In the current quarter, operations were at the similar level as compared to corresponding quarter of the previous year. The recent new orders received in the States of Rajasthan INR 630 Crores and Telangana INR 459 Crores are still at implementation stage and expected to commence execution by 3rd quarter of the current year.

The stronger demand for the Company's manufacturing products continues to maintain robust operating margins. The EBITDA for the current quarter is 15.43%, increase of 60 basis points over corresponding previous quarter.

The strong operating margins coupled with surplus cashflow generated by monetisation of idle land parcel of the Company at Bangalore and Hyderabad in recent years along with cashflow received from development of real estate in two projects at Pune, has resulted into lowering of working capital borrowing substantially thereby reducing borrowing cost. Treasury income of INR 12.57 Crores is more than finance cost of INR 10.54 Crores during the current quarter.
