Investor Presentation

January 29, 2026

Seshaasai Technologies Limited

This presentation and the accompanying slides (the "Presentation"), which have been prepared by Seshaasai Technologies Ltd. (the "Company"), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company's market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company's ability to successfully implement its strategy, the Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company's market preferences and its exposure to market risks, as well as other risks. The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Financial Overview

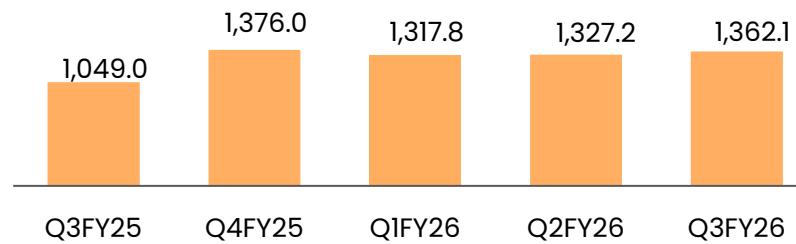

- Retained our **wallet share** with our top 10 customers.
- Top 10 customers contributed 78.5% of the revenue for 9MFY26 against 75.61% for 9MFY25.
- Added **2 new accounts** – Banks/FinTechs–Payment cards.
- Added **4 new accounts** – Metal Cards–Banks/FinTechs.
- Won **4 tenders (Multi-year contracts)** in this quarter.
- Metal cards are witnessing **growing interest** across our PSU & Private bank customers.
- Shortlisted by a **Global FinTech** to supply metal and PVC cards globally.
- **Order received** from a global payment scheme for Payment Stickers- endeavor to broad base next-gen non card form factors.
- Received the **maiden order for wood cards** from an Indian bank, first in the Indian market, continuing our tradition of innovation and leadership.
- Filed for **3 patents** for innovations in this vertical.
- We launched cards for 9 customers during Global FinTech Fest (GFF 2025)

Key Growth Drivers

- Metal cards is a differentiating factor to onboard HNI customers.
- High entry barriers with significant capacity gives Seshaasai a strong moat.
- More co-branded premium cards (airlines, travel, lifestyle, fintech).
- Growth of inter-operable mass transit cards across metros & buses.
- Govt. schemes like PMJDY, KISAN Credit card, MSME Card etc.
- Credit card issuance growth as India remains highly under penetrated (<5%)
 - Govt. push through schemes like Kisan Credit card, MSME Credit Card, SVANidhi Credit Cards etc.
 - Private banks pushing for premiumisation & differentiating unboxing experience

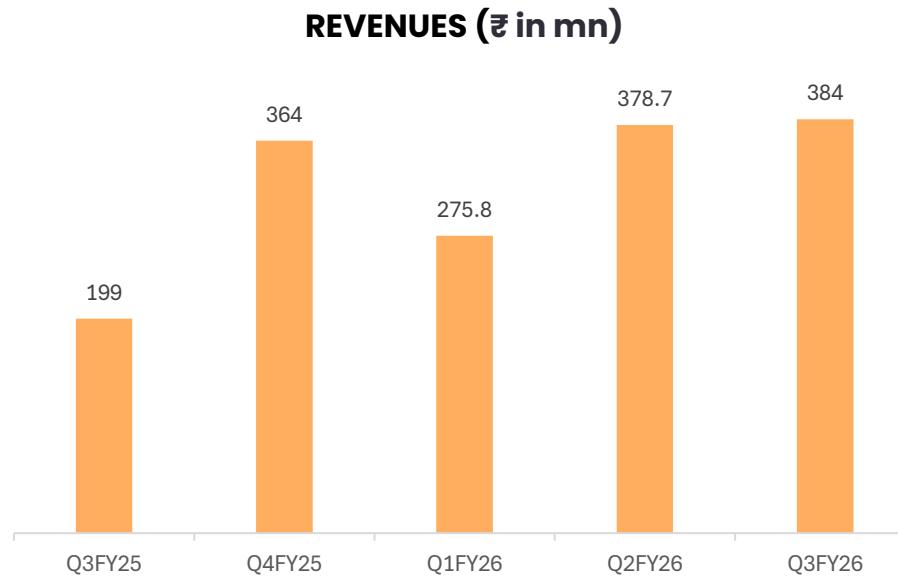

REVENUES (₹ in mn)

- Increased our **wallet share** with our existing customers.
- Added **3 new accounts** for Integrated Logistics Management (ILM) portfolio in this quarter.
- Won **2 tenders (Multi-year contracts)** during this quarter.
- 9MFY26 revenue in CFS **surpassed 90% of the full year** revenue of FY25.

