WOOD COATING EXHIBITION

14TH - 17TH NOVEMBER, 2024

Wood Coating Exhibition at The Grand ACE Surfaces Mumbai - 2024 - (14th – 17th November, 2024)

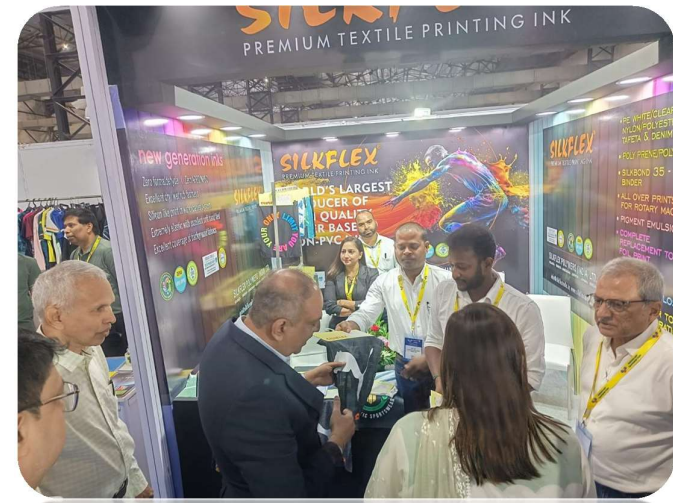

The Wood Coating Exhibition, part of The Grand Ace Surface Event, was held from November 14th, 2024 to November 17th, 2024. The exhibition covered four days of insightful presentations, live demonstrations, and an extensive display of products and solutions related to wood coatings. With a broad array of participants from both the global and local markets, the event was a success in terms of both participation and engagement.

The first day of the exhibition kicked off with a grand opening ceremony. The Company showcased their latest products, including innovative wood preservatives, finishes, and clear coatings designed to improve the longevity and quality of wooden surfaces. Attendees also had the opportunity to witness live demonstrations of new application techniques, providing a hands-on learning experience.

With the increasing importance of environmental responsibility, the Company focused on showcasing eco-friendly coatings, including bio-based, low-VOC (volatile organic compound), and waterborne options. These products are designed to minimize the ecological footprint of wood finishing while maintaining high performance. Live demonstrations of eco-friendly coatings were held, where participants could watch the application of sustainable wood finishes and learn about the benefits they offer in terms of health, safety, and long-term environmental sustainability.

The Wood Coating Exhibition at the Grand Ace Surface from November 14th, 2024 to November 17th, 2024; proved to be a remarkable event for the Companies in the wood finishing industry. It not only highlighted the latest advancements in technology and sustainability but also provided a platform for networking, collaboration, and learning. The event underscored the growing importance of high-performance, eco-friendly coatings and the future direction of the wood coating industry.
