FRIDAY 10 NOVEMBER 2023

## Bangladesh polls

Bangladesh's Chief Election Commissioner Kazi Habibul Awal on Thursday said that his office was determined to hold the general elections within the constitutional deadline amid a street campaign by the Opposition parties demanding a non-party interim Government to conduct the polls scheduled in early January. "We have to hold the election before the deadline, January 29," Awal told reporters after a meeting with President Mohammad Shahabuddin at the presidential palace. "We have an obligation to hold elections within the specified time (and) we will announce the schedule soon," he stated.

His comments came amid mounting political tensions as Bangladesh Nationalist Party (BNP) and its far-right allies like the Jamaat-e-Islami have waged a street campaign demanding the resignation of the Awami League government to allow a non-party interim government to conduct the general

elections. The political violence has claimed at least five lives. Police said suspected BNP activists set on fire dozens of buses and trucks since the beginning of the street protests last month.

Police arrested several senior opposition leaders including BNP secretary general Mirza Fakhrul Islam Alamgir along with several hundred activists in the past two weeks on charges of instigating violence and sabotages. The party of ex-prime minister Khaleda Zia last week enforced a nationwide general strike and with a weekend pause called for a countrywide transport blockade, prompting operators to halt inter district bus services.

The ruling Awami League has declined to accept the demand, saying elections would be held under the incumbent premier Sheikh Hasina, who also rejected proposals for dialogue with the opposition with the US and other major Western countries, calling

BNP a terrorist organisation.

The EC chief came up with his announcement in an apparent reversal of his last month's stance when he had said his office was yet to witness the expected "favourable environment" for scheduled early January polls.

"We want to organise the election. As the organiser, we would like to say, the favourable environment we were expecting has not been achieved yet," Awal said. Awal said the commission informed the President about its preparedness for holding the polls.

The President expected the Election Commission to play a "responsible role with courage and sincerity" to make the next general election fair by following the constitutional rules and norms, his office said. He, however, said that it was not possible for the commission alone to conduct a fair election and asked the executive branch of the state to assist the electoral body to accomplish the task.

New Delhi, Nov 10: As the Israel-Hamas conflict continues, India on Thursday urged both the sides to eschew violence, de-escalate the situation and create conditions for an early resumption of direct peace negotiations towards a two-state solution to the Palestine issue.

Without naming Hamas, India also called for "immediate and unconditional" release of hostages.

Israel has been carrying out a massive military offensive in Gaza following the unprecedented and multi-pronged attacks on Israeli cities by Hamas militants on October 7.

Hamas killed around 1,400 people in Israel and kidnapped more than 220. Around 10,500 people have been killed in Gaza in the Israeli offensive, according to the Hamas-run authorities in Gaza.

At his weekly media briefing, Spokesperson in the Ministry of External Affairs (MEA) Arindam Bagchi said India has made its position clear on the Hamas-Israel conflict on multiple occasions

including during the UN General Assembly debate on October 27.

"We have strongly condemned the horrific attack on Israel, urged the need for zero tolerance for terrorism and called for immediate and unconditional release of hostages," he said.

"We have also conveyed our deep concern at the humanitarian crisis in Gaza and the increasing civilian toll and welcomed efforts to de-escalate the situation and provide humanitarian assistance," he said.

Bagchi said India has also sent 38 tonnes of humanitarian relief material and emphasised the need for strict "observance of international humanitarian law." The relief materials were sent to the people of Gaza.

"We have also urged the parties to de-escalate, eschew violence and work towards creating conditions for an early resumption of direct peace negotiations towards a two state solution. That captures all aspects of how we look at the very difficult situation there,"

he said.

Prime Minister Narendra Modi held phone conversations with Israeli PM Benjamin Netanyahu and President of Palestinian Authority Mahmoud Abbas following escalation of the conflict.

Asked about reports that the Israeli construction industry is looking at recruiting 100,000 Indian workers to replace the 90,000 Palestinians, he was not aware of any such requests from Tel Aviv. "I am not sure of any specific conversations

or requests. I saw some reports of 100,000 workers replacing other workers there. I have not heard any of those things. (I am) not aware of any specific figure or request," Bagchi said.

In a larger context, he said India has been working towards giving its citizens access to the "global work place".

"In this regard, we have been in discussion on trying to get into mobility agreements with a number of countries. Such frameworks and agreements ensure that

our people are treated fairly, their rights are protected and they are not discriminated against," Bagchi said.

"In Israel, there are already a number of Indian workers employed there, especially in the caregiver sector. Since 2022, we have been discussing a bilateral framework in the construction and caregiver sectors," he said.

"But this is a long-term initiative. But I am not aware of any specific requests or the numbers that have been floating around," he said.