Key Growth Drivers

- Post DPDP act, heightened focus on data privacy, auditability, and secure handling of customer information is encouraging BFSI clients to consolidate volumes with compliant, certified service providers.
- Banks & FinTechs looking for Integrated Solutions Provider to meet cards/print/fulfillment needs to reduce dependency on multiple vendors.

- **Increased our wallet share** across renewables, retail, exporters and others.
- Commenced the **third IoT production facility** at Chennai for better logistical reach.
- **6 new wins** across various sectors.
- Continuing to develop **new tags for new use cases** and industries.
- Chip bonding, conversion and allied activities **scale up underway**.
- Filed **3 patents in the IoT vertical** continuing our innovation.
- Awarded as **Partner of the Year** at The Intelligent Ecosystem Summit – 2025 by Avery Dennison.

Key Growth Drivers

- RFID powered retail is a necessity and not a luxury anymore
- Global retailers (Using RFID) moving their sourcing to India in view of geo-political instability
- The value fashion segment is a key growth driver; estimated at Rs 3.5 lakh crore in 2023–24, it's expected to reach around Rs 5 lakh crore by FY30*
- The EU's FTA & Digital Product Passport (DPP), which becomes mandatory from 2027 for priority product groups, with full rollout by 2030, starting with textiles, furniture, iron, steel, aluminum, and energy-related products.
- Walmart and Google partnering for e-Commerce through Gemini AI Assistant necessitates real-time inventory visibility.
- Use of AI in retail & e-Commerce will further accelerate RFID adoption.

Consolidated Financial Summary – Q3FY26 & 9MFY26 (1/3)

(Figures in INR Million)

Particulars	Q3FY26	Q3FY25	Δ (YoY)	% Change
Revenue from Ops	3,737.45	3,394.21	+343.24	+10.1%
Other Income	50.98	32.69	+18.29	+56.0%
Total Income	3,788.43	3,426.90	+361.53	+10.5%
COGS	2,055.44	1,904.27	+151.17	+7.9%
Employee Costs	186.79	145.48	+41.31	+28.4%
Other Expenses	556.84	496.27	+60.57	+12.2%
Depreciation	118.31	106.77	+11.54	+10.8%
Finance Cost	23.64	81.49	-57.85	-71.0%
PBT	862.56	618.03	+244.53	+39.6%
Tax	223.44	81.05	+142.39	+175.7%
PAT	640.86	536.98	+103.88	+19.3%

Remarks

Q3 FY26 delivered a strong profitability-led performance, with Revenue from Operations increasing by 10.1% YoY to ₹3,737.45 Mn.

YoY growth in Q3 FY26 was driven primarily by Communication & Fulfilment Solutions (+₹313.06 Mn, +29.8%) and IoT (+₹184.97 Mn, +92.9%), which more than offset the marginal decline in Payment Solutions (-₹138.10 Mn, -6.5%). The quarter reflects a positive mix shift, with IoT emerging as a meaningful incremental growth engine.

EBITDA expanded sharply YoY, aided by a significant improvement in gross margins, as COGS growth (+7.9%) remained well below revenue growth. This was due to price advantages across key raw materials such as chips, paper – due to better procurement management and credit terms.

Employee costs grew primarily due to organisation wide salary revisions during the quarter and incremental hiring in IOT and others verticals.

Finance costs declined by 71.0% YoY, driven by substantial debt reduction (repayment of ₹3000 Mn) and higher interest income. As a result, PBT grew by 39.6% YoY, outpacing revenue growth.

PAT increased by 19.3% YoY to ₹640.86 Mn. While tax outgo rose in line with higher profitability and normalisation of effective tax rate in this quarter.

Overall, Q3 FY26 performance was due to structural improvements in gross margin aided by reduction in finance costs.

