Rolta Extends Global Relationship with Oracle

MUMBAI – Rolta, a Platinum level member of Oracle PartnerNetwork, today announced that it has agreed with Oracle Technologies for bundling their software components with its flagship "Rolta OneView™ Enterprise Suite," for delivery to customers worldwide.

Frost & Sullivan, in a white paper for Oil & Gas Information Technology, titled 'Enabling Operational Excellence' stated that "solutions such as Rolta OneView™ will play a critical role in transforming plant management and drive growth." With this agreement customers worldwide will now be able to get Rolta OneView™ along with full Oracle Business Intelligence Enterprise Edition Suite and Oracle Database Enterprise Edition as a complete package, including support and services. Bundling of Oracle's industry leading business intelligence platform with Rolta OneView™ provides competitive advantage over proprietary BI solutions, allowing customers to benefit from the continuous R&D investments and technology refreshes. Rolta expects to consolidate Rolta OneView™ position in large enterprises as well as penetrate Medium and Small Enterprises.

Mark Barton, Vice President, Global ISV/OEM Sales, Oracle Corporation, Japan & Asia Pacific said, "Rolta is a Platinum level member of Oracle PartnerNetwork worldwide, and has received eight prestigious Oracle "Titan" and "Partner Excellence" awards for innovative use of Oracle technologies, including one for the Energy Industry Solution category. By combining Oracle technologies with Rolta OneView™, we are working towards enabling customers to get the most out of their BI investments."

"We are extremely pleased to be able to leverage cutting edge BI, Data Integrator and Enterprise Database from Oracle technologies. This powerful combination will provide a higher and quicker ROI for OneView™ customers" said Rajesh Ramachandran, President Software Products and CTO, at Rolta.

Rolta OneView™ is an innovative BI solution with field-proven benefits for plant operators of process industries, including Utilities Transmission & Distribution, Power Generation, Oil and Gas, Petrochemicals, and Chemicals, to significantly improve operational efficiencies and plant reliability. This solution has been developed by leveraging Rolta's deep understanding of utilities, process and power operations, coupled with its expertise in Business Intelligence/Analytics and Enterprise Integration technologies.

About Rolta: Rolta is a leading provider of innovative IT solutions for many vertical segments, including Federal and State Governments, Defense/HLS, Utilities, Process, Power, Banking and Insurance. These enterprise level solutions are built around Rolta's intellectual property and domain expertise to offer unique business intelligence for impactful insights for effective decision making. Rolta's offering includes end-to-end solutions for geospatial applications for mapping and image processing, spatial data analysis and integration through Geospatial Fusion™. Rolta's services and solutions cover the entire life-cycle for the process industry, from engineering design, to operational excellence with its OneView™ suite. Rolta iPerspective™, is a unique platform for SOA and "Cloud" enablement for enterprise-level integration. Rolta is a multinational organization headquartered in India, which has executed projects in over 40 countries. Forbes Global ranked Rolta amongst the "Best 200 under a Billion" four times in six years. Rolta was included in the S&P Global Challengers List™, by Standard & Poor's. The Company is listed on the Bombay Stock Exchange and National Stock Exchange, and forms part of various indices on BSE/NSE in India.
