**Message from the desk of
Chairman & Managing Director
Shri Harish Sheth**

Dear Shareholders,

Your company Setco Auto has made positive strides by navigating the complexities of a rapidly changing industry landscape. The past year was one of recalibration and resilience, where we successfully overcame significant challenges and strengthened our foundation for a prosperous future. While India has distinguished itself as the fastest-growing economy, with an estimated growth rate of 7.6% for FY 2023-24, our government has been executing massive infrastructure initiatives over the last 10 years and this is expected to take a further notch up in the coming years. Spurred by these ambitious plans, the Indian commercial vehicle industry is also expected to grow commensurately. As we look ahead, the outlook remains optimistic, with India continuing to strengthen its push for seamless connectivity.

The global economy has faced multiple disruptions over the past few years, including supply chain disturbances, rising commodity prices, increased inflationary pressures, and higher interest rates. These challenges persisted as we entered calendar year (CY) 2023, leading to lower global growth expectations. However, the situation improved in the second half of the year, with demand recovering in many economies.

At Setco, our commitment to being the preferred partner for our customers has remained unwavering. Our pillars of growth have our new energetic leadership, innovation and new product development, and market focus that have helped us earn the trust of customers. During the fiscal year, we focused on enhancing operational efficiencies, optimizing our plants to serve as multi-product facilities aligned with our long-term goals. These initiatives are essential as we prepare to drive future growth and continue adapting to an evolving market.

Throughout the year, we remained committed to exceeding customer expectations by delivering high-quality products that set new industry benchmarks. Our emphasis on innovation and operational excellence ensured that we maintained our competitive edge, even in a dynamic and challenging market environment.

The company is happy to inform that the restructuring of Lavacast has been successfully completed and the repayment is aligned with the expected cashflow, moreover the operating parameters of Lava Cast along with all other Foreign subsidiaries have turned into a positive direction which will give immense support to the growth of Setco Auto. To add to this we have launched our new range of Setco Allied Products that compliment our clutch line in the MHCV and LCV distribution portfolio such as flywheels, bearings, brakes, lubricants and oil and many more. The company has also positively made strides to develop a new range of clutch for the Farm Equipment Sector.

Looking forward, we are optimistic about the opportunities that lie ahead. Our medium-term strategy focuses on driving growth by increasing our market share and presence with our prestigious OE customers. Additionally, we are committed to developing new products that meet the evolving needs of our customers, particularly in the commercial vehicle segment, where we continue to innovate.

We have launched the first phase of App "Setco Connect" with our Drive Rewards program through which we will be connected to the Retailers and Mechanics. Migration of our accounting system to advanced SAP S4 Hana is implemented.

The journey of the Setco Foundation's engagement with the local communities is now close to fifteen years. We have grown from adopting one anganwadi in 2009 to eighteen communities and multiple interventions adopting a life cycle approach.

As we move forward, I would like to express my deep gratitude to our team members, whose dedication and hard work have been the driving force behind our success. I also extend my heartfelt thanks to our shareholders for their continued trust and support as we navigate this journey together.

In conclusion, during FY 2023-24 we have laid a strong foundation for future success, and I am confident that we are well-positioned to capitalize on the opportunities ahead.

Thank you for your continued support.

With Sincere Regards,

Harish Sheth

THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.

(i) The voting period begins on Wednesday, September 25, 2024 at 9:00 am (IST) and ends on Friday, September 27, 2024 at 5:00 pm (IST). During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Friday, September 20, 2024 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION & ANALYSIS

Global Economy

The global economic growth is estimated to have slowed to 3.1% in 2023 mainly due to the negative impact of monetary policy tightening to curb inflationary pressures. However, the emerging and developing economies as well as the US economy experienced better-than expected growth led by resilient consumption, strong government spending and business investments. There was significant contraction in both manufacturing activity and international trade amidst sluggish global demand, largely influenced by tighter credit conditions that weighed on housing markets, investments, and overall economic activity. Despite these challenges, the concerted efforts to tighten policies led to steady decline in global inflation from its multi-decade peak in 2022. Global economic activity is expected to improve in the second half of 2024 after stagnating in the first half of the year resulting in flattish growth of 3.1% for the full year.

Indian Economy

The Indian economy has made notable strides over the past few years and in the process, it has overtaken the U.K. to become the world's fifth-largest economy. The local economy displayed remarkable resilience despite tighter monetary policy and global headwinds and emerged as the fastest-growing large economy witnessing growth of 7.8% in FY24 on the back of strong domestic demand and pick up in fixed investment driven by increased capital spending by the central and state governments. The country has managed to emerge stronger from global shocks led by flourishing consumer base and burgeoning middle class. Moreover, demographic dividend, improved financial access and investment in physical and digital infrastructure acted as catalyst for its resilience. Inflation continued its downward trajectory allowing policymakers to hold on to interest rates. Manufacturing, mining, and construction activity remained buoyant amidst decline in input costs and robust demand environment. Despite elevated interest rates, leading indicators such as Goods and Services Tax (GST) collection, e-way bills, Index of Industrial Production (IIP), credit growth, electricity consumption, automobile sales, etc. pointed to robust economic activity.

The Indian economy seems poised to continue its upward trajectory into the coming year, potentially maintaining its position as the fastest-growing major economy led by robust demand environment supported by strength in corporate and financial sector balance sheets, government spending in infrastructure, and the ongoing implementation of well-structured policy reforms. According to International Monetary Fund (IMF), growth rate in the Indian economy is expected to normalize at 6.8% in FY25 on the back of expectations of a normal monsoon and sustained momentum in manufacturing and services sector. Moreover, moderating inflation is likely to result in interest rate cuts providing further fillip to growth. Private consumption is expected to gather pace and private capex is likely to pick up in a sustained manner. India is also negotiating free trade agreements with the European Union, the UK and the Gulf Cooperation Council which will enable the country to diversify its trade relations. However, persistent inflationary pressure resulting in higher interest rates, supply side disruptions due to geopolitical tensions, higher oil prices, slowdown in public capex, and sluggishness in rural demand on the back of deficient monsoon could dampen growth prospects.

Indian Automobile Industry

Commercial Vehicle (CV) segment witnessed sluggish volume growth of 3% despite elevated freight rates and sustained freight demand supported by strong economic activity and growth in the manufacturing and infrastructure sector. The Medium and Heavy Commercial Vehicles (M&HCV) segment registered a growth of 3% supported by continued government infrastructure push and growth in core sectors. The Light Commercial Vehicles (LCV) segment reported volume growth of 3% led by growth in e-commerce and strong capital inflow in other end-user industries to improve logistics and last-mile connectivity pushing need for last mile connectivity.