Consolidated Financial Summary – Q3FY26 & 9MFY26 (2/3)

(Figures in INR Million)

Particulars	Q3FY26	Q2FY26	Δ (QoQ)	% Change
Revenue from Ops	3,737.45	3,523.41	+214.04	+6.1%
Other Income	50.98	10.73	+40.25	+375.0%
Total Income	3,788.43	3,534.14	+254.29	+7.2%
COGS	2,055.44	1,903.94	+151.50	+8.0%
Employee Cost	186.79	165.85	+20.94	+12.6%
Other Expenses	556.84	509.26	+47.58	+9.3%
Depreciation	118.31	116.18	+2.13	+1.8%
Finance Cost	23.64	74.99	-51.35	-68.5%
PBT	862.56	759.95	+102.61	+13.5%
Tax	223.44	184.66	+38.78	+21.0%
PAT	640.86	576.40	+64.46	+11.2%

Remarks

Q3 FY26 witnessed healthy sequential momentum, with Revenue from Operations rising by 6.1% QoQ, reflecting improved demand traction and execution across segments.

The QoQ sequential increase in ops revenue of ₹214.04 mn was driven predominantly by Payment Solutions, which contributed more than ~82% of total QoQ growth.

Operating costs scaled broadly in line with revenue along with employee costs rising due to organisation wide salary revisions. Despite this, operating leverage remained intact.

A significant driver of QoQ profitability improvement was the reduction in finance cost (-68.5% QoQ), resulting from debt reduction.

Consequently, PBT increased by 13.5% QoQ, while PAT grew by 11.2% QoQ to ₹640.86 Mn. The quarter also benefited from higher other income, mainly due to higher interest earnings.

Overall, Q3 FY26 demonstrated strong sequential profitability improvement, supported by operating scale and a structurally lower interest burden.

Consolidated Financial Summary – Q3FY26 & 9MFY26 (3/3)

(Figures in INR Million)

Particulars	9MFY26	9MFY25	Δ (YoY)	% Change
Revenue from Ops	10,369.59	10,950.74	-581.15	-5.3%
Other Income	85.14	71.80	+13.34	+18.6%
Total Income	10,454.73	11,022.54	-567.81	-5.1%
COGS	5,777.96	6,321.00	-543.04	-8.6%
Employee Cost	502.40	453.26	+49.14	+10.8%
Other Expenses	1,586.19	1,433.74	+152.45	+10.6%
Depreciation	344.69	310.96	+33.73	+10.8%
Finance Cost	176.26	251.89	-75.63	-30.0%
PBT	2,172.26	2,126.55	+45.71	+2.1%
Tax	589.45	533.10	+56.35	+10.6%
PAT	1,585.66	1,593.45	-7.79	-0.5%

Remarks

For the nine months ended December 2025, Revenue from Operations declined by 5.3% YoY to ₹10,369.59 Mn.)

YoY decline for 9MFY26 was primarily due to decline in revenue from Payment solutions (-₹1938.72 Mn, -26.9%) which was offset by growth in the other two verticals viz Communication & Fulfilment Solutions (+₹1038.14 Mn, +35%) and IoT (+₹339.43 Mn, +48.6%).

Despite the topline decline, operating performance remained resilient with improved product mix. COGS reduced by 8.6% YoY, indicating effective cost optimisation and better manufacturing efficiencies. This helped protect gross margins across the period.

Finance cost declined by 30.0% YoY, driven by debt reduction, partially offsetting the impact of higher employee and operating expenses associated with scale and capability build-up.

As a result, PBT improved by 2.1% YoY, while PAT remained broadly stable at ₹1,585.66 Mn, with only a marginal decline of 0.5% YoY. More importantly, PAT margins expanded on both operational revenue and total income, highlighting improved earnings quality.

Overall, the 9M FY26 performance underscores a structurally stronger cost base, improved capital structure, and enhanced margin resilience, positioning the company well for sustainable profitability going forward.

Passive Tags

- Soft and hard RFID tags for light and rugged use.
- Multiple form factors for products, pallets, assets, equipment.
- Three manufacturing sites across India.
- Ready for high-volume, consistent deployment.
- Suited to retail, logistics, manufacturing, healthcare, and more.
- In-house chip bonding.
- In-house antenna and tag engineering for optimized performance.

