Dear Sir/Madam,

Subject: Intimation Under Regulation 30 of SEBI (LODR) Regulation 2015: H1 performance and growth update.

In accordance with the relevant provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are pleased to inform that Sathlokhar Synergys E&C Global Limited has successfully completed the Six months period ended **30th September 2026**.

For the Six months ended 30th September 2026, the Company recorded Strong Revenue Growth and Expanding Business Pipeline:

Revenue Growth: H1 FY27 vs H1 FY26

The Company has recorded an **85% increase in revenue from operations** during H1 FY27 compared to the corresponding period of FY26, reflecting robust growth momentum and strong operational execution. Revenue from operations stood at approximately ₹502 crores, compared to ₹271 crores in H1 FY26. Operating EBITDA grew by 131% year-on-year to approximately ₹74 crores, with the EBITDA margin improving by 296 basis points to 14.8%, reflecting improved operating performance. Profit after tax increased by 120% year-on-year to approximately ₹51 crores, with the PAT margin improving to 10.1% from 8.5% in H1 FY26.

Healthy Order Book (As on Date): ₹1,239 Crores (Excluding GST) (₹501.51 crores (in H1) have already been billed and recognised as revenue during H1 FY 2026/2027**)**

The Company continues to maintain a healthy order book of ₹1,239 Crores, providing strong revenue visibility for the upcoming quarters. The diversified order book across multiple sectors reinforces confidence in sustained business growth and execution momentum.

Robust Bid Pipeline (Various Offers Submitted): ₹24,774 Crores (as on date)

The Company has a robust bid pipeline of ₹24,774 Crores, comprising projects under various stages of evaluation. This strong pipeline reflects continued customer confidence and positions the Company well for future order inflows, supporting its long term growth strategy.

Our Sathlokhar New PEB Manufacturing Facility: Spread across 1,65,000 sq. ft., the state-of-the-art facility is equipped with specialised machinery and is designed to achieve an annual production capacity of approximately 15,000 MT at optimum utilisation. The installation and commissioning of the required machinery were partly completed on 30th August 2026. The facility is fully geared to commence commercial production, which is expected to begin in December 2026, subject to receipt of the requisite statutory approvals.

Our in-house Sathlokhar PEB manufacturing facility is expected to support PEB requirements of our own EPC projects. This captive manufacturing capability is expected to strengthen our execution capabilities, improve cost efficiencies, reduce dependence on external suppliers and enhance project delivery timelines, thereby contributing to the Company's overall growth and profitability.

We respectfully request you to take the above information on record.

Yours faithfully.
