Sanathan Textiles Strengthens Growth Platform with Phase I Completion at Punjab Facility

Sanathan Textiles Limited, through its wholly owned subsidiary, Sanathan Polycot Private Limited, had commissioned its Continuous Polymerisation line at its Punjab facility on August 27, 2025, with an initial capacity of 350 tonnes per day under Phase I, and had earlier indicated that the same would be ramped up to 700 tonnes per day in a phased manner.

The Company has successfully completed the ramp-up of Phase I at its Punjab facility, with the plant now operating at approximately 96% of its installed capacity, reflecting strong execution capabilities and robust demand absorption. With Phase I completed, the Company remains focused on advancing its expansion roadmap, including the planned progression towards Phase II, which is expected to further enhance polymerisation capacity and strengthen Sanathan Textiles' position as an integrated and diversified polyester yarn manufacturer in Punjab.

Commenting on this achievement, Mr. Sammir Dattani, Executive Director of Sanathan Textiles Limited, said:

"We are proud to have achieved near-full utilisation at our Punjab facility. This milestone reflects our strong operational discipline, market positioning, and the growing demand from North India's textile ecosystem. Despite ongoing geopolitical challenges, including the West Asia conflict, we were able to complete our ramp-up of Phase I, reflecting the underlying resilience and execution strength of our business. The Punjab plant is a strategic addition to our manufacturing footprint, enhancing our ability to serve customers efficiently while improving cost competitiveness."

About Sanathan Textiles Limited

With over three decades of operations, today, Sanathan Textiles is among the leading yarn manufacturers India that have a strong presence across all three yarn segments that are polyester filament, cotton yarn and yarns for technical textiles.

The Company has its strategically located manufacturing facilities in Silvassa and Punjab. These facilities are technologically advanced with automated warehousing transportation and package handling systems.

Sanathan Textiles has a diverse product portfolio catering across various sectors with more than 3,200 yarn products and nearly 50,000 SKUs. The Company has over 7,000 customers, 400+ distributors across India and exports to around 27 countries.
