Sub: Investor Presentation

Dear Sir/Madam,

Please find enclosed herewith the **Investor Presentation** of **Sheel Biotech Limited**, prepared to provide an overview of the Company's business, operations, financial performance, strategic developments for the benefit of investors and other stakeholders.

The Investor Presentation has also been made available on the Company's website at-**https:** https://sheelbiotech.com/investor-information/announcements/other-announcements .

Kindly take the same on your records.

Thanking You,

For and on behalf of Sheel Biotech Limited

DELIVERING GREEN VALUES

INVESTOR PRESENTATION

H1 FY2027

H1 FY2027 HIGHLIGHTS

KEY BUSINESS DEVELOPMENTS & ORDER WINS

Major Order Secured

₹21.39 Crore
Jammu & Kashmir Precision Farming Project

- Received Letter of Allotment from J&K Agro Industries Development Corporation Limited (JKAIDCL).
- Establishment of 5 Centres of Excellence (CoE) for Precision Farming.
- Project to be executed on a turnkey basis across 5 districts of Jammu & Kashmir.
- Strengthens the company's presence in agricultural infrastructure and precision farming.

A Key Milestone in Blueberry Segment Expansion

₹14.53 Crore
Blueberry Growing Infrastructure Project

- Finalisation of commercial transaction for the Blueberry Project.
- Covers infrastructure and growing systems for blueberry cultivation.
- Supports the company's expansion into high-value horticulture and premium agricultural solutions.
- Blueberry segment identified as a key focus area for future business expansion and growth.

Combined announced project value ₹35.92 Crore

COMPANY AT A GLANCE

Sheel Biotech Limited (SBL) is a leading agri-horticultural solutions company in India, with a legacy spanning over three decades. Offering premium quality tissue culture planting material, protected cultivation infrastructure, and organic farming programs under the trusted 'Sheel Biotech' brand, SBL caters to the evolving needs of India's farmers, institutions, and urban landscaping market. SBL is poised to become a defining player in India's high-growth horticulture sector. From a **single tissue culture** lab in Manesar to a pan-India agri platform — Sheel Biotech is India's integrated horticulture solutions company

OUR JOURNEY

1991:
Market Research & Entry

1992:
Converted into Public Limited Company

1994:
Tissue Culture Lab, Manesar

2006:
Entered Greenhouse Segment

2008:
Organic Division Launch

2012:
International Expansion — Eritrea, Africa

2017:
Packhouse Segment Entry

H1 FY27:
Secured institutional orders for blueberry projects in J&K and Himachal Pradesh.

2025–26:
Blueberry Commercial Expansion — India's Emerging Superfruit Frontier

2025:
IPO Listing on NSE Emerge

2024:
₹100 Cr+ Revenue; Global Breeder Collaborations

2021:
FPO Program Launched; Berry Farming Journey Begins

2020:
Developed New Plant Line Using Dutch Technology

2018:
Smart City & Landscaping Projects Begin

LEADERSHIP TEAM

MR. SANJAY CHANDAK

Designation: Promoter & Executive Director

Qualifications: Holds a Doctorate in Business Administration from California Public University

Experience: 27 years of experience in biotechnology, tissue culture, floriculture, seeds, and organic certification. Focuses on technology sourcing and strategic tie-ups for business expansion.

Role in SBL: Technology strategy | International tie-ups | Global breeder partnerships | Berry farming expansion

MR. DIVYE CHANDAK

Designation: Promoter & Managing Director

Qualifications: Holds a B.Tech in Chemical Engineering and PG Management

Experience: 7 years of experience in marketing and business development

Role in SBL: Day-to-day operations | Business development | Marketing | Berry farming global sourcing

BUSINESS MODEL — 6 INTEGRATED VERTICALS

Sheel Biotech operates across five synergistic verticals — creating end-to-end value across the agri-horticultural chain.

FPO Formation & Skill Development

50 FPOs across India | Empaneled with NERAMAC, NAFED, SFAC & NCDC simultaneously Market Linkages: GeM | ONDC | INA Delhi Haat

Planting & Landscaping

Premium clients: 5-star hotels, Smart Cities Mission, DRDO, ICAR, Amul Cities served: Delhi, Jalandhar, Prayagraj, Nainital, Jim Corbett

Berries (New Vertical)

High yield, premium berry cultivation Tissue Culture Plants|Protected Cultivation | Post-harvest handling | Market Linkages Purpose- Build for export & domestic market.

