| <ul style="list-style-type: none"> • Telehealth • EHR integration • Imaging analytics • Integrated health monitoring via wearables • HL7/FHIR enabled provider apps | <ul style="list-style-type: none"> • Healthcare Providers • Healthcare Payers • Healthcare Compliance • Clinical Research and Life Sciences | <ul style="list-style-type: none"> • Surge in adoption of telehealth & mHealth practices • Adoption of cloud technologies related to HCIT services • Rise in demand for quality healthcare solutions & services • Growth in government initiatives to promote healthcare IT • Surge in demand for improved patient safety & patient care | <ul style="list-style-type: none"> • 1 client in USD 1 Million plus account* | <ul style="list-style-type: none"> • Global Healthcare IT (HCIT) Market was valued at USD 282.99 billion in 2021 • Expected to reach USD 857.58 billion in 2030 • Growing at a CAGR of 13.1% from 2021 to 2030 |

*The above numbers pertaining to FY21-22, and FY22-23 client base will change.

Telecom and Utilities

- Saksoft provides a comprehensive telco solution that includes enterprise ERP, cloud migration services, customer engagement solutions, big data customer analytics solutions, and automation.
- Telecom served as the foundation of the world economy, enabling individuals to interact, amuse themselves, and carry out their work while cooped up in their houses.

| Offerings | Customer Profile | Key Growth Drivers | Client Base | Market Opportunity |
|--|--|---|--|--|
| <ul style="list-style-type: none"> • Share Point Development • Advance Analytics to reduce customer churn • Oracle Support • Testing COE | <ul style="list-style-type: none"> • Business Support Systems • Operations Support Systems • Enterprise Resource Planning • IT strategy consulting | <ul style="list-style-type: none"> • Rising spend on next-generation equipment & smartphones • Increased deployment of 5G • Rising mobile subscribers • Soaring demand for high-speed data connectivity • Cutting-edge technology adoption | <ul style="list-style-type: none"> • 1 client in USD 1 Million plus and 1 client in USD 0.5 Million USD plus account* | <ul style="list-style-type: none"> • Global telecom services market size valued at USD 1,707.96 billion in 2021 • Expected to reach USD 2,467.01 billion in 2028 • CAGR of 5.4% from 2021 to 2028 |

*The above numbers pertaining to FY21-22, and FY22-23 client base will change.

Transportation & Logistics

- Saksoft acquired DreamOrbit in 2016, which offers domain expertise and technological competence in IoT and Mobility Solutions for Transportation & Logistics companies. Combined with Saksoft's expertise in Testing, Cloud Solutions, and Analytics, makes it the ideal partner for its clients.
- Saksoft provides a digital suite of solutions that includes Digital Transportation and Management Solutions, Network Analytics, Carrier Compliance Solutions, Digital Freight Matching Applications, and Asset Utilization Improvement Solutions.
- It purchased MC Consulting, a Singapore-based company that specialises in offering technology-based business solutions, in February 2022.
- Over the last 15 years, it has custom developed multiple solutions that improves the functioning of a seaport and public sector agencies with its Logistics & Transportation focus. This acquisition fits into Saksoft Group's strategy of Inch wide Mile-Deep focus that helps it reinforce its niche in the otherwise crowded market.

| Offerings | Customer Profile | Key Growth Drivers | Client Base | Market Opportunity |
|---|--|---|---|--|
| <ul style="list-style-type: none"> • IoT solutions • Freight management software • Warehouse management • Supply chain management • EDI integration • Logistics dashboard | <ul style="list-style-type: none"> • 3PL's • Shippers • Carriers • ISV's • Port Operators | <ul style="list-style-type: none"> • Increased demand for cost-effective logistics and supply chain solutions • Smarter & Speedier Services • Secure Interconnected Ecosystems • 'Green' Logistics • Rising adoption of cloud-based services | <ul style="list-style-type: none"> • 2 clients in the USD 1 million plus and 1 client in USD 0.5 Million plus account* | <ul style="list-style-type: none"> • Global Digital Logistics market size was valued at USD 10.23 billion in 2021 • Expected to touch USD 22.17 billion by 2028 • CAGR of 11.5% from 2022 to 2025 |

*The above numbers pertaining to FY21-22, and FY22-23 client base will change.

