**News Release**

**Chennai, 5<sup>th</sup> July, 2017**

**Shriram EPC makes foray into Transportation Industry**  
**• Wins maiden order worth Rs. 71crore for Palani Temple Ropeway**

Shriram Group's engineering business unit, Shriram EPC Limited (SEPC) today announced its foray into the high growth Transportation industry by securing a maiden project from the state of Tamil Nadu, India. The company has won an order worth Rs. 71 crore from the Arulmigu Dandayuthapani temple located at Palani in Tamil Nadu.

Shriram EPC is one of the leading service providers of integrated design, engineering, procurement, construction and project management services for medium to large infrastructure projects in Water & Sewerage, Renewable Energy, Process and Metallurgical plants and Municipal service sector projects throughout India.

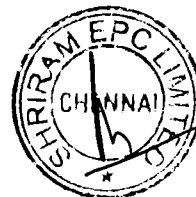

The scope of this first Transportation project work includes Design, Manufacture, Supply, Erection, Testing, Commissioning, Operating and Maintenance of the Second Ropeway to the Temple that will serve 1,200 persons per hour.

The temple is located atop a hill and is accessible by stairs, a winch system as well as an existing ropeway. Due to the growing numbers of pilgrims there is a requirement to upgrade the access infrastructure at the temple. The existing ropeway can handle 300 passengers per hour. Shriram EPC will implement newer technology with higher throughput enabling the second ropeway to be able to serve 1,200 persons per hour.

The technology equipment and systems will be supplied by Poma S.A. Poma, a 80 year-old institution headquartered in France, is a global leader with deep expertise in ropeway transportation and has built over 8,000 installations in over 80 countries.

**Commenting on the order, Mr. T. Shivaraman, Managing Director & CEO of Shriram EPC Limited, said:**

*"We are excited by this order win which marks our entry into a new business vertical. We would endeavour to bring world class design and technologies to India and believe that the opportunity linked to growth of the tourism & urban transportation sector will deepen in the years ahead. This project with our partner will broaden our range of offerings and allow us to tap into a new sector. There are multiple opportunities for both niche and mainstream offerings of Shriram EPC and we are seeing signs of increasing momentum in enquiries and order wins. Our focus will be to grow our order book and enhance execution by leveraging our strong technical capabilities enabling us to sustain the improving trajectory of business performance."*
