Rolta Establishes Global OEM Partnership with SAP

MUMBAI: Rolta today announced that it has entered into a strategic partnership with SAP to deliver their Business Intelligence technology platform as part of Rolta OneView™ Enterprise Suite for customers worldwide. With this approach our customers have single-window access to SAP's best in class BI technology and the leading domain specific OneView™ analytics solution from Rolta.

According to Sid Snitkin, Vice-President, ARC Advisory Group, "Rolta OneView™ solves critical issues that constrain operational excellence programs across the process industries. Clearly, Rolta OneView™ is an enterprise-class solution that can bring significant benefits and savings to process and power corporations."

SAP OEM Head, John Stark said, "SAP is pleased to partner with Rolta, and provide SAP technologies as part of Rolta OneView™. This powerful combination helps SAP customers to leverage their investments for achieving operational excellence."

"With this agreement, Rolta has gained the additional capability of delivering Rolta OneView™, a powerful enterprise-level Business and Plant Analytics solution, integrated with the SAP software platform comprising Business Objects, BODI, WEBI, Xcelsius, and Mobile, resulting in a higher ROI for customers," said Pankit Desai, President, Enterprise IT Solutions, Rolta. "This will allow a wider range of customers to benefit from the strong value proposition of Rolta OneView™," he added.

Rolta OneView™ is an innovative BI solution with field-proven benefits for asset-intensive process industries including Upstream and Downstream Oil and Gas, Petrochemicals, Chemicals, and Metals, to significantly improve operational efficiencies and reliability. This solution has been developed by leveraging Rolta's deep understanding of Process and Power operations, coupled with its expertise in Business Intelligence/Analytics and Enterprise Integration technologies.

About Rolta: Rolta is a leading provider of innovative IT solutions for many vertical segments, including Federal and State Governments, Defense/HLS, Utilities, Process, Power, Banking and Insurance. These enterprise level solutions are built around Rolta's intellectual property and domain expertise to offer unique business intelligence for impactful insights for effective decision making. Rolta's offering includes end-to-end solutions for geospatial applications for mapping and image processing, spatial data analysis and integration through Geospatial Fusion™. Rolta's services and solutions cover the entire life-cycle for the process industry, from engineering design, to operational excellence with its OneView™ suite. Rolta iPerspective™, is a unique platform for SOA and "Cloud" enablement for enterprise-level integration. Rolta is a multinational organization headquartered in India, which has executed projects in over 40 countries. Forbes Global ranked Rolta amongst the "Best 200 under a Billion" four times in six years. Rolta was included in the S&P Global Challengers List™, by Standard & Poor's. The Company is listed on the Bombay Stock Exchange and National Stock Exchange, and forms part of various indices on BSE/NSE in India. The Company's GDRs are listed on the Main Board of London Stock Exchange.

About SAP: SAP helps companies of all sizes and industries run better. From back office to boardroom, warehouse to storefront, desktop to mobile device, SAP empowers people and organizations to work together more efficiently and use business insight more effectively to stay ahead of the competition. Headquartered in Walldorf, Germany, SAP is the market leader in enterprise application software. Founded in 1972, SAP (which stands for "Systems, Applications, and Products in Data Processing") has a rich history of innovation and growth as a true industry leader. SAP applications and services enable more than 183,000 customers worldwide to operate profitably, adapt continuously, and grow sustainably.
