformation

Increasing digitalisation across businesses, government services and consumer applications is creating substantial opportunities in fintech, e-commerce, enterprise software, cloud services and AI-enabled platforms.

Artificial Intelligence

AI is expected to become one of the most significant productivity enablers across industries by driving automation, enhancing decision-making and delivering personalised customer experiences.

Electric Mobility

Growing adoption of electric vehicles, supported by government incentives, expanding charging infrastructure and sustainability initiatives, continues to create long-term opportunities across the mobility ecosystem.

Consumer Technology

Rising disposable incomes, expanding middle-class consumption and increasing internet penetration continue to drive demand for technology-enabled consumer businesses.

Financial Inclusion

Digital lending, embedded finance, digital payments and fintech innovations continue to expand access to financial services across underserved segments of the population.

Global Capability Centres (GCCs)

India's position as a preferred destination for Global Capability Centres continues to strengthen, creating significant opportunities in engineering, research & development, analytics and digital services.

Challenges

Despite the positive outlook, several challenges remain:

- Geopolitical tensions and uncertainties in global trade.
- Inflationary pressures and fluctuations in commodity prices.
- Rapid technological advancements requiring continuous innovation.
- Increasing cybersecurity threats and data privacy concerns.
- Availability of skilled talent in emerging technologies, particularly AI and semiconductor design.
- Regulatory developments impacting digital businesses.
- Intensifying competition across technology-driven sectors.

Outlook

India enters FY 2026-27 from a position of considerable economic strength. Strong macroeconomic fundamentals, resilient domestic demand, accelerating digital adoption and supportive government policies provide a favourable environment for sustained long-term growth.

Technology-led businesses are expected to remain among the fastest-growing segments of the economy. Artificial Intelligence, fintech, electric mobility, e-commerce, cloud infrastructure, digital healthcare and consumer internet platforms are expected to drive the next phase of value creation.

For RattanIndia Enterprises, its continued focus on technology-driven businesses, innovation, disciplined capital allocation and scalable digital platforms positions the Company to participate meaningfully in India's evolving growth story. Leveraging its diversified portfolio across new-age sectors, the Company remains committed to creating sustainable long-term value for its shareholders while capitalising on the opportunities presented by India's rapidly expanding digital economy.

OUR BUSINESS

BUSINESS VERTICAL 1 E-COMMERCE

Cocoblu Retail Limited ("Cocoblu" or "CB"), a wholly-owned subsidiary of RattanIndia Enterprises Limited, is one of India's leading sellers operating in e-commerce. Cocoblu partners with 1500+ brands and sellers across categories to power their online commerce journey on major marketplaces, providing end-to-end to help brands manage marketplace operations.

Financial Performance

Cocoblu delivered another year of strong revenue growth, achieving revenues of Rs. 7,351 Crore in FY 2025-26, up 12.6% from Rs. 6,528 Crore in FY 2024-25. The Company has maintained profitability with a Profit After Tax of Rs. 90.6 Crore and has been EBITDA positive since inception - a testament to its disciplined operating model.

Metric	FY 2025-26 ₹ Crore	FY 2024-25 ₹ Crore	Growth
Revenue from Operations	7,350.9	6,527.8	+12.6%
Profit Before Tax	122.3	129.3	-
Profit After Tax	90.6	96.5	-
Total Assets	1,762.5	1,251.2	+40.9%
Net Worth	631.2	535.4	+17.9%

The Company's asset base expanded 41% year-over-year to Rs. 1,763 Crore, reflecting significant scale-up in inventory and working capital deployment to support the growing vendor ecosystem. Net worth strengthened to Rs. 631 Crore from Rs. 535 Crore the previous year.

Key Developments & Milestones

1. Scaled Vendor Ecosystem - 1500+ Active Brand Partners

Cocoblu's vendor ecosystem grew to over 1500 active brand partners during the year, reinforcing its position as a leading e-commerce enabler. The company manages vendor relationships through a structured lifecycle - from onboarding to growth management - with dedicated monthly tracking of active/inactive status and MSME compliance.

2. Premium Brand Portfolio Expansion

During the year, Cocoblu significantly expanded its premium brand portfolio with marquee partnerships including Flying Machine, Gap, Fila, Lotto, Chumbak, and other new brands. We are the partner of choice for emerging brands, including D2C brands, looking to scale their presence. The onboarding of these recognized lifestyle and fashion brands enhances revenue quality and strengthens Cocoblu's credibility as a partner of choice for established consumer brands.

During the year, Cocoblu entered the quick commerce space through Amazon Now, tapping into a fast-growing channel with significant potential to expand its reach and unlock new growth opportunities.

3. In-House Technology Capabilities - SP API & Automation

Cocoblu invested in building proprietary technology capabilities during the year. The technology team implemented a Seller Partner (SP) API integration, enabling greater automation across operations and improving overall efficiency. The company also deployed AI agents to automate shared services functions, streamlining processes and reducing manual effort across teams.

The company has implemented artificial intelligence tools to help with customer service, compliance monitoring and pricing decisions.

Operational update:

Cocoblu served approximately 14 Crore orders during FY 2025-26, equivalent to about 4 orders every second across the year. This marks a healthy 10% growth in orders compared to the 12.7 Crore orders served in FY 2024-25. Cumulatively, since its inception in March 2022, Cocoblu has serviced over 45 Crore orders. The Company expanded its network of active vendors by over 25%, growing from 1,200+ active vendors in FY 2024-25 to 1,500+ active vendors by Q4 FY 2025-26. The range of unique items offered by Cocoblu expanded to approximately 8.4 million, serving almost all pin codes across India — covering 99.9% of the country's addressable delivery network. The Company's fulfilment infrastructure now spans 520 fulfilment centres and Quick

Commerce dark stores, enabling rapid delivery capabilities.

Customer Engagement: Customer satisfaction remained consistently high, with Cocoblu achieving a 5-star rating on the Amazon platform — a testament to its operational excellence and commitment to service quality.

Outlook

Cocoblu is well-positioned to continue its growth trajectory in India's rapidly expanding e-commerce market. With a robust vendor ecosystem, technology-driven operations, and a proven profitable model, the Company aims to further scale its platform while deepening brand partnerships.

Neobrand Limited ("Neobrand" or "NB"), a subsidiary of RattanIndia Enterprises Limited, is a house of brands designed for India's rapidly expanding Gen Z consumer segment. The Company operates across fashion, lifestyle, and music categories through its portfolio of distinctive brands — Fyltr (Western Clothing), INKD (Denim), Pump'd (Athleisure), Kaari (Ethnic Premium), Kalaanj (Ethnic Economy), Akkord (Musical Instruments), and Neomate (Stationery).

Financial Performance

Neobrand delivered strong top-line growth of 17% year-over-year, with revenue from operations reaching Rs. 21.3 Crore in FY 2025-26, up from Rs. 18.2 Crore in FY 2024-25. The Company continued to invest aggressively in brand building and market expansion during the year.

Metric	FY 2025-26 ₹ Crore	FY 2024-25 ₹ Crore	Growth
Revenue from Operations	21.3	18.2	+17%
Domestic Revenue	13.8	11.8	+17%
Export Revenue	7.2	6.4	+12%
Export Share of Revenue	34%	35%	-

The Company received a capital infusion of Rs. 350 Crore during the year, as part of a strategic group restructuring emerging as the intermediate holding company for Cocoblu Retail Limited, which was completed in April 2026.

Key Developments & Strategic Initiatives

1. International Expansion

Neobrand continued to scale its international presence, with export revenue reaching Rs. 7.2 Crore - comprising 34% of total revenue. The Company expanded its reach across markets including UAE, Saudi Arabia (KSA), the United States, Canada, and Mexico. During the year, additional brands were onboarded for international sales, strengthening the Company's multi-geography revenue base. The company also started operations on Noon, one of the largest e-commerce market-places in the GCC.

2. Portfolio Expansion Beyond Core Softlines

Neobrand continued expanding its business portfolio beyond its core soft-lines and apparel categories, entering new product segments during the year. This strategic expansion reflects the Company's growing capabilities and ambition to build a broader consumer brands platform, serving customers across a wider range of lifestyle categories.

3. Brand Building & Market Investment

The Company invested in brand building and advertising during the year a deliberate strategy to deepen brand awareness and establish long-term consumer recall for its portfolio of Gen Z brands. This investment positions Neobrand for sustained market share gains as India's digital-native consumer segment continues its rapid expansion.

Outlook

Neobrand is positioned at the intersection of India's digital commerce growth and the rising aspirations of its Gen Z consumer base. With 7 distinctive brands, a proven international presence across 5+ countries, and significant capital backing, the Company is well-placed to capture a meaningful share of India's rapidly expanding fashion and lifestyle e-commerce market. The strategic investments made during FY 2025-26 in brand building and market expansion lay the foundation for accelerated growth in the years ahead.

BUSINESS VERTICAL 2 ELECTRIC VEHICLE

The Indian Electric Vehicle Industry

India's electric vehicle industry sustained its growth momentum in FY2025-26, with EV sales crossing 2.5 million units (25,50,865 units, per Vahan-based industry data) for the first time a 25% year-on-year increase over the 2.03 million units sold in FY2024-25. Growth was broad-based, with all major segments posting double-digit gains even as a September 2025 GST 2.0 reform reduced ICE vehicle prices and widened the cost gap EVs had relied on.

The industry's shift from a subsidy-driven market to one built on scale, industry readiness and regulatory

maturity continued through the year, in line with NITI Aayog's blueprint for a 30% EV share by 2030. Segment-wise:

- Electric Two-Wheelers (E-2Ws): remained the largest segment with 14.72 lakh units sold, up 22% year-on-year, though its share of total EV sales eased slightly to 57.9% (from 59.4% in FY2024-25) as other segments scaled faster.
- Electric Three-Wheelers (E-3Ws): total segment sales of about 8.04 lakh units, comprising 4.78 lakh e-rickshaws (18.8% share of total EV sales, down from 23.2%), 86,466 e-carts, and a standout
- L5 passenger e-3W category that grew 76% year-on-year to reach 9.4% of total EV sales.
- Electric Four-Wheelers (E-4Ws): the fastest-growing major segment, with sales of 2.23 lakh units, up 90% year-on-year, nearly doubling its share of total EV sales — led by new model launches from Tata Motors, Mahindra Electric and JSW MG Motor.
- Electric Commercial Vehicles/Goods Carriers: still a small base but scaling fastest of all, with sales up over 120% year-on-year on the back of demand for e-cargo and e-goods carriers.

Vehicle Category-wise EV Sales India - FY24-25 vs FY25-26

Policy and Regulatory Landscape

- PM E-DRIVE Scheme: continued through FY2025-26 as the successor to FAME II, supporting a broader range of EVs, charging infrastructure and testing facilities.
- GST 2.0 Reform: effective end-September 2025, this reduced ICE vehicle prices substantially, widening the price differential that had favoured EVs — a headwind the industry absorbed while still posting 25% overall growth.
- PLI Schemes: continued support for local manufacturing of Advanced Chemistry Cell (ACC) batteries and auto components, reducing import dependency.
- Charging Infrastructure Development: continued government push to expand charging plazas and public charging infrastructure.
- Reduced import duties for global players investing in local EV manufacturing.

Opportunities and Challenges

- Opportunities: rising Tier-2/Tier-3 city adoption, battery technology localisation and PLI-backed manufacturing, and electrification of commercial fleets (e-rickshaws, e-cargo, e-buses), which continued to be the fastest-scaling segment in FY2025-26.
- Challenges: a narrower cost advantage over ICE vehicles following the GST 2.0 reform, charging infrastructure still inadequate outside metros (fuelling "range anxiety"), and supply-chain dependence on imported critical minerals for batteries.

Overview of the Business

Revolt Intellicorp Private Limited ("Revolt"), a wholly owned subsidiary of RattanIndia Enterprises Limited, operates under the Revolt Motors brand and is a leading player in India's electric motorcycle sector.

Revolt's motorcycles are built around a differentiated technology stack — 3.24 kWh lithium-ion batteries, regenerative braking, smart riding modes, mobile-based controls with 4G connectivity and over-the-air (OTA) updates — combining affordability with a low cost of ownership relative to petrol motorcycles. With a network of over 200 dealerships across India and an emerging presence in Nepal and Sri Lanka, Revolt targets the world's largest two-wheeler market. During the year, the Company appointed internationally acclaimed cricketer Hardik Pandya as its Brand Ambassador, reinforcing the brand's positioning among India's youth and accelerating customer outreach. The Company also strengthened its leadership team with the appointment of Mr. Roy Kurian as President bringing extensive automotive industry experience to drive the next phase of growth.

Business Highlights & Corporate Milestones

1. Expanding Pan-India Dealership Presence

Expanded dealership network to 221 dealerships covering 202 cities across 24 States and Union Territories, strengthening Revolt's pan-India presence.

2. Leveraging PM E-DRIVE for EV Adoption

Continued participation under the PM E-DRIVE Scheme, enabling customers to benefit from Government incentives for electric motorcycles.

3. Strengthening Brand Engagement

The Company strengthened its engagement with younger consumers through its Formula 4 India sponsorship and the appointment of Hardik Pandya as Brand Ambassador, further enhancing brand visibility and reinforcing its performance-oriented positioning.

4. Expanding International Presence

The Company further strengthened its presence in Sri Lanka through its participation in the Colombo Motor Show 2025. This initiative supports the Company's broader South Asian expansion strategy while reinforcing its commitment to expanding its portfolio of affordable and sustainable mobility solutions.

5. Recognition of Dealership Excellence

The Company was recognised as "Franchisor of the Year – Electric Vehicle" at the 21st National Franchise Excellence Awards, reflecting the strength of its dealership-led growth model and expanding retail reach.

6. Quality and Operational Excellence

The Company achieved ISO 9001:2015 certification, reaffirming its commitment to globally recognised quality standards across product development, manufacturing, supply chain and customer service.

7. Growing Sustainable Mobility Impact

The Revolt rider community surpassed 72 crore electric kilometres, estimated to have avoided more than 93 lakh litres of petrol consumption and generated rider savings of over ₹ 89 crore, demonstrating the economic and environmental impact of EV adoption.

8. Production Milestone

The Company rolled out its 50,000th electric motorcycle from its Manesar facility, marking a significant production milestone and reflecting growing EV adoption. The Company remains focused on expanding capacity, dealership coverage and its product portfolio.

BUSINESS VERTICAL 3 DRONES

The Group's Drone Business is carried out through its drone-focused subsidiaries, which are engaged in the design, development, manufacturing, system integration, training and deployment of indigenous Unmanned Aerial Systems (UAS) and related aerial intelligence solutions. The business serves defence, government, public sector, enterprise and commercial customers across multiple application areas including surveillance, mapping, industrial inspection, infrastructure monitoring, agriculture, homeland security and drone skilling.

During FY 2025-26, the Drone Business continued to strengthen its technology platform, manufacturing capabilities and customer engagement while expanding its presence across strategic and commercial markets. The

business remained focused on developing indigenous technologies aligned with the Government of India's Atmanirbhar Bharat and Make in India initiatives, while enhancing operational capabilities to support increasing customer requirements.

The Group continued to invest in engineering, product development, manufacturing infrastructure, quality systems and skilled manpower to build a scalable operating platform capable of supporting future growth. In addition to proprietary drone platforms, the business expanded its portfolio through system integration, value-added services, drone pilot training, consultancy, local collaborations, technology partnerships and lifecycle support, creating multiple revenue streams and strengthening customer relationships.

Strategy for Growth

- Manufacturing Scale-Up:** Revolt plans to ramp up production capacity in the upcoming years at its Manesar, Haryana facility, aiming to meet rising domestic and international demand while ensuring supply chain efficiency.
- Geographic Expansion:** The Company plans to expand its dealership network across India, with a focus on Tier-I and Tier-II cities, while strengthening customer reach and service capabilities. Internationally, it aims to enter new markets beyond Nepal and Sri Lanka, supported by a scalable distribution network and an expanding portfolio of affordable, sustainable mobility solutions.
- Brand Building & Customer Experience**
 - The Company will continue investing in brand building, digital engagement, customer experience, and strategic partnerships to strengthen customer loyalty and accelerate EV adoption across India.
- Product Line Diversification:** Continuing to expand its portfolio to cater to a diverse range of consumer segments, from urban commuters to performance seekers.
- Government Scheme Utilisation:** Continuing to leverage subsidies from the PM Electric Drive Revolution in Innovative Vehicle Enhancement (PM E-DRIVE) Scheme to reduce consumer costs and boost adoption.

Drone Business Overview

FY 2025-26 witnessed continued growth in the global UAS industry, with recent geopolitical conflicts, including the Russia-Ukraine war and Middle East tensions, reinforcing the strategic importance of drones, loitering munitions and counter-drone technologies. In India, favourable policy initiatives such as Atmanirbhar Bharat, Make in India, the Drone Rules, PLI Scheme and DigitalSky reforms continued to accelerate indigenous drone manufacturing. The operational success of Operation Sindoor further highlighted the role of indigenous unmanned systems in defence preparedness, while the Government's vision of making India a global drone manufacturing hub by 2030, supported by iDEX and increasing defence procurement, provides strong long-term industry momentum.