Tissue Culture Lab

High-quality, disease-free planting material | 1.5 Crore plants/year | Manesar, Gurugram Crops: Fruits, Floriculture, Medicinal, Exotic Varieties including Berries

Greenhouse & Packhouse

Turnkey protected cultivation infrastructure Technologies: Aeroponic | Hydroponic | NFT Systems | Climate Control

Organic Adoption & Certification

9+ years executing government organic programs | 15 States | 1,98,502 Farmers | 1,41,709 hectares Certifications: NPOP | PGS | APEDA Accredited

TISSUE CULTURE - PROPAGATING QUALITY AT SCALE SINCE 1994

WHAT WE DO

- Modern tissue culture for plant propagation
- High-quality, uniform, disease-free plants
- Tissue culture & hydroponic growing solutions
- Wide crop range with high productivity
- Tissue culture lab setup services

KEY FACTS

- Production capacity: 1.5 Crore plants/year
- Lab Location: Manesar, Gurugram
- DBT & DST Recognized R&D Lab
- Year-round production, unaffected by weather conditions
- Technology: Dutch Technology Plant Line
- One of North India's Largest Tissue Culture Labs
- Certifications: ISO 9001:2015, ISO 14001:2015, ISO 45001:2018

PRODUCT PORTFOLIO

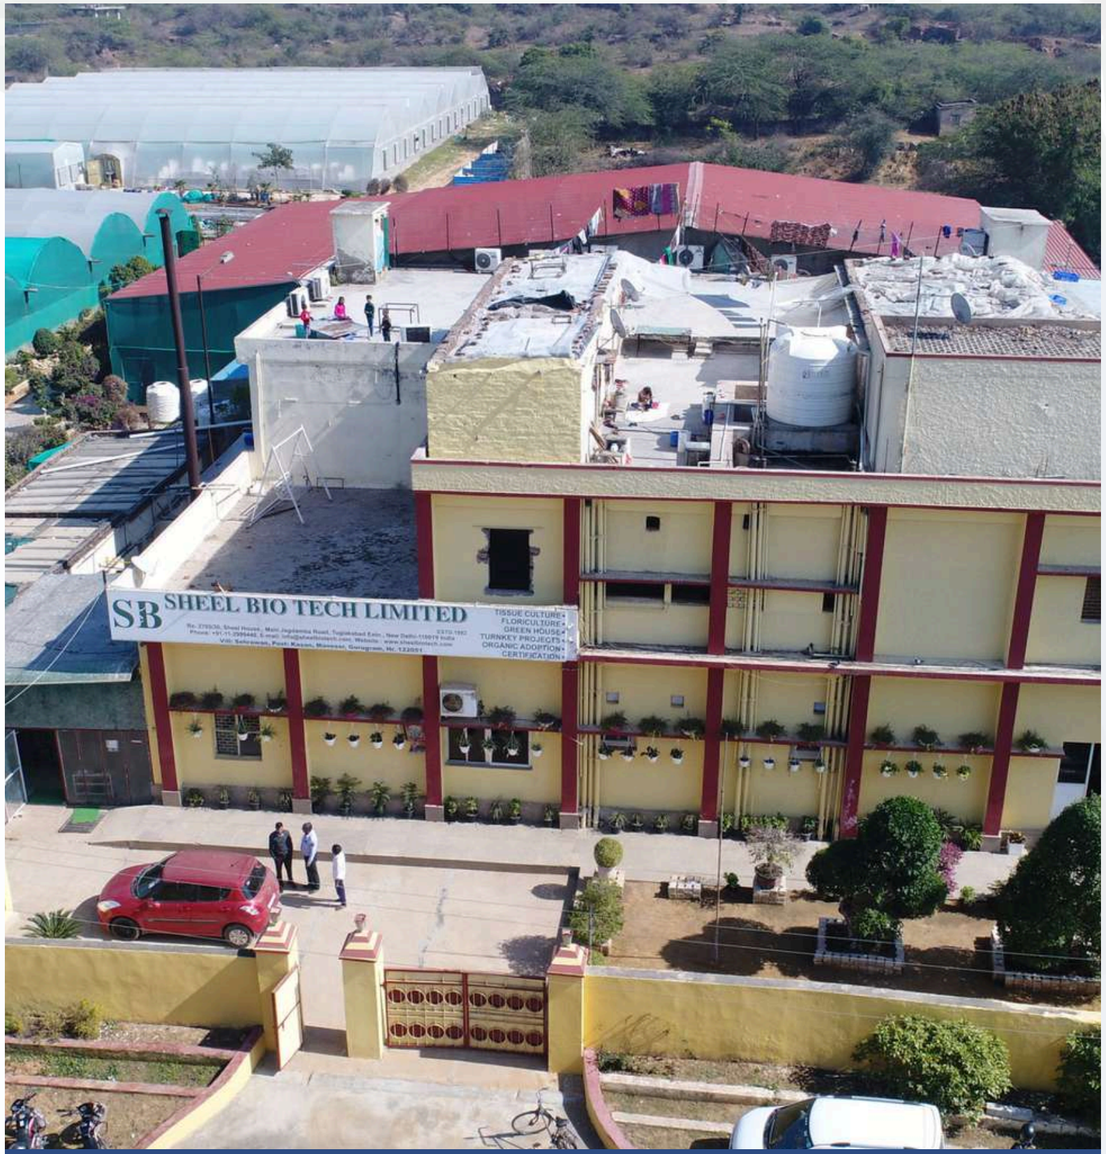

- Fruit – Banana, Pear, Guava, Pomegranate, Strawberry, Plum

- Floriculture –Rose, Gerbera, Gladiolus, Lilium, Anthurium, Orchid

TISSUE CULTURE LAB

OUR TISSUE CULTURE UNIT
At Manesar, Gurugram

TISSUE CULTURE LABORATORY

GREENHOUSE & PACKHOUSE – END-TO-END HORTICULTURAL INFRASTRUCTURE

WHAT WE DO

- Designs & executes greenhouses and turnkey agri projects
- Builds centers of excellence and integrated packhouses
- Uses climate control, automation, drip irrigation & fertigation
- Optimizes crop yield and quality
- Complete post-harvest solutions: Sort → Grade → Wash → Pack → Store → Export

