# FROM CUSTOM CHAOS TO MODERN INTELLIGENCE

# MEET EVOLV

Retail engineering now  
designed for home living

---

Evolv is an electrified modular track that  
transforms wardrobes into adaptive spaces.  
Shelves, drawers, hanging rails and lights.  
Plug, move, shift and illuminate;  
just like retail.

# One Fixture Infinite Possibilities

From wardrobes to media units, EVOLV Fit-N-Light adapts effortlessly across application, maintaining design continuity throughout the space.

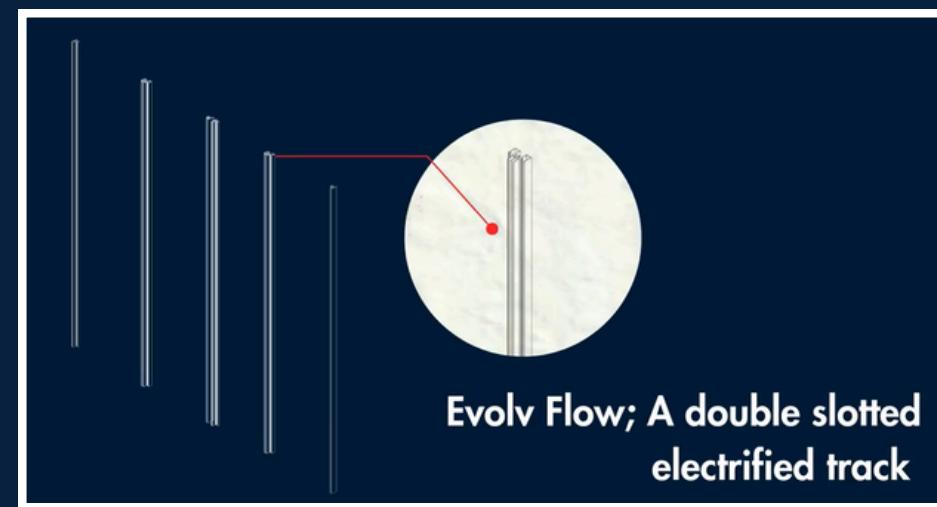

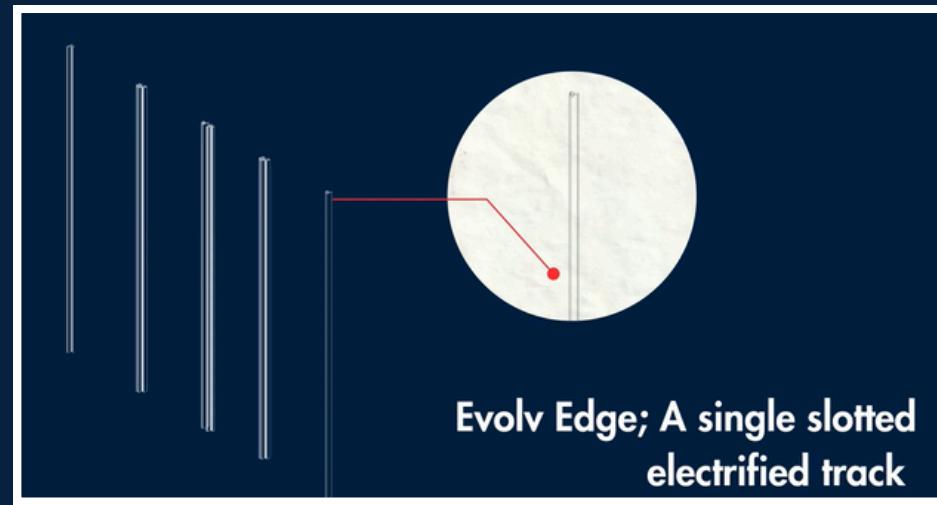

# One Fixture Infinite Possibilities

Create multiple configurations using the same system—rearrange layouts, adjust storage, and personalise your space with ease.

