Sub: Submission of Press Release

Dear Sir/ Madam,

Please find enclosed herewith the press release titled '**Sai Life Sciences sets up Peptide Research Center in India**'.

We request you to take note of the same and oblige.

Thank you.

For **Sai Life Sciences Limited**

Runa Karan
Company Secretary & Compliance Officer

PRESS RELEASE

Sai Life Sciences sets up Peptide Research Center in India

April 3, 2025, Hyderabad: Sai Life Sciences Limited (BSE: 544306 | NSE: SAILIFE), an innovator-focused Contract Research, Development, and Manufacturing Organization (CRDMO), has inaugurated a dedicated Peptide Research Center at its integrated R&D Campus in Hyderabad, India.

Announcing the launch, Krishna Kanumuri, CEO & Managing Director, Sai Life Sciences, said: "As the pharmaceutical industry evolves from small molecules to emerging modalities like peptides, we are expanding our capabilities to stay ahead. Our new Peptide Research Center reflects this commitment—designed to meet the growing demand for complex peptide synthesis and conjugation. With this investment, we reinforce our role as a trusted partner in advancing next-generation therapeutics."

The Peptide Research Center is designed to support innovator pharma and biotech companies with specialized services across peptide synthesis, discovery, and advanced modalities, including complex conjugates. The facility integrates automation, advanced liquid handling, robotics, and high-throughput systems, enhancing precision, scalability, and efficiency in the development of novel peptide-based therapeutics.

Maneesh Pingle, Head of Discovery Services, said: *"The demand for peptide-based therapeutics is rising rapidly, driven by their high specificity, biocompatibility, and lower risk of off-target effects. At Sai Life Sciences, we have a seasoned team of scientists with years of experience successfully delivering peptide discovery and development projects. Combined with our expanding capabilities, this expertise positions us strongly to support our clients' evolving needs as they advance peptide therapies across diverse therapeutic areas."*

The new Peptide Research Center will be integrated with Sai Life Sciences' end-to-end discovery services, spanning synthetic and medicinal chemistry, biology, DMPK, and toxicology. This holistic approach ensures seamless transitions across different stages of drug discovery, accelerating timelines and enhancing success rates for peptide-based drug development.

By combining deep expertise, cutting-edge technology, and an integrated approach, Sai Life Sciences strengthens its commitment to supporting global clients in advancing innovative peptide therapeutics.
