About SEDEMAC Mechatronics Limited (BSE: 544723 and NSE: SEDEMAC)

We are a supplier of control-intensive, critical-to-the-application electronic control units (“ECUs”) to leading original equipment manufacturers (“OEMs”) in the mobility and industrial markets in India, the United States, and Europe. The majority of our revenue from operations is attributed to products which incorporate novel control technologies that are conceived and developed entirely in-house, enabling us to offer fresh proprietary solutions that provide distinct value to end-users or our OEM customers. Several of these unique technologies have achieved widespread adoption across the sectors we serve.