Active Tags-BLE

- Real-time location tracking (RTLS)
- UWB & BLE-based devices
- Multiple tag and anchor form factors
- Indoor positioning & proximity sensing
- Asset, people, and workflow tracking
- Scalable enterprise deployments

Active Tags-Data Loggers

- IoT-based data loggers
- Temperature & humidity monitoring
- Cold chain & supply chain visibility
- Real-time alerts & analytics
- Cloud-based monitoring platform
- Compliance-focused deployments

RFID Tunnel

RFID Kiosk

RFID Cabinet

Complete RFID hardware suite: tunnels, cabinets, kiosks, gateways.

High-speed RFID tunnels for bulk, in-motion scanning.

Smart RFID cabinets for secure, always-accurate inventory.

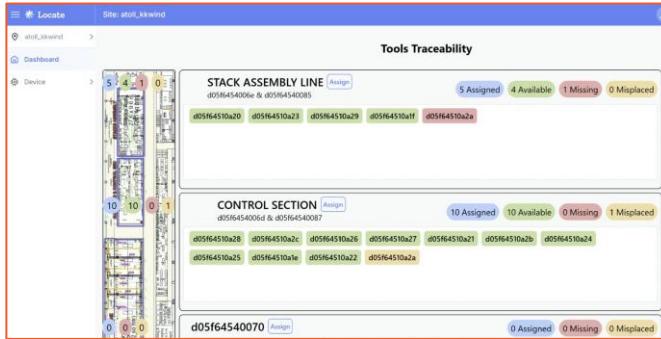

RFID kiosks for self-service checkout, returns, and asset flows.

In-house antenna and device engineering for superior read performance.

Integration-ready hardware designed for scalable automation projects.

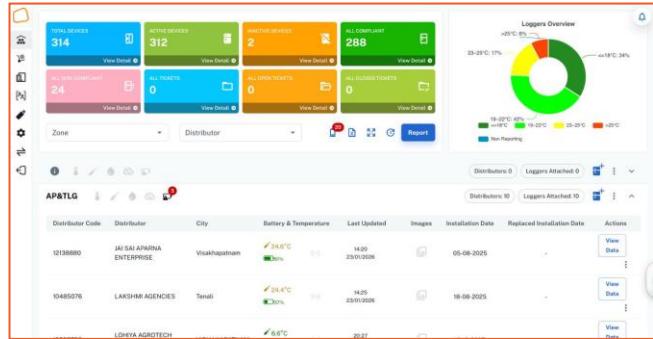

BLE/UWB App

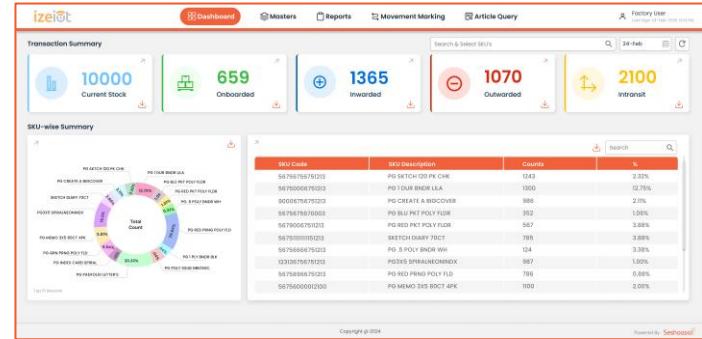

- Sensor-based location intelligence platform
- Enables real-time location and condition insights
- Works indoors, in-plant, and in-transit
- Tracks assets, people, and materials
- Utilizes existing IT infrastructure
- Delivers faster ROI with lower capex

Data Loggers App

- AI agent for safety information
- Continuous real time monitoring of environment
- Control Tower setup for multi region monitoring
- Alerts on SMS, email, apps
- Automated reports for audits
- Multi level user configuration

RFID App

- Integrates with RFID systems
- Tracks product movement across the supply chain
- Connects devices and collects secure data
- Analytics at scale
- Supports GPS, GSM, Wi-Fi, BLE, HF, and UHF
- Available on cloud and handheld devices

izeiot is Seshaasai's proprietary IoT platform that connects devices, collects secure data, and powers traceability and analytics across industries. It integrates with RFID systems and uses communication technologies like GPS, GSM, Wi-Fi, BLE, HF, and UHF.