The changing global security environment and prolonged conflicts have significantly accelerated the adoption of drones, Counter-UAS and autonomous systems as critical components of modern warfare. The conflicts in Russia-Ukraine, Israel-Iran/Middle East, Armenia-Azerbaijan and India-Pakistan have demonstrated the effectiveness of drones for surveillance, precision operations, intelligence gathering and tactical missions, while also highlighting the need for large-scale, cost-effective and rapidly deployable systems.

These developments have reinforced the strategic importance of indigenous drone capabilities for countries seeking to reduce dependence on imported defence equipment. The Ukraine conflict, in particular, has demonstrated that drones are increasingly being deployed in large numbers, resulting in sustained demand for affordable and rapidly replaceable platforms. At the same time, geopolitical tensions and disruptions to global supply chains have exposed vulnerabilities associated with dependence on a limited number of international suppliers for critical defence technologies.

For India, these developments have strengthened the Government's focus on Make-in-India, Atmanirbhar Bharat and defence indigenisation. Restrictions on drone imports, increasing preference for Indian manufacturers in defence procurement and greater emphasis on indigenous content have created a favourable environment for domestic drone companies. The Armed Forces are increasingly seeking battle-proven, technologically advanced and locally supported UAV and Counter-UAS solutions, while faster procurement mechanisms are enabling quicker induction of critical technologies.

As a result, Indian drone companies are benefiting from a combination of rising defence demand, import

substitution, supply-chain resilience requirements and government support for indigenous manufacturing. The convergence of these factors provides a strong structural opportunity for Indian drone manufacturers to develop scalable platforms, build domestic capabilities and subsequently establish themselves as competitive suppliers in international markets.

FY 2025-26 Financial Highlights

During the year, the Drone Business recorded continued commercial progress supported by higher customer engagements, improved project execution and expansion of its diversified operating model.

Combined Segment Highlights

Particulars	Standalone Audited FY26	
	Subsidiary I	Subsidiary II
Revenue from Operations	₹ 23.42 Crore	₹ 8.13 Crore
EBITDA	₹ 1.82 Crore	₹ (1.18) Crore
Profit After Tax (PAT)	₹ 1.46 Crore	₹ 0.98 Crore

The above represents the operational performance of the Group's Drone Business and should be read together with the Consolidated Financial Statements of the Company.

Key Business Achievements

The Drone Business continued to make steady progress during FY 2025-26 through enhanced commercial execution and operational expansion.

Major achievements during the year included:

- Successful delivery of multi crore order of Specialised Surveillance Drones to Karnataka State Police Department

- Successful completion of high value order of conducting training programme of 500+ students training sponsored by social welfare department
- Pilot project completion and handover of the specified integrated company product with partner product developed for DRDO project, for potential future revenue generating capabilities
- Expansion of customer engagements across defence, government and enterprise sectors.
- Successful execution of strategic projects and commercial deployments.
- Participation in multiple defence and government procurement programmes and technology demonstrations.
- Growth in proprietary drone solutions, system integration and allied services.
- Expansion of RPTO operations and drone skill development initiatives.
- Strengthening of manufacturing capabilities and operational infrastructure.
- Increased participation in pilot projects, proof-of-concept deployments and technology evaluations.
- Progress in Technology Transfer (ToT) initiatives and strategic collaborations.
- Continued investments in engineering, software development and indigenous technology.

Technology & Product Development

During FY 2025-26, the Company's Drone Business strengthened its homeland security presence by supplying indigenous surveillance drones to the Government of Karnataka and the Karnataka Police. The Company secured an order for ~ 60+ units of its indigenously developed "Tavas" micro surveillance drone, along with deployment of other platforms including Nimble-I and NS01.

Designed for surveillance and tactical operations, Tavas features a compact foldable design, modular payload capability, LiDAR-based obstacle avoidance and onboard intelligence. This drone comes loaded with advanced functionalities such as a 10x zoom camera, comprehensive 6-side lidar for obstacle avoidance, day and night surveillance capabilities, and AI-driven solutions for crowd detection, vehicle recognition, foreign object identification, and number plate reading. The Company also provided operator training and technical support, reinforcing its capability to deliver indigenous drone solutions for law enforcement and public safety applications.

Innovation continued to remain central to the Group's drone business strategy.

During the year, continued investments were made towards:

- Development and enhancement of indigenous drone platforms.
- Mission-specific payload integration.

- AI-enabled applications and software solutions.
- Mission planning and ground control systems.
- Flight testing, validation and product certification.
- Customer-specific engineering and product customization.

Defence & Government Business

India's Defence budget has increased from ₹ 2.53 lakh crore in 2013–14 to ₹ 7.85 lakh crore in 2026–27, while indigenous Defence production has risen from ₹ 46,429 crore in 2014–15 to ₹ 1.78 lakh crore in 2025–26. Defence exports have surged from ₹ 686 crore in 2013–14 to a record ₹ 38,424 crore in 2025–26, reaching over 80 countries. India is the world's 5th biggest defence market and the second biggest importer of defence equipment.

Drone imports into India are banned in completely assembled, Semi-Knocked Down (SKD) and Completely Knocked Down (CKD) forms, creating a significant opportunity for local manufacturing for both Indian and export markets and supporting the Government of India's (GOI) strategic objective of reducing external dependency in defence.

The prolonged conflicts in Ukraine, Iran-Israel/Middle East, Armenia-Azerbaijan and India-Pakistan have accelerated the shift towards non-contact warfare, with drones and counter-drones emerging as critical technologies for future warfare. Following Operation Sindoor in 2025, the GOI approved capital acquisition proposals worth \$5.385 billion for new defence procurement, indicating a clear and urgent demand for advanced, battle-proven UAS, Counter-UAS and autonomy capabilities.

The GOI has also significantly enhanced the financial and operational powers of military field commanders, while Fast Track Procurement (FTP) budgets for FY26–27 have increased substantially compared with previous years. The Indian Armed Forces are increasingly seeking the "best in the world" and "battle-proven" technologies, with market entry expected to be aligned with the Make-in-India initiative.

Defence procurement is largely governed by the Defence Acquisition Procedure (DAP), the master framework guiding tenders floated by various agencies under the Ministry of Defence (MoD). Recent guidelines require international players entering the Indian market to have an offset Indian partner, with approximately 60% of the BOM (Bill of Material) covered by Indian content and Chinese components avoided, including components from countries sharing a land border with India. The Indian

partner is responsible for supporting Make-in-India objectives and component indigenisation.

Increasingly, tenders are being issued under "Buy Indian" categories, restricting participation by international OEMs and giving priority to local Indian OEMs. This combination of rising defence spending, localisation requirements, fast-track procurement and increasing demand for UAS and Counter-UAS capabilities presents a significant opportunity for Indian manufacturing and strategic partnerships.

NeoSky and its subsidiary are in the drone business for the last 10 years and we have built the necessary tech expertise, customer connects, technology, partnerships over the last decade which helps us in deep understanding of the real needs in the battlefield. NeoSky has supplied Drones and Counter Drone solutions to the Indian Army, BSF, CRPF, Railway police, State police, Forests, FICCI & educational institutes.

A few key differentiators for group in the Defence space:

- 1) Technical capabilities:
 - a. Drone & Anti-Drone solutions which are battle ready. This includes Surveillance / ISR, Optical Fiber Cable Drones, Cargo Drones, Weaponized drones, High altitude drones, Kamikaze drones, LM's (Loitering Munitions), Room intervention drones, Anti-Drones (Soft kill / Hard kill).
- 2) Defence license (DPIIT).
 - a. Defence license for all kinds of Drones for defence purpose. One of the very few companies to have this license, there is a huge lead time to get this license. This license is mandatory to even receive any tender from army.
- 3) All-round capabilities:
 - a. One of the select few companies to have received the Indian Army roadmap for drones and anti-drones.
 - b. One of the few companies receiving RFI's (Request for Information) / RFP's (Request for Procurement) as part of the FTP for FY26-27. Only an elite group of players get the army road map / RFI / RFP, this is based on the past credentials & future potential.
 - c. Working closely with the eco-system in India & abroad with for Drones, Counter Drones. Also working with MoD (Ministry of Defence) & ADB (Army Design Bureau) on challenges like iDEX.

- d. ISO Certified manufacturing (ISO 9001-2015, 9100D, 45001-2018, 27001- 2022, along with Drone testing facility in-house
- e. Actively engaging with the armed forces to understand the challenges and explore solutions.
- f. DGCA Certified drone training center with a 10-year license. This helps in skilling armed forces, deliver equipment training, post sales services and setting up of CoE (Centre of Excellence) for the armed forces.
- g. A capable team including Ex-Armed forced officials, CTO from Aerospace (Boeing, HAL).
- h. NeoSky contracts as a principal manufacturer and supplier, not as an agent or intermediary, and has no history of blacklisting, debarment or integrity-pact breach with the MoD or any procuring agency. Indian defence procurement prohibits the use of agents.

The Indian defence procurement landscape is increasingly moving towards fewer, credible and scalable suppliers capable of delivering technologically advanced, reliable and battle-proven solutions at scale. With the growing importance of indigenous manufacturing, faster procurement cycles and the need for assured supply and lifecycle support, the Armed Forces are likely to increasingly partner with a select group of established defence companies that demonstrate strong financial capability, technical expertise, regulatory compliance, manufacturing capacity and proven execution track record. This trend is expected to favour companies that can offer end-to-end solutions, sustained production capacity, indigenous content and long-term maintenance and support, creating higher entry barriers for smaller or less established players.

RPTO & Skill Development

The Group continued to support India's drone ecosystem through its DGCA-approved Remote Pilot Training Organisation (RPTO).

During the year, the RPTO conducted Remote Pilot Certification Programmes, institutional and corporate training, government-sponsored skill development initiatives, drone survey and mapping programmes, agricultural drone training and specialized technical courses.

During FY 2025-26, the Company's DGCA-approved Remote Pilot Training Organisation (RPTO) successfully conducted drone pilot training programmes for the Department of Social Welfare, Government of Karnataka, benefiting more than 500 students. The initiative focused on developing certified drone pilots and enhancing employability through hands-on training, in line with the Government's skill development objectives. This programme underscores the Company's commitment to strengthening India's drone ecosystem by promoting technical education, workforce development and industry-ready skills in emerging technologies.

Training Highlights

- Total Training Batches: in the range of 50-100
- Certified Remote Pilots: Close to 1000 students
- Government-sponsored Programmes /Institutional Programmes: 10+

The RPTO continues to contribute towards the development of skilled drone professionals while strengthening the Group's recurring service revenue base.

Strategic Partnerships & Technology Transfer

The Group continued to pursue strategic collaborations aimed at strengthening its technology capabilities and expanding its product portfolio.

Key initiatives during the year included:

- Progress in Technology Transfer (ToT) discussions with international technology partners.
- Strategic collaborations with domestic industry participants.
- Product localization initiatives.
- Expansion of technology partnerships.
- Joint development and system integration opportunities.
- Development of Centers of Excellence (CoEs) and drone laboratories.

These initiatives are expected to enhance technology capabilities, broaden market access and support long-term business growth.

Export Opportunity for Indian Drone Companies

Global demand for UAVs, surveillance drones, Counter-UAS and autonomous systems is increasing rapidly, driven by evolving defence requirements and the growing use of drones in modern conflicts. Indian manufacturers can address opportunities across defence, homeland security, agriculture, infrastructure inspection, mining and surveying, with the strongest potential in defence and surveillance applications.

Key export products include tactical and surveillance UAVs, VTOL systems, long-endurance drones, maritime and border-surveillance drones, agricultural drones and specialised industrial UAVs. Potential markets include Africa, the Middle East, Southeast Asia and Latin America, where customers increasingly seek cost-effective, reliable and proven drone solutions.

India's competitive advantages include cost-efficient engineering, a growing technology ecosystem, manufacturing capabilities and the ability to offer an alternative supply chain to customers seeking diversification from traditional Western and Chinese suppliers. Indian companies can accelerate market entry through partnerships with established local entities for distribution, system integration, maintenance and after-sales support.

Exports must comply with India's strategic trade-control framework. Depending on specifications and end use, UAVs may fall under SCOMET controls, requiring appropriate classification and export authorisation. DGFT has also introduced the General Authorisation for Export of Drones (GAED) for eligible exports, facilitating compliant international sales.

Overall, increasing global demand, India's cost advantage, indigenous manufacturing capabilities and geopolitical demand for diversified supply chains create a significant opportunity for Indian drone manufacturers to establish a globally competitive finished-drone export business, particularly in defence, surveillance, Counter-UAS and specialised industrial applications.

The combination of indigenous manufacturing capabilities, increasing defence adoption and global demand for cost-effective and battle-proven drone solutions opens a significant opportunity for the Company to expand beyond the domestic market. India's growing acceptance as a reliable defence manufacturing base, together with the need for diversified global supply chains, provides the Company with an opportunity to establish international partnerships and develop a scalable export business for its finished UAV platforms.

This creates a potential pathway for the Company to leverage its domestic capabilities and customer validation to address growing demand across defence, surveillance and specialised drone applications in overseas markets.

Outlook

The Board believes that the Indian drone industry continues to offer significant long-term opportunities, supported by favourable government policies, increasing defence modernization, expanding commercial adoption and growing emphasis on indigenous technology development.

The Company's strategic focus is firmly aligned with securing high-value defence contracts and expanding its presence in the defence sector. It is actively investing in the development of advanced, defence-oriented solutions and technologies that address the evolving requirements of the armed forces and defence ecosystem. Through continuous innovation, capability enhancement, and strategic partnerships, the Company aims to strengthen its position as a trusted partner in delivering mission-critical defence solutions and winning large-scale defence projects.

Going forward, the Group's Drone Business will continue to focus on strengthening its technology platform, expanding manufacturing capabilities, enhancing operational efficiencies, increasing customer engagement and broadening its product and service offerings. The business will also continue to pursue strategic partnerships, Technology Transfer initiatives and innovation-led growth while maintaining disciplined execution, prudent financial management and strong governance practices.

Human Resources

At RattanIndia Enterprises, our employees are the cornerstone of our success. The Company believes that a skilled, motivated and diverse workforce is fundamental to driving innovation, operational excellence and sustainable long-term growth across its businesses.

During FY 2025-26, the Company continued to strengthen its people practices by fostering a culture of learning, collaboration and performance. Structured induction programmes were conducted to facilitate the seamless integration of new employees, while continuous learning

and development initiatives enabled employees to enhance their functional, technical and leadership capabilities. The Company also encouraged cross-functional collaboration and knowledge sharing to build a future-ready workforce capable of adapting to an evolving business environment.

The Company's performance management framework is designed to align individual goals with organisational objectives through a transparent and merit-based evaluation process. Regular performance reviews, constructive feedback and employee development initiatives support career progression, recognise high performance and promote a culture of accountability and continuous improvement.

RattanIndia Enterprises remains committed to providing a safe, inclusive and engaging workplace that values diversity, equal opportunity and employee well-being. The Company continues to invest in initiatives that strengthen employee engagement, enhance organisational capability and attract, develop and retain high-quality talent.

The industrial relations climate across the organisation remained cordial and harmonious throughout the year, reflecting the Company's continued focus on fostering a positive and collaborative work environment.

Internal Control Systems

The Company has established a robust internal control framework commensurate with the nature, scale and complexity of its operations. The framework is designed to ensure operational efficiency, reliability of financial reporting, safeguarding of assets and compliance with applicable laws, regulations, policies and procedures.

The Company has appropriate systems and processes in place to monitor compliance across its businesses and functions. Internal controls are periodically reviewed and assessed to evaluate their adequacy and effectiveness, and necessary improvements are implemented to address evolving business and regulatory requirements.

The Company continuously reviews and strengthens its systems, processes and controls in line with changing business needs and industry practices, thereby promoting accountability, transparency and sound corporate governance.

TRANSFER TO RESERVES

During the year, the Company has incurred a loss of ₹ 1,819.30/- Million in P&L account and the same has been transferred to Retained Earnings in the Standalone Financial Statements of the Company. The closing balance of the Retained Earnings which forms a part under the head Other Equity in the Financial Statement of the Company for 2025-26, after all appropriations and adjustments is ₹ 732.66/- Million on Consolidated basis and ₹ 1,873.45/- Million on Standalone basis.

BUSINESS REVIEW

During the year under review, the Company has incurred net loss of ₹ 1,819.30/- Million on Standalone basis.

The Company is into nature the business of manpower/ human resource supply and consultancy, payroll management services and other related activities.

During the financial year, Neorise Global Trading L.L.C S.O.C was formed in mainland Dubai, upon approval from

the Dubai Economy and Tourism Department on 24th November, 2025, as a wholly owned subsidiary of NEORISE TECHNOLOGIES - FZCO, which in turn is a wholly owned subsidiary of the Company.

