Bandra Kurla Complex, Bandra East
Mumbai - 400 051

Dear Sir/ Madam,

Sub: Clarification -Reg.
Ref: Email dated September 9, 2021

With reference to your email dated September 9, 2021 with regard to the press release dated September 2, 2021 submitted by the Company, we bring to your kind notice the following:

i) *Expected quantum of loss/damage caused:*

The Company vide letter dated September 9, 2021 has submitted press release issued by Rain Carbon Inc., a wholly owned subsidiary company, with regard to the restart of calcined petroleum coke (CPC) production at three of its U.S.A. facilities and that the restart process has begun at a fourth plant that was impacted by Hurricane Ida.

The plants were stopped earlier as pre-cautionary measure to safeguard from Hurricane Ida. As Hurricane Ida has not materially impacted the plants, the three plants were restarted and the fourth plant is under process of restarting.

As explained above, there is no material damage to the plants due to Hurricane Ida that prevents restarting

ii) *Whether loss/damage covered by insurance or not including amount:*

All four plants are covered under insurance, and claims will be made in line with the policy.

This is for your kind information.

Thanking you,

Yours faithfully,
for Rain Industries Limited

S. Venkat Ramana Reddy
Company Secretary