Offered as a PaaS solution, izeoT combines data security and RFID innovation to boost efficiency and ensure compliance.

RUBIC is a data processing engine that applies business rules to transform encrypted input into personalized outputs. Initially built for the BFSI sector, it now serves multiple industries by integrating with ERP, CRM, inventory, and warehouse systems.

RUBIC supports secure, layout-based communications and has been extended for IoT applications like generating RFID tags, labels, and delivery documents.

eTaTrak is an AI-powered logistics and deliverables management platform that unifies enterprises, logistics partners, production teams, and customers on a single system. It offers real-time traceability of physical and digital communications, helping businesses cut costs, improve efficiency, and enhance customer satisfaction.

By integrating supply chains with enterprise systems, it ensures end-to-end shipment visibility and on-time deliveries, serving as the operational backbone for e-commerce and financial institutions.

IOMS (Integrated Output Management System) is a centralized platform that manages the design, generation, and distribution of high-volume communications across physical and digital channels. It ensures consistency, compliance, and speed by integrating with core enterprise systems and supporting personalized outputs at scale.

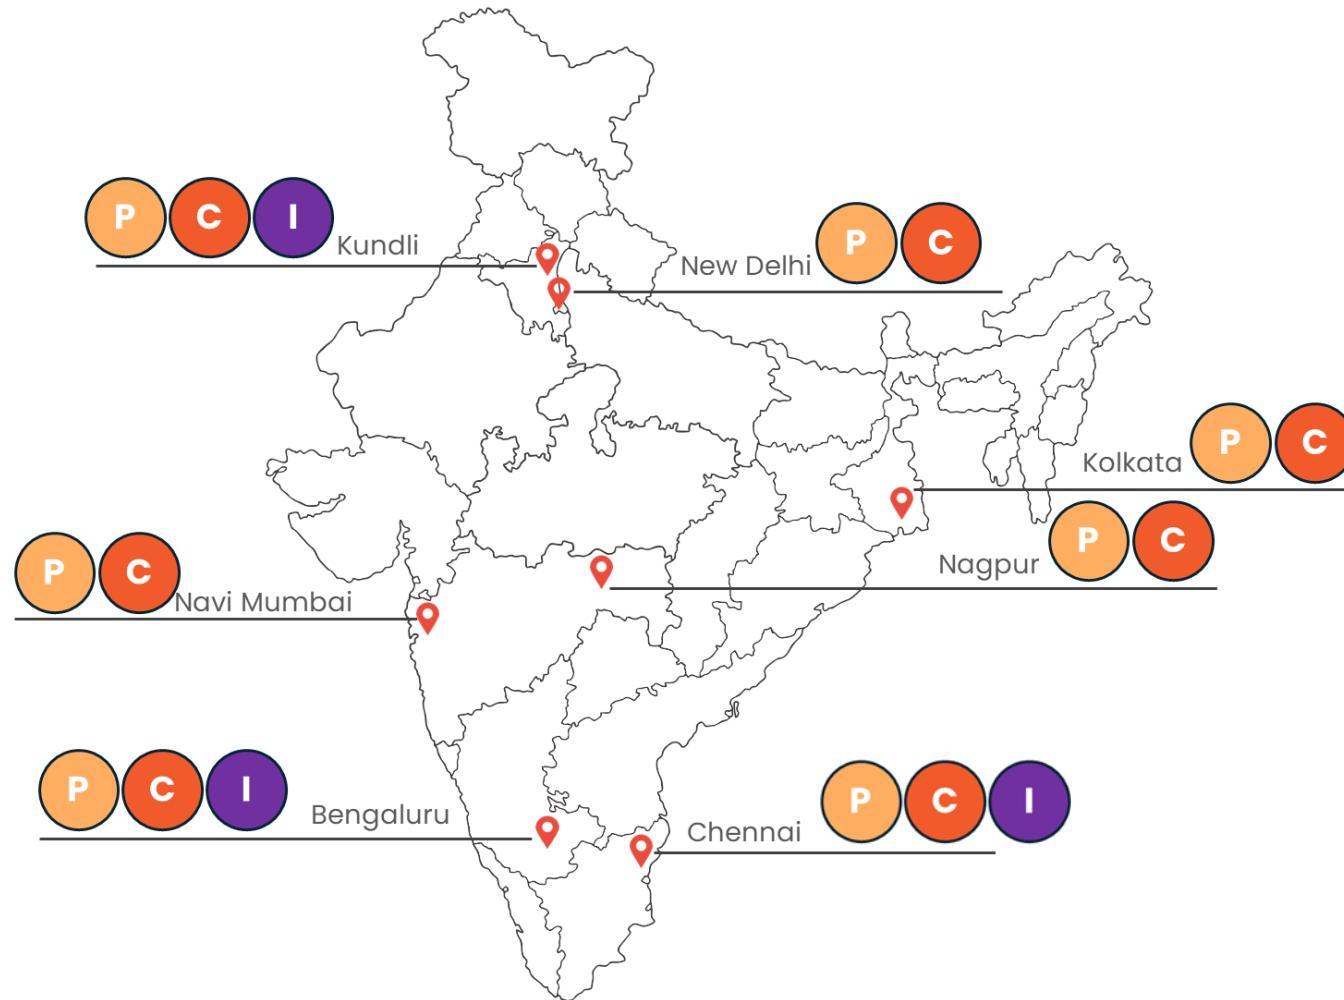

Ideal for banks, insurers, and large enterprises, IOMS streamlines complex document workflows with efficiency and accuracy.

IPO Funds Utilisation

IPO Funds Utilisation Update (Q3FY26)