The company is driving innovation across high-impact sectors including Electric Mobility (Revolt Motors), E-commerce (Cocoblu Retail), Fashion Brands (Neo Brands), Fintech, and Drones (Neosky), details of which can be referred to in the Chairman's Message and Management Discussion and Analysis report. With a strong commitment to transformative technologies and digital-first models, the Company aims to positively impact the lives of over a billion Indians and shape the future of how India moves, shops, and connects.

CHANGE IN OBJECT CLAUSE OF THE MEMORANDUM OF ASSOCIATION OF THE COMPANY

During the Financial Year 2025-26, there was no change in the object clause of Memorandum of Association of the Company.

DIRECTORS/ KEY MANAGERIAL PERSONNEL (KMP) DETAILS

During the Financial Year, there was no change in the directorship of the Company.

In terms of the provisions of Section 152 of the Companies Act, 2013 and Articles of Association of the Company, Mr. Rajesh Kumar (DIN: 03291545), would be retiring as a director by rotation and being eligible for re-appointment, has offered himself for the same.

The matter as to re-appointment of Mr. Rajesh Kumar, as a director of the Company liable to retire by rotation has been included in the Notice convening the Annual General Meeting of the Company for the financial year 2025-26, for the approval of the members of the Company and his detailed profile is given in the Corporate Governance Report forming part of the Annual Report.

RATTANINDIA EMPLOYEES STOCK OPTION PLAN 2022

Pursuant to the approval of the shareholders by way of a Special Resolution passed through Postal Ballot on August 3, 2022, the Company adopted the RattanIndia Employees Stock Option Plan, 2022 ("REL ESOP 2022" or "Plan") for grant of up to 6,91,13,479 stock options to the eligible employees of the Company. The REL ESOP 2022 has been formulated in accordance with the provisions of the Companies Act, 2013 and the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021.

During the Financial Year 2025-26, the Company undertook the following actions under the RattanIndia Employees Stock Option Plan 2022 ("REL ESOP 2022"):

- i. On June 10, 2025, the Nomination and Remuneration Committee granted 51,00,000 (Fifty-One Lakh) stock options to eligible employees under the REL ESOP

- 2022 at an exercise price of ₹ 49.90 per stock option.
- ii. Subsequently, the aforesaid 51,00,000 stock options were surrendered by the respective option holders. Consequently, the surrendered stock options were restored to the ESOP pool and became available for re-grant under the REL ESOP 2022. Thereafter, on December 18, 2025, the Nomination and Remuneration Committee granted 54,00,000 (Fifty-Four Lakh) stock options to eligible employees at an exercise price of ₹ 40.18 per stock option.
- iii. Further, on March 10, 2026, pursuant to the approval of the shareholders and in accordance with the applicable provisions of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021, the exercise price of the aforesaid 54,00,000 stock options was revised from ₹ 40.18 per stock option to ₹ 24.82 per stock option. The repricing was undertaken considering the decline in the market price of the Company's equity shares, which had rendered the stock options unattractive. The repricing was carried out with the objective of retaining and motivating employees and was not detrimental to the interests of the employees.

The disclosures as required under the SEBI (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 are annexed to this Board's Report as **Annexure-D**.

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
RATTANINDIA ENTERPRISES LIMITED
H.No. 51, Village Hauz Khas,
New Delhi -110016

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **RattanIndia Enterprises Limited** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts /statutory compliances and expressing our opinion thereon.

Auditor's Responsibility:

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards requires that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of audit including internal, financial and operating controls, there is an unavoidable risk that some material misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.

Unmodified opinion:

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2026, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and as reported hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **RattanIndia Enterprises Limited** for the financial year ended on **31st March, 2026** and also visited and checked the website of the company www.rattanindia.com, according to the provisions of:

- The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings (External Commercial Borrowings are not applicable to the Company during the Audit Period);
- The Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') viz:-
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

- The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; (Not Applicable during the period under audit)
 - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not Applicable during the period under audit)
 - The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018 (Not Applicable during the period under audit); and
 - The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations");
 - Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;.
- vi. and other applicable laws.

We have also examined compliance with the applicable clauses of Secretarial Standards issued by the Institute of Company Secretaries of India w.r.t. Meetings of the Board of Directors (SS - 1) and General Meeting (SS - 2).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Directors, and Independent Directors.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

INDEPENDENT AUDITOR'S REPORT

To the Members of RattanIndia Enterprises Limited
Report on the Audit of the Standalone Financial Statements

Opinion

- 1) We have audited the accompanying standalone financial statements of RattanIndia Enterprises Limited ('the Company'), which comprise the Standalone Balance Sheet as at 31 March 2026, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Cash Flow and the Standalone Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information, in which are included the financial statements of RattanIndia Enterprises Limited Employee Welfare Trust ("the Trust") for the year ended on that date audited by the auditors of the Trust.
- 2) In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of the reports of the other auditors as referred to in paragraph 15 below, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2026, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

- 3) We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors, in terms of their reports referred to in paragraph 15 of the Other Matter section below is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

- 4) Key audit matters are those matters that, in our professional judgment, and based on the consideration of the reports of the other auditors as referred to paragraph 15 below, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
- 5) We have determined the matters described below to be the key audit matter to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Impairment assessment of non-current investments in and loans given to subsidiary companies (Refer note 2 and 3 for material accounting policy information and notes 7 and 8 for disclosures in standalone financial statements) The Company has investment of ₹ 1,776.79 million in subsidiary, Revolt Intellicorp Private Limited ('Revolt') and has outstanding loan receivable of ₹ 427.25 million from Revolt as at 31 March 2026. As per requirement of Ind AS 36, Impairment of assets ('Ind AS 36'), the management reviews at each reporting period whether there are any indicators of impairment of the investments in subsidiary and where impairment indicators exist, such investments are tested for impairment. The carrying value of loans given to subsidiary is tested at year end for impairment in accordance with the requirements of Ind AS 109, Financial Instruments ('Ind AS 109'). The Management has assessed the recoverability of the said investments and loans, by carrying out a valuation of the subsidiary with the help of an external valuation expert. The value in use of the underlying businesses is determined based on the discounted cash flow method, which requires management to make significant estimates and assumptions relating to forecast of future business performance, and selection of the discount rates to determine the recoverable value to be considered for impairment testing of the carrying value of above-mentioned balances. Changes in aforesaid estimates and assumptions can lead to significant changes in the assessment of the recoverable value. Considering the significance of the amounts involved and significant judgements involved in the assumptions used for computation of recoverable amount / value in use, the impairment assessment of the non-current investments in and loans given to subsidiary companies, is identified as a key audit matter for current year audit.	Our audit procedures related to impairment assessment of non-current investments in and loans given to subsidiary company, included, but not limited to the following: • Obtained an understanding of the management's process, and evaluated the design and tested the operating effectiveness of controls on identification of indicators of impairment of the carrying value of investment and recoverability of loans in accordance with Ind AS 36 and Ind AS 109. • Assessed the professional competence and objectivity of the valuation expert used by the management to estimate the recoverable value of the investment in and loan given to subsidiary company. • Involved auditor's valuation experts to evaluate the appropriateness of the valuation model and to test the reasonability of the assumptions used relating to cash flow forecasts, discount rates, expected growth rates and terminal growth rates used. • Reconciled the future business projections used for performing above said valuation with approved business plans and tested the arithmetical accuracy of the management workings; • Obtained and evaluated sensitivity analysis performed by the management on key assumptions of implied growth rates during explicit period, terminal growth rates and discount rates; • Performed independent sensitivity analysis on aforesaid key assumptions to assess the effect of reasonably possible variations in the current estimated recoverable amount to evaluate sufficiency of headroom between recoverable value and carrying amount; • Evaluated the adequacy of the disclosures made in the Standalone Financial Statements, including disclosure of significant assumptions, judgements and sensitivity analysis performed, in accordance with the requirement of the applicable accounting standards.

Information other than the Standalone Financial Statements and Auditor's Report thereon

- 6) The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with

the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

- 7) The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 8) In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

- 9) The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- 10) Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.
- 11) As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
 - Obtain sufficient appropriate audit evidence regarding the business activities and financial statements of the Company which includes financial information of its Trust to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of the Company, of which we are the independent auditors. For the Trust included in the standalone financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- 12) We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 - 13) We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 - 14) From the matters communicated with those charged with governance, we determine those matters that

were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- 15) We did not audit the financial statements of one Trust included in the standalone financial statements of the Company whose financial statements reflects total assets of ₹ 49.35 million as at 31 March 2026, and the total revenues of ₹ Nil million and net cash inflows of ₹ 0.005 million for the year ended on that date. These financial statements have been audited by the auditors of the Trust whose report has been furnished to us by the management, and our opinion on the standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of these, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid trust, is based solely on the report of such auditors of the Trust.

Our opinion above on the standalone financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

- 16) Based on our audit, we report that the Company has not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable.
- 17) As required by the Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 18) Further to our comments in Annexure A, as required by section 143(3) of the Act based on our audit, and on the consideration of the reports of the other auditors as referred to in paragraph 15 above, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- c) The standalone financial statements dealt with by this report are in agreement with the books of account;
- d) In our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2026 from being appointed as a director in terms of section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2026 and the operating effectiveness of such controls, refer to our separate report in Annexure B, wherein we have expressed an unmodified opinion; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors as referred to in paragraph 15 above:
 - i. the Company, as detailed in note 41(c) to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2026.;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2026;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2026.;

- iv. a. The management has represented that, to the best of its knowledge and belief, other than as disclosed in note 59(a) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Company to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b. The management has represented that, to the best of its knowledge and belief, other than as disclosed in note 59(b) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year ended 31 March 2026.
- vi. As stated in note 42 to the standalone financial statements and based on our examination which included test checks, the

Company, in respect of financial year commencing on or after 1 April 2025, has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant

transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure-A to the Independent Auditor's Report

Annexure A referred to in Paragraph 17 of the Independent Auditor's Report of even date to the members of RattanIndia Enterprises Limited on the standalone financial statements for the year ended 31 March 2026

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment and relevant details of right-of-use assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of physical verification programme adopted by the Company, is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties held by the Company (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), disclosed in Note 11A to the standalone financial statements, are held in the name of the Company.

Further, for properties where the Company is a lessee and the lease agreements are duly executed in favour of the lessee, the Company has entered into sub-leasing arrangements in certain cases.

- (d) The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended) and rules made thereunder.
- (ii) (a) The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) The Company has not been sanctioned working capital limits by banks or financial institutions on the basis of security of current assets at any point of time during the year. Accordingly, reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- (iii) The Company has made investments in, provided guarantee or security and granted unsecured loans to companies during the year, in respect of which:
 - (a) The Company has provided loans, or guarantee, to Subsidiaries during the year as per details given below:

Amount in ₹ million		
Particulars	Guarantees*	Loans
Aggregate amount provided/granted during the year (₹):		
- Subsidiaries	5,235.00	1382.06
Balance outstanding as at balance sheet date (₹):		
- Subsidiaries	5,095.00	1373.36**

*Also refer note no 41(b) (i)

**Excludes accrued interest as at balance sheet date.

- (b) In our opinion, and according to the information and explanations given to us, the investments made, guarantees provided, security given and terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are, prima facie, not prejudicial to the interest of the Company.
- (c) In respect of loans and advances in the nature of loans granted by the Company, the schedule of repayment of principal and the payment of the interest has not been stipulated and accordingly, we are unable to comment as to whether the repayments/receipts of principal and interest are regular.

(d) In the absence of stipulated schedule of repayment of principal and payment of interest in respect of loans or advances in the nature of loans, we are unable to comment as to whether there is any amount which is overdue for more than 90 days.

(e) In respect of loans granted by the Company, the schedule of repayment of principal has not been stipulated. According to the information and explanation given to us, such loans have not been demanded for repayment as on date.

(f) The Company has granted loans which are repayable on demand or without specifying any terms or period of repayment, as per details below:

Particulars	Related Parties
Aggregate of loans/ advances in nature of loan	
- Repayable on demand (A)	1,765.68*
- Agreement does not specify any terms or period of repayment (B)	-
Total (A+B)	1,765.68
Percentage of loans/advances in nature of loan to the total loans	100%

*Excludes accrued interest as at balance sheet date.

(iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act in respect of loans and investments made and guarantees and security provided by it, as applicable. Further, the Company has not entered into any transaction covered under section 185 of the Act.

(v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there are no amounts which have been deemed to be deposits within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.

(vi) The Central Government has not specified maintenance of cost records under sub-section (1) of section 148 of the Act, in respect of Company's products/ services/ business activities. Accordingly, reporting under clause 3(vi) of the Order is not

applicable.

(vii) (a) In our opinion and according to the information and explanations given to us, the Company is regular in depositing undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, we report that there are no statutory dues referred to in subclause (a) above that have not been deposited with the appropriate authorities on account of any dispute.

(viii) According to the information and explanations given to us, we report that no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been previously recorded in the books of accounts.

(ix) (a) In our opinion and according to the information and explanations given to us, loans amounting to ₹ 7,727.06 million are repayable on demand and terms and conditions for payment of interest thereon have not been stipulated. Further, such loans and interest thereon have not been demanded for repayment as on date.

(b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.

(c) In our opinion and according to the information and explanations given to us, and on an overall examination of the standalone financial statements of the Company, funds raised by the Company on short term basis have not been utilised for long term purposes.

(d) In our opinion and according to the information and explanations given to us, the

Company has not raised any funds on short term basis during the year. Accordingly, reporting under clause 3(ix)(d) of the Order is not applicable to the Company.

(e) In our opinion and according to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiary.

(f) In our opinion and according to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries or associate companies.

(x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments), during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or no fraud on the Company has been noticed or reported during the period covered by our audit.

(b) According to the information and explanations given to us including the representation made to us by the management of the Company, no report under sub-section 12 of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, with the Central Government for the period covered by our audit.

(c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistle-blower complaints received by the

Company during the year.

(xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.

(xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.

(xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system which is commensurate with the size and nature of its business as required under the provisions of section 138 of the Act.

(b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.

(xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, reporting under clause 3(xv) of the Order with respect to compliance with the provisions of section 192 of the Act are not applicable to the Company.

(xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934.

(b) Since the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934, reporting under clauses 3(xvi)(b) of the Order is not applicable to the Company.

(c) The Company is a Core Investment Company (CIC) as defined in the regulations made by the RBI. In our opinion and according to the information and explanations given to us, the Company is exempted from registration and it continues to fulfil such criteria of non-registration. (Also, refer note 38 of the standalone financial statements for further details.)

- (d) Based on the information and explanations given to us and as represented by the management of the Company, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) has only one CIC as part of the Group.
- (xvii) The Company has incurred cash losses in the current financial year and in the immediately preceding financial years amounting to ₹ 314.36 million and ₹ 279.18 million respectively.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information in the standalone financial statements, our knowledge of the plans of the Board of Directors and management and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities

existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.

- (xx) According to the information and explanations given to us, the Company has met the criteria as specified under sub-section (1) of section 135 of the Act read with the Companies (Corporate Social Responsibility Policy) Rules, 2014, however, in the absence of average net profits in the immediately three preceding years, there is no requirement for the Company to spend any amount under sub-section (5) of section 135 of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable to the Company.
- (xxi) The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure-B to the Independent Auditor's Report

Annexure B to the Independent Auditor's Report of even date to the members of RattanIndia Enterprises Limited, on the standalone financial statements for the year ended 31 March 2026

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of RattanIndia Enterprises Limited ('the Company') as at and for the year ended 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued

by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become

inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI').

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

1. Corporate Information

Nature of Operations

RattanIndia Enterprises Limited ('REL' or 'the Company') is a public company domiciled and incorporated under the provisions of the Companies Act applicable in India and has its registered office at H No.51, Village Hauz Khas, South-West Delhi, New Delhi -110016.

The shares of the Company are listed on the National Stock Exchange (NSE) and BSE Limited of India.

The Company is primarily engaged in the business of investing in technology focused new age businesses including retail e-commerce, electric vehicles, fintech, drones and others through its Group Companies. The Company qualifies to be an "Unregistered Core Investment Company" ('CIC') in terms of "Master Direction – Core Investment Companies (Reserve Bank) Directions, 2016". Consequently, the Company is eligible to carry on business activities permissible to CIC, without obtaining registration from Reserve Bank of India under section 45-IA of the Reserve Bank of India Act, 1934. (Also, refer note 38)

The standalone financial statements for the year ended 31 March 2026 were approved by the Board of Directors and authorised for issue on 29 May 2026.

2. Material Accounting policies

a) Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with section 133 of Companies Act, 2013 and presentation requirements of Division III of schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The financial statements are presented in INR (₹) which is also the Company's functional currency and all values are rounded to the nearest million, except when otherwise indicated.

b) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer.

Further, the Company collects Goods and Services tax (GST) on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised.

Service income

Revenue from services rendered is recognised when relevant services have been rendered, as per the agreed terms with the customer.