Public Sector

- The solutions used to monitor an organisation's internal regulatory obligations are referred to as regulatory technology (RegTech).
- It makes use of Blockchain, IoT, Cloud Computing, Machine Learning (ML), and Artificial Intelligence (AI) technologies to discover inconsistencies and problems in the digital payment systems as well as to expedite and control compliance operations.
- RegTech is used for identifying management reporting, risk management, and tracking real-time online transactions. It can be deployed on-premises or in the cloud. RegTech offers improved agility, operation speed, integration, and analytics capabilities while also assisting in the digitization of manual reporting and compliance processes.
- Saksoft assists public sector organisations in utilising digital transformation tools including information management, optimised apps, and analytics to their fullest potential. Saksoft helps to embed new technologies and solutions into the conventional processes and save money, increase efficiency and serve the citizens better.

| Offerings | Customer Profile | Key Growth Drivers | Client Base | Market Opportunity |
|--|---|--|---|---|
| <ul style="list-style-type: none"> • Smart cities - Machine learning & facial recognition from IoT data feeds • Decrease crime rates, and improve citizen's life • People identity management | <ul style="list-style-type: none"> • City Councils in UK • Police Departments • Central Government Agencies • Housing Communities • Public Utilities | <ul style="list-style-type: none"> • Increased focus on Customer experience • Public Value • Citizen Security • Future Workforce • Smart Infrastructure • Technological Advancements • Rising occurrence of fraudulent cases • Growth in BFSI industry | <ul style="list-style-type: none"> • 2 client in the USD 0.5 Million plus account* | <ul style="list-style-type: none"> • Global RegTech market reached a value of USD 8.7 billion in 2021 • Expected to reach USD 29.2 billion by 2027 • CAGR of 22.7% from 2022 to 2027 |

*The above numbers pertaining to FY21-22, and FY22-23 client base will change.

Task Force: Experienced and dedicated management team with a diversified board.

Building talent: Due to overlapping time zones, businesses in Europe are using smaller nearshore teams to assist offshore operations. By developing talent resources locally, Saksoft was able to guarantee European clients that their time zones will be respected when receiving solutions.

Consistent focus on digitalisation-driven transformation along with Early entrant with a strong track record of successful digitalisation-driven projects and financial metrics are used to assess competence.

Customer-fit: Focus on clients with revenues ranging from USD 100 million to USD 3 billion- not too large to lose the customer perspective nor too little to be unable to spend appropriately.

Cross-selling and upselling by the company aided in its development as a full-service provider.

Domain-specific solutions: Companies are increasingly preferring to work with businesses that provide digital solutions tailored to their industries. Saksoft is a trustworthy digital partner because of its extensive expertise of the numerous industries it offers digital solutions for.

Verticals specialization: Concentration on a few verticals that are motivated by evolving lifestyle relevance and Comprehensive solutions expertise inside the vertical along with Verticals and competences interrelated.

The Company has lucrative **multiyear contracts** with well-known brands that guarantee revenue visibility.

Saksoft is Attractively placed to Capitalize on Global Trends

Customer Service

By catering to increasing needs

Providing complex domain-intensive solutions that take the businesses of customers ahead by investing in complementary domain-specific acquisitions, hybrid (offshore cum onsite) locational model and focused on mid-sized global companies where our effectiveness is most visible.

Enhance Viability

And ability in Competitive Environment

Saksoft helps companies digitalise, responsive to market opportunities and enhanced competitiveness. We have positioned ourselves as a digitalisation partner covering diverse corporate functions, empowering customers to take a refreshingly new look at their business.

Engage Virtually

and remotely option is on rise

An opportunity in providing digital interventions that facilitate cross geography solutions and hence have selected to be present in the health care vertical where telemedicine is emerging as a rapidly growing segment.

E-Commerce

Is rapidly increasing

There is huge opportunity in working closely with companies linked with e-commerce; as transformation from graduating physical engagement to the digital. And thus, deepened our presence in the retail, transportation, logistics and fintech verticals that are an integral part of the e-commerce ecosystem.

Digitalization

Has entered a new wave

Opportunity in more companies seeking to completely replace the manual with the digital in their operations; the term 'Digitalise or perish' is more true today than ever. An opportunity in partnering mid-sized global companies (USD 100 Mn to USD 3 Billion in revenues) transform from conventional, part-automated and manual processes to completely digitalised operations, a multiyear Engagement in design, implementation and support services.
