Shriram Pistons & Rings Ltd. Q2 & H1 FY25 Performance

SPRL Maintains Its Upward Growth Momentum

Consolidated Total Income at Rs. 9,069 Million in Q2FY25, up by 17.1% YoY and 5.0% QoQ
Consolidated EBITDA at Rs. 2,083 Million in Q2FY25, grew by 15.4% YoY and 8.6% QoQ

New Delhi, 28th October 2024: Shriram Pistons & Rings Ltd. (herein referred to as “SPRL”), India’s leading pistons, piston pins, piston rings and engine valves manufacturer, announced the financial results for the Q2FY25 ended 30th September 2024.

Speaking about the performance and recent updates, Mr. Krishnakumar Srinivasan, Managing Director & CEO, said: “Continuing the growth trajectory, SPRL has sustained its progressive expansion trend in second quarter of FY25 by growing consolidated Total Income by 17.1% and Profit After Tax by 11.4% on year-on-year basis. With festivities around the corner, increased offtake by dealer network and our strong positioning as a leading manufacturer & exporter of our products in India attributed to our continued growth. The company concluded its first half of FY25 with a growth in consolidated Total Income and Profit After Tax by 17.2% and 13.3%, respectively over the corresponding period of last year. More importantly, our company has shown a better performance on a quarter-on-quarter basis with consolidated Total Income growing by 5.0%, while Profit After Tax grew by 7.4%, during this quarter.

In a challenging demand scenario involving inventory pileups, automotive industry during the quarter witnessed pressure in Passenger Vehicles and Commercial Vehicles, while 2-wheelers continued to post strong growth on the back of above-normal monsoon driven by rural demand. The industry is hoping for demand revival and sale-uplift in the second half of the fiscal year.

Our various strategic initiatives to expand our product portfolio into ICE agnostic products and alternate fuel solutions like hybrid, hydrogen, CNG, Flex, H-CNG, etc ensures our growth in the longer term and diversification into EV mobility solutions and high precision injection moulded parts positions us well amidst evolving market landscape. Our strong R&D and innovation focus, high-tech facilities, and our long-standing technological collaborations, will continue to augment our market presence. We remain committed to our well-crafted strategies, focusing on prudent financial management and increased operational efficiencies to ensure the enduring and steady progress of our organization in future.”

Consolidated Financial Highlights:

About Shriram Pistons & Rings Ltd.:

Incorporated in 1963, Shriram Pistons & Rings Ltd. (SPRL) has emerged as a prominent leader in manufacturing of Pistons, Piston Pins, Piston Rings and Engine Valves in India and is the largest exporter to the world's OEMs and aftermarkets. Marketed under brands "SPR" and "USHA", it has diversified presence across Commercial Vehicles, Passenger Vehicles, Farm Equipment, Off-highway vehicles and Industrial Engines & gensets along with Railways and Defence applications. Department of Scientific and Industrial Research (DSIR) approved ultra-modern R&D tech centre, long-standing global technological collaborations with names like Kolbenschmidt, Riken, Honda Foundry and Fuji Oozx, aided by 6 state-of-the-art manufacturing facilities makes a mark of SPRL's technological excellence in the global clientele's prerequisites.

Extensive distribution network with 1,200+ business partners and 22 logistics centres augment its global supply value chain to more than 45 countries across 5 continents. With acquiring significant stakes in SPR EMF Innovations (EMFi) and SPR Takahata Precision India (TPI), SPRL aims to capture the market in EV mobility solutions and high-precision plastic injection moulding parts. With experienced team and visionary leaders at its helm, the company is poised for delivering the precision quality products to client embracing new and cutting-edge technologies in the auto-component industry.