Interest Income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

Contract asset

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liability

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

recognised as revenue when the Company performs under the contract. Invoicing in excess of revenues are classified as contract liabilities (which are referred to as 'deferred revenues').

Variable Consideration

Rights of return, volume discounts, or any other form of variable consideration is estimated using either the sum of probability weighted amounts in a range of possible consideration amounts (expected value), or the single most likely amount in a range of possible consideration amounts (most likely amount), depending on which method better predicts the amount of consideration realizable. Transaction price includes variable consideration only to the extent it is probable that a significant reversal of revenues recognized will not occur when the uncertainty associated with the variable consideration is resolved. The management estimates of variable consideration and determination of whether to include estimated amounts in the transaction price may involve judgement and are based largely on an assessment of the Company's anticipated performance and all information that is reasonably available.

c) Property, plant and equipment

Recognition and initial measurement

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

In respect of Property, plant and equipment covered under part A of Schedule II to the Companies Act, 2013, depreciation is recognised

based on the cost of assets (other than freehold land) less their residual values over their useful lives, using the straight-line method in the statement of profit and loss unless such expenditure forms part of carrying value of another asset. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013 as follows:

Particulars	Useful life as per Schedule II of the Act
Office Equipment	5 years
Computers	3 years
Furniture and Fixtures	10 years

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

d) Intangible assets

Recognition and initial measurement

Intangible assets include cost incurred for development of the web platform. Intangible assets are initially measured at acquisition cost including any directly attributable costs of preparing the asset for its intended use and are carried at cost less accumulated amortisation and accumulated impairment losses.

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Subsequent measurement (depreciation and useful lives)

The intangible assets are amortised over a period of 3 years on a straight-line basis, commencing from the date the asset is available to the Company for its use. The amortisation period is reviewed at the end of each financial year and the amortisation method is revised to reflect the changed pattern.

Derecognition

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in the standalone statement of profit and loss when the asset is derecognised.

e) Leases

Company as a lessee

The Company recognises right-of-use assets and lease liabilities for all leases except for short-term leases and leases of low-value assets.

The Company applies the available practical expedients wherein it:

- Uses a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relies on its assessment of whether leases are onerous immediately before the date of initial application
- Applies the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application
- Excludes the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Determining the lease term of contracts with renewal and termination options where Company is lessee - The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be

exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

- The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

The Company depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Company also assesses the right-of-use asset for impairment when such indicators exist.

Lease Liability

The Company records the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the balance sheet. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

Subsequent to initial measurement, the liability is reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

Short-term leases and leases of low-value assets

The Company has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Finance leases

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognised as revenue in the period in which they are earned.

Operating leases

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight line basis over the lease term except where scheduled increase in rent compensates the Company with expected inflationary costs.

f) Impairment of non-financial assets

The carrying amounts of assets are reviewed at each Balance Sheet date. If there is any indication of impairment based on internal / external factors, an impairment loss is recognised, i.e. wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or Cash Generating Unit (CGU) exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

The Company bases its impairment calculation on most recent budgets and forecast calculations, which are prepared for the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year. Impairment losses are recognised in the Statement of Profit and Loss. For assets excluding goodwill, an assessment is made at each reporting date to determine whether there

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the assets or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit or Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

g) Financial instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, unless the financial instrument is designated to be measured at fair value through profit or loss (FVPL) or fair value through other comprehensive income (FVOCI). However, trade receivables that do not contain a significant financing component and are measured at transaction price.

Financial assets

Subsequent measurement

Financial assets at amortised cost – the financial assets are measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. All other debt instruments are measured at FVOCI or FVTPL based on Company's business model. All investments in mutual funds in scope of Ind-AS 109 are measured at FVTPL.

Classification

Financial assets measured at amortised cost

Financial assets that meet the criteria for subsequent measurement at amortised cost are measured using effective interest method ("EIR") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition). Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets that meet the criteria for initial recognition at FVTOCI are remeasured at fair value at the end of each reporting date through other comprehensive income (OCI).

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or FVTOCI criteria are remeasured at fair value at the end of each reporting date through profit and loss

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Company expects to receive. When estimating the cash flows, the Company considers –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, lifetime impairment loss is provided, otherwise provides for 12 month expected credit losses.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. These liabilities include borrowings and deposits.

Classification of Financial liabilities

Financial liabilities at fair value through profit or loss (FVTPL) Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Financial liabilities are classified as held for trading if these are incurred

for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company those are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Subsequent changes in fair value of liabilities are recognised in the statement of profit and loss.

Financial liabilities measured at amortised cost

Financial liabilities that are not held-for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the statement of profit and loss.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

h) Investments in subsidiaries

The Company has accounted for its investments in subsidiaries at cost in its standalone financial statements, in accordance with Ind AS- 27, Standalone Financial Statements.

Where the carrying amount of an investment is greater than its estimated recoverable amount, it is assessed for recoverability and in case of performance diminution, provision for impairment is recorded in statement of profit and loss. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged to the statement of profit and loss.

i) Investments in associates

The Company has accounted for its investments in associates at cost in its standalone financial statements in accordance with Ind AS 27 – Standalone Financial Statements. Where the carrying amount of an investment exceeds its estimated recoverable amount, it is assessed for impairment and an impairment loss is recognised in the Statement of Profit and Loss. Any reversal of impairment loss is recognised in accordance with Ind AS 36. Dividend income is recognised when the Company's right to receive the dividend is established. On disposal of an investment, the difference between the net disposal proceeds and the carrying amount of the investment is recognised in the Statement of Profit and Loss.

j) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income ("OCI") or directly in equity.

Current Tax

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and

exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred tax is recognised for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss. Deferred tax assets are generally recognised for all deductible temporary differences, carry forward of unused tax credits and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be utilised, except when the deferred tax asset relating to temporary differences arising at the time of transaction affects neither the accounting profit or loss nor the taxable profit or loss. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

have been enacted or substantively enacted by the end of the reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

When there is uncertainty regarding income tax treatments, the Company assesses whether a tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is recognised. The effect of the uncertainty is recognised using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Company evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

k) Cash and cash equivalents

Cash and cash equivalents comprise Cash on hand, demand deposits with banks/ corporations and short-term highly liquid investments (original maturity less than 3 months) that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

l) Foreign currency translations

In preparing the financial statements of the Company, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit and loss in the period in which they arise.

m) Employee benefits

Defined contribution plans

The Company makes contribution to the statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provision Act, 1952 which is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which the services are rendered.

Defined benefit plans

Gratuity is in the nature of a defined benefit plan. The liability recognised in the standalone financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

Compensated Absences:

Provision for compensated absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

the projected unit credit method as at the reporting date.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

These are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

n) Share Based payment

Employees (including senior executives) of the Company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in share Options outstanding reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The Statement of Profit and Loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. Where

an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

o) Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company, or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent liabilities may arise from litigation, taxation and other claims against the Company. The contingent liabilities are disclosed where it is management's assessment that the outcome of any litigation and other claims against the Company is uncertain or cannot be reliably quantified, unless the likelihood of an adverse outcome is remote.

Contingent assets are not recognised. However, when inflow of economic benefit is probable, related asset is disclosed.

p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

All operating segments' results are reviewed regularly by the Board of Directors, who have been identified as the CODM, to allocate resources to the segments and assess their performance.

- r) Certain prior year amounts have been reclassified for consistency with the current year presentation. Such reclassification does not have any impact on the current year financial statements.

s) Recent accounting pronouncements:

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to existing standards under the Companies (Indian Accounting Standards) Rules from time to time. MCA has notified amendments to Ind AS 1 — Presentation of Financial Statements (classification of liabilities as current or non-current, including liabilities with covenants), Ind AS 12 — Income Taxes (International Tax Reform — Pillar Two Model Rules), Ind AS 21 — The Effects of Changes in Foreign Exchange Rates (Lack of Exchangeability), and Ind AS 7 — Statement of Cash Flows and Ind AS 1 07 — Financial Instruments: Disclosures (Supplier Finance Arrangements), effective from 01 April 2025.

The management has reviewed these amendments and based on its evaluation, has determined that they do not have any impact on the Company's standalone financial statements.

New standards or amendments not yet adopted

Classification of Liabilities as Current or Non-current and Non-current Liabilities with

Covenants — Amendments to Ind AS 1- The amendments clarify that lender waivers obtained after the reporting date cannot be considered for the purpose of classifying liabilities as current or non- current and require retrospective application in accordance with Ind AS 8. These amendments are effective for reporting periods beginning on or after 01 April 2026. The management does not expect any material impact on its standalone financial statements.

3. Significant management accounting judgements, estimates and assumptions

The preparation of the Company's standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant. The estimates and underlying assumptions are reviewed on an ongoing basis and any revisions thereto are recognized in the period of revision and future periods if the revision affects both the current and future periods. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Estimates:

Defined benefit plans

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are

Material accounting policy Information and notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining the present value of defined benefit obligations are disclosed in note 34.

Useful lives of depreciable/ amortisable assets

The Company has estimated useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, etc. The Company reviews the useful life of property, plant and equipment and Intangible assets as at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Fair value measurements

In estimating the fair value of financial assets and financial liabilities, the Company uses market observable data to the extent available. Where such Level 1 inputs are not available, the Company establishes appropriate valuation techniques and inputs to the model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in note 52.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available

data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset.

Impairment of property, plant and equipment, Right-of-Use and intangible assets

Property, plant and equipment, Right-of-Use and intangible assets that are subject to depreciation/ amortisation are tested for impairment periodically including when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

Impairment of Investments made / Loans given to subsidiaries

In case of investments made and loans given by the Company to its subsidiaries and associate, the Management assesses whether there is any indication of impairment in the value of investments and loans. The carrying amount is compared with the present value of future net cash flow of the subsidiaries and associate based on its business model or estimate is made of the fair value of the identified assets held by the subsidiaries and associate, as applicable.

Taxes

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits under the Income Tax Act, 1961.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax

assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Judgements:

Determining the lease term of contracts with renewal and termination options – the Company as lessee

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. The Company has several lease contracts that include extension and termination options. The Company

applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. The Company included the renewal period as part of the lease term for leases of property with shorter non-cancellable period. The Company typically exercises its option to renew for these leases because there will be a significant negative effect on business if a replacement alternate property is not readily available. The renewal periods for leases of property with longer non-cancellable periods are not included as part of the lease term as these are not reasonably certain to be exercised. Furthermore, the periods covered by termination options are included as part of the lease term only when they are reasonably certain not to be exercised.

- Inter corporate deposits carry interest in range of 6.50%-7.25% and are recoverable on demand.
- Up to 31 March 2025, the Company had extended an inter-corporate deposit ("ICD") of AED 2 million (equivalent to ₹ 46.60 million) to Neorise Technologies FZCO, Dubai ("Neorise"), a wholly owned subsidiary of the Company, for a tenure of three years carrying interest at a rate equivalent to the 180-day average Secured Overnight Financing Rate (SOFR) plus 0.50% per annum, payable on maturity. Pursuant to the approval of the Board of Directors on 21 December 2024 and based on a valuation determined by an independent external valuer, the Company proposed conversion of the aforesaid ICD into equity capital of Neorise. During the year ended 31 March 2026, upon receipt of the requisite regulatory and corporate approvals, the Company converted the outstanding ICD aggregating to AED 1.99 million into equity shares of Neorise in

The Company's contracts with customers for the services generally include one performance obligation. The Company has concluded that revenue from sale of services should be recognised at the point in time when services are rendered to the customer.

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Company performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional. A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration from the customer. Contract liabilities are recognised as revenue when the Company performs obligations under the contract.

Transaction price - remaining performance obligation

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts as the revenue recognised corresponds directly with the value to the customer of the entity's performance completed till the reporting period.

X. Key management personnel/ Relative of Key management personnel

Particulars	31 March 2026	31 March 2025
Salaries and other short term employee benefits	16.51	28.18

- There are no non cash transactions entered with promoters or directors.
- The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions.
- Key managerial personnel are entitled to post-employment benefits and other long term employee benefits recognised as per Ind AS 19 - 'Employee benefits' in the standalone financial statements. As the employees benefits are lump sum amounts provided on the basis of actuarial valuation, the same is not included above.
- During the year, pursuant to the scheme (refer note 50), the Company granted Stock Options to eligible employees, including KMPs, under its Employee Stock Option plan [within the meaning of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021]. Since such Stock Options are not tradeable, no perquisite or benefit is immediately conferred upon the employee by grant of such Stock Options, and accordingly the said grants have not been considered as 'remuneration'.

34 Employee benefits

Defined contribution:

Contributions are made to the Government Provident Fund and Family Pension Fund which cover all regular employees eligible under applicable Acts. Both the eligible employees and the Company make pre-determined contributions to the Provident Fund. The contributions are normally based upon a proportion of the employee's salary. The Company has recognized in the Statement of Profit and Loss an amount of ₹ 1.87 million (31 March 2025: ₹ 1.21 million) towards employer's contribution towards provident fund.

(I) Defined benefits:

Gratuity scheme - This is an unfunded defined benefit plan and it entitles an employee, who has rendered at least 5 years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement/exit/death as below.

- On normal retirement / early retirement / withdrawal / resignation: As per the provisions of the Code of Social Security, 2020 with vesting period of 5 years of service.
- On death in service: As per the provisions of the Code of Social Security, 2020 without any vesting period. Gratuity payable to employee in case (i) and (ii), as mentioned above, is computed as per the Code of social security 2020 except that the Company does not have any limit on gratuity amount.

Other benefits:

Provision for unfunded compensated absences payable to eligible employees on availment/ retirement/ separation is based upon an actuarial valuation as at the year ended 31 March 2026. Major drivers in actuarial assumptions, typically, are years of service and employee compensation. The commitments are actuarially determined using the 'Projected Unit Credit Actuarial Method' as at the year end. Gains/ losses on changes in actuarial assumptions are accounted for in the Statement of Profit and Loss as identified by the Management of the Company.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of Gratuity and Compensated Absences and the amounts recognised in the financial statements for the year ended 31 March 2026 and 31 March 2025:

Particulars	Gratuity (Unfunded)	
	31 March 2026	31 March 2025
Liability recognised in the balance sheet:		
Present value of obligation as at the beginning of the year	3.41	3.16
Past service cost including curtailment gain/ losses	0.85	-
Current service cost	1.18	1.14
Interest cost	0.31	0.25
Benefits paid	-	-
Actuarial losses	(0.54)	(1.14)
Present value of obligation at the end of the year (as per actuarial valuation)	5.21	3.41

(All amount in ₹ Million, unless otherwise stated)

Particulars	Gratuity (Unfunded)	
	31 March 2026	31 March 2025
Expenses during the year		
Past service cost including curtailment gain/ losses	0.85	-
Current service cost	1.18	1.14
Interest cost	0.31	0.25
Actuarial losses	-	-
Component of defined benefit cost charged to statement of profit and loss	2.34	1.39
Remeasurement of post-employment benefit obligations:		
Actuarial losses	(0.54)	(1.14)
Component of defined benefit cost recognized in other comprehensive income/(loss)	(0.54)	(1.14)

Particulars	Gratuity (Unfunded)

Actuarial (gains)/ losses on obligation		
Actuarial (gain)/ loss arising from change in demographic assumptions	(0.21)	-
Actuarial (gain)/ loss arising from change in financial assumptions	(0.22)	0.05
Actuarial (gain)/ loss arising from change in experience adjustments	(0.10)	(1.19)

The actuarial valuation in respect of commitments and expenses relating to unfunded gratuity and compensated absences are based on the following assumptions which if changed, would affect the commitment's size, funding requirements and expenses;

(a) Economic assumptions

	31 March 2026	31 March 2025
Discount rate	7.78%	6.99%
Expected rate of salary increase	8.00%	8.00%

The weighted average duration of the defined benefit obligation as at 31 March 2026 is 5.76 years (31 March 2025 : 7.20 years)

Notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

(b) Demographic assumptions

Particulars	31 March 2026	31 March 2025
Retirement age	60 years	60 years
Mortality table	100% IALM (2012-14)	100% IALM (2012-14)
Ages	Withdrawal rate (%)	Withdrawal rate (%)
Up to 30 years	14.64	15.00
From 31 to 44 years	12.14	10.00
Above 44 years	21.79	15.00

The employer's best estimate of contributions expected to be paid during the annual period beginning after the balance sheet date, towards gratuity is ₹ 1.66 million (31 March 2025 : ₹ 1.36 million).

The defined benefit plans expose the Group to actuarial risk which are set out below:

Interest rate risk: The present value of the defined benefit plan liability is generally calculated using a discount rate determined by reference to government bond yields and in certain overseas jurisdictions, it is calculated in reference to government bond yield adjusted for a corporate spread. If bond yields fall, the defined benefit obligation will tend to increase.

Life expectancy : The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Inflation risk: A significant proportion of the defined benefit liability is linked to inflation. An increase in the inflation rate will increase the Company's liability.

