Note 2: As per management, the delay in construction of factory premises was mainly due to Labour availability constraints, Contractor related delays and moisture related issues affecting construction progress.

Note 3: The procurement and installation of machinery are dependent on the completion of the factory construction. Since the civil construction is still in progress, the company has not initiated full-scale machinery acquisition. The process will commence once the construction reaches the required stage. The Company is in the process of availing applicable government subsidy for setting up cold storage facilities. The implementation has been deferred as company is awaiting for approval and disbursement of the subsidy. The project execution will be aligned upon receipt of the same.

Note 4: The installation of solar power systems is planned post stabilization of the factory infrastructure and operational readiness. Hence, the implementation has been deferred accordingly.

Note 5:

The board has resolved in its Board meeting dated 14th May, 2026 that the board has reviewed the status of implementation vide board resolution dated 27th March 2026 and noted that the proposed utilization of certain IPO proceeds may extend into subsequent financial year(s) depending upon project execution timelines, approvals, implementation stages and operational requirements.