KEY FACTS

- Only company offering Greenhouse + Aeroponic + Hydroponic + Packhouse under one roof
- Trusted by DRDO, ICAR, Amul — India's most credible institutional clients
- 12 CoEs established
- Key Facility - Pilkhuwa, Uttar Pradesh

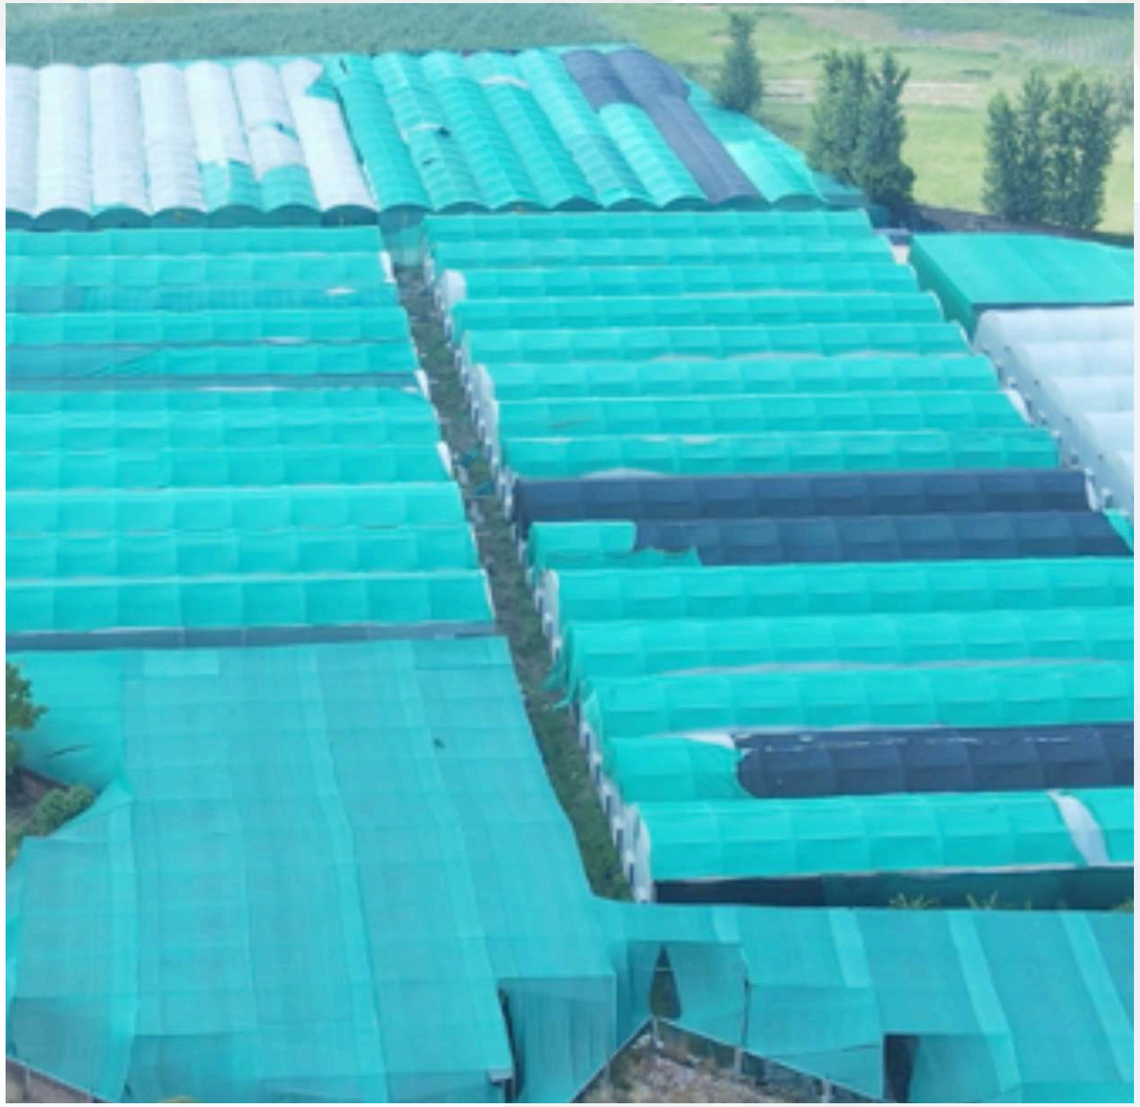

TECHNOLOGIES OFFERED

Greenhouse Solutions:
- Climate Control Systems
- Automation & Fertigation
- Drip Irrigation Systems