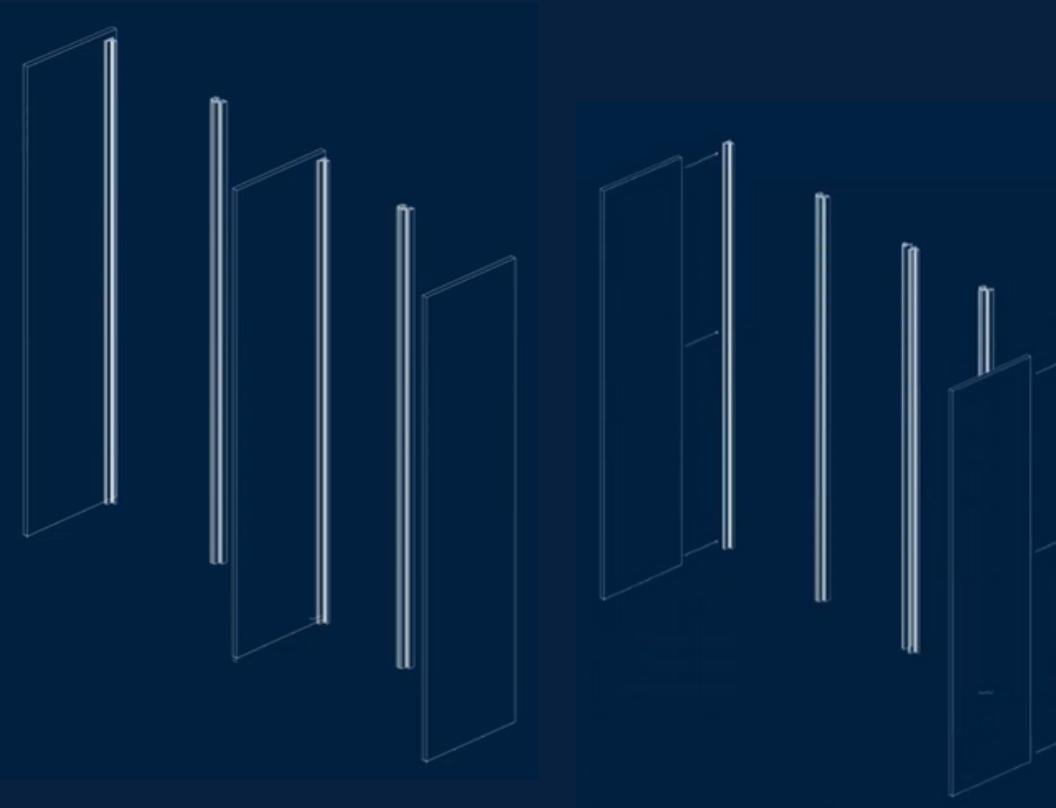

# WHY EVOLV Fit-N-Light ?

## SNAP IN FLEXIBILITY

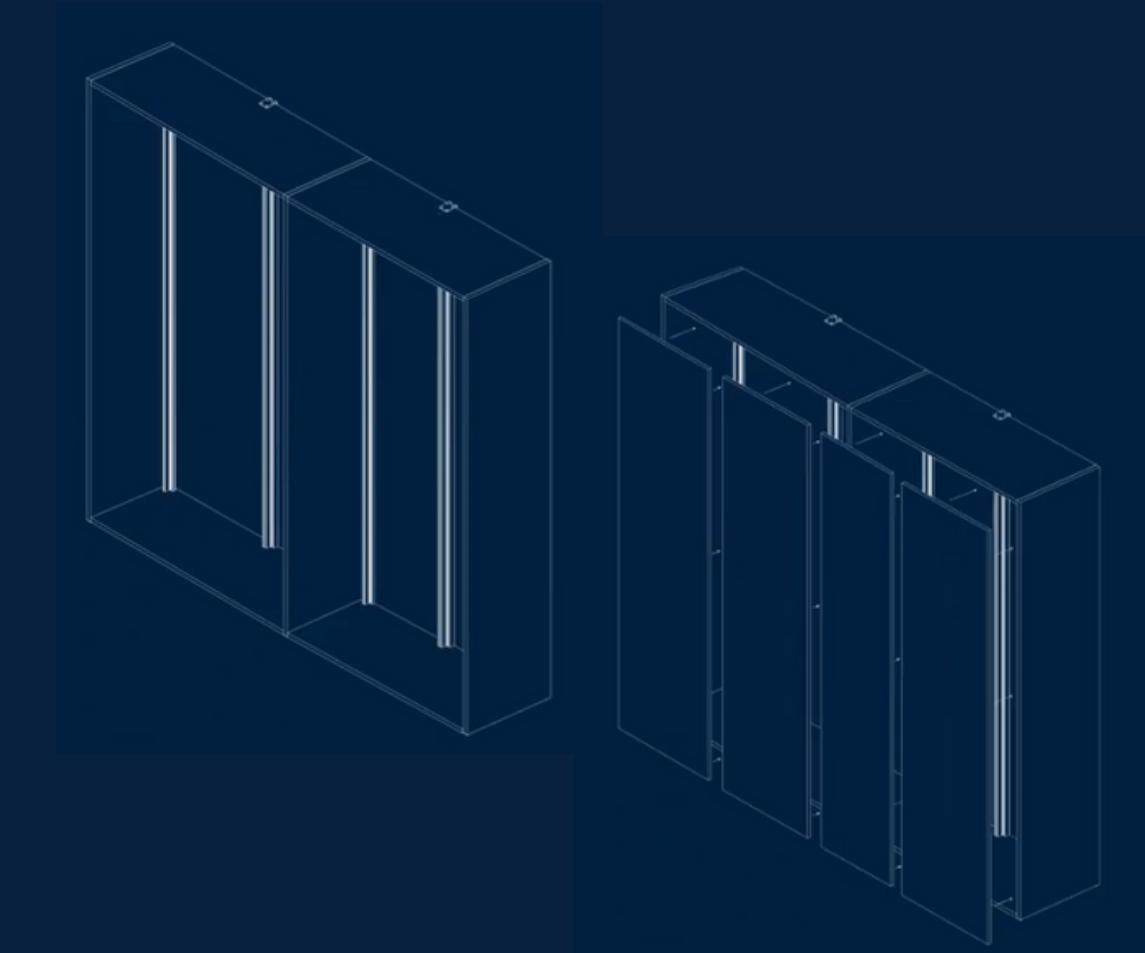

With Evol's electrified tracks, you snap in flexibility and plug-in illumination in one go.

From structure to illumination, EVOLV Fit-N-Light redefines modular furniture—smart, flexible, and effortlessly adaptable.

## SIMPLIFYING MODULAR CONSTRUCTION

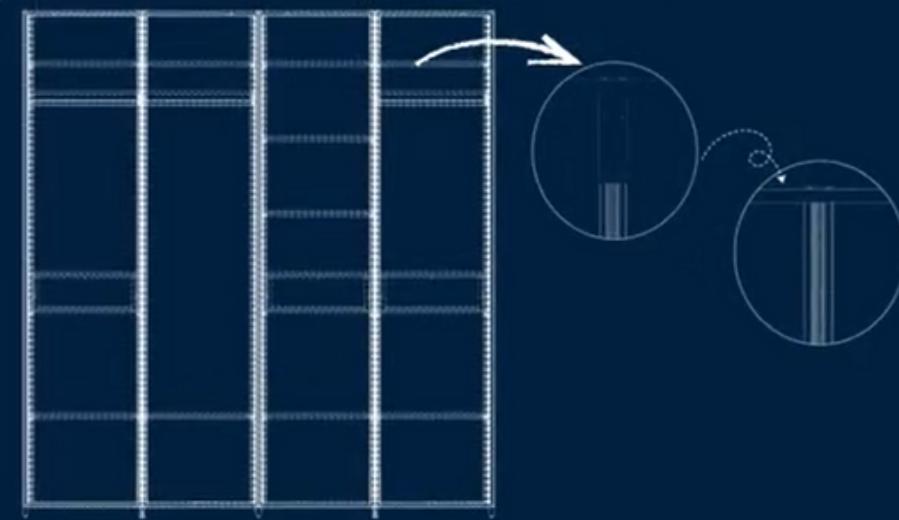

The Evol Edge & Flow tracks mount directly onto vertical panels, simplifying construction and letting you snap, shift, and illuminate with ease.

