## **Sub: Receipt of Hand Transplant Approval**

**Dear Sir/Madam,**

We are elated to announce that Shalby Hospital, Ahmedabad has received approval for registration for Hand Transplant under Transplantation of Human Organs Act, 1994 from the State Authorization Committee, Government of Gujarat for conducting hand transplant procedures vide its letter and certificate dated February 11, 2025.

This is the first approval of its kind in the state of Gujarat, marks a significant milestone and positioning for Shalby, as a pioneer in this specialized medical domain, as it is the first such approval granted in the state of Gujarat. This approval enables Shalby Hospital to perform hand transplants, a groundbreaking medical advancement in the field of reconstructive surgery. The approval is expected to enhance the company's reputation, expand its service offerings, and contribute to improved patient outcomes in and around the region.

Being the first in Gujarat to receive approval for hand transplants establishes Shalby as a leader in advanced medical procedures and reconstructive surgery. Hand transplants provide a life-changing solution and significantly improve the quality of life for patients by restoring hand functionality enabling them to perform daily activities independently for the patients who have lost their hands due to trauma, disease, or congenital conditions, expanding the range of services offered. It can also alleviate the emotional and psychological trauma associated with limb loss, improving overall well-being.

Receiving approval for hand transplants is a transformative milestone that benefits patients, the institution, and the broader healthcare ecosystem. It underscores the institution's commitment to innovation, excellence, and improving patient care.