Indian Auto Component Industry

India's automotive industry plays a pivotal role in the country's manufacturing economy, with the auto component manufacturing (ACM) segment providing crucial support. Over recent years, India has witnessed a significant increase in the number of Original Equipment Manufacturer (OEM) suppliers in the ACM segment, positioning the country as a prominent player in the global automotive supply chain.

Domestically, the ACM market has made substantial strides within the automotive sector, contributing over 2.3% to India's Gross Domestic Product (GDP). Furthermore, it directly and indirectly employs upwards of 1.5 million individuals, making it a vital source of employment nationwide.

As of 2023, the Indian auto component industry boasts a valuation of approximately US\$57 billion, with projections indicating a climb to US\$85 billion by 2026, as reported by the Indian Investment Grid. This growth trajectory is fuelled by escalating demand, advancements in product quality, and bolstered competitiveness.

Internationally, there has been a notable shift in sentiment towards sourcing from India. Despite recessionary trends in key markets, export growth surged due to this positive sentiment, bolstered further by the adoption of diversification strategies such as "China+1."

Moreover, initiatives like the Production Linked Incentive (PLI) schemes and supportive policies from the government are fuelling investments and driving growth. Major players in the sector, including Tata Motors, Ola Electric, Bosch, Apollo Tyres, among others, have announced substantial investment plans, underscoring the sector's attractiveness for both domestic and foreign investors.

Operations:

During the year, the Company achieved a robust revenue growth of 15.4% year-on-year, reaching Rs. 629.7 crore, compared to Rs. 545.6 crore in the previous year. This increase was primarily driven by higher volumes in the OEM segment, coupled with improved sales in both the aftermarket and export markets. The Company's EBITDA improved by 410 bps and saw a substantial rise of 79.9%, reaching Rs. 72.5 crore, up from Rs. 40.3 crore in FY23.

The management remains highly optimistic about the Company's mid-term prospects, believing that there is significant untapped potential in both the business and its brand recognition. They are confident that the demand in the automotive sector, which has shown considerable improvement in recent months, will continue to rebound in the coming period.

Operations of the company is further divided into below categories;

Original Equipment Manufacturer (OEM)

In FY24, the OEM segment contributed approximately 32.5% to the total revenue, reflecting a growth of 12%. This growth was mainly due to NPD and also increased share of business (SOB) from OEMs, thereby regaining pre-eminent position in the industry. Company has been actively working with OEM partners to secure more nominations and expand market share across their truck ranges. Additionally, the Company is in the process of developing a new range of clutches tailored for the Light Commercial Vehicle (LCV) market.

Replacement Market

Our strategy to expand our market share and boost customer confidence hinges on customer engagement, education, promotion, and loyalty. The Company's aftermarket business is divided into two segments: sales of clutch assemblies and service kits through the Original Equipment Spares (OES) network, and sales through the Independent Aftermarket (IAM) network of distributors, dealers, and local garages under the 'LIPE' brand.

The Company has been proactive in enhancing its distributor network and strengthening its market presence. The aftermarket segment is a crucial component of the Company's strategy. As a more profitable segment, it has been carefully developed and nurtured over the years. In FY24, the aftermarket segment grew by 41% which accounted for nearly 13.6% of the total revenue. This segment not only ensures sustainable growth but also mitigates the cyclicity of OEM demand and is more profitable. With the transition to BSVI norms, we anticipate a surge in demand for larger diameter clutches, which are essential for improving efficiency. This is expected to generate significant demand in the aftermarket segment, leading to higher realizations.

Setco Allied Products

As part of our strategy, we have launched new range of Setco Allied Products in the MHCV and LCV that complement our clutch line distribution portfolio such as flywheels, bearings, brakes, lubricants and oil and many more. These products are add-ons to our existing clutch line and are sold to the same end user through our Pan India distribution network.

Farm Tractor Market: An Agriculture-driven Economy:

The India Agricultural Tractor Market size is estimated at USD 7.42 billion in 2024, and is expected to reach USD 10.28 billion by 2029, growing at a CAGR of 6.70% during the forecast period (2024-2029).

At Setco, extension on this important agriculture segment which is the backbone to the Indian economy is part of the growth story. Continuous R&D efforts have resulted in the development of advanced farm tractor products with the focus on efficiency and productivity to drive business growth.

International Business

The company has always laid special emphasis on its international markets through its overseas subsidiaries as it considers international business opportunities as an important growth driver for the company. The three strategically located overseas subsidiaries which cover the European, North American and Middle Eastern market are an integral part of Setco Group, and the Company believe that its presence will help to achieve its growth vision.

Despite the challenges and uncertainty in the current economic environment; the Company remain very optimistic about the growth and future.

Setco Automotive (UK) Ltd – SAUL

While SAUL has been an integral part of the Setco Group as a Research & Development hub for the company it has also served as a marketing face in the European Continent. SAUL has been promoting Company's LIPE brand of clutches across Europe. Sales grew by 2% over last year. EBITDA was still negative, however, proactive steps to reduce costs and set up some new distributors to be able to capitalize on this in the coming years. Company's European presence remains one of the key growth drivers for Setco Group.

Setco Automotive (NA) Inc. – SANAI

The North American market is a lucrative growth driver, and the Company has always had a dedicated focus on the North American operations. Launch of new range of ASD clutches started giving some edge and traction and will result in good demand going forward. Sales grew by 6% over last year with EBITDA margins at 12%.

Our new range of clutches will be ready soon for this market, allowing us to augment existing business. Also a new range of products will be developed to augment the clutch business.

Lava Cast Private Limited

The management is confident of the business potential for Lavacast and we have started the turnaround process. As the maintenance activity is completed in the current year and with right resources in terms of people and reduction in the raw material costs and rejections (down from level of ~17-18% to lower single digit) and substantial improvements in yield. We are happy to confirm that bank has approved and sanctioned the restructuring. Lava Cast is working to onboard external customers going forward which will boost the utilisation and hence profitability.

INDEPENDENT AUDITOR'S REPORT

TO
THE MEMBERS OF SETCO AUTOMOTIVE LIMITED
Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **Setco Automotive Limited** (hereinafter referred as "the Company"), which comprise the Balance sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended and Notes to the Standalone Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter collectively referred as the "Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 (hereinafter referred as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed Under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (hereinafter referred as "Ind AS") and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2024, its profits (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (hereinafter referred as "SAs") specified Under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's responsibilities for the audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (hereinafter referred as "ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to the following matters in the Notes to the Standalone Ind AS financial statements:

- a. The company has not charged interest on unsecured loan to the subsidiaries. (Refer Note no. 3 and 9 of Standalone Ind AS Financial Statements).
- b. The Company has not provided Interest on the Unsecured Loan from Setco Auto Systems Private Limited ('SASPL'), a subsidiary Company, as the same is repayable as per mutually agreed terms/period and no interest is accordingly accrued on such liability. (Refer Note No. 13 of Standalone Ind AS Financial Statements).
- c. The Company has total Non-Current Investment of Rs. 23,357 Lakhs as at the balance sheet date, out of the same company has provided for 'Impairment in Value of Investments' of Rs. 11,133 Lakhs in earlier years and stated at net value of Rs. 12,224 Lakhs, which is in the opinion of the management is fair value of the net investment.