Salary growth risk: The present value of the defined benefit plan obligation is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan obligation.

(c) Sensitivity analysis of defined benefit obligation

Particulars	31 March 2026	31 March 2025
a) Impact of the change in discount rate		
i) Impact due to increase of 0.50% (31 March 2025: 0.50%)	(0.11)	(0.10)
ii) Impact due to decrease of 0.50% (31 March 2025: 0.50%)	0.12	0.11
b) Impact of the change in salary increase		
i) Impact due to increase of 0.50% (31 March 2025: 0.50%)	0.11	0.11
ii) Impact due to decrease of 0.50% (31 March 2025: 0.50%)	(0.11)	(0.10)

a. The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in an assumptions occurring at the end of the reporting period while holding all other assumption constraint. In practice it is unlikely to occur and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

Notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

- b. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.
- c. Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- d. Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

(All amount in ₹ Million, unless otherwise stated)

indicators in respect of subsidiary and accordingly performed a detailed recoverability assessment using an independent valuation report. The recoverable amount was determined based on a discounted cash flow model using management-approved business projections covering a five-year period and a terminal value. Key assumptions considered in the valuation included projected revenue growth, expected profitability, working capital requirements, capital expenditure, terminal growth rate and discount rate. Based on the recoverability assessment performed, management concluded that the carrying amounts of the Company's investment and other exposures relating to Revolt Intellicorp Private Limited were recoverable and accordingly no impairment provision was required to be recognised during the year ended 31 March 2026. The assessment remains sensitive to changes in the underlying assumptions used in the valuation model.

51 Financial instruments**i) Fair values hierarchy**

Financial assets and financial liabilities are measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Company determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (Financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method, market comparable method, recent transactions happened in the company and other valuation models. The Company uses valuation techniques that are

appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

ii) Risk management

The Company is exposed to various risks in relation to financial instruments. The Company's financial assets and liabilities by category are summarised in note 52(i). The main types of risks are market risk, credit risk and liquidity risk. The most significant financial risks to which the Company is exposed are described below.

The Company's risk management is carried out by a central finance department (of the Company) under direction of the Board of Directors. The Board of Directors provides principles for overall risk management, and covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Company. Credit risk arises from cash and cash equivalents, trade receivables, investments carried at amortised cost and deposits with banks and financial institutions. The Company's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at 31 March 2026 and 31 March 2025, as summarised below:

Particulars	31 March 2026	31 March 2025
Investment	124.14	10,478.60
Trade receivables ⁽ⁱ⁾	27.39	8.68
Cash and cash equivalents ⁽ⁱⁱⁱ⁾	6.37	1.86
Bank balances other than cash and cash equivalents ⁽ⁱⁱⁱ⁾	-	1.42
Loans ^(iv)	1,821.52	1,426.54
Other financial assets ⁽ⁱⁱ⁾	11.38	10.35

The Company continuously monitors defaults of customers and other counterparties, and incorporates this information into its credit risk controls. The Company's policy is to deal only with creditworthy counterparties.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.

(i) Trade receivables include certain past-due balances as disclosed in Note 6. The Company assesses impairment on trade receivables using the simplified approach under Ind AS 109 and recognises lifetime expected credit losses, considering historical default experience, ageing, recovery trends, and forward-looking information. For financial assets other than trade receivables, the Company applies the general impairment approach and recognises either 12-month or lifetime expected credit losses depending on whether there has been a significant increase in credit risk since initial recognition. Financial assets are written off when there is no reasonable expectation of recovery, based on the facts and circumstances of each case. A substantial portion of the Company's financial assets, including trade receivables, is recoverable from subsidiaries and other related parties. Based on management's assessment of the counterparties' financial position, repayment capacity, and historical experience, these balances are considered recoverable and not credit-impaired. Accordingly, the expected credit loss provision on such exposures is not material to the financial statements. is not material to the financial statements.

(ii) The Company has no such assets where credit losses have been recognised as none of the assets are credit impaired.

Notes to the standalone financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

- (iii) The credit risk for cash and cash equivalents and other bank balances is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.
- (iv) Loans comprise primarily inter-corporate deposits extended to wholly owned subsidiary companies and are measured at amortised cost. The Company assesses expected credit losses on such exposures in accordance with the requirements of Ind AS 109 using the general impairment approach. The Company monitors the credit profile, operational performance, liquidity position and business outlook of the respective subsidiary entities on an ongoing basis. Based on the assessment performed as at 31 March 2026, including evaluation of historical repayment behaviour, financial position of the counterparties, future business prospects and available support arrangements within the Group, the management has concluded that there has been no significant increase in credit risk since initial recognition of these loans. Accordingly, the Company continues to measure impairment, where applicable, based on 12month expected credit losses. As the probability of default and loss given default are assessed to be negligible, no expected credit loss allowance is required to be recognised against such loans as at 31 March 2026. Further, none of these loans are credit-impaired as at the reporting date. In respect of ICDs assigned during the year, the Company has transferred substantially all risks and rewards associated with the assigned ICD. There is no residual credit risk or exposure retained by the Company.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Market Risk**Foreign currency risk**

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exchange risk arises from its foreign currency assets and liabilities. The Company's exposure to the risk of changes in foreign exchange rates arises on account of Inter Corporate Deposit (Loan) given to wholly owned subsidiary company. The Company has not taken any derivative instrument during the year and there is no derivative instrument outstanding as at the year. [refer note 7 (b)]

Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting years are as under:-

(in Million)

Particulars	As at 31 March 2026		As at 31 March 2025	
	Amount in AED	Amount in ₹	Amount in AED	Amount in ₹
Inter Corporate Deposit	-	-	2.09	48.75

Sensitivity

The following tables demonstrate the sensitivity to a reasonably possible change in USD, AED and other exchange rates, with all other variables held constant.

Particulars	Profit/ (loss)		Equity, net of tax (Increase) / Decrease	
	As at 31 March 2026	As at 31 March 2025	As at 31 March 2026	As at 31 March 2025

AED rates – decrease by 100 basis points (31 March 2025: 100 basis points)	-	(0.49)	-	(0.49)

The above table illustrates the sensitivity of profit and equity in relation to the Company's financial assets and financial liabilities and the AED/₹ exchange rate and 'all other things being equal'. It assumes a +/- 1% change of the ₹/AED exchange rate for the year ended 31 March 2025. These percentages have been determined based on the average market volatility in exchange rates in the previous twelve months. Based on the movements in the foreign exchange rates historically and the prevailing market conditions as at the reporting date, the Company's management has concluded that the above mentioned rates used for sensitivity are reasonable benchmarks. The sensitivity analysis is based on the Company's foreign currency financial instruments held at each reporting date.

Interest rate risk**Liabilities**

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

53 Capital management

The Company' s capital management objectives are;- to ensure the Company's ability to continue as a going concern- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

The amounts managed as capital by the Company for the reporting periods under review are summarised as follows:

Particulars	31 March 2026	31 March 2025

- Due to higher inter-corporate borrowings during the year, while shareholders' equity decreased on account of loss recognised during the year. (refer note 40)
- Due to loss incurred during the year resulting from fair value loss on investments, leading to lower earnings available for debt servicing despite largely stable finance costs. (refer note 40)
- Due to loss after tax during the year as compared to profit in the previous year, largely on account of unrealised fair value loss recognised on investment in RattanIndia Power Limited. (refer note 40)
- Due to increase in average trade receivables during the year coupled with lower revenue from operations as compared to the previous year.
- Due to lower EBIT resulting from fair value loss on investments during the year, coupled with higher capital employed arising from increased borrowings.(refer note 40)

INDEPENDENT AUDITOR'S REPORT

To the Members of RattanIndia Enterprises Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

- We have audited the accompanying consolidated financial statements of RattanIndia Enterprises Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associate, as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2026, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.
- In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, and associate, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group and its associate, as at 31 March 2026, and their consolidated loss (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

- We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, and its associate in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraphs 15 and 16 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

- Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, and associate, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
- We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
Impairment assessment of carrying value of goodwill and other intangible assets (Refer note 2 and 3 for material accounting policy information and note 15 for financial disclosures in the consolidated financial statements) As at 31 March 2026, the Group carries goodwill amounting to ₹ 1,455.78 million and other intangible assets amounting to ₹ 564.11 million recognised pursuant to acquisition of a substantial stake in Revolt Intellicorp Private Limited in earlier years, in accordance with the requirements for accounting for business combination under Ind AS 103. Such goodwill is required to be tested for impairment by the management on an annual basis and additionally, to test the carrying value of intangible assets whenever there is an indication for impairment in view of the highly uncertain economic environment in accordance with Ind AS 36, Impairment of Assets. The aforesaid impairment test required the management to make significant judgement and estimates, which particularly includes estimation of sales volume and prices, budgeted cash flows in the cash-generating units, future market conditions, growth rates, discount rates and capital expenditure to estimate the recoverable values. Changes in these assumptions as well as in the methods used could lead to significant changes in the assessment of the recoverable value. Considering the materiality of amounts involved together with the inherent subjectivity related to principal assumptions, which are dependent on current and future economic factors and trading conditions varying for different economic and geographical territories, assessment of carrying values of goodwill and other intangible assets is identified as a key audit matter in our current year audit.	Our audit procedures related to impairment assessment of carrying value of goodwill and other intangible assets included, but not limited to, the following: • Obtained an understanding of the management's process for identification of cash generating unit and processes performed by the management for their impairment testing. • Evaluated the design, implementation and tested operating effectiveness of relevant internal controls relating to impairment assessment of goodwill and other intangibles and determination of recoverable amounts. Assessed the appropriateness of the Group's accounting policies relating to impairment testing in accordance with Ind AS 36. • Assessed the professional competence, and objectivity of the expert used by the management for performing required value-in-use calculations to estimate the recoverable value of goodwill and other intangible assets; Reconciled the future business projections used for performing above said valuations from approved business plans and tested the arithmetical accuracy of the management workings. • Involved auditors' experts to assist in evaluating the appropriateness of the valuation models and assumptions used as key inputs such as sales volumes and prices, operating costs, long-term growth rates, etc. Performed sensitivity analysis, which included assessing the effect of reasonably possible reductions in growth rates and forecast cash flows. • Evaluated the adequacy and appropriateness of disclosures made by the Group in the consolidated financial statements, as required by the applicable Ind AS.

Key audit matter	How our audit addressed the key audit matter
Existence and Valuation of inventory (Refer note 2 and 3 for the material accounting policy information and note 10 for disclosures in the consolidated financial statements) The subsidiary company has e-commerce market-place model arrangement wherein the market-place platform (the 'market place') has agreed to manage the inventory, interface with customers as well as handle delivery and logistics, for the Company. As at 31 March 2026, the market place held subsidiary Company's inventories aggregating to ₹ 9,757.86 million (net of provision). As per the arrangement with the marketplace, on receipt of goods from the subsidiary company's suppliers/ vendors, the market- place provides storage services in its various fulfilment centers. Periodic cycle counts are performed by the market-place and in case of loss or damage to any units at its centres/ warehouses due to any breach of contractual obligation/ non-performance of obligations, the subsidiary company is entitled to recover the applicable replacement value of the product from the market-place. The subsidiary company operates in a fast-changing market where there is a risk of inventory falling out of trend and proving difficult to be sold above cost. At the end of each reporting period, the subsidiary company's management based on inputs from the market- place such as non- moving, unsellable items, etc., assesses whether there is adequate provision for inventory losses on account of net realizable value being lower than cost, as required to be measured as per Ind AS 2, Inventory. Such estimates require the management to apply judgement in determining appropriate provisions for inventory losses. In addition to the above, owing to the nature of the business wherein value per unit is relatively insignificant but higher volumes are involved that are distributed across different fulfilment centres, the existence of inventory is considered as a key audit matter. The management obtains periodic confirmation from the market-place and reconciles such confirmed quantity with the perpetual inventory records maintained by the subsidiary company. Considering the aforesaid complexities involved in assessment of inventory existence at fulfilment centres that required us to undertake alternate and it techniques as described in this key audit matter and significant management judgement and estimate involved with respect to allowance for inventory loss, existence and valuation of inventory was determined to be a key audit matter and for the current year audit.	Our audit procedures relating to existence and valuation of inventory included, but was not limited to, the following: • Understood the management process to ensure existence of inventory, identification of non-moving or unsellable inventory that involved understanding the extent and periodicity of information received from the market place in this respect. Evaluated design and tested the operating effectiveness of controls implemented by management around existence and valuation of inventory throughout the year. Existence of inventory as at the reporting date: • Obtained inventory quantity confirmation directly from the market- place and reconciled the same with the inventory records of the subsidiary company. • Obtained agreement between the subsidiary Company and the market- place and understood the terms of such arrangement in relation to sales and inventory management parameters. • Tested the adjustment/ recovery adjustment recorded in the subsidiary company's books of accounts basis the results of physical cycle counts performed by market-place, giving cognizance to the terms of agreement mentioned above. • Tested purchases (forming part of inventory as at the reporting date), on sample basis, with the supporting documents, that included purchase order, purchase invoice, GRN (proof of delivery), tested the receipts recorded in the IT system for inwards of the inventory, etc, to substantiate the receipt of delivery of goods by the market place platform. Provision for inventory loss on account of net realizable value and non-moving/ unsellable inventory: • Assessed the methodology and key estimates used by the management to determine the net realizable value for non-moving/ unsellable inventory and the consistency thereof with the subsidiary company's policy.

Key audit matter	How our audit addressed the key audit matter
	- Tested inventory ageing obtained including ensuring completeness of such ageing analysis with perpetual records and independent confirmation received from the marketplace. - Tested the net realizable value of traded goods inventory on a sample basis, considering the selling price of most subsequent/ recent sale transactions for respective products. - Tested the computation for allowance for non-moving/ unsellable inventories by critically evaluating the estimates made by the management; with respect to plans of liquidating such inventory. - Evaluated the adequacy of the disclosures made in the Financial Statements. ·Obtained written representations from management on the completeness and adequacy of inventory allowance as at year- end.

Information other than the Consolidated Financial Statements and Auditor’s Report thereon

6. The Holding Company’s Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor’s report thereon. The Annual Report is expected to be made available to us after the date of this auditor’s report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The accompanying consolidated financial statements have been approved by the Holding Company’s

Board of Directors. The Holding Company’s Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group including its associate in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company’s Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group, and its associate company covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial

statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

- In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
- Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group and of its associate.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

- Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
- As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of Board of Directors’ use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group and its associates and joint ventures to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group, and its associate, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the consolidated financial statements, of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by the

other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

15. We did not audit the financial statements of RattanIndia Enterprises Limited Employee Welfare Trust ("the Trust") included in the standalone financial statements of the Holding Company, included in the Group, whose financial statements reflects total assets of ₹ 49.35 million as at 31 March 2026, the total revenues of ₹ Nil, and cash inflows of ₹ 0.005 million respectively for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by the auditors of the Trust whose report has been furnished to us by the management, and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the Trust, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid Trust, is based solely on the report of such auditors of Trust.

Our opinion above on the consolidated financial statements, and our report on other legal and

regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the work done by and the reports of the other auditors.

16. We did not audit the financial statements of 10 subsidiaries, whose financial statements reflects total assets of ₹ 5,014.35 million as at 31 March 2026, total revenues of ₹ 635.16 million and net cash inflows amounting to ₹ 321.57 million for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries, are based solely on the reports of the other auditors.

Further, of these subsidiaries, 2 subsidiaries, are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiaries located outside India, is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act, based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 16, on

separate financial statements of the subsidiaries, we report that the 2 subsidiaries and 1 associate incorporated in India whose financial statements have been audited under the Act have paid remuneration to their respective directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that the Holding Company and 8 subsidiaries, incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of holding Company and such subsidiaries.

- d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
- e) On the basis of the written representations received from the directors of the Holding Company, its subsidiaries and associate and taken on record by the Board of Directors of the Holding Company, its subsidiaries and associate respectively, and the reports of the statutory auditors of its subsidiaries covered under the Act, none of the directors of the Holding Company, its subsidiaries and associate, are disqualified as on 31 March 2026 from being appointed as a director in terms of section 164(2) of the Act.
- f) The modification relating to the maintenance of accounts and other matters connected therewith with respect to the consolidated financial statements are as stated in paragraph 19(b) above on reporting under section 143(3)(b) of the Act and paragraph 19(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended);
- g) With respect to the adequacy of the internal financial controls with reference to financial

statements of the Holding Company, and its subsidiaries and associate covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure A' wherein we have expressed an unmodified opinion; and

h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries and associate incorporated in India whose financial statements have been audited under the Act:

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its associate as detailed in Note 49 to the consolidated financial statements;
- ii. The Holding Company, its subsidiaries and associate did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2026;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries and associate covered under the Act, during the year ended 31 March 2026;
- iv. a. The respective managements of the Holding Company and its subsidiaries and associate incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate respectively that, to the best of their knowledge and belief, as disclosed in note 43(a) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiaries and associates to or in any person(s) or entity(ies), including foreign entities

('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiaries and associate ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b. The respective managements of the Holding Company and its subsidiaries and associate incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries and associate respectively that, to the best of their knowledge and belief, as disclosed in the note 43(b) to the accompanying consolidated financial statements, no funds have been received by the Holding Company or its subsidiaries, and associate from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiaries, and associate shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed by us and that performed by the auditors of the subsidiaries and associates, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The Holding Company, its subsidiaries and associate have not declared or paid any

dividend during the year ended 31 March 2026.

