Parliament adjourned amid protests

New Delhi, July 23:

Both Lok Sabha and Rajya Sabha were adjourned till 2 PM on Wednesday following continued opposition protests, mainly over the Special Intensive Revision (SIR) of electoral rolls in Bihar.

Rajya Sabha was adjourned within a minute of resuming as opposition MPs demanded a

discussion on the issue. Lok Sabha functioned briefly, during which Union Sports Minister Mansukh Mandaviya introduced the 'National Sports Governance Bill, 2025'.

Earlier, both Houses faced similar disruptions. Speaker Om Birla warned against placard protests, urging MPs to maintain decorum. The opposition has demanded

that Prime Minister Modi address Parliament and the nation on key issues, including the Pahalgam terror attack and the ongoing SIR exercise.

Congress MP Manickam Tagore also submitted an adjournment motion seeking a discussion on the Bihar voters' list revision.

CII Surface and Coating Expo 2025 wraps up with resounding finish

Chennai, July 23:

"One of the proudest achievements of CII Surface and Coating Expo 2025 is that the three-day event recorded participation from 303 Exhibitors from 17 countries, 21,000 visitors and facilitated 378 scheduled B2B meetings and 15 product launches. The expo also hosted six sectoral conferences featuring 175 speakers including 50 international experts and drew close to 1,000 technical delegates.

As part of the Academia - Industry Skill Connect we had a participation of 890 engineering students who engaged directly with

the industry and registered for internships and employment opportunities. This is a concrete step in bridging the gap between academic training and industrial needs," said Dr U Kamachi Mudali, Chairman of Surface and Coating Expo 2025 in his valedictory address at the Confederation of Indian Industry Southern Region (CII-SR), organized fifth edition of Surface and Coating Expo 2025.

"With Six high-impact conferences, the SCE 2025 has reinforced India's standing as a serious platform for global collaboration in surface engineering and

corrosion control," Dr Kamachi Mudali added. The concurrent event, CORTEM 2025 conference brought renewed urgency to the fight against corrosion, a national concern costing India over Rs.12 lakh crore every year. Industry leaders and government stakeholders called for a unified National Corrosion Policy and enhanced coordination to mitigate infrastructure losses.

The exhibition floor highlighted cutting-edge technologies in nano coatings, pipeline protection, corrosion mapping, digital monitoring systems,

and sustainable surface solutions. "India must lead globally by combining advanced materials, digital transformation, and engineering science to protect public infrastructure and industrial assets," Dr Kamachi emphasized.

Dr Kamachi also announced that the next edition of Surface & Coating Expo will include Painting sector and will be renamed as CII Surface, Paint & Coating Expo 2027 which will be held from June 17-19, 2027 at Chennai, expanding to 25,000+ sq. mts. to meet growing demand from Indian and international participants.

Apraava Energy impacts 2 million lives through CSR initiatives

Chennai, July 23:

Apraava Energy, a leading integrated energy solutions provider, has reached its 2021 goal of positively impacting over two million lives through 232 community-focused projects across 560+ villages in 12 states.

Its Integrated Village Development Model supports rural communities through targeted interventions in agriculture, education, healthcare, and livelihoods. Partnering with over 30 NGOs, Apraava aligns its efforts with the UN Sustainable Development Goals.

Key highlights include:

Empowering 12,000+ women and supporting women entrepreneurs through initiatives like Aarohan, Project Uday, and Udyogini.

Enhancing youth employability via Jai Jawan Raksha Academy and rural STEM programs.

Environmental efforts: 2.5 lakh trees planted, 400+ watershed structures built, and 12,000+ farmers assisted in reducing stubble burning.

Solar interventions in 46 villages, including solar streetlights, off-grid systems, and local youth training.

Healthcare support through mobile medical vans and upgraded PHCs.

MD Rajiv Ranjan Mishra said, "Our efforts go beyond CSR — they represent our core belief in 'Energy in Action' and aim to uplift underserved communities sustainably."

CSR Head Dr. Priyesh Modi added, "This milestone shows what's possible through meaningful community engagement. We remain committed to inclusive growth and long-term impact."

Apraava plans to expand its initiatives further, deepen partnerships, and continue advancing its sustainability mission.

Chennai Airport's phase 2 expansion on fast track, set for completion by March

Chennai, July 23:

The second phase of expansion at Chennai International Airport is progressing swiftly, with the Airports Authority of India (AAI) targeting March 2026 for completion.

AAI Chairman Vipin Kumar, along with a high-level team from New Delhi, inspected the construction works and will continue the review on Wednesday. The visit focused on evaluating progress and emphasizing adherence to the timeline to meet rising passenger demand and improve efficiency.

The new terminal, spread across 86,135 sq. meters, will include modern amenities and significantly boost capacity. With an investment

of Rs.1,207 crore, it will feature eight entry gates, 60 check-in counters, 10 X-ray scanners, nine remote boarding gates, eight aerobridges, and advanced baggage systems.

The expansion comes in response to the airport's increasing traffic — from 2.2 crore passengers in 2015 to an expected 3.5 crore by end-2025.

Originally proposed in 2017 and funded by the Ministry of Civil Aviation, the overall expansion spans 2.36 lakh sq. meters. Phase 1, covering 1.49 lakh sq. meters and costing Rs.1,260 crore, was delayed due to COVID-19 but was inaugurated by Prime Minister Narendra Modi on April 8, 2023.

Following Phase 1's launch, the old Terminal 3 was demolished to make way for Phase 2. Upon completion, the airport will operate four integrated terminals — T1, T2, T3, and T4 — with a combined annual capacity exceeding 3.5 crore passengers and over 500 aircraft movements daily.

