## **PRESS RELEASE**

New Delhi, 27<sup>th</sup> February 2025

# **Servotech & CIMSME Launch User-Friendly Mobile App, Accelerating 1 Lakh Solar Home Target by 2026 under PM Surya Ghar Yojana**

**New Delhi, 27th Feb 2025: Servotech Renewable Power System Ltd.** (NSE: SERVOTECH), a leader in sustainable energy solutions, and the **Chamber of Indian Micro, Small & Medium Enterprises (CIMSME)** have signed MoU to significantly boost the adoption of solar energy across India. In support of the **PM Surya Ghar Muft Bijli Yojana**, they aim to install 100,000 solar rooftop systems in homes by 2026.

A key component of this initiative is the launch of a dedicated, user-friendly mobile application, developed by **CIMSME** in collaboration with **Servotech**. This app simplifies the entire solar adoption process, offering homeowners a seamless experience from initial roof inspection and documentation to installation, system monitoring, and subsidy application assistance.

To ensure efficient nationwide implementation, **CIMSME will mobilize a network of approximately 30,000 individuals**. Operating on a PIN code basis, this dedicated workforce will facilitate sales, provide on-the-ground support, and oversee the installation process.

Servotech, already registered with **62 DISCOMs** across the country, will provide comprehensive end-to-end solar solutions, including the installation of Solar Photovoltaic Generation Systems (SPGS) ranging from 2kW to 10kW, tailored to meet diverse household energy needs. The company will also provide ongoing maintenance services to ensure optimal system performance.

**Raman Bhatia, Founder and Managing Director of Servotech Renewable Power System Ltd.** said This collaboration and the launch of our mobile app represent a significant leap forward in making solar energy accessible to every Indian household. By combining our expertise with CIMSME's extensive network, we are empowering communities and driving the nation towards a sustainable future.

**Mukesh Mohan Gupta, President of CIMSME** said We are excited to collaborate with Servotech on this transformative project. In alignment with the vision of the Hon'ble Prime Minister towards sustainable development and enhance the wellbeing of the people, this initiative is a significant step towards nation-building. It also promotes ESG (Environmental, Social, and Governance) objectives, and accelerating solar adoption across India to ensure renewable power reaches to the last mile beneficiary, Mr. Gupta added."
