Govt rolls out voluntary data sharing norms for power sector

PRIVACY PROTECTION. Non-shareable datasets will remain outside the framework

Rishi Ranjan Kala
New Delhi

The Power Ministry has released a voluntary data sharing framework for the sector as it aims to deal with inconsistencies in metadata across agencies as well as to create a standardised classification of data to enable secure, structured sharing and access sectoral data.

The National Electricity Data Sharing framework offers broad principles and institutional mechanisms to enable structured, secure and transparent data sharing in the power sector. The endeavour is also to ensure protection of critical information infrastructure.

Adopting the framework, in full or in part, will be voluntary for sectoral entities such as genscos, discoms, transmission licensees, load despatch centres, Electricity Regulatory Commissions and agencies such as the Central Electricity Authority (CEA) and Grid India, among others.

To ensure protection of sensitive data, the datasets designated as non-shareable by the data issuer entity will remain outside the scope of this framework.

To create an ecosystem for data sharing across the country, a National Electricity Data Division, housed in the CEA, will be created.

Besides, a National Electricity Data Portal will also

be established by leveraging the existing National Power Portal. The Ministry said that issues with power sector data include inconsistent metadata across agencies, different data definitions, no standard data classification and gaps in data quality and machine readability.

SECURING DATA

Further, there is limited visibility for regulators, policy-makers and researchers, which also impacts long-term and resource adequacy planning.

The framework is an exercise to create a secure and structured sharing mechanism for sharing of electricity sector data for planning, operations, regulation and research.

Another important aspect is to provide for anonymisation and de-identification of consumer or personally identifiable data by the issuing entity before its publication and sharing.

The division will also coordinate with the Power Ministry and sectoral data issuers on interoperability of

metadata standards, API specifications and data exchange protocols.

An eight-member National Electricity Data Governance Committee will also be formed, which will be led by the Chairman of the CEA.

PANEL ROLE

The panel will oversee implementation and adoption of the framework across the power sector and will conduct its annual review as well as coordinate with the IT Ministry, Cabinet Secretariat and other stakeholders.

Under the framework, the data issuing entity will have to designate a Data Gov-

ernance Officer (DGO), who should not be below two levels from the head of the institution and preferably at the level of chief engineer in the power sector.

The DGO will ensure implementation of the framework at the entity level.

The data issuing entity also has to constitute a Data Governance Committee as member secretary or convenor and will facilitate the entity-level data sharing procedure, approve classification of datasets, decide requests escalation, oversee audits, maintain a data sharing risk register and adjudicate data-breach incidents.

Axis Trusteeship issues notice to Yes Bank to restore AT-1 bonds

Our Bureau
Mumbai

Axis Trusteeship Services Ltd (ATSL) has issued a notice on October 28 calling upon Yes Bank's MD & CEO and its Board of Directors to restore/reactivate within three days the AT-1 bonds, written down by the bank's then administrator in March 2020, aggregating ₹8,415 crore that have been restored following a recent Supreme Court.

This they have done re-

The notice has also been copied to the RBI, SEBI, BSE, NSE and depositories NSDL and CDSL

sponding to Yes Bank AT1 Bond Holders' Association's concerns relating to unpaid coupons on the Bank's two series (coupon rates: 9 per cent and 9.5 per cent) of AT-1 Bonds.

Further, the notice also wants the bank to carry out

the requisite corporate actions with NSDL and CDSL for re-activation of the two bond series, for reversal of all entries, write-offs and cancellations effected pursuant to the impugned decision and take all steps with the BSE and the NSE for restoration of the said bonds on their respective platforms, including resumption of trading therein.

COUPON DISCRETION

The notice has also been copied to the RBI, SEBI, BSE and NSE, and depositories

NSDL and CDSL. ATSL has also issued a communication dated October 28, 2026, to Yes Bank seeking clarification regarding coupon payments for the period from March 14, 2020, to October 15, 2026.

Yes Bank, in a regulatory filing, said that the bank had not completed the evaluation and it will communicate its decision, if any, on whether or not exercise of coupon discretion is required in respect of the AT-1 Bonds after it completes the evaluation in due course.

Vedanta Oil & Gas posts ₹746 crore Q2 net profit

Our Bureau
New Delhi

Vedanta Oil & Gas on Thursday reported a consolidated net profit of ₹746 crore in Q2 FY27 against a net loss of ₹92 crore a year-ago aided by focused production optimisation measures.

On a sequential basis, the private sector oil and gas producer reported a net profit of ₹945 crore. Vedanta's consolidated total income stood at ₹2,628 crore compared to ₹2,658 crore in the previous quarter and ₹2,431 crore in Q2 FY26.

Total expenses stood at ₹1,853 crore in Q2 FY27 against ₹2,544 crore in Q1 FY27 and ₹2,431 crore in Q2 FY26. The company reported average daily gross operated production of 72.2 kboepd in Q2 FY27. The total gross oil and gas production was 6.6 million boe (barrels of oil equivalent) while the total working interest production was 4.4 million boe for the quarter.

Banas Dairy to double French fries capacity to 5 tonnes per hour

Our Bureau
Ahmedabad

Banas Dairy is more than doubling its French fries processing capacity to five tonnes per hour with an investment of ₹51.65 crore as it looks to expand value addition in Banaskantha, one of India's largest potato-producing districts.

Prime Minister Narendra Modi will e-inaugurate the expanded processing facility at Sanadar in Deodar taluka of Vav-Tharad district on Friday. Work on the processing and packing line expansion began in April, said an official release.

The expanded capacity — from the previous two tonnes per hour — is expected to strengthen the region's potato processing ecosystem, widen market opportunities for local farmers and help the cooperative tap growing demand for value-added potato products in domestic and export markets. Banas Dairy entered the French fries business in 2019 under the Amul brand.
