SpiceJet faces fresh insolvency turbulence

Krishna Yadav
krishna.yadav@livemint.com
NEW DELHI

Engine Lease Finance BV, an engine lessor of SpiceJet, has filed a fresh insolvency plea against the carrier, saying it hasn't been paid rental dues totalling more than \$16.72 million, including interest, for eight leased engines.

The Delhi bench of the National Company Law Tribunal heard the plea on Wednesday and sought responses from both parties. The hearing was adjourned to Thursday after SpiceJet's counsel told the court they had received the petition Wednesday morning and needed more time to respond. The dispute originates from a 2017 agreement through which the company leased engines to SpiceJet. SpiceJet allegedly began defaulting on payments from 14 April 2021. The lessor claimed it was owed \$12.97 million plus \$3.75 million in interest, and issued a demand notice under the Insolvency and Bankruptcy Code, 2016. In its response, SpiceJet said there was a pre-existing dispute between the parties. In December, the lessor approached the Delhi High Court after settlement talks failed, alleging the airline only made partial payments and violated the terms of agreement.

In October, SpiceJet had agreed to pay the lessor about \$2 million and return the leased engines by 25 January. It eventually returned the engines in March on the court's orders. SpiceJet has faced several insolvency pleas in the NCLT over pending dues from parties including Wilmington Trust SP Services (Dublin), Willis Lease Finance, Celestial Aviation, Aircastle, and Alterna Aircraft.

Tata Steel to pour \$2.1 bn in S'pore unit to recast UK biz

The company plans to convert \$565 million debt of its Singapore subsidiary T Steel to equity

Nehal Chaliawala
nehal.chaliawala@livemint.com
MUMBAI

Tata Steel Ltd will invest ₹17,408 crore (\$2.1 billion) in its Singapore unit, T Steel Holdings Pte Ltd, to fund the restructuring of its struggling UK business as well as repay the debt of its offshore entities.

Tata Steel will also be converting \$565 million of existing debt of T Steel into equity, Asia's oldest steelmaker said in regulatory disclosures on Wednesday.

The investment in T Steel, a holding company for the shares of Tata Steel's overseas subsidiaries, will be done over the course of 2024-25.

Tata Steel reported a 65% year-on-year decline in its consolidated profit, to ₹554 crore, for the quarter ended 31 March, missing Street estimates. Analysts polled by Bloomberg had a consensus estimate of ₹890 crore profit.

The financials were dragged down in part by the company's two European units, which reported a combined Ebitda loss of just under ₹650 crore. Ebitda stands for earnings before interest, tax, depreciation and amortization.

Tata Steel's Dutch unit was in the red on account of a relining of one of its blast furnaces, which curtailed production for the better part of the January-March period. The UK operations have been consistently in the red on account of high structural costs in the country, including higher energy prices.

Tata Steel's consolidated revenue for the fourth quarter at ₹58,687 crore was 7% lower compared to the corresponding period last year. Analysts had estimated a revenue of ₹58,375

The company sold 5.42 million tonnes of steel in India, up from 5.15 million tonnes in the same quarter last year. BLOOMBERG

crore. Again, the laggards were the two European units, where sales volumes dropped year-on-year (y-o-y), even as sales volume improved in India. The company sold 5.42 million tonnes (mt) of steel in India, up from 5.15 million tonnes in the same quarter last year.

"FY24 has been a year of progress for Tata Steel with transition towards stated goals in India and abroad despite the challenging operating environment," Tata Steel managing director T.V. Narendran said in a statement. "In India, which is a structurally attractive market, we have delivered improved margins and continued to expand our footprint in terms of volumes as well as product portfolio."

Consolidated delivery volumes for the fourth quarter were at 7.98 mt, up from 7.78 mt last year.

"Overall, India deliveries now make up 68% of total deliveries and will continue to grow with incremental volumes from 5 (million tonnes per annum) capacity expansion at Kalinganagar," Narendran said.

Tata Steel recorded its best-ever sales in India during FY24 at around 19 mt, which was 9% growth y-o-y, he said.

Tata Steel's net debt increased to ₹77,550 crore as of 31 March from ₹67,810 crore a year ago. Net debt to Ebitda ratio worsened from 2.07 to 3.31.

The company's debt position has been on an upward trend since the end of FY22, when a commodity upcycle

helped the company deleverage its books sharply.

Tata Steel has set a target of keeping its debt to less than 2.5 times its Ebitda.

During the fourth quarter, the company recorded capital expenditure of ₹4,850 crore. For the full year, the expenditure was ₹18,207 crore, up 29% on-year.

Tata Steel declared a dividend of ₹3.60 per share, setting 21 June as the record date.

Shares of Tata Steel ended 0.4% lower at ₹174.20 each on BSE on Wednesday. The results were declared after trading hours.

The stock has gained nearly 25% since the beginning of the year, beating its peer JSW Steel Ltd but lagging Jindal Steel and Power Ltd.

