Commenting on the results, Raman Bhatia, Managing Director, Servotech Renewable Power System said, “While this quarter presented certain challenges, we view it as part of a healthy growth journey. Our strategic initiatives, operational enhancements, and continued investments in innovation have strengthened our foundation for long-term success.

Servotech remains focused on capturing emerging opportunities in the renewable energy sector, expanding our footprint, and enhancing efficiency across operations. With a resilient team, clear vision, and robust market demand ahead, we are confident that the coming quarters will reflect stronger performance and reaffirm our commitment to driving India’s transition toward sustainable, renewable energy solutions.”

Disclaimer:

This press release contains "forward- looking statements" that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "should" or "will." Forward-looking statements by their nature address matters that are to different degrees, uncertain. For us, uncertainties arise from the behavior of financial, software and real estate industry, from future integration of businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different from those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
