Sahana Defence Limited Secures Strategic Long-Term Defence Manufacturing Contract with Central Electronics Limited (CEL) under Make in India Initiative

Ahmedabad – June 15, 2026 | Sahana System Limited (NSE: SAHANA) | Sahana Defence Limited, a subsidiary of Sahana System Limited, is pleased to announce the execution of a landmark long-term contract with Central Electronics Limited (CEL), a Mini Ratna Public Sector Enterprise under the Department of Scientific & Industrial Research (DSIR), Government of India, for establishing and operating an **Electronic Warfare (EW) Equipment and Weapon Periphery Manufacturing Facility** at CEL's premises in Sahibabad, Uttar Pradesh.

The agreement has been awarded under the Government's "**Make in India**" initiative and marks a significant step in strengthening indigenous defence manufacturing capabilities and accelerating self-reliance in strategic defence technologies.

Under the terms of the agreement, Sahana Defence Limited will be responsible for setting up, operating, maintaining, marketing, and commercializing products manufactured from the EW Equipment and Weapon Periphery Manufacturing Facility. The contract has an initial tenure of **10 years**, with the provision for extension by an additional **5 years**, subject to satisfactory performance and statutory compliance.

Key Highlights of the Orders:

- **Project Authority:** Central Electronics Limited (CEL), Government of India Enterprise
- **Scope of Work:** Establishment, operation and commercialization of an Electronic Warfare (EW) Equipment and Weapon Periphery Manufacturing Facility
- **Strategic Impact:** Provides a scalable platform for indigenous defence manufacturing, technology development and commercialization of mission-critical defence solutions

Management Commentary:

Commenting on this development, Mr. Pratik Kakadia, Chairman and Managing Director said:

"We are delighted to enter into this strategic long-term partnership with Central Electronics Limited under the Make in India initiative. The agreement represents a significant milestone in our journey towards building indigenous defence manufacturing capabilities and strengthening India's self-reliance in critical defence technologies.

This facility provides us with a unique opportunity to establish a dedicated manufacturing platform for Electronic Warfare equipment and weapon peripheral systems while leveraging CEL's established infrastructure and institutional strengths. The long-term nature of the agreement enhances revenue visibility and creates a strong foundation for sustainable growth in our defence business.

As India continues to prioritize domestic defence production and technology indigenization, we remain committed to delivering innovative, high-reliability solutions that support national security objectives while creating long-term value for all stakeholders."

Company Overview

Sahana System Limited, established in 2013, is a pioneering force in the IT services industry. Headquartered in Ahmedabad, Gujarat, our organization specializes in delivering innovative, cutting-edge technology solutions. Our expertise encompasses Artificial Intelligence, Machine learning, Internet of Things, Business Intelligence, Blockchain, IT outsourcing and a wide range of other specialized services. With a diverse industry presence, we have a strong foothold in Defencetech, Fintech, Healthtech, Edutech and Master System Integration. This versatility enables us to cater to the unique needs of various sectors, fostering long-term partnerships with our clients.

As a CMMI Maturity Level 5 compliant and ISO-certified company (ISO 9001:2015 and ISO/IEC 27001:2013), we adhere to the highest standards of quality and operational excellence. Our commitment to customer satisfaction, coupled with an impressive track record of repeat business, drives our ambition to lead the IT and product development sectors. As a trusted partner to prominent enterprises, government and government-aided bodies, defence organizations and financial institutions, we take pride in our ability to foster collaborative relationships that drive innovation and growth.
