Our Services

We are providing varied tailored services for each client considered to its uniqueness. We broadly segregated these services into four limbs namely Business advisory services, Regulatory Compliance Services, Assurance Services, Regulatory Litigations Services

1. Business advisory services

Business incubation services

It include define the best suited model structure of proposed entity, need Capital requirement and its structure, legal formalities for seeking regulatory registrations from government agencies, Tax identification number, GST registrations and Shop and Establishment Registrations required to commence the business under Indian legal framework.

Tax Advisory Services

Tax always comes into play a vital role in every facet of business. To avoid any surprise losses due to tax demand and litigation with tax authorities, tax advice is obviously needed by every business house. We offer tailor-made tax advisory, tax compliance services, tax dispute resolution, transfer pricing services. Our services includes tax planning and tax advisory on Income tax, wealth tax, Excise, Service tax etc., statutory tax filing, tax certifications, obtaining various registrations including tax exemptions and obtaining tax refunds.

Business Valuation Services

Almost every organization is faced with the need to know the value of its assets be it traditional assets, intellectual property, customer and supplier relationships, know-how or technology. Regulatory compliance requires both public and private companies to assess the fair value of recorded goodwill and

identifiable intangible assets from time to time. Our endeavor is to assist organizations in making well informed business and investment decisions. We offer complete and objective valuation services to meet client specific needs and specialize in the identification and valuation of intangible assets. Our services include Business valuation, Intangible asset valuation, Tangible asset advisory services, and Dispute resolution support.

2. Regulatory Compliance Services

In every organization all operations cannot be performed with diligence and accuracy due to limited resources with the organization and adhere to legal formalities per se is required for long term survival of the business.

To overcome these backlogs we offer a wide range of outsourcing services to activities relating to accounting, regulatory compliance, reconciliations, reporting services. We under one roof provide with you adherence to regulatory compliances by the entity which includes assistance in complying with regular filing of returns including tax returns with government authorities like annual Income tax returns, annual returns, Annual and Monthly tax returns under GST laws and includes specific returns specific to sector or business.

3. Assurance Services

Financial Audit and Assurance

We have multiples laws which require compulsory audits of financial records and information on annual basis. We carry out the engagement in accordance with the legal framework applicable to the entity and in auditing standard issued by the ICAI the governing body for auditing profession in India.

India is steeping up for corporate governance mainly in the wake of economic liberalization and de-regularization of industry and business. It is essentially about how organizations are directed, managed, controlled and held accountable to various stakeholders. Thus, every corporate management is required to ensure that companies shall adhere to various laws and regulations and also maintain social image in the society. We are offering corporate risk mitigation services through risk assurance, compliance audits, due diligence and consultancy on impact of changes in legal framework in India.

Due Diligence

In every business acquisition decision, you need to assess the risk associated with such business and you need a professional team to diagnose the risk and opportunities in such business. Our due diligence focuses quality of cash flows, hidden costs, commitments and contingencies, tax exposures, complex

business agreements etc. We offer due diligence for acquisitions, merger deals, creditability report, bid support, and back end support.