The upgraded design will offer seamless connectivity for both domestic and international travelers, easing congestion and reducing wait times. Officials reiterated the importance of speeding up construction to keep pace with Chennai's growing aviation needs.

Auxilo Finserve unveils GlobalEd

Chennai, July 23:

GlobalEd provides loan sanctions in 3 days, provides complete support across travel and post-landing services.

India, July 23, 2025: Auxilo Finserve, has introduced 'Auxilo GlobalEd', its new all-Inclusive Education Loan designed for students wanting to pursue higher education overseas. Under Auxilo GlobalEd, the entire expense of tuition fees, travel, accommodation, laptop, study materials, and living expenses are covered, providing students with a complete end-to-end overseas education solution.

To ensure complete peace of mind for students

and parents, the company has also partnered with a network of trusted third-party service providers to offer end-to-end support, including luggage purchase and handling, air-ticket bookings, international SIM cards, and post-landing assistance.

"We understand the challenges that students and parents undergo while pursuing admission in international universities. To enable a seamless transition, we have introduced Auxilo GlobalEd, so that students can focus on their academic journey without distraction" informed Shweta Guru, CBO - Overseas Education, Auxilo Finserve.

Silver hits all-time high, crosses Rs. 1.14 lakh per kg

New Delhi, July 23:

Silver prices continued their strong rally, hitting a record high by crossing Rs. 1.14 lakh per kilogram, driven by firm global cues and steady domestic demand.

According to the India Bullion and Jewellers

Association (IBJA), silver rose Rs.1,028 on Tuesday to Rs.1,14,493 per kg, surpassing its previous high of Rs.1,13,867 set on July 14. The futures market mirrored the surge, with the September 5 silver contract on the Multi Commodity Exchange (MCX) climbing 0.39% to Rs.1,15,500 per kg.

Gold prices also saw notable gains. The price of 24-carat gold jumped

Rs.612 to Rs.99,508 per 10 grams, while 22-carat gold rose to Rs.91,149 and 18-carat gold to Rs.74,631 per 10 grams, as per IBJA data.

Global markets echoed this trend. On the Comex exchange, silver rose 0.27% to \$39.44 per ounce, while gold inched up 0.26% to \$3,415.20 per ounce.

Analysts point to global economic uncertainty, rising industrial demand for

silver, and investor preference for precious metals as safe-haven assets as key drivers behind the surge.

"All eyes are now on the upcoming US Manufacturing and Services PMI data. In the short term, gold may remain range-bound, with support at Rs.98,500 and resistance around Rs.1,00,500 on MCX," said Jateen Trivedi of LKP Securities.

India set to become World's 3rd largest economy by 2028: Morgan Stanley

New Delhi, July 23:

India is poised to become the world's third-largest economy by 2028 and could more than double its size to reach \$10.6 trillion by 2035, according to a report released by Morgan Stanley on Wednesday.

The report forecasts that by 2030-2035, three to five Indian states — including Maharashtra, Tamil Nadu, Gujarat, Uttar Pradesh, and Karnataka — will each have economies nearing \$1 trillion, placing them among the top 20 global economies.

As per the latest data, Maharashtra, Gujarat, and Telangana currently lead in economic size,

while Chhattisgarh, Uttar Pradesh, and Madhya Pradesh have shown the most improvement in rankings over the past five years.

India is expected to contribute nearly 20% of global economic growth in the next decade, becoming a key driver of earnings for multinational corporations.

Highlighting the importance of India's federal structure, the report notes that states play a central role in fiscal management, attracting investments through competitive policy-making, and enabling ease of doing business — all of which are crucial to sustaining growth.

"India's competitive federalism will determine whether the country can double its per capita income in the next seven years, become a global manufacturing hub, and sustain strong stock market performance," the report said.

The report also emphasizes the growing economic power of states as India heads towards becoming a \$10.6 trillion economy by 2035. With control over key policy areas, states significantly influence the country's overall development trajectory.

Over the past decade, India has witnessed a surge in infrastructure development. The Centre

has doubled capital expenditure from 1.6% of GDP in FY2015 to 3.2% in FY2025, resulting in a 60% rise in highways, a doubling of airports, and a fourfold increase in metro networks.

National programmes like PM Gati Shakti, Bharatmala, Sagarmala, the National Infrastructure Pipeline, and UDAN have complemented state-level initiatives. The report underscores that while the Centre leads these programmes, successful implementation heavily depends on state participation, especially in sectors like energy, water, and urban development.

SBI Life's insurance plan with premium return

In an evolving financial landscape, individuals are increasingly seeking solutions that offer not just protection, but also tangible value over time. While traditional term insurance provides essential life cover, many aspire for plans that offer more - security for their loved ones, along with the reassurance of returns if all goes well.

SBI Life - Smart Swadhan Supreme isn't just about protection; It gives you the confidence to live fully today, knowing that your family's tomorrow is secure.

New Vice President likely by August end

New Delhi, July 23:

The Election Commission is expected to announce the Vice Presidential election schedule within the next 48-72 hours, following the resignation of Jagdeep Dhankhar. The new Vice President is likely to take office by the end of August.

President Droupadi Murmu formally accepted Dhankhar's resignation, which came nearly two years before his term was to end. As per Article 68(2) of the Constitution, the election must be held "as soon as possible."

Sources say the Commission began preparations after receiving formal intimation from the Home Ministry. A notification is expected within 2-3 days. As per the Vice-Presidential Elections Act, the entire process — including nominations, scrutiny, and polling — must be completed within 32 days of the notification.
