Whether the promoter/promoter group/group companies have any interest in the entity that awarded the order(s)/contract(s)? If yes, nature of interest and details thereof;	No
Related Party	No

Strategic significance

This order from a premier centre of the Indian Space Research Organisation represents a meaningful step in the Company's stated focus on the Space and Defence sector:

- **Entry into a mission-critical institution:** SAC is ISRO's principal centre for the design of space-borne payloads and for satellite-based applications. Qualifying as a supplier to SAC through an open, competitive and technically stringent tender establishes the Company's credentials with the Department of Space.
- **High-performance computing capability:** The workstations are among the most powerful single-node systems available, combining 60-core Intel Xeon processors, 512 GB memory and NVIDIA Blackwell-class GPUs with 96 GB memory. Such systems support compute-intensive scientific workloads including AI/ML, large-scale data processing, simulation and visualisation.
- **Alignment with Aatmanirbhar Bharat:** The order was reserved for Class I / Class II Local Suppliers, reflecting the Company's participation in the Government's Make in India procurement framework for strategic sectors.
- **Platform for future engagement:** The on-site support engagement provides a long-term relationship with SAC and a reference for further opportunities across ISRO centres, defence establishments and other strategic organisations, where the Company can combine infrastructure delivery with its software, e-governance and AI capabilities.

The order was received in the normal course of the Company's business.