Advanced Cultivation:
- Aeroponic Facility
- Hydroponic Facility
- NFT FOR HYDROPONIC SYSTEM

Post-Harvest Infrastructure:
- Controlled Atmosphere (CA) Cold Storage — preserving produce freshness, flavor, color and texture
- Processing Lines — washing, grading, sorting, slicing
- Packing Machines — trays, bags, boxes
- Pack House & Cold Store

GREEN HOUSE FACILITY

OUR GREEN HOUSE FACILITY AT PILKHUWA, UP

FACILITY AT DRDO HALDWANI

PACKHOUSE AND COLD STORAGE

BIHAR-EXPORT PACK HOUSE/COLD STORE

MP, SANAWAD - INTEGRATED PACK HOUSE

TRIPURA - INTEGRATED PACK HOUSE

RAI-SONIPAT - COLD STORAGE

AEROPONIC PROJECT FOR AMUL DAIRY AT KANPUR, UP

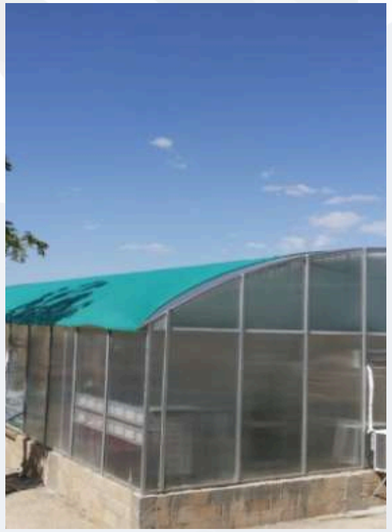

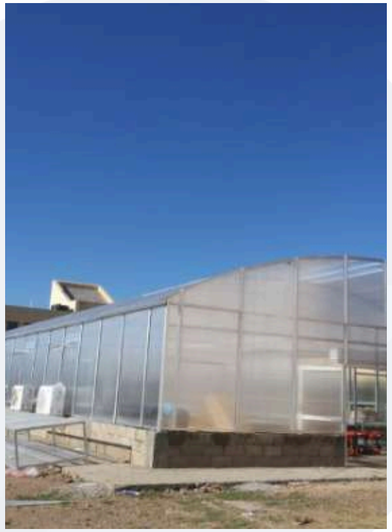

HYDROPONIC FACILITY & OVERSEAS PROJECTS

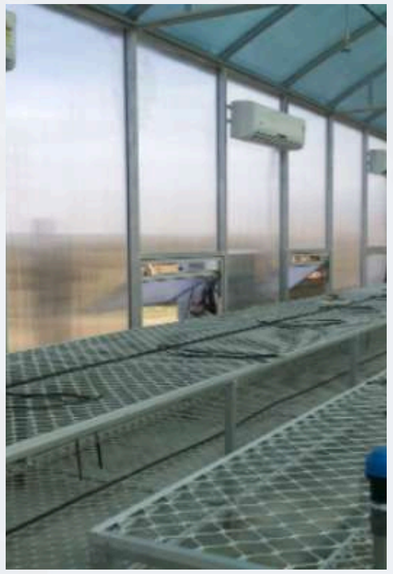

NFT FOR HYDROPONIC SYSTEM

OVERSEAS PROJECTS ERITREA - AFRICA

ORGANIC ADOPTION & CERTIFICATION – TRANSFORMING INDIAN FARMING AT SCALE

WHAT WE DO

- National Programme for Organic Production (NPOP) and the Participatory Guarantee System (PGS) organic adoption & certification

On-farm input management:

- NADEP Compost
- Vermi Compost
- CPP Compost
- Cow Pats Pits
- Marketing assistance to organic farmers

KEY FACTS

- 9+ Years executing govt. organic programs — NPOP & PGS certified
- 15 states | 1,98,502 farmers | 1,41,709 hectares — largest footprint
- Multi-scheme capability - MOVCD, MIDH, PKVY, Namami Gange, BPKP
- Full service: Adoption → Training → Certification → Marketing support
- Best Organic Award by Agriculture Minister — govt. validation
- APEDA accredited certification agencies — export-ready standards

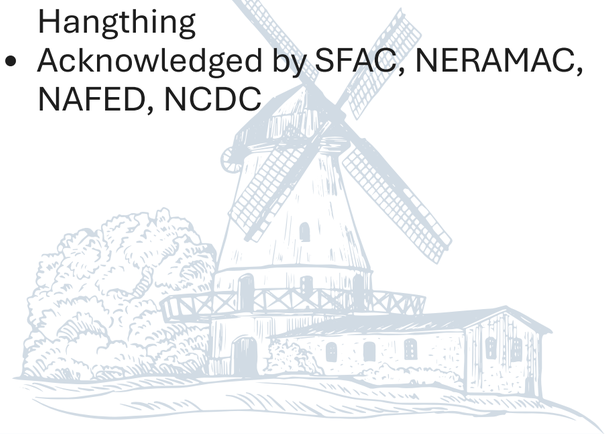

ON-FARM TRAINING PROGRAMS

Training Modules Delivered:

