Sub: Business Responsibility and Sustainability Reporting

Dear Sir/ Madam,

We refer to our submission SEAMEC/NSE/SMO/1407/2/2023 dated July 14, 2023, wherein we had filed the Business Responsibility and Sustainability Report for the Financial Year 2022-23, pursuant to Regulation 34(2)(f) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

While attempting to file the BRSR Report in XBRL format, we faced certain validation errors, pursuant to which we were advised to file a revised BRSR Report attaching a clarificatory letter explaining the validation errors to the PDF version.

Attaching herewith the revised BRSR Report revised only to the extent of inclusion of the clarification letter.

Kindly take the same on record.

Thanking you,

Yours Faithfully,
For **SEAMEC LIMITED**

24. Overview of the entity's material responsible business conduct issues

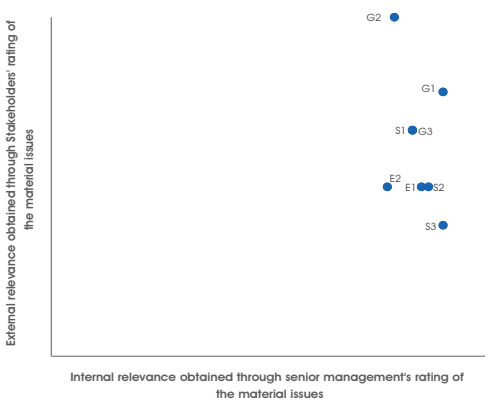

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Seamec's material issues were determined through a comprehensive process that involved stakeholder engagement and an analysis of our business environment. We began by identifying a probable set of issues common to our sector and geographic location.

These issues were then prioritized through a collaborative process involving our stakeholders and Seamec's senior management. We focused on those issues that were considered critically important from three perspectives: our stakeholders, our senior management, and the broader business context influenced by macro trends.

The result of this rigorous process was the identification of the material issues for our company. These issues, that we believe are most significant for Seamec's sustainability and long-term success, are given below with their relative position in the materiality map.

Materiality map for Seamec

The material Issues identified for Seamec are given below.

1. Water and effluents (E1)
2. GHG emissions and Air pollution (E2)
3. Human rights across value chain (S1)
4. Health and safety of employees (S2)
5. Equal opportunity and non-discrimination (S3)
6. Anti-corruption practices of the company (G1)
7. Policies for ethical behavior (G2)
8. Responsible policy advocacy (G3)

Among the identified material issues, 2 are environmental, 3 are social, and 3 are governance related.

S. No.	Material Issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Anti-corruption practices of the company	R & O	Failure to implement effective anti-corruption measures can expose the firm to reputational, legal, and financial risks. It can damage the company's brand image, result in legal fines and penalties, and negatively impact its financial performance. On the other hand, taking a proactive approach to combatting corruption can present an opportunity for the firm to build a positive reputation. Implementing effective anti-corruption measures can help to build trust and credibility with stakeholders, including customers, investors, and regulatory bodies.	Mitigation through policy	P & N
2.	Human rights across value chain	R & O	A company's failure to empower human rights across its value chain can lead to negative impacts on its reputation, legal and regulatory risks, and potential financial impacts. This can include issues such as worker exploitation, discrimination, violations of labor standards, and environmental damage. company that demonstrates a commitment to respecting human rights can potentially gain a competitive advantage. This can include enhanced brand reputation, increased customer loyalty, and improved access to financing. It can also lead to more productive and engaged employees, which can contribute to improved business performance.	Mitigation through policy	P & N
3.	Responsible policy advocacy	O	Engaging in responsible policy advocacy can enable a company to positively influence public policy and regulatory frameworks that impact its business operations. This can lead to more favorable business conditions, enhanced stakeholder relationships, and improved access to markets. Additionally, responsible policy advocacy can align the company with stakeholder values and interests. However, the company's advocacy efforts should not be self-serving, unethical, or in conflict with stakeholder interests, ensuring that its actions are transparent, ethical, and aligned with the company's values	NA	P

