Company Overview

Satia Industries Limited (SIL), located in the District of Muktsar, Punjab, was **incorporated by Dr. Ajay Satia** and commenced its operations in **1984**.

SIL supplies its production to the open market through a pan-India network of **100+ dealers** and also caters to institutional customers, supported by three branch offices located in Delhi, Chandigarh, and Jaipur. The company has a total employee strength of over 2,600.

SIL has more than approximately **500 acres of eucalyptus plantations**. Besides, under Project Green, we distributed 1 lac+ Eucalyptus saplings to farmers for plantation over thousands of acres under our Social Forestry Initiative.

Vision

‘To become a leader in its segment with excellence in all-round performance creating value for all stakeholders of the company, society and the economy.’

Mission

‘To sustain growth with technological upgradation and innovation continuously for achieving cost competitiveness with sustained profitability, excellence in quality and win customer satisfaction and loyalty.’

SIL is one of India’s **leading Writing and Printing paper manufacturers**, with a completely integrated manufacturing setup with 4 paper machines, 100% in-house power generation, chemical recovery plant and one of the best effluent treatment facilities in the nation.

In FY22, the company added a **4th state of the art paper machinery** to its production facilities with a capacity of 100,000 MTPA. With a **diverse Capex program** to modernize and scale up its capacities, SIL now has a total installed capacity of over 2,00,000 MTPA.

Leadership Reflections

Mr. Chirag Satia
Executive Director

“The quarter saw a more favourable pricing environment compared to recent quarters, supported by reduced import intensity and steady demand. While geopolitical developments continued to impact global trade flows and container availability, the moderation in dumping witnessed over the last few months provided support to realizations during the period.”

During the quarter, the Company undertook a major modernization and upgradation program for Paper Machine 3 as part of its ongoing investment in manufacturing capabilities. The refurbishment work is expected to continue for 4-5 months. Upon completion, the project is expected to enhance production capacity, improve product quality, and strengthen operating efficiencies.

The operating environment remains influenced by global developments, and we continue to closely monitor changes in input costs, trade flows and market conditions. With PM3 progressing as planned, our focus remains on disciplined execution, maintaining customer service levels and ensuring a smooth transition through this investment phase.”