- NADEP Compost Pit preparation
- Vermi Compost Beds
- NADEP & CPP Compost Preparations
- Cow Pats Pits

AWARDS & RECOGNITION

- Best Organic Award by Hon'ble Agriculture Minister
- Padma Shri — FPO Farmer Mr. Hangthing
- Acknowledged by SFAC, NERAMAC, NAFED, NCDC

PLANTING & LANDSCAPING – GREENING INDIA'S PREMIUM SPACES

WHAT WE DO

Service type:

- Commercial Space Landscaping
- Design Consultancy
- Terrace Garden
- Balcony Garden
- Vertical Garden
- Backyard Garden

KEY FACTS

- Client Segment -Premium Hotels + Smart Cities + Govt.
- Trusted by India's top 5-star hotel chains — Imperial, Leela, Claridges, Roseate, Crowne Plaza, 1 COE in Bihar.
- Smart Cities Mission execution — Delhi, Jalandhar, Prayagraj, Dhaula Kuan Metro
- Own tissue culture lab = cost advantage in plant supply for landscaping projects
- End-to-end capability: Design → Supply → Install → Maintain
- Resort + Hotel + Government — 3 client segments providing revenue diversification

PREMIUM CLIENT PORTFOLIO

Five-Star Hotels:

- The Imperial, New Delhi
- The Claridges, New Delhi
- The Leela
- Roseate Hotels & Resorts
- Crowne Plaza Hotels & Resorts

Resort Landscaping:

- Himalaica Resort, Nainital
- Alaya Resort, Jim Corbett

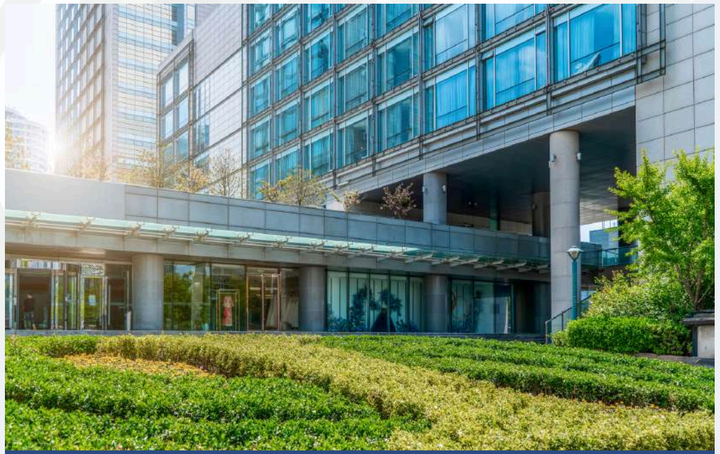

Smart City Projects

- Delhi Cantt Parade Road
- Smart City Jalandhar
- Metro Pillars — Dhaula Kuan, Delhi
- Civil Lines, Prayagraj