Our opinion is not modified in respect of these matters

Key audit matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements taken as a whole; in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the key audit matter as described below:

Determination of fair value of carrying amount of investments

Description of key audit matter

The Company has investments net of provision of Rs. 12,224 Lakhs as at 31 March 2024 consisting of investments in the equity instruments of subsidiaries and other related entities which are valued as per Ind AS 109, "Financial instruments". By their nature, these are subjected to various factors related to respective investee entities including but not limited to, economic factors, business dynamics, financial performance etc. and impact a fair valuation of these investments. Accordingly, this necessitates a close monitoring by the management of these situations and judgement, based on appropriate evaluation criteria to arrive at a fair value of carrying amounts of these assets as at balance sheet date. Against this background, this matter was of significance in the context of our audit.

Description of Auditor response

We have carried out a comparison between carrying value of investment as at balance sheet date and net worth as reflected by latest audited financials of investee companies. Wherever carrying amount of investment is more than the net-worth of investee Company we have discussed and enquired with the management the process followed by them to identify permanent diminution, if any, in the value of investment and necessary accounting treatment adopted in the books. In addition, management has provided us with the future business plans, wherever necessary and how in their business judgement such gap between investment and net-worth of the investee is either compensated with improving business conditions or valuations of such entities. Going forward our regular audit procedures are designed to keep a follow up on outcomes of these management assertions.

Information other than the Standalone Financial Statements and Auditor's Report thereon (hereinafter referred as "other information")

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the Board's report and management discussion and analysis included in the annual report but does not include the Standalone Financial Statements and our report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance and / or conclusions thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management Responsibilities for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, cashflows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, Company's Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government in terms of Section 143 (11) of the Act, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act and based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended;
 - e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "**Annexure B**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
 - g) With respect to the other matters to be included in the auditor's report in accordance with the requirements of Section 197(16) of the Act, as amended, we report that in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act; and
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at March 31, 2024 on its financial position in its Standalone Financial Statements - Refer Note 32 to the Standalone Financial Statements.
 - ii. The Company has made provision, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company as on 31st March 2024.

iv. Reporting on rule 11(e):

- a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement; and
- v. During the year, Company has not declared / paid any dividend hence reporting under rule 11 f is not applicable to that extent.
- vi. Based on our examination which included test checks and based on explanations and details provided to us, except for the instance listed below, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with:
- a. Table schema level changes carried out from the application are not tracked; and
 - b. The company uses SAP application, which is operated by a third-party software service provider, for maintaining its books of account and in absence of either SOC2 report or Independent auditor's report, we are unable to comment whether audit trail feature of the said software was enabled at database and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature been tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on the preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under the heading, "Report on other legal and regulatory requirements" of our report on even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) Section 143 (3) of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of Setco Automotive Limited (hereinafter referred as "the Company") as of March 31, 2024 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (hereinafter referred as "the guidance note") issued by the Institute of Chartered Accountants of India (hereinafter referred as "ICAI").

Management's Responsibility for Internal Financial Controls

The Company's Management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note and the Standards on Auditing issued by ICAI and deemed to be prescribed Under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1.2 Business Combination:

In accordance with IND AS 103, Business combinations involving entities or business under common control shall be accounted for using the pooling of interest method where by the assets and liabilities of the transferred entity is accounted at their carrying amounts in the transferee books.

The difference if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor shall be transferred to capital reserve and should be presented separately from other capital reserves. Transaction cost are expensed as incurred.

1.3 Revenue Recognition

(1) Sale of Goods:

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the probable consideration which the Company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, and it is adjusted for volume discounts, cash discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue excludes taxes collected from customers.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, based on which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for. Contract costs are expensed of as and when incurred.

Use of significant judgments and estimates in revenue recognition

Contracts with customers could include promise to transfer multiple products and services to a customer. The company assesses a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgment to determine the deliverables and the ability of the customer to benefit independently from such deliverables.

The company needs to decide transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, cash discounts, price concessions and incentives. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

The company exercises judgment in determining whether the performance obligation is satisfied. The Company considers indicators such as how the customers consume the benefit or who controls the asset, transfer of significant risk and rewards to the customers, acceptance of delivery by the customer, specific bill and hold instructions from customers, etc.

- (1) Other Operating Revenue:
Other operating revenue comprises of income from activities incidental to the operations of the company and is recognised when the right to receive the income is established and there exists no uncertainty of its ultimate realization or collection.
- (2) Other Income is accounted on accrual basis except when the realization of such income is uncertain. Interest income on financial asset is recognized using the effective interest rate method. Dividend income is accounted when right to receive the same is established.

1.4 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification of Financial Assets

The financial assets are initially measured at fair value along with transaction cost.

After initial recognition

- I. Financial assets (other than Investments) are subsequently measured at amortised cost using the effective interest method.

Effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows;
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments on principal and interest on the principal amount outstanding.

Interest Income and Impairment loss on such debt instruments is recognised instatement of profit or loss.

The Company has not designated any debt instruments as fair value through other comprehensive income.

- I. Investments in equity instruments of subsidiaries:

The Company measures its investments in equity instruments of subsidiaries at cost in accordance with Ind AS 27.

- II. Investment in Equity instruments of Related Entity:

The company has designated its investments in Equity Shares of one of its related entity at fair value through OCI. Such financial assets are measured at fair value at the end of each reporting period, with gains or losses arising on re-measurement recognised in OCI which are not subsequently reclassified to P & Land are reported in Other Equity.

- III. Investment in Preferential instruments of Related Entity:

At initial recognition, the company measures its investments in preference shares at fair value and on re-measurement it is carried out at amortised cost. Gains or losses arising on re-measurement are recognized in P & L.

- IV. Other Financial assets which are not carried at amortised cost or FVTOCI are measured at fair value through P & L.

Such financial assets are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss.

Impairment of financial assets

In accordance with Ind AS 109 Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

A financial asset is regarded as credit impaired when one or more events that may have a detrimental effect on estimated future cash flows of the asset have occurred. The Company applies the expected credit loss model for recognising impairment loss on financial assets (i.e. the shortfall between the contractual cash flows that are due and all the cash flows (discounted) that the Company expects to receive).