4.	Equal opportunity and non-discrimination	R & O	A company's failure to promote equal opportunity and non-discrimination can expose a company to legal and regulatory and reputational risks. It can lead to a loss of talented employees and negatively affect employee morale, which can ultimately harm the company's productivity and competitiveness Promoting equal opportunity and non-discrimination can present an opportunity for the firm to build a positive reputation and attract a diverse pool of talented employees. A diverse workforce can bring new perspectives and ideas to the company, leading to increased innovation and creativity. Companies that prioritize diversity and inclusion can have a better understanding of their customers and the communities they serve, which can lead to improved customer relationships and increased brand loyalty.	Mitigation through policy	P & N
5.	Health and safety of employees	R	Inability to prioritize the health and safety of employees can expose a company to legal, regulatory, and reputational risks. This can negatively impact the company's brand image, and employee morale & retention. Additionally, it can lead to lost productivity and increased absenteeism, which can ultimately harm the company's performance.	Mitigation through policy	N
6.	Water and effluents	R & O	Improper water and effluent management can impact the company's brand image, financial performance, and stakeholder relationships. Additionally, water scarcity and pollution can harm biodiversity, disrupt supply chains, and affect the regions where the company operates.	Mitigation through policy	P & N
7.	Policies for ethical behavior	O	Ethical behavior is a key aspect of corporate social responsibility and can contribute to building a positive reputation, attracting customers and investors, and enhancing employee morale and productivity. Ethical behavior can also help a company comply with laws and regulations, reducing the risk of legal and regulatory sanctions and reputational damage	NA	P
8.	GHG emissions and Air pollution	O & R	Managing GHG emissions effectively can present an opportunity for the firm to improve its environmental performance, reduce costs, and build a positive reputation. It can also help attract customers who are increasingly seeking environmentally sustainable services. Air pollution can have significant negative impacts on human health and the environment. It can also lead to potential loss of stakeholder trust due to the negative impact of health and productivity of employees and the surrounding communities.	Mitigation through policy	P

Seamec maintains rigorous policies and procedures in place to ensure that all grievances are received and addressed effectively. This includes the Whistle Blower Policy and the Policy on Protection of Women against Sexual Harassment at the workplace.

Our Whistle Blower Policy, as part of a larger Vigil Mechanism, provides a secure avenue for employees and other stakeholders to voice concerns over any irregularities, perceived misconduct, or unethical behavior within the organization. This policy is designed to uphold our commitment to the highest standards of ethical, moral, and legal conduct of business operations. Individuals raising such complaints are safeguarded against any form of retribution, providing them with the reassurance to speak up without fear of reprisal. In cases deemed appropriate or exceptional, provisions are made for direct access to the Chairperson of the Audit Committee, ensuring the highest level of scrutiny and impartiality.

In our ongoing effort to provide a safe and respectful work environment, we have also instituted the Policy on Protection of Women against Sexual Harassment at the workplace. An Internal Complaints Committee (ICC) has been established to handle and address any grievances related to sexual harassment. The ICC ensures that all complaints are addressed confidentially, promptly, and with utmost sensitivity. The process for submitting and resolving complaints through the ICC is clearly outlined in the policy, which is readily accessible on the Company's website.

In all, these mechanisms reflect Seamec's unwavering commitment to maintaining an open, transparent, and respectful workplace where the concerns and well-being of our employees are treated as a priority.

12. Describe the measures taken by the entity to ensure a safe and healthy workplace.

Seamec is deeply committed to ensuring the health and safety of its employees. Recognizing the potential hazards in the maritime sector, Seamec has established comprehensive safety management measures. This includes stringent adherence to the International Safety Management Code, which sets an international standard for the safe management and operation of ships. The company prides itself on maintaining a Document of Compliance and Safety Management Certificates, demonstrating its commitment to these standards.