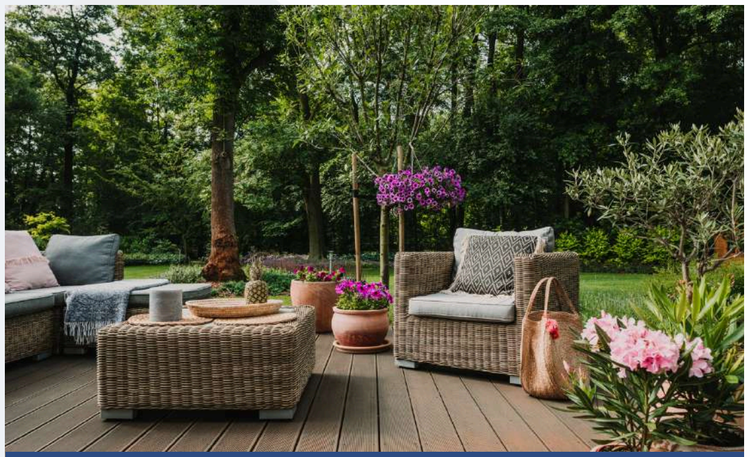

PIONEERING EXCELLENCE IN LANDSCAPING ARCHITECTURE

1. DESIGN CONSULTANCY

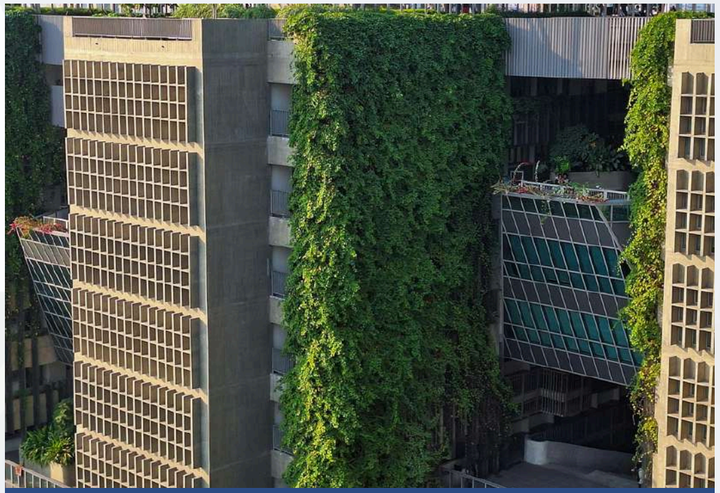

2. COMMERCIAL SPACE LANDSCAPING

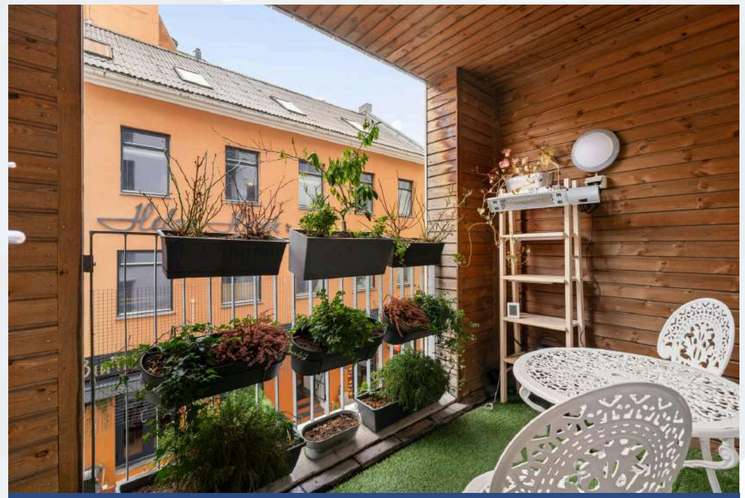

3. TERRACE GARDEN

4. BACKYARD GARDEN

5. VERTICAL GARDEN

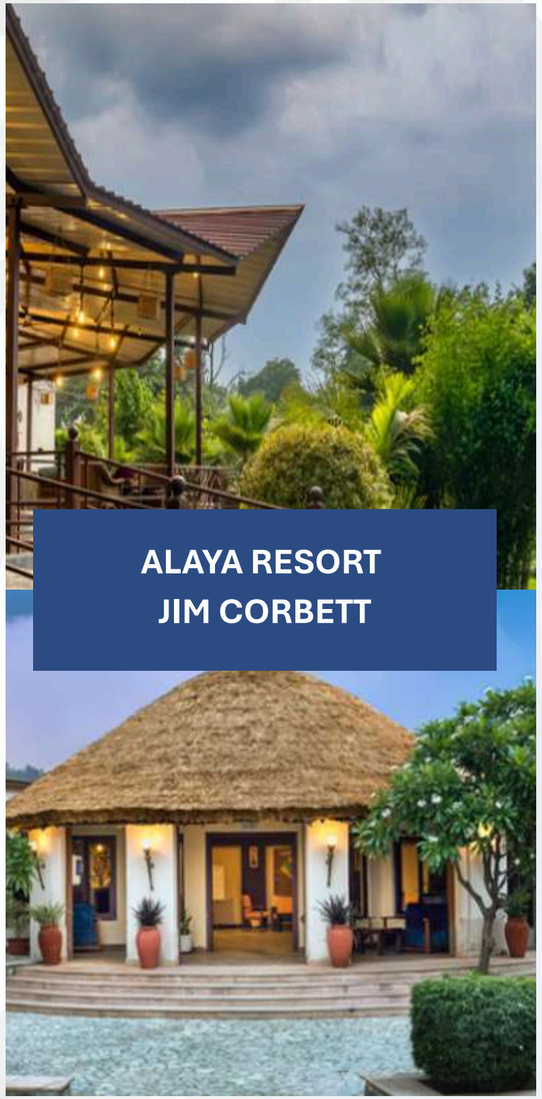

6. BALCONY GARDEN

SKILL & FPO – EMPOWERING INDIA'S FARMING COMMUNITY AT SCALE

WHAT WE DO

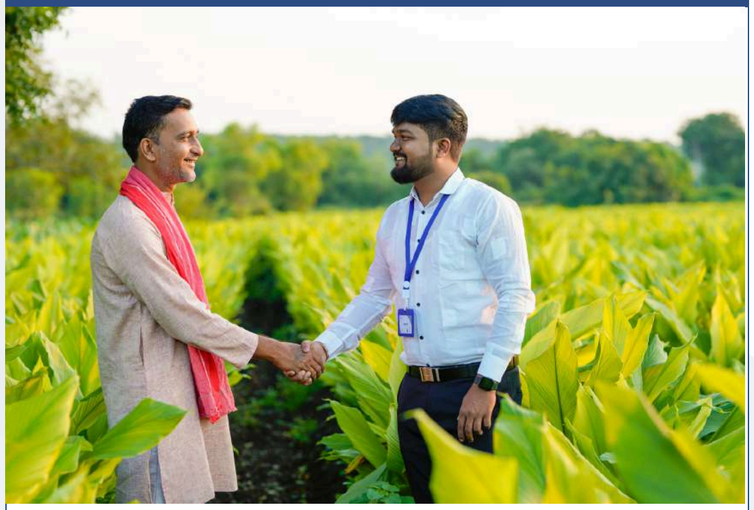

- FPO- Formation & Management
- Skill Training – Seminars, Workshops, Exposure Trips
- Post-Harvest Infrastructure: Processing Units, Rice Mills, etc.