As stated in note 70 to the consolidated financial statements and based on our examination which included test checks and that performed by the respective auditors of the subsidiaries, of the Holding Company which are companies incorporated in India and audited under the Act, except for instances mentioned below, the Holding Company, its subsidiaries and associate, in respect of financial year commencing on or after 1 April 2025, have used an accounting software for maintaining their books of account which have a feature of recording audit trail (edit log) facility and the same have been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we and respective auditors of the above referred subsidiaries did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trails have been preserved by the Holding Company and above referred subsidiaries and associate as per the statutory requirements for record retention, other than the consequential impact of the exceptions given below:

- A) In case of its one subsidiary company, the audit trail (edit log) was not enabled at the database level for the accounting software to log any direct data changes, used for maintenance of revenue, purchases and certain expenses by the Company;
- B) In case of another subsidiary company:
 - i. The audit trail feature was not enabled at the database level for accounting software being used for maintaining accounting and other records;
 - ii. The accounting software retains the logs of only 99 modifications made in the master data at the application level. In the absence of evidence, we are unable to comment on whether the modifications exceeded the specified limit set within the said software.
- C) In case of associate company, the audit trail feature was not enabled at the database level for accounting software being used for maintaining accounting and other records.

Annexure-A to the Independent Auditor's Report

Annexure A of the Independent Auditor's Report of even date to the members of RattanIndia Enterprises Limited on the consolidated financial statements for the year ended 31 March 2026

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of RattanIndia Enterprises Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') and its associate, as at and for the year ended 31 March 2026, we have audited the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies and its associate company, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company, its subsidiary companies and its associate company, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies and its associate company as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued

by the Institute of Chartered Accountants of India ('ICAI') prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company, its subsidiary companies and its associate company as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the report of the other auditors on internal financial controls with reference to financial statements of the

subsidiary companies, the Holding Company, its subsidiary Companies and associate company, which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI').

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to 8 subsidiary companies, which are companies covered under the Act, whose financial statements reflect total assets of ₹ 4,359.57 million as at 31 March 2026, total revenues of ₹ 624.30 million and net cash inflows amounting to ₹ 6.23 million for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary company have been audited by other auditors whose report has been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company, its subsidiary companies and its associate company, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

RattanIndia Enterprises Limited (the 'Holding Company' or 'REL') is a public company domiciled and incorporated under the provisions of the Companies Act applicable in India and has its registered office at H No.51, Village Hauz Khas, South-West Delhi, New Delhi -110016.

The shares of REL are listed on the National Stock Exchange (NSE) and BSE Limited of India.

The Holding Company is primarily engaged in the business of investing in technology focused new age businesses including retail e-commerce, electric vehicles, drones and others through its Group Companies. The Holding Company qualifies to be an "Unregistered Core Investment Company" ('CIC') in terms of "Master Direction – Core Investment Companies (Reserve Bank) Directions, 2016" and consequently, is eligible to carry on business activities permissible to CIC, without obtaining registration from Reserve Bank of India under section 45-IA of the Reserve Bank of India Act, 1934. (Also, refer note 58)

The consolidated financial statements for the year ended 31 March 2026 were approved by the Board of Directors and authorised for issue on 29 May 2026.

2. Material Accounting policies**a) Basis of preparation**

The consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) read with section 133 of Companies Act, 2013 and presentation

requirements of Division III of schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III), on the historical cost basis except for certain financial instruments that are measured at fair values, as explained in the accounting policies below.

The financial statements are presented in INR (₹) which is also the Group's functional currency and all values are rounded to the nearest million, except when otherwise indicated.

b) Principles of consolidation

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are presented separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

c) Revenue recognition

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. Revenue is measured based on the transaction price, which is the consideration, adjusted for discounts and other incentives, if any, as specified in the contract with the customer. Further, the Group collects Goods and Services tax (GST) on behalf of the government and, therefore, these are not economic benefits flowing to the Group. Hence, it is excluded from revenue

The Group recognises revenue generally at the point in time when the products are delivered to customer or when it is delivered to a carrier for export sale, which is when the control over product is transferred to the customer.

The Group applies the revenue recognition criteria to each separately identifiable component of the sales transaction as set out below.

Sale of traded goods through e-commerce marketplace platform

Revenue from sale of goods including scrap sales is recognised at the point in time when control of the asset is transferred to the customer. The Group transfers the control as and when it dispatches the goods to customers.

In determining the transaction price for the sale of goods, the Group considers the effects of variable consideration, the rights of return by the customers.

Shipping and gift wrapping services

The Group is not the primary obligor in respect of shipping and gift wrapping services and accordingly recognizes revenue at net amount of consideration that the Group retains after paying shipping and gift wrapping charges to the service provider.

Income from sale promotion schemes

The Group derives income from participating in promotional schemes launched by online marketplace platform. Revenue is recognised when all the conditions of promotional schemes are fulfilled by the Group and is presented on a gross basis if it is received for a distinct service rendered to the marketplace platform.

Sale of bikes and drones

Revenue is measured based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties including Goods and Service Tax and any other government subsidies. The Group recognises revenue when it transfers control over a product / service to a customer which coincides with the delivery of the vehicle/ rendering of service. The Group also provides certain services to its customers, as an additional feature to the main product, the price of which is

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

included in the total consideration payable by the customer. The Group carves out the price of the service and recognises it as a separate line of revenue over the period of service rendered. Till such time, the amount of consideration received attributable to this service is treated as deferred income.

Revenue from subscription and other technical services is recognised over the period of service rendered.

The Group receives advance payments from customers for the sale of electric motorcycles. The Group applies the practical expedient for short-term advances received from customers, that is, the promised amount of consideration is not adjusted for the effects of a significant financing component if the period between the transfer of the promised good or service and the payment is one year or less.

Service income

Revenue from services rendered is recognised when services are rendered as per the terms of contract agreed with the customer.

Warranty provisions

The Group offers warranty for its products, undertaking to repair or replace the items that fail to perform satisfactorily during the warranty period. Such assurance-type warranties are accounted for under Ind AS 37 'Provisions, Contingent Liabilities and Contingent Assets'. Provision for warranty related costs are recognised when the bike is sold to the customer. Initial recognition is based on historical experience of the nature, frequency and average cost of warranty claims and management estimates regarding possible future incidence based on corrective actions on product failures. The initial estimate of warranty related costs is revised periodically.

Contract asset

A contract asset is the right to consideration in exchange for goods or services transferred to the customer. If the Group performs by transferring goods or services to a customer before the customer pays consideration or before payment is due, a contract asset is recognised for the earned consideration that is conditional.

Contract liability

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Group performs under the contract. Invoicing in excess of revenues are classified as contract liabilities (which are referred to as 'deferred revenues').

Variable Consideration

Rights of return, volume discounts, or any other form of variable consideration is estimated using either the sum of probability weighted amounts in a range of possible consideration amounts (expected value), or the single most likely amount in a range of possible consideration amounts (most likely amount), depending on which method better predicts the amount of consideration realizable. Transaction price includes variable consideration only to the extent it is probable that a significant reversal of revenues recognized will not occur when the uncertainty associated with the variable consideration is resolved. The management estimates of variable consideration and determination of whether to include estimated amounts in the transaction price may involve judgement and are based largely on an assessment of the Group's anticipated performance and all information that is reasonably available.

Assets and liabilities arising from rights of return:

Right of return assets

Right of return asset represents the Group's right to recover the goods expected to be returned by customers. The asset is measured at the former carrying amount of the inventory, less any expected costs to recover the goods, including any potential decreases in the value of the returned goods. The Group updates the measurement of the asset recorded for any revisions to its expected level of returns, as well as any additional decreases in the value of the returned goods.

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Refund liabilities

A refund liability is the obligation to refund some or all of the consideration received (or receivable) from the customer and is measured at the amount the Group ultimately expects it will have to return to the customer. The Group updates its estimates of refund liabilities (and the corresponding change in the transaction price) at the end of each reporting period. Refer to above accounting policy on variable consideration.

Government grants

Government grants and subsidies are recognized when there is reasonable assurance that the Group will comply with the conditions attached to them and the grants/ subsidy will be received. When the grant or subsidy from the Government relates to an expense item, it is recognized as income on a systematic basis in the Statement of Profit and Loss over the period necessary to match them with the related costs, which they are intended to compensate.

Interest Income

Interest income is recorded on accrual basis using the effective interest rate (EIR) method.

d) Property, plant and equipment

Recognition and initial measurement

Property plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Subsequent measurement (depreciation and useful lives)

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future

economic benefits associated with the item will flow to the entity and the cost can be measured reliably. Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately. Other Indirect Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress. Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013.

Particulars	Useful life as per Schedule II of the Act
Plant and equipment	4 to 15 years
Plant and equipment-moulds (including tools)	5 to 15 years
Electric equipment	10 years
Furniture and fixture	10 years
Office equipment	3 - 5 years
Motor vehicles	5 to 8 years
Computers	3 years

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The leasehold improvements are depreciated over the lease period or useful life of the underlying asset whichever is lower.

The residual values, useful lives and method of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Derecognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

e) Intangible assets

Intangible Assets acquired separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are carried at cost less accumulated impairment losses.

The cost of acquired intangible assets is amortised over a period in the range of 3-5 years from the date of acquisition

Internally-generated Intangible Assets

Expenditure on research activities is recognised as an expense in the period in which it is incurred.

An internally generated intangible asset arising from development (or from the development phase of an internal project) is recognised if, and only if, all the following have been demonstrated:

- the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- the intention to complete the intangible asset and use or sell it;
- the ability to use or sell the intangible asset;
- how the intangible asset will generate probable future economic benefits
- the availability of adequate technical, financial and other resources to complete the development and to use or sell the intangible asset; and
- the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognised for internally generated intangible assets is the sum of the expenditure incurred from the date when the intangible asset first meets the recognition criteria listed above. Where no internally generated intangible asset can be recognised, development expenditure is recognised in Statement of Profit and Loss in the period in which it is incurred.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately. The useful life of internally generated intangible asset is estimated as 5 years.

Brands

Brands acquired separately are measured on initial recognition at the fair value of consideration paid. Following initial recognition, brands are carried at cost less impairment losses, if any

The useful lives of brands are assessed to be either finite or indefinite. The assessment includes whether the brand name will continue to trade and the expected lifetime of the brand. Amortisation is charged on assets with finite lives on a straight-line basis over a period appropriate to the asset's useful life. The carrying values of brands with finite and indefinite lives are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Brands with indefinite useful lives are also tested for impairment annually either individually or, if the intangible asset does not generate cash flows that are largely independent of those from other assets or groups of assets, as part of the cash-generating unit to which it belongs. Such intangibles are not amortised. The useful life of a brand with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is made on a prospective basis.

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Amortization of intangible assets is provided on the straight-line method, computed on the basis of useful lives as follows:

Particulars	Useful life
Database	5 years
Software	3 to 5 years
Product Development	5 years
Non-compete	3 years
Web platform	3 years

Intangible asset under development

'The Group capitalises intangible asset under development for a project in accordance with the accounting policy. Initial capitalisation of costs is based on management's judgement that technological and economic feasibility is confirmed, usually when a product development project has reached a defined milestone according to an established project management model. The amount includes investment in development of new product model.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gain or loss arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

f) Leases

A lease is defined as 'a contract, or part of a contract, that conveys the right to use an asset (the underlying asset) for a period of time in exchange for consideration'.

An arrangement is considered to contain a lease if facts and circumstances indicate that it is remote that one or more parties other than the purchaser will take more than an insignificant amount of the output or other utility that will be produced or generated by the asset during the term of the arrangement, and the price that the purchaser will pay for the output is neither contractually fixed per unit of output nor equal to the current market price per unit of output as of the time of delivery of the output.

Group as a lessee

The Group recognises right-of-use assets and lease liabilities for all leases except for short-term leases and leases of low-value assets.

The Group applies the available practical expedients wherein it:

- Uses a single discount rate to a portfolio of leases with reasonably similar characteristics
- Relies on its assessment of whether leases are onerous immediately before the date of initial application
- Applies the short-term leases exemptions to leases with lease term that ends within 12 months at the date of initial application
- Excludes the initial direct costs from the measurement of the right-of-use asset at the date of initial application
- Determining the lease term of contracts with renewal and termination options where Group is lessee
- The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.
- The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination.

Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received.

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

The Group depreciates the right-of-use assets on a straight-line basis from the lease commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The Group also assesses the right-of-use asset for impairment when such indicators exist.

Lease Liability

The Group records the lease liability at the present value of the lease payments discounted at the incremental borrowing rate at the date of initial application and right of use asset at an amount equal to the lease liability adjusted for any prepayments/accruals recognised in the balance sheet. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

Subsequent to initial measurement, the liability is reduced for payments made and increased for interest. It is remeasured to reflect any reassessment or modification, or if there are changes in in-substance fixed payments. When the lease liability is remeasured, the corresponding adjustment is reflected in the right-of-use asset, or profit and loss if the right-of-use asset is already reduced to zero.

Short-term Leases and Leases of Low-Value Assets

The Group has elected to account for short-term leases and leases of low-value assets using the practical expedients. Instead of recognising a right-of-use asset and lease liability, the payments in relation to these are recognised as an expense in profit or loss on a straight-line basis over the lease term.

Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of

the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right-of-use asset arising from the head lease.

Finance leases

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognised as revenue in the period in which they are earned.

Operating leases

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straightline basis over the lease term except where scheduled increase in rent compensates the Group with expected inflationary costs.

g) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/ external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit ("CGU") to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. All assets are subsequently reassessed for indications that an impairment loss previously recognised may no longer exist. An impairment loss is reversed if the asset's or cash-generating unit's recoverable amount exceeds its carrying amount.

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

In assessing value in use, the estimated future cash flows are discounted to their present values using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group enters into transaction with suppliers that involves prepayment in conjunction with advances for goods and services wherein the Group assesses at each reporting date whether goods against the advance is recoverable and if there is any indication, the asset may be provided.

h) Financial instruments

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, unless the financial instrument is designated to be measured at fair value through profit or loss (FVPL) or fair value through other comprehensive income (FVOCI). However, trade receivables that do not contain a significant financing component and are measured at transaction price.

Financial assets

Subsequent measurement

Financial assets at amortised cost – the financial assets are measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. All other debt instruments are measured at FVOCI or FVTPL based on Group's business model. All investments in mutual funds in scope of Ind-AS 109 are measured at FVTPL.

Classification

Financial assets measured at amortised cost

Financial assets that meet the criteria for subsequent measurement at amortised cost are measured using effective interest method ("EIR") (except for debt instruments that are designated as at fair value through profit or loss on initial recognition). Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets that meet the criteria for initial recognition at FVTOCI are remeasured at fair value at the end of each reporting date through other comprehensive income (OCI).

Financial assets at fair value through profit or loss (FVTPL)

Financial assets that do not meet the amortised cost criteria or FVTOCI criteria are remeasured at fair value at the end of each reporting date through profit and loss

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group considers –

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Trade receivables

The Group applies approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of receivables.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, life time impairment loss is provided, otherwise provides for 12 month expected credit losses.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities and equity instruments

Classification as debt or equity

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Financial liabilities subsequent measurement

Subsequent to initial recognition, these liabilities are measured at amortised cost using the effective interest method. These liabilities include borrowings and deposits.

Classification of Financial liabilities

Financial liabilities at fair value through profit or loss (FVTPL) Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as fair value through profit or loss. Financial liabilities are classified as held for trading if these are incurred for the purpose of repurchasing in the near term.

This category also includes derivative financial instruments entered into by the Group those are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. Subsequent changes in fair value of liabilities are recognised in the statement of profit and loss.

Financial liabilities measured at amortised cost

Financial liabilities that are not held-for trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item in the statement of profit and loss.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Inventories

Traded goods are valued at the lower of cost and the net realisable value after providing for obsolescence and other losses, where considered necessary. Cost is determined on First-in First-out (FIFO) and weighted average basis. Cost includes all

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

charges in bringing the goods to the point of consumption, including taxes and other levies, transit insurance and receiving charges. Discounts received from vendors, to the extent they relate to quantities in stock at the reporting date, are reduced from cost of inventories.

Net realisable value is the estimated selling price in the ordinary course of business and estimated necessary costs to make the sale.

An inventory provision is recognised for cases where the net realisable value is estimated to be lower than the inventory carrying value. The Group estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by fast-changing market where there is a risk of inventory falling out of trend that may reduce future selling prices.