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Losses (ECLs) at each reporting date, right from its initial recognition.

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Company in accordance with the contract and the cash flows that the Company expects to receive).

Expected Credit Losses/ impairment loss allowance (or reversal) recognized during the period is recognized as expense / income in the statement of profit and loss.

De-recognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of profit and loss.

Financial liabilities and equity instruments

Classification as debt or equity

Equity instruments issued by the Company is classified as equity in accordance with the substance of the contractual arrangements and the definitions of an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all its liabilities. Equity instruments issued by an entity are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the "Finance Costs".

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Company are initially measured at their fair values and are subsequently measured (if not designated as at Fair value though profit or loss) at the higher of:

- the amount of impairment loss allowance determined in accordance with requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

De-recognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled, or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognised in profit or loss.

1.5 Foreign Currency Transactions

Transactions in foreign currency in respect of exports are recorded at exchange rates as notified by the concerned authorities at regular intervals. Transactions in foreign currency in respect of other items are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currency are restated at year end exchange rates. Non-monetary items (Investments) denominated in foreign currency are stated using the exchange rate on the date of transaction. Exchange differences arising on settlement of transactions and on restatement of monetary items are recognized as income or expense in the year in which they arise, except in respect of the foreign borrowing liabilities, if any for acquisition of fixed assets, where such exchange difference is adjusted in the carrying cost of fixed assets.

1.6 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised as expense in profit or loss in the period in which they are incurred.

1.7 Taxes on Income

The tax expenses for the period comprises of current tax and deferred income tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the Other Comprehensive Income. In which case, the tax is also recognised in Other Comprehensive Income.

A. Current Tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the Income Tax authorities, based on tax rates and laws that are enacted at the Balance sheet date.

B. Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

1.8 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The company is operating only in one segment viz. Auto Components.

1.9 Research and development

- a) Revenue expenses pertaining to research activities are charged to statement of profit and loss under the respective heads of expenses.
- b) Expenditure incurred on fixed assets used for R & D is capitalized under the respective head of PPE and Intangible Assets.
- c) Expenditure incurred on development activities which do not qualify as Intangible Asset is charged to the statement of Profit and Loss in other cases it is capitalised.

1.10 Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.11 Provisions, Contingent Liabilities and Contingent Assets

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the applicable Ind AS-37 "Provisions, Contingent Liabilities and Contingent Assets".

A. Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

B. Contingent Liabilities

The Contingent Liabilities are disclosed by way of a note to the Financial Statements, after careful evaluation by the management of the facts and legal aspects of the matter involved.

Company has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company is involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

C. Contingent Assets

A Contingent Asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity

A contingent asset, if any is not recognised but disclosed where an inflow of economic benefit is probable.

1.12 Selling/Marketing Expenses

- a) Warranty is extended when the products are sold. Provisions for expected cost of warranty obligations from sale of products are recognised on the date of sale of the relevant products at the Management's best estimate of the expenditure required to settle the obligation which takes into account the empirical data on the nature, frequency and average cost of warranty claims and regarding possible future incidences.
- b) Commission, Discount and other expenses payable on sales are recognized on determination of amount payable in accordance with arrangement/contracts with the parties.

1.13 Employee Benefits

A. Short Term Employee Benefits

Short Term Employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss of year in which the related services are rendered.

B. Defined Contribution Plans

Provident Fund & ESIC are defined contribution schemes established under a State Plan. The contributions to the schemes are charged to the Statement of Profit & Loss in the year of incurrence.

C. Defined Benefits Plans

The company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on post-employment at 15 days' salary (last drawn salary) for each completed year of services as per the rules of the company. The aforesaid liability is provided for on the basis of an actuarial valuation made using Projected Unit Credit Method at the end of financial year. The scheme is funded with an insurance company in the form of a qualifying insurance policy. Remeasurement gains/losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income. These gains/losses which are recognised in Other Comprehensive Income are reflected in retained earnings and are not reclassified to profit or loss.

D. Compensated Absences

Employees are entitled to accumulate leave subject to certain limits for future encashment. The liability in respect of compensated absences is provided for on the basis of actuarial valuation made at the end of the financial year using Projected Unit Credit Method. The said liability is not funded.

1.14 Dividends

Provision is made for the amount of any final dividend declared in the accounts on the date of its approval by the shareholders and no longer at the discretion of the board. Interim dividends, if any are recorded as a liability on the date of declaration by the company's board of directors.

1.15 Earnings Per Share

The Earnings considered for ascertaining the Company's Earnings Per Share (EPS) comprises the Net Profit / Loss after Tax. The Number of Shares used in computing Basic EPS is the Weighted Average Number of Shares outstanding during the year. The number of shares used in computing diluted EPS comprises weighted average number of shares considered for deriving basis EPS, and also the weighted average number of equity shares that would be issued on the conversion of all dilutive potential equity shares. In case of dilutive potential equity shares, the difference between the number of shares issuable and number of shares that would have been issued at fair value are treated as diluted potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date

1.16 Share-based payment arrangements

Equity-settled share-based payments to employees (employee stock option plan) are measured by reference to the fair value of the equity instruments at the grant date. The fair value determined at the grant date of the equity-settled share-based payments is expensed over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity at the end of the year. At the end of each year, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in profit or loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the share options outstanding account.

1.17 Exceptional items

When an item of income or expense within Statement of profit and loss from ordinary activity is of such size, nature or incidence that its disclosure is relevant to explain more meaningfully the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

1.18 Summary Critical Estimates & Judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. The management also needs to exercise judgment in applying the Company's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included below

A. Deferred taxes

The company recognises that net future tax benefit related to deferred income tax assets to the extent that it is probable that the deductible temporary differences will reverse in the foreseeable future. Assessing the recoverability of deferred income tax assets requires the company to make significant estimates related to expectations of future taxable income, which may have a scope of causing a material adjustment to the carrying amounts of assets and liabilities.

B. Contingent liabilities

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, the Company treats them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome, the Company does not expect them to have a materially adverse impact on our financial position or profitability.

C. Fair Value Measurements and Valuation Processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. The Management determines the appropriate valuation techniques and inputs for the fair value measurements. In estimating the fair value of an asset or a liability, the Company used market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engaged third party qualified valuers to perform the valuations in order to determine the fair values based on the appropriate valuation techniques and inputs to fair value measurements. Fair Value of Financial Guarantees extended by the Company to secure credit facilities availed by the Company's subsidiaries from bank, has been determined based on estimated amount that would be payable to a third party for assuming the obligations.

(ii) Fair value hierarchy :

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the entity has classified its financial instruments into 3 levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measure quoted prices.