KEY FACTS

- 50 FPOs across India
- One of only a few CBBOs empaneled with ALL FOUR major IAs — NERAMAC, NAFED, SFAC & NCDC simultaneously
- End-to-end FPO support: Formation → Training → Certification → Market Linkage → PHM Infrastructure
- FPOs listed on GeM & ONDC — digital market access
- GoI published SBL FPO success stories in official book

AWARDS & RECOGNITION

- Padma Shri — FPO Farmer Mr. Hangthing
- 3 FPOs shortlisted — INA Delhi Haat FPO Mela, July 6-8, 2024
- Agriculture Minister visit — Shri Shivraj Singh Chouhan visited our FPOs

BEST ORGANIC AWARD BY HON'BLE AGRICULTURE MINISTER

THE PIVOT — ENTERING THE BLUEBERRY OPPORTUNITY

Why Blueberries? Why Now? Why Sheel?

Sheel Biotech is strategically expanding into premium berry farming — blueberry, strawberry, and raspberry — leveraging its existing infrastructure, expertise, and global breeder partnerships.

The Global Signal

Global blueberry market: $9.3 Billion (2025) → projected $15.25 Billion by 2034

CAGR: 5.65% globally | India demand growing at estimated 18% CAGR through 2028

Global production exceeded 2 million metric tons in 2024 — first time in history

IBO projects global production to reach 3.2 million tons by 2028

Global planted area expanding at 7–10% per year

The India Signal

India's blueberry imports have grown 10x vs. 2020

Import duties reduced from 33% to 10% — catalysing market accessibility

Blueberry consumption rising steeply, driven by health-conscious urban consumers

Domestic production currently only ~2,000-3,000 MT (2024) — demand-supply gap is enormous

Urban retail penetration accelerating: Mumbai, Delhi, Bengaluru, Tier-I cities

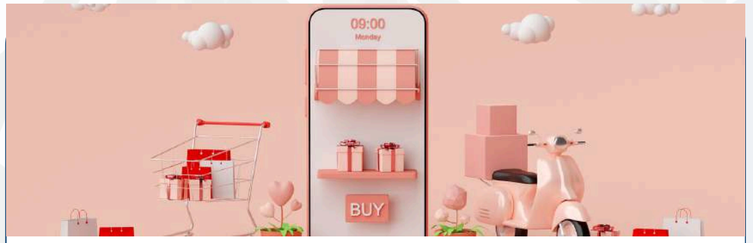

Source: IBO Report 2025

INDIA DEMAND CHANNELS

Multiple Channels. One Direction. Premium.

Modern Retail

Quick Commerce (Q-com)

HoReCa (Hotels, Restaurants, Catering)

D2C Health Brands

Bakery & Confectionery

Dairy (yogurt, ice cream)

IQF/Frozen Processing

BLUEBERRY PRICE PREMIUM — THE ECONOMICS

Why Blueberry is a Superior Agricultural Bet
Retail Price Comparison **(₹/kg — Online/Retail):**

₹25

Watermelon

₹35

Banana

₹135

Orange

₹150

Papaya

₹150

Pomegranate

₹200

Apple

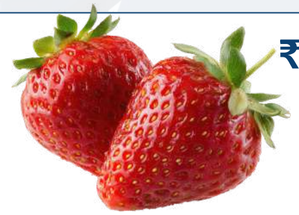

₹200

Mango

₹250

Grapes

₹400

Strawberry

₹2,500

Blueberry

Blueberry commands 6x the price of strawberry and 100x the price of watermelon.
Sheel's focus: Premium large-size blueberries — 18mm to 25mm per berry — the globally preferred commercial grade that fetches maximum price in retail and export markets.

SHEEL'S COMPETITIVE ADVANTAGE IN BLUEBERRY FARMING

What Sets Sheel Biotech Apart

A differentiated platform driving the future of blueberry cultivation in India.

Tissue Culture Expertise (30+ Years)

Sheel's core DNA is propagating quality planting material at scale. The same precision that applies to banana, strawberry, and floriculture will directly power blueberry plant production. 1.5 Crore plant/year capacity can be re-oriented to berries as demand scales.

Patented & Premium Variety Access

Sheel works exclusively with patented, world-class breeder genetics — including collaboration with Cuna de Platero (Spain), one of Europe's foremost blueberry breeders. Focus on large-size berries: 18mm–25mm, the premium commercial standard.

Government Program Relationships

Deep relationships with NAFED, NERAMAC, SFAC, NCDC, ICAR, DRDO, Amul — institutional buyers and program executing agencies. Direct access to policy-backed agri-finance for expansion.