#	Objects	Amount as per offer document (Rs in Millions) (A)	As at beginning of the quarter (Rs in Millions) (B)	During the quarter (Rs in Millions) (C)	As at end of the quarter (Rs in Millions) (B+C)	Unutilized amount (Rs in Millions) (A-B-C)
1	Capex	1,979.13	-	342.84	342.84	1,636.29
2	Repayment of Borrowings	3,000.00	700.02	2,299.98	3,000.00	-
3	Issue Expenses	350.62	-	36.56	36.56	314.06
4	General corporate purposes	670.25	-	79.01	79.01	591.24
Total		6,000.00	700.02	2,758.40	3,458.42	2,541.58

1. Repayment of Borrowings

Following the IPO, the Company undertook a significant deleveraging exercise, resulting in a sharp reduction in overall borrowings from ₹3,528.89 million as at March 31, 2025 to ₹464.19 million as at December 31, 2025, representing an 87% reduction in total debt. Short-term borrowings witnessed the steepest decline, reducing by ₹2,071.59 million (94%), reflecting repayment of working capital facilities and current maturities, while long-term borrowings reduced by ₹993.11 million (74%) during the period.

This substantial deleveraging was primarily funded through IPO proceeds, in line with the stated objects of the issue, and has materially strengthened the Company's balance sheet.

2. Capital Expenditure

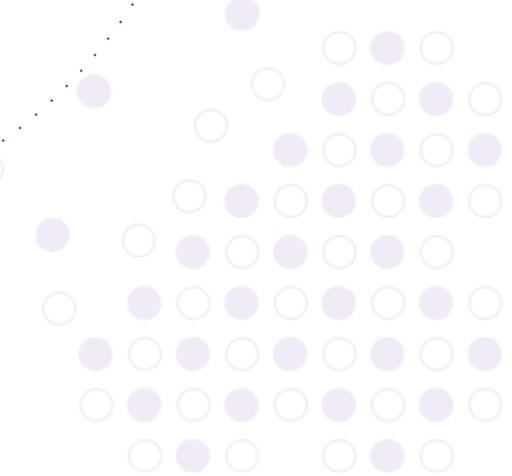

Capex during Q3 FY26 aggregated to ₹3,42.84 Mn, the IoT vertical, which accounted for ~65% of total investments. These investments primarily relate to semiconductor chip bonding, RFID converting, and allied equipment.

Payment Solutions accounted for ~22% of CAPEX (₹74.41 Mn), driven by investments in high-end security printing infrastructure, while ~14% (₹46.74 Mn) was invested in Communication & Fulfilment Solutions (CFS) to support the expansion of existing manufacturing capacity.
