Enclosed please find a release on the captioned subject being issued by the Company today.

This is for your information and records.

Thanking you,

Yours faithfully,
For **HCL Technologies Limited**

MAnand

Manish Anand
Company Secretary

IDC MarketScape Names HCL a Leader for Worldwide Internet of Things Consulting and Systems Integration Services

Noida, India; 24th November 2016 – HCL Technologies (HCL), a leading global IT services company, continues to be recognized for its global Internet of Things (IoT) technology leadership, best–in–class capabilities & solutions offerings. 'IoT WoRKS™ by HCL', the business unit dedicated for IoT Services, has been named a leader by IDC MarketScape in its report "IDC MarketScape: Worldwide Internet of Things Consulting and Systems Integration Services 2016 Vendor Assessment" (doc #US41880716, November 2016).

This IDC MarketScape study covers 15 vendors participating in the worldwide IoT professional services market. The evaluation is based on a comprehensive framework and set of parameters expected to be most conducive to success in providing IoT professional services during both the short term and the long term.

According to the IDC report, "HCL's IoT services offerings span the life cycle of a typical IoT project — define specific use cases, build, and run (including using its IP DRYICE™ for automation/orchestration of signals) — that are customizable based on where customers are in their IoT journey."

"HCL has been recognized as a worldwide leader for IoT services by IDC MarketScape, the ICT industry's premier vendor assessment tool. IoT WoRKS™ offers end–to–end IoT services across the entire lifecycle of an IoT project – Define, Build, Run – which are adaptable based on where the customers are on their IoT journey," **said Sukamal Banerjee, Executive Vice President & Global Head of IoT WoRKS™, HCL Technologies.** "As per the report, buyers rate IoT WoRKS™ highly for growth strategy & execution, employee development and business models."

IoT WoRKS™ by HCL is the front runner in the field of IoT, enabling organizations to leverage best–in–class IoT solutions for maximizing returns from their asset investments and creating entirely new services that deliver measurable business outcomes. HCL offers end–to–end IoT services for organizations across the three phases – Define, Build & Run, to help design enterprise IoT programs, develop and implement IoT systems for realizing business value.

About IDC MarketScape

IDC MarketScape vendor analysis model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The research methodology utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each vendor's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of IT and telecommunications vendors can be meaningfully compared. The framework also provides technology buyers with a 360 degree assessment of the strengths and weaknesses of current and prospective vendors.

About HCL Technologies

HCL Technologies is a leading global IT services company working with clients to impact and redefine the core of their businesses.