In addition to these measures, Seamec conducts thorough risk assessments to ensure the safety of not only its ships and personnel but also the environment. Risk assessments are instrumental in identifying potential hazards, and the company takes proactive steps to establish appropriate safeguards, thereby minimizing the risk of injuries and ill-health.

Seamec believes in the importance of involving its employees in the development and implementation of their Occupational Health & Safety Management System. Employee participation is actively encouraged, as the company values the insights and experiences of its staff in making the workplace safer.

Furthermore, to ensure its employees receive timely and quality medical care in emergencies, Seamec provides group medical insurance coverage. This coverage underscores Seamec's commitment to the welfare of its employees, both on and off duty.

While these measures form the core of Seamec's commitment to safety, the company is always looking for ways to improve and enhance its practices, ensuring that it remains at the forefront of safety and health in the maritime sector.

Leadership Indicators

1. **Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.**

   The Company recognizes the significance of frequent and proactive interaction with its key stakeholders to communicate and improve its strategies and performance effectively. The Company also conducted stakeholder engagement specifically to obtain their feedback on ESG issues. The information from this engagement is utilized by the board to arrive at strategies for Seamec.

   By maintaining ongoing engagement, the Company can enhance its understanding of stakeholder expectations and better meet their needs. The Board is kept apprised of relevant progress, and the Directors are solicited for their inputs on a needy basis.

2. **Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.**

   Yes, the Company conducts materiality assessment through the stakeholder engagement process. The details related to the material topics identified are given in Section A, and the key stakeholders engaged with are elaborated within this chapter itself. The Company is constantly improving its strategies and processes as per the input of stakeholders. One such instance was the training & capacity building conducted for Seamec on human rights after the stakeholders had shown interest in the topic.

3. **Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.**

   The Company's Corporate Social Responsibility (CSR) activities are centered on supporting disadvantaged, vulnerable, and marginalized segments of society. More details on the initiatives and the outcomes are given in the principle 8 chapter and in the CSR section of the Annual Report.

4. **Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business?**

Yes, Head HR / Supervisor

5. **Describe the internal mechanisms in place to redress grievances related to human rights issues.**

At Seamec, we prioritize the respect and protection of human rights. Our internal mechanisms for addressing grievances related to human rights issues are robust and comprehensive, and they include the following steps:

1. **Filing of Grievance:** Any employee who feels their human rights have been violated can make a formal, written complaint to their supervisor or the Human Resources (HR) department. This initiates the grievance process, and confidentiality is maintained throughout.
2. **Investigation:** The HR department or supervisor then conducts a thorough investigation into the matter. This includes engaging with both the person who has lodged the complaint and the party against whom the complaint has been made, as well as any relevant witnesses or involved parties.
3. **Resolution Attempt:** The HR department or supervisor attempts to resolve the issue through dialogue and mutual agreement. This process respects the rights and dignity of all parties involved.

4. **Mediation:** If a satisfactory resolution is not reached, a neutral mediator may be brought in to facilitate further discussion. This mediator could be an internal or external party, depending on the nature of the grievance.

5. **Remedial Measures:** Based on the findings of the investigation and mediation process, the HR department, supervisor, or mediating authority may prescribe appropriate remedial measures or sanctions.

6. **Appeal:** If the aggrieved employee is not satisfied with the outcome, they have the right to escalate their grievance, potentially to a court of law.

In addition to this process, we have specific policies in place to address particular forms of human rights violations:

- **Sexual Harassment Policy:** We have a dedicated committee that oversees and resolves any complaints related to sexual harassment in the workplace.
- **Vigil Mechanism and Whistle Blower Policy:** This policy is designed to address grievances regarding any suspected misconduct or irregularities within the company. In exceptional cases, employees can directly contact the Chairman of the Audit Committee.