In case of E-Bikes

Inventories are valued at the lower of cost and net realisable value.

- i) Cost of raw materials, components, stores and spares are ascertained on a moving average basis.
- ii) Cost of finished goods and work-in-progress comprise of direct materials, direct labour and an appropriate proportion of variable and fixed overhead, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on the basis of weighted average costs. Costs of purchased inventory are determined after deducting rebates and discounts.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Materials and supplies held for use in production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost. Slow and non-moving material, obsolescence, defective inventories are duly provided for.

j) Income taxes

Income tax expense comprises current tax expense and the net change in the deferred tax asset or

liability during the year. Tax expense recognised in statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income ("OCI") or directly in equity.

Current Tax

Current tax expenses are accounted in the same period to which the revenue and expenses relate. Provision for current income tax is made for the tax liability payable on taxable income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred tax is recognised for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date. Deferred tax liabilities are generally recognised for all taxable temporary differences except when the deferred tax liability arises at the time of transaction that affects neither the accounting profit or loss nor taxable profit or loss. Deferred tax assets are generally recognised for all deductible temporary differences, carry forward of unused tax credits and any unused tax losses, to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carry forward of unused tax credit and unused tax losses can be utilised, except when the deferred tax asset relating to temporary differences arising at the time of transaction affects neither the accounting profit or loss nor the taxable profit or loss. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Group offsets deferred tax assets and deferred tax liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

When there is uncertainty regarding income tax treatments, the Group assesses whether a tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is recognised. The effect of the uncertainty is recognised using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Group evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

k) Cash and cash equivalents

Cash and cash equivalents comprise Cash on hand, demand deposits with banks/ corporations and short-term highly liquid investments (original maturity less than 3 months) that are readily

convertible into known amount of cash and are subject to an insignificant risk of change in value.

l) Foreign currency translations

In preparing the financial statements of the Group, transactions in currencies other than the entity's functional currency are recognised at the rate of exchange prevailing at the date of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange differences on monetary items are recognised in profit and loss in the period in which they arise.

For subsidiary companies with different functional currency, translation of foreign operations for assets/ liabilities are done at closing rate, income / expense are done at average rate and resulting differences is taken into Foreign Currency Translation Reserve in Other Comprehensive Income (OCI) as per Ind AS 21.

m) Employee benefits

Defined contribution plans

The Group makes contribution to the statutory provident fund in accordance with the Employees Provident Fund and Miscellaneous Provision Act, 1952 which is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which the services are rendered.

Defined benefit plans

Gratuity is in the nature of a defined benefit plan. The liability recognised in the consolidated financial statements in respect of gratuity is the present value of the defined benefit obligation at the reporting date together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated at or near the reporting date by an independent actuary using the projected unit credit method.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are credited or charged to the statement of OCI in the year in which such gains or losses are determined.

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Compensated Absences:

Provision for compensated absences and its classifications between current and non-current liabilities are based on independent actuarial valuation. The actuarial valuation is done as per the projected unit credit method as at the reporting date.

Actuarial gains and losses arising from past experience and changes in actuarial assumptions are charged to statement of profit and loss in the year in which such gains or losses are determined.

Short-term employee benefits

These are recognised at an undiscounted amount in the Statement of Profit and Loss for the year in which the related services are rendered.

n) Exceptional Items

Exceptional items are disclosed separately in the financial statements where it is necessary to do so to provide further understanding of the financial performance of the Group. These are material items of income or expense that have to be shown separately due to their nature or incidence.

o) Provisions, contingent assets and contingent liabilities

Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group, or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent liabilities may arise from litigation, taxation and other claims against the Group. The contingent liabilities are disclosed where it is management's assessment that the outcome of any

litigation and other claims against the Group is uncertain or cannot be reliably quantified, unless the likelihood of an adverse outcome is remote.

Contingent assets are not recognised. However, when inflow of economic benefit is probable, related asset is disclosed.

p) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Share based payment

Employees (including senior executives) of the Group receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions).

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. That cost is recognized, together with a corresponding increase in share Options outstanding reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The Statement of Profit and Loss expense or credit for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

When the terms of an equity-settled award are modified, the minimum expense recognized is the expense had the terms had not been modified, if

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

the original terms of the award are met. An additional expense is recognized for any modification that increases the total fair value of the share-based payment transaction or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The value of Stock Options, net of reimbursements, granted to employees of the Group entities is considered as capital contribution/investment.

r) Business combination under common control

Business combinations involving entities of businesses under common control are accounted for using the pooling of interest method as per Ind AS 103 "Business Combinations". Under pooling of interest method, the assets and liabilities of the combining entities or businesses are reflected at their carrying amounts after making necessary adjustments, to harmonize the accounting policies. The financial information in the standalone financial statements in respect of prior periods is restated as if the business combination had occurred from the beginning of the preceding period in the standalone financial statements, irrespective of the actual date of the combination. The identity of the reserves is preserved in the same form in which they appeared in the standalone financial statements of the transferor and the difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor is transferred to capital reserve.

s) Business combination and goodwill

The acquisition method of accounting is used to account for all business combinations, regardless of whether equity instruments or other assets are acquired. The consideration transferred for acquisition of Subsidiary comprises of:

- Fair value of the assets transferred.
- Liabilities incurred to the former owners of the acquired business.
- Equity interest issued by the group and

- Fair value of any asset or liability resulting from a contingent consideration arrangement

Identifiable assets acquired and liabilities and contingent liabilities assumed in as business combination are, within limited exceptions, measured at fair value at the acquisition date. The group recognises any non-controlling interest in the acquired entity on an acquisition-by -acquisition basis either at fair value or at the non-controlling interest proportionate share of the acquired entity's net identifiable assets.

Acquisition related costs are expensed as incurred. The excess of the

- consideration transferred;
- amount of any non-controlling interest in the acquired entity; and
- acquisition date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired is recorded as goodwill. If those amounts are less than the fair value of business acquired, the difference is recognised in other comprehensive income and accumulated equity as capital reserve provided there is clear evidence of the underlying reasons for classifying the business combination as a bargain purchase.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently remeasured to fair value with changes in fair value recognised in profit or loss.

If the business combination is achieved in stages, the acquisition date carrying value of the acquirer's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognised in profit or loss or other comprehensive income, as appropriate.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Where goodwill has been allocated to a cash generating unit (CGU) and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

t) Investment in Associate

Investment in associate is accounted for using the 'equity method' less accumulated impairment, if any.

An investment in associate is initially recognised at cost on the date of the investment and is inclusive of any goodwill/capital reserve embedded in the cost.

Only share of net profits /losses of associate is considered in Consolidated Statement of Profit and Loss. The carrying amount of the investment in associate is adjusted by the share of net profits / losses in the Consolidated Balance Sheet.

u) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM).

All operating segments' results are reviewed regularly by the Board of Directors, who have been identified as the CODM, to allocate resources to the segments and assess their performance.

v) Certain prior year amounts have been reclassified for consistency with the current year presentation.

Such reclassification does not have any impact on the current year financial statements.

w) Recent accounting pronouncements:

Standards issued/amended and became effective

The Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to existing standards under the Companies (Indian Accounting Standards) Rules from time to time.

MCA has notified amendments to Ind AS 1 – Presentation of Financial Statements (classification of liabilities as current or non- current, including liabilities with covenants), Ind AS 12 – Income Taxes (International Tax Reform – Pillar Two Model Rules), Ind AS 21 – The Effects of Changes in Foreign Exchange Rates (Lack of Exchangeability), and Ind AS 7 – Statement of Cash Flows and Ind AS 107 – Financial Instruments: Disclosures (Supplier Finance Arrangements), effective from 1 April 2025.

The Group has reviewed these amendments and based on its evaluation, has determined that they do not have any impact on the Group's consolidated financial statements.

Standards issued but not yet effective as at 31 March 2026

Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants – Amendments to Ind AS 1- The amendments clarify that lender waivers obtained after the reporting date cannot be considered for the purpose of classifying liabilities as current or non- current and require retrospective application in accordance with Ind AS 8. These amendments are effective for reporting periods beginning on or after 1 April 2026. The Group does not expect any material impact on its consolidated financial statements.

3. Significant management accounting judgements, estimates and assumptions

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Material accounting policy Information and notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

The estimates and underlying assumptions are reviewed on an ongoing basis and any revisions thereto are recognized in the period of revision and future periods if the revision affects both the current and future periods. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Financial Statements is included in the following notes:

Recognition and estimation of tax expense including deferred tax – Note 2(j), Note 12

Estimated impairment of financial assets and non-financial assets – Note 2(g), Note 2(h) and Note 15

In accordance with the terms of the Services Business Solution Agreement, such online marketplace platform provides storage services once the receipt of delivery of goods is confirmed and accordingly, the Subsidiary Company's inventory is stored in various fulfilment centers run by such online marketplace platform. The management relies on the inventory records produced by the online marketplace platform. The Subsidiary Company is not exposed to inventory risk due to any damage or loss as the online marketplace platform entity is responsible for making good the loss (if any) to the inventory in its custody. Considering the nature of operations, the Subsidiary Company's management themselves cannot perform physical verification of inventory but relies upon the confirmation of the inventory held, as obtained from the online marketplace platform at regular intervals. As per such confirmation, no material discrepancies were noticed during the current year.

Cash generating unit ("CGU") wise allocation of goodwill, brands and other intangibles

The carrying amount of goodwill, brands and other intangibles has been allocated as follows:

Particulars	As at 31 March 2026			As at 31 March 2025		
	Electric Vehicle	E-Commerce	Others	Electric Vehicle	E-Commerce	Others
Goodwill	1,455.91	0.20	0.02	1,455.91	0.20	0.02

Other intangibles	-	-	-	12.12	-	-
Closing Balance	2,020.02	0.20	0.02	2,032.14	0.20	0.02

For the purpose of impairment testing, goodwill arising on business combinations is allocated to the Cash Generating Units ("CGUs") that are expected to benefit from the synergies arising from such acquisitions. A CGU represents the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

The Group assesses at each reporting date whether there is any indication that goodwill, brands, intangible assets or other non-financial assets may be impaired. During the year ended 31 March 2026, management performed an impairment assessment of goodwill, brands and other intangible assets across the Group's CGUs in accordance with Ind AS 36, Impairment of Assets. The assessment included consideration of internal and external indicators of impairment, historical operating performance, current business conditions and future business prospects.

In respect of a CGU where impairment indicators were identified and the carrying value of the underlying assets was material, the Group engaged an independent external valuation specialist to assist management in determining the recoverable amount. The recoverable amount was determined using a discounted cash flow methodology, which involved significant assumptions relating to forecast revenues, operating margins, terminal growth rates and discount rates.

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

For the remaining CGUs, management performed internal impairment assessments based on approved business plans, budgets and long-term forecasts. The recoverable amounts of these CGUs were determined using value-in-use calculations, supported by management's assessment of expected future cash flows and business performance.

Based on the impairment assessments performed, including the valuation report obtained from the independent external valuation specialist for the above CGU, management concluded that the recoverable amount of CGUs exceeded their respective carrying amounts as at 31 March 2026. Accordingly, no impairment loss was recognised in the consolidated financial statements for the year ended 31 March 2026.

The Group's evaluation of impairment requires the use of estimates and assumptions regarding future cash flows expected to be generated from the continuing use of the CGUs. The key assumptions used in the impairment assessment include forecast revenue growth, expected operating margins, terminal growth rates and pre-tax discount rates. These assumptions are based on management's best estimates of future business performance, taking into account historical experience, current market conditions and external sources of information where available. Management believes that the assumptions used are reasonable and support the carrying value of goodwill, brands and other intangible assets recognised in the consolidated financial statements as at 31 March 2026.

Key assumptions on which the Group has based its determinations of value-in-use include:

Key assumptions	Rate
Discount rate	42.50%
Long term growth rate (used for determining terminal value)	5%

- These calculations use cash flow projections over a period of five years based on internal management budgets and estimates.
- Terminal value is arrived at using fifth year's forecasted cash flows to perpetuity using a constant long-term growth rate. This long-term growth rate takes into consideration external macroeconomic data.
- The discount rates used are based on the Company's weighted average cost of capital of a comparable market participants, which is adjusted for specific risks.

Based on the assessment, the management has concluded that there is Nil (31 March 2025: ₹ Nil) impairment of goodwill in respect of the CGU's. The management believes that any reasonably possible further change in key assumptions on which recoverable amount is based would not cause the carrying amount of the goodwill related to each of the significant units to exceed its recoverable amount.

Revenue from contract with customers

Indian Accounting Standard 115 Revenue from Contracts with Customers ("Ind AS 115"), establishes a framework for determining whether, how much and when revenue is recognised and requires disclosures about the nature, amount, timing and uncertainty of revenues and cash flows arising from customer contracts. Under Ind AS 115,

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

revenue is recognised through a 5-step approach:

- Identify the contract(s) with customer;
- Identify separate performance obligations in the contract;
- Determine the transaction price;
- Allocate the transaction price to the performance obligations; and
- Recognise revenue when a performance obligation is satisfied.

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

The Group's contracts with customers for the sale of goods through ecommerce marketplace platform generally include one performance obligation. The Group has concluded that revenue from sale of goods should be recognised at the point in time when goods are dispatched to the customer as per agreed terms. In case of sale of other goods (bikes, drones) and services, the Group's primary obligation under contract with customers is satisfied as the goods are delivered/ control is transferred to the customers and services are rendered as per agreed terms. Income from incentive and promotional schemes operated by ecommerce marketplace platforms is recognised as revenue under Ind AS 115 where the arrangement represents a distinct service rendered to the platform operator. Such income is recognised over time across the eligible period, as the operator simultaneously receives and consumes the benefits of the Group's performance, with progress measured by reference to eligible sales achieved on the platform.

Contract asset is the right to consideration in exchange for goods or services transferred to the customer. Contract liability is the group's obligation to transfer goods or services to a customer for which the group has received consideration from the customer in advance. Contract assets are transferred to receivables when the rights become unconditional and contract liabilities are recognized as and when the performance obligation is satisfied.

XII. Key management personnel

Particulars	Year	Employment Benefits
Key Management Personnel		
Short term employment benefits	31 March 2026	164.12
	31 March 2025	141.49

- (i) There are no non-cash transactions entered with promoters or directors.
- (ii) Related party transactions were conducted on the terms equivalent to those prevailing in an arm's length transaction.
- (iii) The Group's material related party transactions and outstanding balances are with the related parties with whom the Company routinely enters into transaction in ordinary course of business.
- (iv) Key managerial personnel are entitled to post-employment benefits and other long term employee benefits recognised as per Ind AS 19 - 'Employee benefits' in the financial statements. As the employees benefits are lump sum amounts provided on the basis of actuarial valuation, the same is not included above.
- (v) During the previous year, pursuant to the scheme (refer note 60(i)), the Holding Company granted Stock Options to eligible employees, including KMPs, under its Employee Stock Option plan. Since such Stock Options are not tradeable, no perquisite or benefit is immediately conferred upon the employee by grant of such Stock Options, and accordingly the said grants have not been considered as 'remuneration'. However, in accordance with Ind AS 102, the Holding Company has recorded employee benefits expense by way of share based payments to employees of ₹ Nil for the year ended 31 March 2025, of which ₹ Nil is attributable to KMPs.
- (vi) During the previous year, pursuant to the scheme (refer note 60 (ii)), the subsidiary company 'Revolt' granted Stock Options to eligible employees, including KMPs, under its Employee Stock Option plan. Since such stock options are not tradeable, no perquisite or benefit is immediately conferred upon the employees by grant of such options and accordingly, the said grant has not been considered as 'remuneration'. However, in accordance with Ind AS 102, the subsidiary Company has recorded employee benefits expense by way of share based payments to employees of ₹ 4.59 million for the year ended 31 March 2025 , of which ₹ 0.23 million is attributable to KMPs.
- (vii) During the year, pursuant to the scheme (refer note 60 (iii)), the subsidiary Company 'Cocoblu' granted Stock Options to eligible employees, including KMPs, under its Employee Stock Option plan. Since such stock options are not tradeable, no perquisite or benefit is immediately conferred upon the employee by grant of such Stock Options, and accordingly the said grants have not been considered as 'remuneration'.

39 Employee benefits

Defined contribution:

Contributions are made to the Government Provident Fund and Family Pension Fund which cover all regular employees eligible under applicable Acts. Both the eligible employees and the Group make pre-determined contributions to the Provident Fund. The contributions are normally based upon a proportion of the employee's salary. The Group has recognized in the Statement of Profit and Loss an amount of ₹ 31.55 million (31 March 2025: ₹ 32.60 million) towards employer's contribution towards provident fund.

(I) Defined benefits:

Gratuity scheme - This is an unfunded defined benefit plan and it entitles an employee, who has rendered at least 5 years of continuous service, to receive one-half month's salary for each year of completed service at the time of retirement/exit/death as below.