Protected Cultivation Infrastructure

Already in Place 59 completed greenhouse/polyhouse projects nationally. The Pilkhuwa, UP facility already has a live blueberry demo farm. Sheel is the only company in India offering Greenhouse + Aeroponic + Hydroponic + Packhouse under one roof.

Post-Harvest & Cold Chain Capability

Cold storage, packhouses, controlled atmosphere (CA) systems, grading, sorting, processing lines — Sheel has already built this for other crops. The infrastructure shifts seamlessly to blueberry supply chain.

Farmer & FPO Network 50 FPOs

1,98,502 Farmers | 15 States — a ready mobilization platform for contract blueberry farming at scale.

End-to-End Commercial Model

Sheel offers investors and farmers a complete turnkey solution:

- LAND IDENTIFICATION
- POLYHOUSE SETUP
- PREMIUM PLANTING MATERIAL
- AGRONOMY SUPPORT
- POST-HARVEST HANDLING
- MARKET LINKAGE TO PREMIUM B2B BUYERS (HOTELS, RETAILERS, EXPORTERS, NUTRACEUTICAL BRANDS).

SHEEL'S BLUEBERRY BUSINESS MODEL

Three Revenue Streams from One Integrated Platform

Stream 1
Planting
Material Sales

Import and distribute premium tissue-cultured blueberry plants to commercial farmers, institutions, and research bodies. Partner genetics from global breeders. Varieties: Zero Chill & Low Chill — suited to India's diverse climate zones.

Stream 2
Turnkey Farm
Setup & Management

End-to-end project execution for commercial blueberry farms — polyhouse construction, irrigation, fertigation, agronomy training, ongoing technical support. Clients include corporate farms, institutional buyers, state governments.

Stream 3
Managed
Agri-Investment Projects

Curated investor farm projects where individuals invest in a blueberry farm fully managed by Sheel Biotech — from setup to harvest to sale. Revenue shared with investors. Connects urban capital with agricultural returns.

Current Customers/Distribution Partners: Konnect Agro | Farm 2 Fam
Where Berries Go: Harvested produce distributed to large B2B buyers — premium retail markets, major commercial fruit brands, hotels, export channels.

BLUEBERRY CULTIVATION — THE SHEEL PROCESS

From Genetics to Market — Complete Control

Site Selection

Input Procurement (Premium Genetics)

Crop Management (Protected Cultivation)

Harvest (18–25mm Premium Grade)

Storage (Cold Chain / CA Storage)

Distribution (B2B / Retail / Export)

Market & Sale

Variety Selection Strategy

Sheel sources and works with all four chill-requirement categories — Zero Chill & Low Chill — enabling cultivation across India's varied climate zones from the southern plains to the Himalayan foothills.

Key Growing Regions Being Targeted

Madhya Pradesh | Tamil Nadu (Pollachi) | Himachali foothills | Areas near Goa | Uttar Pradesh (Pilkhuwa facility already operational)

Sheel's Quality Differentiator

Focus on commercially superior large berries — 18mm to 25mm. Smaller berries command lower prices; Sheel's variety selection and agronomy protocols are specifically designed to maximize berry size and Brix levels, the two most critical premium market parameters.

PROGRESS & NEXT GROWTH PRIORITIES

From Commercial Execution to Scaled Blueberry Leadership

Commercial Progress Achieved:

Commenced securing institutional orders for blueberry cultivation projects across Jammu & Kashmir and Himachal Pradesh, strengthening our presence in India's emerging blueberry ecosystem.

The Next Step (FY27–28):

Expand contracted farm acreage across key growing regions | Scale tissue culture production of blueberry plants domestically | Strengthen cold chain and post-harvest handling capacity dedicated to berries | Deepen FPO network deployment for contract blueberry farming

The Next Horizon - Dominate (FY29+):

Become India's largest integrated blueberry platform — from genetics to retail | Explore export markets as Indian production achieves scale and consistency | Potential for domestic breeder tie-ups and proprietary variety development

The Larger Vision:
Sheel is not just entering a new crop — it is transplanting 35 years of end-to-end agri-infrastructure expertise into India's highest-value emerging fruit segment. The same model that built India's protected cultivation, organic, and FPO ecosystems will now build India's berry economy.

BEYOND BLUEBERRY — THE FULL BERRY PORTFOLIO

Sheel's Berry Vertical: Blueberry + Strawberry + Raspberry

Strawberry

- Unique varieties: White Pearl (pineapple flavour with vanilla aroma), Conical bright red varieties
- 3x sweeter than conventional strawberries — higher Brix levels
- Active demo farm in Delhi NCR for farmer exposure visits
- Partnership: EMCO CAL (University of Florida breeding program)
- Varieties: Felicity, Sensation, Valentina, Beauty, Brilliance, Fortuna

Raspberry

- Low-input varieties: Less water, fertilizer, chemicals
- High post-harvest quality — superior shelf life for premium market
- Proven in India with active growers already operational
- Managing Director has personally visited Egypt raspberry farms for international validation

The Berry Cluster Advantage: Running all three berries simultaneously allows year-round supply continuity, diversified risk, shared infrastructure, and a single integrated market access platform for premium buyers.