Level 2: The fair values of financial instruments that are not traded in an active market are determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all the significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

40 Audit Trail :

The company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. There are two exceptions noted by the Company's management

- Table schema level changes carried out from the application are not tracked; and
- The company uses SAP application, which is operated by a third-party software service provider, for maintaining its books of account and said party has not provided either SOC2 report or Independent auditor's report. However, these exceptions do not impact the internal control environment of the Company.

41 The company has not advanced or loaned or invested funds (either borrowed funds or share premium or any other sources or kind of funds) to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding (whether recorded in writing or otherwise) that the Intermediary (i) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or (ii) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries

42 The Company has not received any fund from any person(s) or entity(is), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall: (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or (b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- 43 The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year
- 44 No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- 45 The Company has not entered any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.
- 46 The Company has not made any contribution to the political parties during FY 2023-24. (PY: NIL).

INDEPENDENT AUDITOR'S REPORT

TO
THE MEMBERS OF SETCO AUTOMOTIVE LIMITED
Report on the audit of the Consolidated Financial Statements

Qualified Opinion

We have audited the accompanying Consolidated Financial Statements of **Setco Automotive Limited** (hereinafter referred as "the Holding Company"), and its subsidiaries (Holding company and its subsidiaries together referred as 'the Group') which comprise the consolidated Balance sheet as at March 31, 2024, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Cash Flow Statement and the consolidated Statement of Changes in Equity for the year then ended and Notes to the consolidated Financial Statements, including a summary of material accounting policies and other explanatory information (hereinafter collectively referred as the "Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, except the possible effects of the matter described in the basis for qualified opinion section of our report, and based on the consideration of the reports of the auditors on the financial statement of the subsidiaries, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 (hereinafter referred as "the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed Under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended (hereinafter referred as "Ind AS") and other accounting principles generally accepted in India, of the state of affairs (financial position) of the Company as at March 31, 2024, its Consolidated losses (including Consolidated other comprehensive income), its Consolidated cash flows and the Consolidated changes in equity for the year ended on that date.

Basis for Qualified Opinion

We reproduce hereunder the 'Basis for Qualified Opinion' issued by independent auditor of the subsidiary viz. WEW Holding Limited ('WEWHL') vide their audit report on the standalone financial statement of WEWHL, to the extent the same are found significant as per the Guidance issued by the Institute of Chartered Accountants of India, from time to time and which also forms the basis for qualified opinion in our audit report on the accompanying consolidated Ind AS financial Statements of the Group:

"As state in note 6 to the financial statements, Secto Automotive (UK) Limited is a subsidiary of the Company. Consolidated financial statements have not been prepared as required by International Financial Reporting Standards (IFRS) 10, Consolidated Financial Statements. In our opinion, consolidated financial statements are necessary for a proper understanding of the Group's state of affairs".

Emphasis of Matter

We draw attention to the following matters in the Notes to the Consolidated Ind AS financial statements:

- a. In forming our opinion on the consolidated Ind AS financial statements, we have relied upon management's presentation & classification of amounts as per requirements of Schedule III of the Act in respect of wholly owned ultimate foreign subsidiaries.
- b. We reproduce hereunder the 'Material uncertainty related to Going Concern' paragraphs forming part of audit reports issued by us for a subsidiary viz. Setco Auto Systems Private Limited (SASPL), which is reproduced below:

"We draw attention to the Statement which indicates that the Company has incurred a net loss (i.e., total comprehensive income) of Rs. 11,790 Lakhs during the year ended on 31 March 2024 (Rs. 21,038 Lakhs for the year ended on March 31, 2023) and reports a negative net worth of Rs. 58,352 Lakhs as on March 31, 2024 (Rs. 46,563 Lakhs as of March 31, 2023). The magnitude of accumulated losses and negative net worth of the Company, indicates the material uncertainty related to going concern and needs to be addressed by the Management."

- c. We reproduce hereunder the 'Emphasis of Matter' paragraphs forming part of audit reports issued by us for a subsidiary viz. Lava Cast Private Limited (LCPL), which are reproduced below:
- i) "We draw attention to the Statement which indicates that the Company has incurred a net loss (i.e., total comprehensive income) of Rs. 1,822 Lakhs during the year ended on 31 March 2024 (Rs. 3,161 Lakhs for the year ended on March 31, 2023) and reports a negative net worth of Rs. 8,641 Lakhs as on March 31, 2024 (Rs. 6831 Lakhs as of March 31, 2023). The magnitude of accumulated losses and negative net worth of the Company, indicates the material uncertainty related to going concern."
 - ii) The Company had received a recall notice on 16 January 2023 from its lender i.e. Bank of Baroda ("Lender") for outstanding loan facilities of Rs. 145.85 Crores. However, vide letter dated 1st July 2024, the Lender, sanctioned the Restructuring of Credit Facilities, with various terms and conditions. Also, the Lender has withdrawn the 'Proceeding under section 7 of the IBC which were filed with the NCLT, Ahmedabad. The Hon'ble NCLT vide its order dt. 9th July, 2024 has disposed said matter; accordingly, the said matter stands withdrawn. The Company is in the process of adhering to the restructuring plan and financial effect, if any, will be given in the books on the implementation of the plan".
- d. We reproduce hereunder the 'Emphasis of Matter – Going concern' issued by independent auditor of one of the step-down subsidiary viz. Setco Automotive (UK) Limited vide their audit report, which is reproduced as below: "In forming our opinion we have considered the adequacy of the disclosure made in note 3 of the financial statements regarding the going concern status of the company. The company incurred an operating loss of £ 164,696 in the year. Current year trading is slowly returning to pre-covid levels but several factors outside the control of the company are having an impact on the costs of goods coming into the company, so the company is dependent on on-going working capital support from the parent company to be able to meet its obligations as they fall due. The financial statements have been prepared on a going concern basis due to the company having secured on-going parent company funding sufficient to enable the company to trade for the foreseeable future. In view of the significance of this matter we consider that it should be drawn to your attention, but our opinion is not qualified in this respect."
- e. The Company has total investment of Rs. 8,196.50 lacs in 9% Cumulative Compulsory Redeemable Preference Shares of Setco Engineering Private Limited (SEPL) a Company in which directors have an interest. As this investment is compulsory redeemable on its maturity, the company has treated it as investment in debt instruments and valued at amortised basis. The company is reasonably certain to recover principal amount and the accumulated unpaid dividend.

Our conclusion is not modified in respect of these matters of emphasis.