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

- i) On normal retirement / early retirement / withdrawal / resignation: As per the provisions of the Code of Social Security, 2020 with vesting period of 5 years of service.
- ii) On death in service: As per the provisions of the Code of Social Security, 2020 without any vesting period. Gratuity payable to employee in case (i) and (ii), as mentioned above, is computed as per the Code of social security 2020 except that the Company does not have any limit on gratuity amount.

Based on the actuarial valuation obtained in this respect, the following table sets out the status of Gratuity and the amounts recognised in the financial statements for the year ended 31 March 2026:

Particulars	Gratuity (Unfunded)	
	31 March 2026	31 March 2025
Liability recognised in the balance sheet:

The actuarial valuation in respect of commitments and expenses relating to unfunded gratuity and compensated absences are based on the following assumptions which if changed, would affect the commitment's size, funding requirements and expenses;

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

(a) Economic assumptions

Particulars	31 March 2026	31 March 2025
Discount rate	7.70% - 7.90%	6.99% - 7.06%
Expected rate of salary increase	7% - 10%	7% - 10%

The weighted average duration of the defined benefit obligation as at 31 March 2026 is 13.98 years (31 March 2025 : 14.06 years)

(b) Demographic assumptions

Particulars	31 March 2026	31 March 2025
Retirement age	60 years	60 years
Mortality table	100% IALM (2012-14)	100% IALM (2012-14)
Ages	Withdrawal rate (%)	Withdrawal rate (%)
Upto 30 years	3.00 - 20.00	3.00 - 25.00
From 31 to 44 years	2.00 - 18.00	2.00 - 17.00
Above 44 years	1.00 - 20.00	1.00 - 16.00

The employer's best estimate of contributions expected to be paid during the annual period beginning after the balance sheet date, towards gratuity is ₹ 28.25 million (31 March 2025 : ₹ 25.44 million).

The defined benefit plans expose the Group to actuarial risk which are set out below:

Interest rate risk: The present value of the defined benefit plan liability is generally calculated using a discount rate determined by reference to government bond yields and in certain overseas jurisdictions, it is calculated in reference to government bond yield adjusted for a corporate spread. If bond yields fall, the defined benefit obligation will tend to increase.

Life expectancy: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Inflation risk: A significant proportion of the defined benefit liability is linked to inflation. An increase in the inflation rate will increase the Group's liability.

Salary growth risk: The present value of the defined benefit plan obligation is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan obligation.

(c) Sensitivity analysis of defined benefit obligation

- a. The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in an assumptions occurring at the end of the reporting period while holding all other assumption constraint. In practice it is unlikely to occur and change in some of the assumption may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.
- b. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.
- c. Sensitivities due to mortality & withdrawals are not material & hence impact of change not calculated.
- d. Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement & life expectancy are not applicable being a lump sum benefit on retirement.

1. During the year ended 31 March 2026, the Subsidiary Company 'Cocoblu' received an Order-in-Original from the Adjudicating Authority under the Goods and Services Tax laws pertaining to the State of Tamil Nadu, whereby a demand aggregating to ₹ 375.93 million (including penalty) was raised against the Subsidiary Company in respect of various matters. In response, the Subsidiary Company filed an application under Section 161 of the Central Goods and Services Tax Act, 2017, seeking rectification of certain errors apparent on the face of the record. Further, pending disposal of the rectification application, the Subsidiary Company has filed an appeal before the First Appellate Authority challenging the said order and also, deposited an amount of ₹ 29.23 million under protest.

The management basis inputs from experts has assessed that likelihood of any liability devolving upon the Subsidiary Company in respect of the above matter is not probable and accordingly, no adjustment is currently required in these consolidated financial statements.

2. During the year ended 31 March 2026, the Subsidiary Company 'Cocoblu' in the normal course of business has received certain queries from Goods and Service tax department, in relation to reconciliation of output tax liability, pattern of input tax credit availment etc., for which management has already submitted its responses. No subsequent communication/ demand has been received by the Subsidiary Company, requiring any adjustment in these consolidated financial statements.

3. During the previous year ended 31 March 2025, the Subsidiary Company 'Cocoblu' received an assessment order for A.Y. 2023-24 on 27 March 2025 passed under Section 143(3) read with section 144B of the Income Tax Act, 1961 by the National Faceless Assessment Centre ("NFAC"), wherein the NFAC had made disallowance under Section 36(1)(iii) and Section 37 of the Act amounting to ₹ 28.13 million, resulting in a tax demand of ₹ 7.99 million. Separately, penalty proceedings were also initiated under Section 270A of the Act. In response thereto, the Subsidiary Company has filed an appeal before CIT(Appeals) against the said order, challenging the disallowances made, which is currently pending disposal.

4. The Subsidiary Company 'Cocoblu' has received certain notices from vendors in relation to disputed dues and other claims, including matters pertaining to alleged unauthorized sale of products. Further, a few customers have initiated legal proceedings against the ecommerce operator and/or the respective

brands for issues relating to products (such as nondelivery or defects), and have also included the Subsidiary Company as a party to such proceedings. Based on legal advice and internal assessment, Management believes that the likelihood of these claims succeeding against the Subsidiary Company is remote and, accordingly, no provision has been recognized in these consolidated financial statements.

(ii) Contingencies

- During the previous year ended 31 March 2025, Canara Bank had filed an application under Section 7 of the Insolvency and Bankruptcy Code, 2016 before the National Company Law Tribunal (NCLT), New Delhi Bench – Court II, alleging default by Sinnar Thermal Power Limited (an erstwhile subsidiary of RattanIndia Power Limited) and seeking initiation of Corporate Insolvency Resolution Process (CIRP) against the Holding Company in its capacity as a Corporate Guarantor. The said application has been disposed of in favour of the Holding Company by the Hon'ble NCLT vide order dated 09 December 2025 holding that no financial debt was established against the Holding Company.

Canara Bank has filed an appeal against the said order of the NCLT before National Company Law Appellate Tribunal ("NCLAT"), New Delhi and notice of the appeal has been issued to the parties.

The Holding Company's management based upon inputs from legal experts, is of the view that Canara Bank does not have a valid case and that the appeal filed is not maintainable under applicable laws and believes that the matter is not expected to have any material impact on these consolidated financial statements and/or on the operations and functioning of the Group.

- Minority Shareholders of Throttle Aerospace Systems Private Limited ("TAS"), step down subsidiary of the Holding Company, have alleged certain matters against the Holding Company and others and have filed Petitions before the Bangalore NCLT Bench ('NCLT Bangalore'), seeking directions in relation to proposed rights issue by TAS and other matters. The matter is sub judice as on date. The Holding Company holds 60% shareholding in TAS through its subsidiary, Neosky India Limited (NEL). Neosky and TAS had jointly filed a petition before the High Court of Delhi under Section 9 of the Arbitration & Conciliation Act, 1996 against the minority shareholders of TAS. The Hon'ble Court has disposed of the petition and has appointed an Arbitrator to adjudicate the dispute. The arbitration proceedings are yet to commence. The management believes that the aforesaid matters do not impact these consolidated financial statements.
- In Subsidiary Company 'Revolt', an estimated amount of contract remaining to be executed on capital and other commitments not provided for (net of advances) is ₹ 904.34 million (31 March 2025: ₹ 737.59 million). Apart from the mentioned amount, certain purchase orders issued to suppliers are for open quantities.

(iii) Other matters

- Bank guarantees provided to suppliers aggregating to ₹ 44.71 million (31 March 2025 : ₹ 83.79 million) which are secured by pledge on fixed deposits of ₹ 0.1 million (31 March 2025 : ₹ 17.16 million) as margin for issuance of such bank guarantees. (refer note 19) by the Subsidiary Company 'Revolt'.
 - Bank guarantees provided to customers aggregating to ₹ 1.44 million (31 March 2025 : ₹ 0.10) which are 100% secured by pledge on fixed deposits of ₹ 1.44 million (31 March 2025 : ₹ 0.10) by the Subsidiary Companies 'TAS' & 'Neosky'.
- The Ministry of Environment, Forest and Climate Change issued the Environment Protection (End-of-Life Vehicles) Rules, 2025 (ELV rules), effective from 01 April, 2025. In accordance with ELV rules, Extended Producer Responsibility (EPR) obligations are imposed on producers ("vehicle manufacturers") for the scrapping of End-of-Life Vehicles. The obligations require acquiring EPR certificates from registered Vehicle Scrapping Facilities via a Centralised Online Portal (Portal), which is partially operational.

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

However, the pricing mechanism for EPR certificates, and measurement framework for determining financial obligations are not yet made available. Further, the Ministry of Environment, Forest and Climate Change notified the Battery Waste Management Rules, 2022 on 24 February, 2025 (as amended from time to time), applicable to producers (manufacturers and importers included), dealers, consumers, and entities involved in the collection, segregation, transportation, refurbishment, and recycling of all types of waste batteries.

As a producer of batteries, the Subsidiary Company 'Revolt' is subject to these obligations, however, sufficient guidance on waste collection mechanisms and associated costs are not yet made available. Consequently, we are unable to reliably estimate a range of possible outcomes and the financial implications of the above rules and the same will be evaluated once the implementation framework for determining the reliable estimate is established.

- Claims by customers (alongwith interest) in the normal course of business may be payable as and when the outcome of the related matters are finally determined. Management based on the legal inputs and historic trends, believes that no material liability will devolve on the Subsidiary Company 'Revolt', in respect of such matters.
- Net worth of certain subsidiaries of the Holding Company have eroded and the Holding Company has issued letter of support as committed operational and financial support to these subsidiaries as and when needed for a period of at least 12 months from the date of approval / preparation of financial statements of these subsidiaries.

62 Financial instruments**i) Fair values hierarchy**

Financial assets and financial liabilities are measured at fair value in the statement of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

Valuation technique used to determine fair value

The fair value of a financial instrument on initial recognition is normally the transaction price (fair value of the consideration given or received). Subsequent to initial recognition, the Group determines the fair value of financial instruments that are quoted in active markets using the quoted bid prices (financial assets held) or quoted ask prices (financial liabilities held) and using valuation techniques for other instruments. Valuation techniques include discounted cash flow method, market comparable method, recent transactions happened in the group and other valuation models. The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

Financial assets and liabilities measured at fair value - recurring fair value measurements:

Investment in mutual funds (at FVTPL)	-	75.20	-	75.20

There are no liabilities measured at fair value as at 31 March 2026 and 31 March 2025.

ii) Fair value of financial assets and liabilities measured at amortised cost.

The management assessed that cash and cash equivalents, trade receivables, trade payables, other financial assets and other financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. Where such items are non-current in nature, the same has been classified as Level 3 and fair value determined using discounted cash flow basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as best estimate of fair value. ii) Risk management

The Group is exposed to various risks in relation to financial instruments. The Group financial assets and liabilities by category are summarised in note 63(i). The main types of risks are market risk, credit risk and liquidity risk. The most significant financial risks to which the Group is exposed are described below.

The Group's risk management is carried out by a central finance department (of the Group) under direction of the Board of Directors. The Board of Directors provides principles for overall risk management, and covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

Notes to the consolidated financial statements

Credit risk

Credit risk is the risk that a counter party fails to discharge an obligation to the Group. Credit risk arises from investments, cash and cash equivalents and loans. The Group's maximum exposure to credit risk is limited to the carrying amount of financial assets recognised at 31 March 2026 and 31 March 2025, as summarised below:

Particulars	31 March 2026	31 March 2025
Cash and cash equivalents (i)	721.90	296.24
Bank balances other than cash and cash equivalents (i)	934.14	1,005.98
Trade receivables (ii)	664.20	505.68
Loan	5.33	5.33
Investment	8,934.30	10,491.38
Other financial assets (iii)	107.96	257.42

The Group continuously monitors defaults of customers and other counterparties, and incorporates this information into its credit risk controls. The Group's policy is to deal only with creditworthy counterparties.

- The credit risk for cash and cash equivalents and other bank balances is considered negligible, since the counterparties are reputable banks with high quality external credit ratings.
- The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an on-going basis throughout each reporting period. In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 30 days past due. A default on a financial asset is when the counterparty fails to make contractual payments when they fall due. This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors.
- Other financial assets include incentive receivables, GST refund receivables and other receivables including security deposits. Credit risk related to incentives is managed by continuous monitoring of changes in regulatory environment including changes in regulations and government policies under which such incentives are receivable and making necessary adjustments in the financial statements in case the management assesses that credit risk has increased significantly. For other financial assets, the management monitors the recoverability of such assets on continuous basis and makes adjustments wherever deemed necessary.

The presumption under Ind AS 109 with reference to significant increases in credit risk since initial recognition (when financial assets are more than 30 days past due), has been rebutted and is not applicable, as the Group is able to collect a significant portion of its receivables that exceed the due date.

The Holding Company's management considers that all of the above financial assets that are not impaired and/ or past due for each of the above assets reporting dates under review are of good credit quality.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Group maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates.

Market risk

a) Foreign currency risk

The Group is not exposed to foreign exchange risk arising from foreign currency transaction in current year, primarily with respect to amount payable in US dollar Foreign exchange risk arising from recognised assets and liabilities denominated in a currency that is not the Group's functional currency. However for export sale Group is receiving confirmed Letter of Credit (LC) before supply of goods.

Foreign currency risk exposure:

The Group's exposure to foreign currency risk at the end of the reporting years are as under:-

Particulars	Transaction Currency type	As at 31 March 2026		As at 31 March 2025	
		Amount in foreign current	Amount in ₹	Amount in foreign current	Amount in ₹
Trade receivables	USD	0.26	24.26	0.47	39.87
Trade payables	Canadian Dollars	0.00	0.03	0.00	0.02
	Mexican Peso	0.01	0.03	0.00	0.02

Sensitivity

The following table illustrates the sensitivity of profit or loss and equity in relation to the financial assets and financial liabilities and the USD/INR exchange rate, Canadian Dollar/INR and Mexican Peso/INR exchange rate and 'all other things being equal'. It assumes a +/- 1% change of the exchange rates for the year ended 31 March 2026 (31 March 2025: 1%). These percentages have been determined based on the average market volatility in exchange rates in the previous twelve months. Based on the movements in the foreign exchange rates historically and the prevailing market conditions as at the reporting date, the management has concluded that the above

mentioned rates used for sensitivity are reasonable benchmarks. The analysis excludes the impact of any derivative or hedging instruments as the Holding Company did not have any such instruments outstanding as at the reporting date. The sensitivity of profit or loss and equity to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and the sensitivity risk at the end of the reporting years are as under:

Particulars	Profit/ (loss)		Equity, net of tax (Increase) / Decrease	
	As at 31 March 2026	As at 31 March 2025	As at 31 March 2026	As at 31 March 2025

Exchange rates – decrease by 100 basis points (31 March 2025: 100 basis points)	(0.24)	(0.40)	(0.24)	(0.40)

b) Interest rate risk exposure**(i) Liabilities**

The Group's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2026, the Group is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Group's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

Below is the overall exposure of the Group to interest rate risk:

Particulars	31 March 2026	31 March 2025
Variable rate:		
Borrowing	2,080.11	584.17
Total variable rate exposure	2,080.11	584.17
Fixed rate:		
Borrowing	8,554.25	8,237.45
Total fixed rate exposure	8,554.25	8,237.45

Sensitivity

Below is the sensitivity of profit or loss and equity due to changes in interest rates, assuming no change in other variables:

Particulars	Profit/ (loss)		Equity, net of tax (Increase) / Decrease	
	As at 31 March 2026	As at 31 March 2025	As at 31 March 2026	As at 31 March 2025
Interest rates – increase by 100 basis points (31 March 2025: 100 basis points)	(20.80)	(5.84)	(20.80)	(5.84)
Interest rates – decrease by 100 basis points (31 March 2025: 100 basis points)	20.80	5.84	20.80	5.84

Notes to the consolidated financial statements

for the year ended 31 March 2026

(All amount in ₹ Million, unless otherwise stated)

Interest rate sensitivity has been calculated assuming the borrowings outstanding at the reporting date have been outstanding for the entire reporting period.

Price risk**Exposure**

The Group is mainly exposed to the other price risk due to its investment in mutual funds. The other price risk arises due to uncertainties about the future market values of these investments. At 31st March, 2026, the investments in mutual funds amounts to ₹ 142.92 Million (31st March, 2025: ₹ 75.20 Million). [Refer note 8(C)] These are exposed to price risk. The Group has laid policies and guidelines which it adheres to in order to minimise price risk arising from investments in mutual funds. A 10% increase/(decrease) in prices would increase/(decrease) the equity and profit or loss by the amounts shown below.

Sensitivity

Below is the sensitivity of profit or loss and equity changes in fair value of investments, assuming no change in other variables:

Particulars	Profit/ (loss)		Equity, net of tax (Increase) / Decrease	
	As at 31 March 2026	As at 31 March 2025	As at 31 March 2026	As at 31 March 2025

64 Capital management

The Group's capital management objectives are

- to ensure the Group's ability to continue as a going concern
- to provide an adequate return to shareholders

The Group's monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.
