Operational & Financial Highlights: Q2 FY27

- Revenue grew by 19% YoY to ₹ 1,045 cr from ₹ 875 cr, led by growth in both mattress and foam segments and strong growth in Spain and Australia
- Mattress value grew by 8%, volume declined by 3% due to shift of festive season
- Foam business grew by 26%, volume taper by 5% as higher raw material costs were passed through in pricing

Mr. Rahul Gautam (Chairman & Managing Director) commenting on the results said that since the West Asia crisis began in Feb'26, the environment has been highly disruptive, with raw material prices rising sharply, putting pressure on demand and the festive season shifting into Q3. We responded with balanced price increases, higher advertising and consumer offers. We crossed ₹1,000 crore of revenue, up 19% YoY, and growing H1 Operating EBITDA by 23%, and also protecting our profitability in absolute terms. This reflects the strength of our brands, our supplier relationships and the discipline of our teams.

With Furlenco becoming our subsidiary from 1st October, Sheela Foam is now a full B2C portfolio company, with leadership in mattresses, foam and now furniture rentals. We have also embarked in branded furniture space through our flagship brands. Sheela Foam is now poised as a larger, far more diversified group, with a presence across categories, channels and geographies.
