Immediate Press Release

29th September 2025

Servotech Renewable Power System Ltd. Bags Order of 3 MW Solar Rooftop Project from Northern Central Railway Agra Division

New Delhi, September 29, 2025: Servotech Renewable Power System Ltd. (NSE: SERVOTECH), India's leading solar solutions manufacturer, is delighted to announce that it has bagged a **3 MW grid-connected** rooftop solar project from the **Northern Central Railway, Agra Division** value at ₹13 Crore. This milestone reflects Indian Railways' continued trust in Servotech's capabilities and reinforces its role in driving India's clean energy transition.

As per the contract, Servotech Renewable will undertake the complete execution of the on-grid rooftop solar PV project, including **design, manufacturing, supply, installation, testing, and commissioning** of solar panels of different capacities across multiple railway sites in the Agra Division. This initiative aligns with Indian Railways' sustainability vision by reducing dependence on conventional energy sources and adopting renewable energy at large-scale to cut carbon emissions.

Speaking of the project, Sarika Bhatia, Director, Servotech Renewable Power System Ltd. said, "This project stands as a testament to the trust Indian Railways places in Servotech Renewable as a reliable renewable energy brand. Over the years, our consistent delivery of impactful solar solutions has strengthened this partnership and showcased our ability to execute large-scale projects with excellence. We take immense pride in contributing to Indian Railways' green vision and remain dedicated to advancing sustainable energy adoption across the nation with innovative, high-performance solar technologies."
