Ceylon Beverage Can (PVT) Ltd., Sri Lanka	₹3.68 Cr	Additional MEP works for factory project at Horana Export Processing Zone, Sri Lanka

Commenting on the financial performance, Mr. G. Thiyagu, Managing Director of Sathlokhar Synergys E&C Global Limited said**,** "Total income for the quarter grew by close to 68% and both EBITDA and profit after tax more than doubled, with operating margin improving by 418 basis points. Most of that margin came from material cost, which fell by more than 500 basis points as a share of income. We had procured for the majority of our ongoing projects ahead of the increase in steel prices, and that decision protected us through a quarter in which prices were moving week to week. There was no exceptional item in the quarter and our tax rate was broadly unchanged, so this growth is an operating outcome.

We added work during the quarter from the Hong Fu group's Ranipet facility, from Reliance Consumer Products at Kurnool, and from Ceylon Beverage Can in both India and Sri Lanka. Each of these is a client we are already executing for, and repeat work from existing clients is how this business grows. Our order book at the close of the quarter was higher than at the start of it, and our submitted bids continue to give us visibility beyond the current year. During the quarter we also began deploying capital towards land for our manufacturing expansion.

Our PEB manufacturing facility remains on schedule for inauguration in August. This is the backward integration step we have spoken about for some time, and as it ramps we expect it to improve both delivery timelines and our margin profile. We are holding to the view we gave at the start of the year on full year growth. As in previous years, execution will be weighted towards the second half, and the shape of this quarter is consistent with that."

About Sathlokhar Synergys E&C Global Limited

Sathlokhar Synergys E&C Global Limited, founded in 2013 by Mr. G. Thiyagu (MD) and Mrs. Sangeethaa Thiyagu (COO), is a Chennai based EPC company delivering integrated, turnkey infrastructure solutions across industrial, warehousing, institutional, commercial, and healthcare sectors in India. Its in house capabilities span civil construction, PEB structures, MEP systems, solar EPC, surveillance, and statutory approvals offering clients a complete "one stop solution."

The company's strength lies in its integrated design ecosystem, which streamlines architectural, structural, PEB, and MEP services to optimize cost and timelines. Sathlokhar Synergys is trusted by over 24 international clients from regions including the USA, Japan, EU, Sri Lanka, Vietnam, and Taiwan, along with Indian corporates such as the Reliance Group and Muthiah Beverages.

With over 82 projects completed, the company has earned a reputation for delivering technically demanding assignments swiftly and efficiently highlighted by the delivery of a 47 acre facility for Muthiah Beverages in just eight months. It is ISO certified, a government approved "A Grade" HT & LT electrical and MEP contractor, and an authorized Tata Power Solar channel partner.

Following its IPO, the company has expanded to 678 employees and over 5,550+ labourers, enabling nationwide scalability. Backed by a robust project pipeline and strong client relationships, Sathlokhar Synergys is well positioned to capitalize on India's infrastructure growth, combining innovation, operational excellence, and sustainability to deliver long term value.

In FY26, Sathlokhar Synergys E&C Global Limited reported a Total Income of ₹823.56 Cr, an EBITDA of ₹ 117.88 Cr, and a PAT of ₹ 82.32 Cr.