## WALL FREE SETUP

With Edge & Flow Evol tracks, your back panels simply snap right in, keeping everything freestanding and off the wall. That means no wall-related hassles.

# WHY EVOLV Fit-N-Light ?

## MAXIMIZE CONVENIENCE , OPTIMIZE SPACE

Place a single center track to divide your space into two adaptable halves while keeping one wide-open front.

Flexible internal divisions that adapt easily, maximizing usable space.

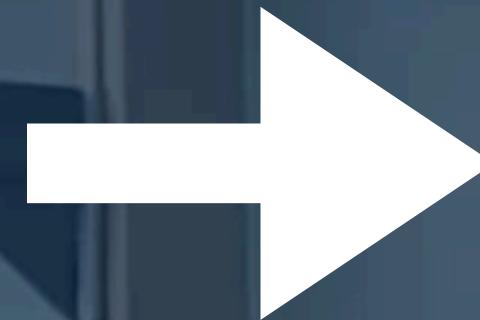

## ACCESSORIES THAT SNAP, SHIFT & ILLUMINATE

All accessories; hanging rails, drawers, shelves—fit easily into the powered slots for flexible layouts and built-in lighting.

**WE DESIGN SYSTEMS THAT  
STAY AHEAD, SO SPACES  
NEVER FALL BEHIND.**