OTT firms getting content vetted to avoid legal disputes

Lata Jha
lata.j@htlive.com
NEW DELHI

OTT platforms have started working closely with legal experts at various stages of production to ensure their programmes don't violate intellectual property rights or fall foul of laws that prohibit vulgar or explicit content.

Streaming companies are also keen to avoid politico-cultural landmines, and law firms say their involvement can extend from scripting to managing the post-release environment.

"Law firms are increasingly collaborating with OTT platforms to ensure compliance with regulations and to navigate the complex legal landscape that comes with digital content creation. While most large OTT content creators in India have their own in-house legal teams that take care of the day-to-day functioning of the platform, including its content, law firms can get involved at various stages, depending on the complexity and scale of a particular project," Snigdhaeel Satpathy, partner at Saraf and Partners, a law firm, said.

Law firms may be involved right at the beginning to ensure that the concept of a show does not infringe on intellectual property rights. At the scripting stage, legal experts can review scripts for potential defamation, privacy violations, and other legal risks, Satpathy said. In the production phase, law firms can assist with contracts,

negotiations, and ensuring that the filming process adheres to labour laws, location permits, and other relevant legal requirements. Post-production, law firms may assist with clearance of rights for music, clips, and other media used in the show.

Cultural sensitivity is paramount in a country where religious beliefs are deeply ingrained, said Ayan Sharma, head of public policy and advocacy, BTG Advaya. "The online series Tandav faced legal action and an FIR due to accusations of hurting religious sentiments by portraying Hindu deities negatively and allegedly inciting religious tensions. To navigate legal challenges and maintain positive audience reception, OTT platforms must strike a balance between creative expression and cultural sensitivity, bearing which in mind becomes necessary for the green-lighting of projects," Sharma said, referring to one of the key areas for legal guidance nowadays.

Legal experts can review scripts for potential defamation, privacy violations, and other legal risks

NOTICE
Transfer of equity shares of Bharti Airtel Limited ("Company") to Investor Education and Protection Fund ("IEPF")

This Notice is published pursuant to the provisions of the Companies Act, 2013 ("Act") read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ("Rules"). The Act and the Rules amongst other matters, provide for the compulsory transfer of equity shares in respect of which dividend remains unpaid/ unclaimed for a period of seven consecutive years or more, to Investor Education and Protection Fund (IEPF).

Adhering to the aforesaid requirements, the Company has individually communicated to such shareholders whose dividends remain unpaid/ unclaimed for seven consecutive years commencing from the financial year 2016-17, requesting them to claim the same by September 01, 2024, by following the procedure laid down in the correspondences sent to them. In absence of the receipt of a valid claim by the shareholders within the mentioned time frame, the Company will transfer the said shares to IEPF authority in accordance with the Rules.

The concerned shareholders holding shares in physical form and whose shares are liable to be transferred to IEPF may please note that the Company would be issuing new share certificate(s) in lieu of the original certificate(s) held by them for the purpose of conversion of such shares into DEMAT form and their subsequent transfer to IEPF. Upon such issue, the original share certificate(s) which are registered in their name will stand automatically cancelled and be deemed non-negotiable. In case of shareholders holding shares in DEMAT form, the transfer of shares to DEMAT account of the IEPF Authority as indicated herein above shall be effected by the Company through the respective depositories by way of corporate action. The shareholders may note that the Company has uploaded the updated list of such shareholders alongwith Folio No./DPID and Client ID whose shares are liable to be transferred to IEPF, on its website viz. www.airtel.in. The shareholders may further note that the details uploaded by the Company on its website is treated as notice in respect of issue of the duplicate share certificate(s) by the Company for the purpose of transfer of shares to IEPF Authority pursuant to the Rules.

Any further dividend/benefit, if any, in respect of shares so transferred shall also be credited to IEPF and the voting rights on such shares shall remain frozen till the rightful owner claims the shares. No claim shall lie against the Company in respect of the dividend and the shares transferred to IEPF. On transfer of the dividend and shares to IEPF, the shareholders may claim the same by making an application to IEPF by following the procedure prescribed in the Rules.

In view of the above, the concerned shareholders are once again requested to claim their unclaimed dividends immediately on receipt of this Notice, on or before September 01, 2024 by submitting written application along with a self-attested copy of PAN card, copy of cancelled cheque, self-attested copy of address proof and the original uncashed dividend warrant (if any) or a duly filed indemnity bond (available on the website of RTA) failing which the Company shall, in adherence to the requirements of the Act and the Rules, transfer the shares to IEPF on which dividend remains unpaid/ unclaimed for seven consecutive years in accordance with applicable provisions without any further notice.

In case the shareholders have any queries, they may contact Company's Registrar and Share Transfer Agent, KFin Technologies Limited, at their address Selenium Building, Tower B, Plot 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad - 500032; Toll Free No.: 1800-3454-001; Email id: einward.ris@kfintech.com; Website: www.kfintech.com.