We believe in fostering a work environment where human rights are respected and protected. We are committed to continually reviewing and improving our grievance redressal mechanisms to ensure they remain effective and responsive to our employees' needs.

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

As a renowned maritime Company, Seamec is fully committed to sustainable waste management practices that prioritize the health of our oceans and the planet. Our waste management strategy is meticulously designed and executed to ensure compliance with all applicable environmental regulations and standards.

The waste generated aboard our vessels is managed with utmost care, adhering to environmentally sound disposal methods. We employ a systematic, digitized approach to facilitate this process, utilizing the Swachh Bharat site, a government initiative promoting cleanliness and waste management in India.

Upon identifying the type and quantity of waste generated, we select the most suitable port and vendor listed on the Swachh Bharat site. This digital platform not only enables efficient waste tracking and disposal but also ensures transparency and accountability in our waste management practices. The chosen vendor is alerted in advance about the impending waste collection.

Upon the completion of waste collection, the vendor issues a certificate that substantiates the responsible handling and disposal of our waste. This certificate is uploaded onto the Swachh Bharat site for public records and a copy is retained on the vessel for our internal records.

In addition to managing waste, Seamec is dedicated to reducing the usage of hazardous and toxic chemicals in our operations. Our strategy includes prioritizing the use of environmentally friendly alternatives and implementing stringent controls on the usage of any potentially harmful substances.

When the use of hazardous or toxic chemicals is unavoidable, we have implemented robust practices to manage the associated waste responsibly. This includes the segregation of hazardous waste, specialized handling procedures, and ensuring disposal through certified vendors who are equipped to handle such waste.

Our commitment to environmental stewardship underlines all our operations at Seamec. We believe in conducting our business in a way that not only meets our service commitments but also contributes positively to the environment.

Sub: Clarifications with respect to filing the Business Responsibility and Sustainability Report in XBRL

Dear Sir/ Madam,

Pursuant to Circular NSE/CML/2022/34 dated July 8, 2022 and Circular NSE/CML/2023/18 dated February 24, 2023 issued by The National Stock Exchange of India Limited, with respect to filing of the Business Responsibility and Sustainability Report (BRSR Report) in XBRL mode, SEAMEC Limited ("the Company") falls under the category of top 1000 listed entities and accordingly, the Company has prepared the BRSR Report.

As per statutory requirements, the Company has filed the PDF version of the BRSR Report with the Stock Exchange. However, while filing the BRSR Report in XBRL, we were facing certain validation errors, which we were advised by the officials of The National Stock Exchange of India Limited, to resolve, as under:

S. No.	Principle/ Particulars	Current Reporting in the XBRL utility	Clarification
1.	Principle 7 – Number of affiliations with trade and industry chambers/ associations	We have reported 3 affiliations under the heading 'Name of the trade and industry chambers/ associations' and the remaining 7 rows are shown as 'NA'. In the column 'Reach of trade and industry chambers/ associations (State/ National/ International', for the 3 affiliations, we have mentioned the correct 'reach', however, for the remaining 7 rows we have randomly selected 'State/ National' from the drop down menu.	While we have mentioned that the Company is affiliated with only 3 trade and industry chambers/ associations, the XBRL utility mandates us to fill 10 names, without which there is a validation error. Hence, the remaining 7 have been mentioned as NA with random selections for 'reach'.
2.	Tab – 'Details of CSR Project'	Under the heads 'No. of persons benefitted from CSR projects' and '% of beneficiaries from vulnerable and marginalized groups', we have mentioned 0 against each of the contributions made towards CSR.	Since the Company is unable to ascertain the number of beneficiaries and the XBRL utility only accepts numerical values, we have mentioned 0 against each of the CSR disbursements.

The PDF filing of the BRSR Report is being revised only to the extent of including this clarification.

You are requested to take the same on record.

Thanking you,
For **SEAMEC Limited**

S.N. Mohanty
President – Corporate Affairs, Legal and Company Secretary
