FACILITY'S CARGO-HANDLING CAPACITY PEGGED AT 18.33 MT

Essar Ports wins ₹2.28K-cr Kandla Terminal project

FE BUREAU
Ahmedabad, October 21

ESSAR PORTS HAS received a Letter of Award (LOA) from Deendayal Port Authority (DPA) on a Build, Operate and Transfer (BOT) basis under the Public-Private Partnership (PPP) mode for the development of a multipurpose cargo terminal at Tuna Tekra in Kandla (Gujarat).

Essar Ports emerged as the highest bidder through a global competitive bidding process.

According to a company release on Wednesday, the total project cost is estimated at ₹2,276.06 crore, including an investment of over ₹1,552.57 crore by Essar Ports and ₹723.49 crore by DPA. The project marks a significant step in Essar Ports' strategy to expand its portfolio and strengthen its presence in India's port infrastructure sector, it said.

Strategically located on India's western coast, the proposed terminal is a significant step towards strengthening the country's maritime infrastructure, enhancing cargo-handling capacity and facilitating trade growth.

ASHISH RAJGARHIA, CEO, ESSAR PORTS

The Tuna-Tekra project marks a defining moment for Essar Ports as we embark on a new journey to rebuild and expand our ports business

With an investment of approximately ₹2,000 crore, this project will serve as the foundation for our next phase of growth

The proposed terminal will have an annual cargo-handling capacity of 18.33 million tonne and comprise four berths, each measuring 300 metres, providing an aggregate berth length of 1,200 metres. The facility is designed to accommodate Cape-size vessels of up to 170,000 deadweight tonne (DWT), with draft capability of up to 18 metres. As part of the project, DPA will provide common-user infra-

structure, including dredging of the access channel, berth pockets and turning circles, along with a common approach road. The terminal will be developed and operated in accordance with applicable environmental requirements and the Green Port Policy.

The development of additional cargo-handling infrastructure is also expected to ease pressure on existing dry-cargo

berths, improve operational efficiency and strengthen multimodal connectivity. The use of larger vessels is expected to support more efficient shipping and improve logistics competitiveness.

Essar Group is a global conglomerate with over five decades of entrepreneurial experience in conceptualising, investing, building, and operating world-class assets across the energy, infrastructure, metals & mining, technology & retail sectors.

The company's current ports portfolio comprises approximately 60 MTPA of operational capacity across Gujarat, Indonesia and the United Kingdom. Through Essar Ports, the group is expanding its port business in India and international markets.

Commenting on the development, Ashish Rajgarhia, CEO, Essar Ports said, "The Tuna-Tekra project marks a defining moment for Essar Ports as we embark on a new journey to rebuild and expand our ports business. With an investment of approximately ₹2,000 crore, this project will serve as the foundation for our next phase of growth."

Adani Green Q2 profit rises 15% to ₹673 crore

RAGHAVENDRA KAMATH
Mumbai, October 21

BEATING ANALYST ESTIMATE, Adani Green Energy posted a 15.4% jump in net profit at ₹673 crore in second quarter of the current financial year, compared to ₹583 crore in Q2FY26. Analysts expected a net profit of ₹593 crore. The company reported a 42% jump in revenue at ₹4,258 crore during the quarter, compared to ₹3,008 crore in Q2FY26. The analysts had pegged revenue at ₹4,068 crore.

It's earnings before interest, taxes, depreciation and amortisation (Ebitda) surged 46% to ₹3,797 crore, against analyst expectation of ₹3,600 crore.

Ashish Khanna, CEO, Adani Green Energy, said that their operational renewable energy portfolio has grown 24% y-o-y to 20.8 GW and energy sales increased by 32%, supporting robust operating performance across their solar, wind and hybrid assets. "Performance during the quarter was equally strong with energy sales increasing 33% y-o-y and revenue from power supply increasing 45% y-o-y to ₹4,019 crore, while Ebitda from power supply grew 51% y-o-y," Khanna said.

NOTICE

NOTICE is hereby given that in accordance with the powers delegated by HDFC Trustee Company Limited, the Trustee to HDFC Mutual Fund ("the Fund"), the following Distribution under Income Distribution cum Capital Withdrawal ("IDCW") Options is declared under **HDFC Balanced Advantage Fund**, an open ended dynamic asset allocation fund investing in debt and equity instruments only ("the Scheme") and **Monday, October 26, 2026** (or the immediately following Business Day, if that day is not a Business Day) is fixed as the Record Date for the same:

Name of the Scheme / Plan(s) / Option(s)	Net Asset Value ("NAV") as on October 19, 2026 (₹ per unit)	Amount of Distribution (₹ per unit) #	Face Value (₹ per unit)
HDFC Balanced Advantage Fund - Regular Plan - IDCW Option (Payout and Reinvestment)	34.485	0.250	10.00
HDFC Balanced Advantage Fund - Direct Plan - IDCW Option (Payout and Reinvestment)	41.169		

#Amount of distribution per unit will be the lower of the amount indicated above or the available distributable surplus (rounded down to a multiple of five at the third decimal) as on the Record Date.

Pursuant to the Distribution, the NAV of the IDCW Option(s) of the above Scheme would fall to the extent of such distribution and statutory levy, if any.

Amount will be paid, net of applicable tax deducted at source (TDS), to those Unit holders / Beneficial Owners whose names appear in the Register of Unit holders maintained by the Fund / Statements of Beneficial Ownership maintained by the Depositories, as applicable, under the IDCW Option(s) of the aforesaid Scheme on the Record Date (including investors whose valid purchase / switch-in requests are received by the Fund and the funds are available for utilization before cut-off timings in respect of the aforesaid Scheme, on the Record date).

