Irdai flags huge number of uninsured vehicles, unfair payout on claims

Non-life Insurers Told to Work Closely with States, Build Trust

Shilpy Sinha

Mumbai: India's insurance regulator Friday urged general insurers to expand state-level partnerships and work closely with local administrations to strengthen policyholder trust. A key area for intervention, said a top regulatory executive, is the high share of uninsured vehicles.

"Today, 55% of vehicles on the road across categories including two-wheelers are uninsured," said Deepak Sood, a member of the Non-life Insurance Regulatory and Development Authority of India (Irdai).

At an ASSOCHAM event, Sood stressed the need for working closely with state governments on targeted insurance programmes.

The lack of motor-insurance coverage, Sood said, creates significant costs for state governments through hit-and-run compensation funds and leaves insurers paying out claims without matching premium income.

India records more than 400,000 road accidents annually, Sood said the current situation is unfair to insured motorists who pay premiums while uninsured vehicles still benefit from statutory compensation mechanisms.

Sood also flagged grievance redressal as a critical weak point in the industry's effort to build trust.

"Every grievance is a dent on that trust," he said, adding that even a single unresolved complaint risks eroding confidence among policyholders. Insurers, distributors and intermediaries must "develop a robust and highly responsive mechanism" to ensure quick and fair resolution, he said.

He called for greater use of monitoring tools and technology-led systems to strengthen grievance tracking and response times. But he emphasised that empathy remains central to the process.

"If there is a grievance, we need to handle it with empathy," Sood said.

Each resolved complaint, he added, should achieve two outcomes: reassurance to the customer that the insurer acted fairly, and internal introspection into what caused the issue—whether at the policy, distribution or claims stage. Strengthening these processes, Sood said, is essential for improving the industry's credibility and deepening insurance penetration across the country.

NCLT Okays Demerger of K Raheja Corp's Commercial Realty Entities

Kaillash Babar & Maulik Vyas

Mumbai: The Mumbai bench of the National Company Law Tribunal (NCLT) has approved the demerger of K Raheja Corp entities K Raheja and Pramaan Properties (PPPL), enabling the transfer of the Mumbai office and Pune commercial real estate businesses into the latter entity.

The move is expected to help the Mumbai-based company streamline its operations and integrate the assets into the existing K Raheja Corp-sponsored Real Estate Investment Trust (REIT), Mindspace Business Parks REIT.

The company, through this exercise, plans to consolidate its commercial real estate portfolio to focus on achieving

economies of scale.

"From the material on record, the Scheme appears to be fair and reasonable and is not violative of any provisions of law and is not contrary to public policy," said the division bench of judicial member KR Saji Kumar and a technical member Anil Raj Chellan.

However, the tribunal added that the income tax department will be at liberty to examine the aspect of any tax payable following this merger.

Before the tribunal's approval, both companies, through their counsels, argued that the de-

merger would help in strengthening the brand value and market presence of the resulting company—Pramaan Properties—and bring in a wider pool of commercial real estate projects under its ambit. The group has also said that the demerger will help the companies in cost optimisation by reducing administrative and overhead costs.

The tribunal observed that the liabilities towards the creditors of any of the applicant companies are neither being reduced nor being extinguished, and consents were obtained from all secured creditors and over 90% of the total value of unsecured creditors of the demerged company.

Earlier in 2023, the group had moved to consolidate its residential real estate portfolio.