Key audit matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements taken as a whole; in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information other than the Consolidated Financial Statements and Auditor's Report thereon (hereinafter referred as "other information")

The Company's Management and Board of Directors are responsible for the preparation of the other information. The other information comprises the Board's report and management discussion and analysis included in the annual report but does not include the Consolidated Financial Statements and our report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance and / or conclusions thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Consolidated Financial Statements that give a true and fair view of the financial position, financial performance, cashflows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Financial Statements, Company's Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Holding Company's Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
- f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the Consolidated Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

- a) Attention is also invited to note 49 of Consolidated Ind-AS financial statements, which refers to the fact that the audited financial statements of the wholly owned ultimate foreign subsidiaries have been prepared in accordance with local laws of the countries in which they operate. The said audited financial statements have been restated/recompiled by the management to meet the requirements of Indian Accounting Standards after exercising necessary due diligence to ensure true & fair view of said subsidiaries' affairs. We have also relied upon the Holding company management's above assertion on restatement/recompilation of audited figures of wholly owned ultimate foreign subsidiaries to meet Ind AS requirements.
- b) We did not audit the financial statements of four (4) wholly owned ultimate foreign subsidiaries prepared in accordance with local laws of countries in which they operate and which have been restated/recompiled by the Holding company's management to meet Ind As requirements, whose Ind AS financial statements reflect total

assets of Rs. 11,331 Lakhs as at 31st March, 2024, total revenues of Rs. 9,495 Lakhs and net comprehensive income of Rs. 60 Lakhs (net) for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements of wholly owned ultimate foreign subsidiaries have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these wholly owned ultimate foreign subsidiaries, is based solely on the reports of the other auditors and Holding company's restatement/re-compilation of audited figures of wholly owned foreign subsidiaries to meet Ind AS requirements.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act and based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows statement dealt with by this report are in agreement with the books of account;
 - d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended;
 - e) On the basis of the written representations received from the directors of the group companies incorporated in the India as on March 31, 2024 taken on record by the Board of Directors of the Holding Company, none of the directors of the group companies incorporated in India, is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act;
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting;
 - g) With respect to the other matters to be included in the auditor's report in accordance with the requirements of Section 197(16) of the Act, as amended, we report that in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act; and
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations as at March 31, 2024 on its financial position in its Consolidated Financial Statements - Refer Note 37 to the Consolidated Financial Statements.
 - ii. The Group has made provision, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company as on 31st March 2024.
 - iv. Reporting on rule 11(e):
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any

- manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement; and
- v. During the year Company as not declared / paid any dividend hence reporting under rule 11(f) is not applicable to that extent.
- vi. Based on our examination which included test checks, audit reports issued by us for domestic subsidiaries and based on explanations and details provided to us, except for the instance listed below, the Parent Company and two domestic subsidiaries have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with:
- a. Table schema level changes carried out from the application are not tracked; and
 - b. The Parent Company and two domestic subsidiaries uses SAP application, which is operated by a third-party software service provider, for maintaining its books of account and in absence of either SOC2 report or Independent auditor's report, we are unable to comment whether audit trail feature of the said software was enabled at database and operated throughout the year for all relevant transactions recorded in the software or whether there were any instances of the audit trail feature been tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on the preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order" / "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the holding company and of its subsidiaries included in the consolidated financial statements of the holding company, to which reporting under CARO is applicable, we draw attention to certain qualifications, or adverse remarks in these CARO reports:

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under the heading, "Report on other legal and regulatory requirements" of our report on even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) Section 143 (3) of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls over financial reporting of Setco Automotive Limited (hereinafter referred as "the holding Company") and its subsidiary companies which are incorporated in India, as of that date (collectively referred as "Companies") as of March 31, 2024 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

In our opinion and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2024, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (hereinafter referred as "the guidance note") issued by the Institute of Chartered Accountants of India (hereinafter referred as "ICAI").

Management's Responsibility for Internal Financial Controls

The Company's Management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note and the Standards on Auditing issued by ICAI and deemed to be prescribed Under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial control over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2024

1 Material Accounting Policies

1.1 The consolidated financial statements relate to Setco Automotive Limited ("the Company" / "Parent Company" / "Holding Company") and its subsidiary companies (referred to as "Group"). The group engaged in manufacturing and trading of clutches and other automotive component. The consolidated financial statements have been prepared on following basis :

1.2 These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015], as amended and other relevant provisions of the Act. The consolidated Financial Statement has been approved by the board of directors in their meeting held on June 2, 2023.

The group follows the mercantile system of accounting and recognises income and expenditure on an accrual basis. The financial statements are prepared under historical cost convention, except for the following:

- certain financial assets and liabilities that are measured at fair value;
- defined benefit plans where plan assets are measured at fair value; and
- share-based payments at fair value as on the grant date of options given to employees.

Estimates and assumptions used in the preparation of the financial statements and disclosures are based upon group management's evaluation of the relevant facts and circumstances as of the date of the financial statements, which may differ from the actual results at a subsequent date. The critical estimates and judgments are presented in detail in Material Accounting Policy no. 1.26

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III (Division II) to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

1.3 Principles of Consolidation

- a. The consolidated financial statements are based on the audited accounts of the company and the audited accounts of the subsidiaries of the same reporting date.
- b. The financial statements of the company and its subsidiary companies are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, incomes and expenses, after fully eliminating significant intra group balances and intra group transactions in accordance with Indian Accounting Standard (Ind AS) 110 – "Consolidated Financial Statements". Intergroup transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.
- c. In case of foreign subsidiaries, revenue items are converted at the average rate prevailing during the year. All assets and liabilities are converted at rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognised in other comprehensive income and accumulated under "Foreign Currency Translation Reserve."
- d. The consolidated financial statements have been prepared, as far as possible, using uniform accounting policies for all material like transactions and other events in similar circumstances and are presented to the extent possible in the same manner as the parent company's financial statements.
- e. Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Parent Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
- f. Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries.

1.4 Property, Plant and Equipment (PPE):

- i. The Group has initially recognised property, plant & Equipment at Cost. The cost of Property, Plant & Equipment includes directly attributable expenses incurred for the purpose of acquiring / constructing these assets, net of GST credit if any, on qualifying assets. The Group has chosen Cost Model for Property, Plant & Equipment accounting. Press Tools and such type of machinery items developed in house are capitalised at direct cost plus directly attributable overheads. Capital Work in progress comprises of the cost of Property, Plant & Equipment that are not ready for their intended use at the reporting date.
- ii. The ministry of corporate affairs has made the component accounting approach for fixed assets mandatory from 1st April, 2015 vide notification dated 29th August, 2014. As per the external technical expert's opinion, the Group's fixed assets are of such nature that separate components are not distinctly identifiable having different useful life and therefore, component level accounting and reporting is not practically feasible for the Group.
- iii. Depreciation
Depreciation is provided on straight line method (SLM) and is based on useful lives of the assets as determined by external technical experts in accordance with requirement of Schedule II to the Companies Act, 2013. Depreciation on additions made during the year to Property, Plant & Equipment is charged on pro-rata basis.
Freehold land is not depreciated. The carrying value of long term leasehold land is amortized over a period of lease.
- iv. The Group estimates the useful lives of Property, Plant & Equipment as follows:

Asset Classification	Useful Life
Buildings	3-40 Years
Plant & Machinery	1-15 Years
Furniture & Fixtures	1-10 Years
Equipment's	2-5 Years
Electric Fittings	10 Years
Vehicle	4-8 Years
Pollution Equipment's	2-8 Years
Computers	1-3 Years

The useful lives of these assets are periodically reviewed.

