**Subject: Sahasra Dedicates Rajasthan's First Semiconductor ATMP Facility and the first SME led ATMP Facility to the Nation**

Dear Sir/Ma'am,

We are pleased to inform that the Company's subsidiary *Sahasra Semiconductors Private Limited*, has marked a significant milestone in India's semiconductor and electronics manufacturing journey with the dedication of Rajasthan's first Semiconductor ATMP (Assembly, Testing, Marking and Packaging) facility and the first SME led ATMP facility to the nation at Bhiwadi, Rajasthan.

The landmark occasion was virtually graced by the Hon'ble Chief Minister of Rajasthan, Shri Bhajan Lal Sharma, as the Chief Guest, in the august presence of Hon'ble Union Minister Shri Ashwini Vaishnaw, Minister for Railways, Information & Broadcasting, Electronics & Information Technology, and Hon'ble Union Minister Shri Bhupender Yadav, Minister for Environment, Forest and Climate Change. Also, present virtually were Shri Sanjay Sharma, Hon'ble Minister for Forest Department, Environment and Climate Change Department, Science and Technology Department, Government of Rajasthan and Shri S. Krishnan, Secretary, MeITY, Government of India.

The Company also flagged off shipments for Germany and Nepal, marking its growing global presence in semiconductor and electronics manufacturing.

A press release is enclosed herewith for your reference.

You are requested to kindly take the above on records.

Thanking You,

# **First SME led Indigenous Memory ATMP Facility Dedicated to the Nation**

## **Gets a hi-tech unveiling**

**Sahasra Group Co. Announcement**

Dt: 15 May 2026

### **Press Release**

**Bhiwadi:** Sahasra Electronic Solutions Ltd. is pleased to announce that its subsidiary, Sahasra Semiconductors Pvt. Ltd. marked a defining milestone in India's semiconductor and electronics manufacturing journey with the dedication of Rajasthan's first ATMP (Assembly, Testing, Marking and Packaging) facility and First Indian Memory Packaging facility to the nation.

The landmark occasion was virtually graced by the Hon'ble Chief Minister of Rajasthan, Shri Bhajan Lal Sharma, as the Chief Guest, in the august presence of Hon'ble Union Minister Shri Ashwini Vaishnaw, Minister for Railways, Information & Broadcasting, Electronics & Information Technology, and Hon'ble Union Minister Shri Bhupender Yadav, Minister for Environment, Forest and Climate Change. Also, present virtually were Shri Sanjay Sharma, Hon'ble Minister for Forest Department, Environment and Climate Change Department, Science and Technology Department, Government of Rajasthan and Shri S. Krishnan, Secretary, MeITY, Government of India.

This hi-tech ceremony brought together senior government officials, industry leaders, partners, customers, and stakeholders from across India's electronics and semiconductor ecosystem. In keeping with Hon'ble Prime Minister Shri Narendra Modi's recent appeal of **"Nation First, Duty Before Comfort,"** the **unveiling and dedication ceremony were conducted over a virtual medium, reflecting a shared commitment towards national priorities while continuing to advance India's semiconductor ambitions.**

The occasion was further commemorated with the ceremonial flagging off of shipments destined for Germany and Nepal, underscoring Sahasra's growing global footprint and India's increasing role in the international semiconductor and electronics supply chain. The shipment symbolized the emergence of India as a trusted global hub for high-technology manufacturing and semiconductor packaging solutions.

The event reflects Sahasra's commitment to strengthening India's semiconductor ecosystem and contributing to the vision of an Aatmanirbhar Bharat through advanced manufacturing capabilities, innovation, and global competitiveness.

Speaking at the occasion, **Mr. Amrit Manwani, CMD, Sahasra Group**, expressed gratitude to the Government of India, the Government of Rajasthan, industry stakeholders, partners, and customers for their continued support in enabling the company's growth journey.

"This is a defining moment for Sahasra Group and a significant milestone in India's semiconductor journey. Inspired by Hon'ble Prime Minister Shri Narendra Modi's vision of Aatmanirbhar Bharat and Make in India, Sahasra's endeavour has always been to create world-class manufacturing capabilities in India. The dedication of Rajasthan's first ATMP facility and First Indian Memory Packaging facility reflects our commitment to innovation, quality, and strengthening India's role in the global electronics and semiconductor supply chain." he said.

The facility is equipped with advanced manufacturing and quality systems designed to support high-reliability and globally compliant semiconductor and electronics solutions for domestic and international markets.

The flagging off of the Germany and Nepal-bound shipments symbolizes Sahasra's readiness to serve global markets while reinforcing India's emergence as a trusted manufacturing destination for high-technology products. These milestones further strengthen the company's commitment to delivering solutions that are "**Packaged in India, Trusted by the World.**"

Backed by the Government's Make in India, Atmanirbhar Bharat, PLI, and SPECS schemes, Sahasra's progress reinforces India's emergence as a trusted global hub for high-value electronics and semiconductor manufacturing. The company's success also highlights the growing strength of SME-led innovation and technology leadership within India's rapidly evolving semiconductor ecosystem.

## **About Sahasra Group:**

Sahasra, the “New Millennium” in Sanskrit, established in the year 2000 is a leading player in the Indian electronics system design and manufacturing space for the last 25 years.

The Sahasra Group operates across key product verticals in Electronics that include PCB Fabrication, EMS Services, Memory Products & Solutions, Consumer and Enterprise IT Hardware, Smart LED Lighting, RFID Solutions & Semiconductor Packaging.

Sahasra exports to 20+ countries worldwide and supply to India's biggest and to global companies. With six manufacturing facilities in India and Rwanda, and a global footprint which includes offices in the USA, Canada, Europe, Africa, the UK, and Asia we serve these markets.
