Commenting on the results **Mr. Sunil Gutte, Managing Director** said:

"We are on course on the journey we embarked on to establish ourselves as a Civil Construction Company. This year saw majority of our orders coming from Non Power Business. This is a result of implementation of our strategy.

We intend to continue to grow in both Power and Non Power Business. Power Business is a stronghold with our vast experience, whereas, our Experienced Team drives the Non Power Business for Sustained Results. We are expecting orders in the coming year in both the Verticals.

Our results also reflect our commitment to create more value for the shareholders. We intend to be more focused on the expansion of margins rather than just being revenue focused and compromising the profitability. Our belief is that strong margin is the way to be sustainable in the long run. ”