- v. De-recognition
An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit or loss.

1.5 Intangible Assets

- i. Intangible Assets are stated at their cost of acquisition, net of GST credit if any, less accumulated amortization and impairment loss, if any. Expenditure, identifiable and reliably measurable, incurred on product development yielding future economic benefits is capitalized as Intangible Asset as per Ind AS-38 "Intangible Assets". The expenses incurred on product till such time its production commences are shown under the head "Assets Under Development" in the Property Plant and Equipment.
- ii. Amortization
Intangible Assets are amortized as follows:
 - a) Product development: Product Development expenses incurred on the new product developed and whose commercial production started during the year are treated as Intangible Assets & are amortised over a period of Five to ten years after commencement of commercial production of relevant product.
 - b) Computer Software (including License Fees) is amortized over a period of 3 years.

1.6 Research and development

- a) Revenue expenses pertaining to research activities are charged to statement of profit and loss under the respective heads of expenses.
- b) Expenditure incurred on fixed assets used for R & D is capitalized under the respective heads of PPE and Intangible Assets.
- c) Expenditure incurred on development activities which do not qualify as Intangible Asset is charged to the statement of Profit and Loss in other cases it is capitalised

1.7 Goodwill

Goodwill appearing in one of the wholly owned ultimate foreign subsidiary's books is tested annually for impairment, if any event occurs or circumstances change that more likely than not would indicate the carrying amount may be impaired. As of 31st March, 2021, goodwill is not considered to be impaired

1.8 Impairment of Assets

At the end of each reporting period, the Group determines whether there is any indication that its assets have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount (i.e. higher of the fair value less costs of disposal and value in use) of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

1.9 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

1.10 Inventories

Inventories are valued at lower of weighted average Cost (exclusive of Taxes & GST credits availed on inputs) and Net Realizable Value. Raw Material and Consumables are valued at weighted average Cost basis. Finished Goods and Work-in-Progress are valued at aggregate cost determined comprising Material Cost and Manufacturing Overheads. Scrap is valued at Net Realizable Value.

1.11 Revenue Recognition

(1) Sale of Goods

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, and it is adjusted for volume discounts, cash discounts, price concessions and incentives, if any, as specified in the contract with the customer. Revenue excludes taxes collected from customers. Contracts are subject to modification to account for changes in contract specification and requirements. The Group reviews modification to contract in conjunction with the original contract, on the basis of which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for. Contract costs are expensed of as and when incurred. For each contract with customer, the group applies the below five steps process before revenue can be recognised:

- Identify contracts with the customers,
- Identify separate performance obligation,
- Determine the transaction price of the contract,
- Allocate the transaction price to each of the separate performance obligations, and
- Recognise the revenue as each performance obligation is satisfied.

(2) Other Operating Revenue:

Other operating revenue comprises of income from activities incidental to the operations of the Group and is recognised when the right to receive the income is established and there exists no uncertainty of its ultimate realization or collection

(3) Rendering of Services :

Revenue from job work services is recognized when the services are performed as per the contract and when there is no uncertainty of its realization or collection.

1.12 Leases

The Group has accounted Lease transactions on the same lines of that of the Parent Company in compliance with Ind As 116.

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 and this may require significant judgment. The Group also uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The discount rate is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any lease incentives received.

The right-of-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the lease terms indicates transfer of ownership of the underlying asset to the lessee at the end of the lease term or the exercise price of purchase option reflects that the lessee will exercise a purchase option, the lessee shall depreciate the right-of-use asset from the commencement date to the end of the useful life of the underlying asset.

In addition, the right-of-use asset is reduced by impairment losses, if any. The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. On Derecognition of the finance lease agreement, the difference between the carrying amount of the financial liability derecognised and the carrying amount of ROU is recognised in profit or loss account

1.13 Taxes on Income

A. Current Tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

B. Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

1.14 Goodwill

Goodwill appearing in one of the wholly owned ultimate foreign subsidiary's books is tested annually for impairment, if any event occurs or circumstances change that more likely than not would indicate the carrying amount may be impaired. As of 31st March, 2021, goodwill is not considered to be impaired.

1.15 Impairment of Assets

At the end of each reporting period, the Group determines whether there is any indication that its assets have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount (i.e. higher of the fair value less costs of disposal and value in use) of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss

1.16 Financial Instruments.

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Classification of Financial Assets

The financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets are added to the fair value of the financial assets on initial recognition.

After initial recognition

i. Financial assets (other than Investments) are subsequently measured at amortised cost using the effective interest method.

Effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Investments in debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows;
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments on principal and interest on the principal amount outstanding.
- Income on such debt instruments is recognised in profit or loss and is included in the "Other Income".
The Group has not designated any debt instruments as fair value through other comprehensive income.

I. Investment in Equity instruments of Related Entity:

The parent company has designated its investments in Equity Shares of one of its related entity at fair value through OCI. Such financial assets are measured at fair value at the end of each reporting period, with gains or losses arising on re-measurement recognised in OCI which are not subsequently reclassified to P & L and are reported in Other Equity.

II. Investment in Preferential instruments of Related Entity:

At initial recognition, the group measures its investments in preference shares at fair value and on re-measurement it is carried out at amortised cost. Gains or losses arising on re-measurement are recognized in P & L.

III. Other Financial assets which are not carried at amortised cost or FVTOCI are measured at fair value through P & L.

Such financial assets are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss.

Impairment of financial assets

The Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets.

A financial asset is regarded as credit impaired when one or more events that may have a detrimental effect on estimated future cash flows of the asset have occurred. The Group applies the expected credit loss model for recognising impairment loss on financial assets (i.e. the shortfall between the contractual cash flows that are due and all the cash flows (discounted) that the Group expects to receive).

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Losses (ECLs) at each reporting date, right from its initial recognition.

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

Expected Credit Losses/ impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss. This amount is reflected/reported under the head 'other expenses' in the statement of profit and loss. Expected Credit Losses/ impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss.

De-recognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of profit and loss.

Financial liabilities and equity instruments

Classification as debt or equity

Equity instruments issued by the Group are classified as equity in accordance with the substance of the contractual arrangements and the definitions of an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by an entity are recognised at the proceeds received, net of direct issue costs.

Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the "Finance Costs".

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Group are initially measured at their fair values and are subsequently measured (if not designated as at Fair value though profit or loss) at the higher of:

- the amount of impairment loss allowance determined in accordance with requirements of Ind AS 109; and
- the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 18.

The Intra group financial guarantees are eliminated in consolidation.

De-recognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

1.17 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The group is operating only in one segment viz. Auto Components.

1.18 Cash Flow Statement

Cash flows are reported using indirect method as set out in Ind AS -7 "Statement of Cash Flows", whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

1.19 Dividends

Provision is made for the amount of any final dividend declared in the accounts on the date of its approval by the shareholders. Interim dividends, if any are recorded as a liability on the date of declaration by the board of directors.

1.20 Earnings per Share

The earnings considered for ascertaining the Group's Earnings Per Share (EPS) comprises the net profit after tax. The number of shares used in computing Basic EPS is the weighted average number of shares outstanding during the year. The number of shares used in computing diluted EPS comprises the weighted average number of shares considered for deriving basic EPS, and also the weighted average number of equity shares that would be issued on the conversion of all dilutive potential equity shares. In case of dilutive potential equity shares, the difference between the number of shares issuable and the number of shares that would have been issued at fair value are treated as diluted potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date.

1.21 Employee Benefits

A. Short Term Employee Benefits

Short Term Employee benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit & Loss of year in which the related services are rendered.

B. Defined Contribution Plans

Provident Fund & ESIC, Pension Scheme Fund (UK) are defined contribution schemes established under a State Plan. The contributions to the schemes are charged to the Statement of Profit & Loss in the year of incurrence.

C. Defined Benefits Plans

The Parent Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on post-employment at 15 days' salary (last drawn salary) for each completed year of services as per the rules of the Parent Company. The aforesaid liability is provided for on the basis of an actuarial valuation made using Projected Unit Credit Method at the end of financial year. The scheme is funded with an insurance Group in the form of a qualifying insurance policy. Remeasurement gains/losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur in Other Comprehensive Income. These gains/ losses which are recognised in Other Comprehensive Income are reflected in retained earnings and are not reclassified to profit or loss.

D. Compensated Absences

Employees are entitled to accumulate leave subject to certain limits for future encashment. The liability in respect of compensated absences is provided for on the basis of actuarial valuation made at the end of the financial year using Projected Unit Credit Method. The said liability is not funded.

Retirement Plans adopted by Setco Automotive (NA), Inc (Subsidiary)

On January 1, 2007 the Group's foreign subsidiary adopted identical safe-harbor 401K plans for union and non-union employees. All employees employed on January 1, 2007 are immediately eligible to participate. Employees hired after that date will be eligible the first day of the month following one year of employment if they worked at least 1,000 hours during that year. Employees are 100% vested in all accounts. Deferrals are permitted up to the maximum amount allowed by the Internal Revenue Code and Roth deferrals are also permitted. The plans permit hardship distributions under certain circumstances and in-service distributions are permitted from fully vested accounts once the participant reaches age 59 and half. The plans allow for a discretionary employer match contribution. There were no employer match contributions made to the plans for the years ended March 31, 2023 and 2022.

1.22 Share-based Payments:

Employee Stock Option Scheme

Stock options granted to the employees under the stock option scheme established are evaluated as per the accounting treatment prescribed by Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and Indian Accounting Standard (Ind AS)- 102 "Share-based Payments". The Parent Company follows the fair value method of accounting for the options and accordingly, the excess of market value of the stock options as on date of grant over the exercise price of the options, if any, is recognized as deferred employee compensation and is charged to the statement of profit and loss on graded vesting basis over the vesting period of the options. The unamortized portion of the deferred employee compensation is netted out against "Stock options Outstanding".

1.23 Government Grants

Government grants (including export incentives) are recognised only when there is reasonable assurance that the Group will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate

1.24 Exceptional items

When an item of income or expense within Statement of profit and loss from ordinary activity is of such size, nature or incidence that its disclosure is relevant to explain more meaningfully the performance of the Group for the year, the nature and amount of such items is disclosed as exceptional items.

1.25 Provisions, Contingent Liabilities and Contingent Assets

A. Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive), as a result of past events, and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

B. Contingent Liabilities

The Contingent Liabilities are disclosed by way of a note to the Financial Statements, after careful evaluation by the management of the facts and legal aspects of the matter involved.

Group has significant capital commitments in relation to various capital projects which are not recognized on the balance sheet. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Group. Guarantees are also provided in the normal course of business. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Group is involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

C. Contingent Assets

A Contingent Asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

A contingent asset, if any is not recognised but disclosed where an inflow of economic benefit is probable.

1.26 Summary Critical Estimates & Judgments

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. The management also needs to exercise judgment in applying the Group's accounting policies. This note provides an overview of the areas that involved a higher degree of judgment or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included below.

A. Deferred taxes

The Group recognises that net future tax benefit related to deferred income tax assets to the extent that it is probable that the deductible temporary differences will reverse in the foreseeable future. Assessing the recoverability of deferred income tax assets requires the group to make significant estimates related to expectations of future taxable income, which may have a scope of causing a material adjustment to the carrying amounts of assets and liabilities.

B. Inventories

The impairment of inventories is done on the basis of its ageing, discontinuance of products/model, damage conditions of goods, obsolesce, expected saleability. The value is written down at its estimated realisable value less cost to sell.

C. Contingent liabilities

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Group. Where the potential liabilities have a low probability of crystallising or are very difficult to quantify reliably, the Group treats them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome, the Group does not expect them to have a materially adverse impact on its financial position or profitability.

Provision for product Warranty

The Group's product warranty obligations and estimations thereof are determined using historical information on the type of product, nature, frequency and average cost of warranty claims and the estimates regarding possible future incidences of product failures. Changes in estimated frequency and amount of future warranty claims, which are inherently uncertain, can materially affect warranty expense.

Fair Value Measurements and Valuation Processes

Some of the Group's assets and liabilities are measured at fair value for financial reporting purposes. The Management determines the appropriate valuation techniques and inputs for the fair value measurements. In estimating the fair value of an asset or a liability, the Group used market-observable data to the extent it is available. Where Level 1 inputs are not available, the Group engaged third party qualified valuers to perform the valuations in order to determine the fair values based on the appropriate valuation techniques and inputs to fair value measurements.

ii) **Fair value hierarchy :**

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value. To provide an indication about the reliability of the inputs used in determining fair value, the entity has classified its financial instruments into 3 levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measure quoted prices.

Level 2: The fair values of financial instruments that are not traded in an active market are determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all the significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.
