Subject: Supply Agreement Signing with Envision Energy India Pvt Ltd

Dear Investors,

We are pleased to update you on Supply Agreement Signing with Envision Energy India Pvt Ltd for manufacturing of Wind Turbine Castings.

Envision Energy is one of the globally leading wind OEM with its 3 GW per annum assembly facilities located at Pune. Presently EN-156 3.3 MW turbines are in production for Indian market with Indian installations over 1.5 GW and another 7.7 GW order book in the pipeline. Based on volume projections, it is estimated to exceed 10,000 MT/Annum of our capacity utilization from Envision Energy during next 3 years.

Product development activity is expected to take approximately six months and projected to be in serial production during second half of FY 2026. Synergy Green has developed such parts in similar platforms to Vestas & Siemens Gamesa and presently in serial production.

Synergy Green is in to manufacturing of large size critical castings to Wind Turbine Parts with state-of-the-art facilities located at Kolhapur (Maharashtra) and established as a reliable supplier to all major Global Wind OEM's.

Disclaimer:

The aforesaid information on order book projections is based on customer's forecast and Share of Business Allocation to Synergy Green. As such the members and investors are advised to take note of it before any decision of investments.

Thanking you,
Yours faithfully,

For Synergy Green Industries Ltd.