With regard to Unit holders who have opted for Reinvestment facility under the IDCW Option(s), the amount due (net of applicable TDS) will be reinvested, by allotting Units at the applicable NAV per Unit (adjusted for applicable stamp duty).

As mandated under SEBI (Mutual Funds) Regulations, 2026 and Master circular for Mutual Funds dated March 20, 2026 for redemptions and IDCW declared, payout will be done only through electronic mode(s), even where a Unit holder has opted to receive physical instruments.

Thus, payment of such amounts shall be made through physical instruments, only in exceptional circumstances for reasons to be recorded by the AMC. Accordingly, unit holders who have opted for / have earlier received physical instruments are requested to update their bank account details by / sending us a copy of a cancelled cheque of first / sole holder's bank account.

All updations of PAN, KYC, email address, mobile number, nominee details, etc. should immediately be forwarded to the Investor Services Centers of the Fund (for units held in non-demat form) / Depository Participant (for units held in demat form). Unit holders are also advised to link their PAN with Aadhaar Number. Further, Unit holders can view the Investor Charter available on website of the Fund as well as check for any unclaimed redemptions or IDCW payments.

In view of individual nature of tax consequences, each investor should seek appropriate advice.

Ingredient awareness is reshaping India's beauty market: Nykaa

MITALI
New Delhi, October 21

INDIA'S BEAUTY CONSUMERS are becoming more selective about what they buy, with greater attention to ingredients, efficacy and products tailored to individual needs. The shift is also widening interest in categories such as Korean beauty, derma-cosmetics, premium skincare, fragrances and wellness, said Anshu Nayar, executive director and CEO, Nykaa Beauty. "Over the past decade, the Indian beauty consumer has become more informed, experimental and discerning," Nayar told FE.

Nykaa's Korean beauty portfolio recorded 58% year-on-year Gross Merchandise Value (GMV) growth in FY26 and includes more than 70 brands. The

company expects further growth in the segment. Interest in Korean beauty has moved beyond being a trend driven by Korean popular culture, Nayar said, adding the category is gaining from its focus on formulation, skin health and ingredient-led skincare.

This year's edition of Nykaa Land in Delhi during October 23-25 will showcase a dedicated Korean beauty zone, with brands such as Laneige, Round Lab, Medicube, TIRTIR, Beauty of Joseon and SKIN1004. The event will include more than 80 homegrown and international brands this year.

Nayar added that consumers are increasingly willing to experiment across categories and brands. "They are also increasingly interested in ingredients, efficacy and formulation, while expecting products to address their specific needs and preferences," he said. For the beauty industry, this means product information, demonstrations and recommendations becoming more important, as shoppers become more informed and aware.

Carmakers bet on Diwali rush as bookings surge

PARTHO BANERJEE,
SENIOR EXECUTIVE
OFFICER, MARUTI SUZUKI

We began Oct with pending bookings of around 200,000, which have increased to 270,000 after Dussehra

AKBAR MERCHANT
Mumbai, October 21

AUTOMAKERS ARE COUNTING on a strong Diwali buying season to sustain festive demand with rising bookings at Maruti Suzuki, robust deliveries at Tata Motors and healthy registrations at Hyundai Motor India prompting companies to step up production and improve vehicle availability.

The focus has now shifted to converting the demand pipeline into deliveries during the Dhanteras-to-Diwali period.

Maruti Suzuki's pending bookings have risen from around 200,000 units at the beginning of October to 270,000 after Dussehra, indicating a sizeable order pipeline ahead of the final festive sales push.

TARUN GARG, MANAGING
DIRECTOR AND CEO,
HYUNDAI MOTOR INDIA

Considering the pace of bookings, we expect momentum to continue through Dhanteras and Diwali

AMIT KAMAT, CHIEF
COMMERCIAL OFFICER,
TATA MOTORS PV

We are seeing strong festive cheer resulting in robust demand across our multi-powertrain portfolio of cars & SUVs

The country's largest carmaker expects the positive trend to continue, projecting double-digit growth over the entire festive period until Diwali.

"We began October with pending bookings of around 200,000 units, which have increased to 270,000 units after Dussehra. We are making every effort to maximise deliveries and serve our customers," Partho Banerjee, senior executive officer, Maruti Suzuki, said.

The company reported a 35% increase in retail sales between Ganesh Chaturthi and Dussehra, with small-car sales growing around 16% and SUV sales doubling. However, its retail sales during Navratri were almost at the same level as last year, suggesting that the broader festive performance remains uneven.

Tata Motors Passenger Vehicles delivered more than 50,000 vehicles during Navratri, including

over 10,000 on Dussehra alone. The company is ramping up production and sharpening logistics to improve the availability of high-demand models and variants ahead of Diwali.

"We are seeing strong festive cheer resulting in robust demand across our multi-powertrain portfolio of cars & SUVs, with improved customer sentiment driving higher showroom walk-ins, enquiries, bookings and deliveries," Amit Kamat, chief commercial officer, Tata Motors Passenger Vehicles, said.

Hyundai Motor India has also reported encouraging demand, supported by sales during Onam and Ganesh Chaturthi. Registrations during Shradh and Navratri grew 30% year-on-year to nearly 41,000 units, said MD and CEO Tarun Garg. "Considering the pace of bookings, we expect momentum to continue through Dhanteras and Diwali," he said.
