Press Release
Q1 FY 2026-27 Financial Results

SKF India Limited announces financial results for Q1 FY 2026-27

Pune, 12th August 2026: SKF India Limited (NSE: SKFINDIA | BSE: 500472), a leading technology and engineering bearing solutions provider for the automotive industry, today announced its financial results for the first quarter ended **June 30, 2026 (Q1 FY 2026-27).**

For the quarter, the Company reported **Revenue from Operations of INR 5,877.9 Million**, registering a **27.1% growth year-on-year**. The EBITDA for the quarter was **INR 1,003.9 Million**, that is 17.1% vis-a-vis 17.0% for same quarter previous year. **Profit Before Tax (PBT)** stood at **INR 837.8 Million (14.3%)** vis-à-vis **INR 631.5 Million (13.7%) for same quarter of the previous year**. This sales growth was driven by broad-based demand across key automotive segments including two and three-wheelers, passenger vehicles and commercial vehicles thus leading to growth in both domestic and export market.

The operational discipline, technology-led offerings and a strong market presence supported to have good profitability. This performance was further aided by continued momentum in the Indian automotive sector, driven by evolving customer requirements around higher efficiency, reliability and performance.

Financial Highlights (Q1 FY 2026-27) – Standalone

- **Revenue from Operations: INR 5,877.9 Million; reflecting 27.1% growth YoY**
- **EBITDA: INR 1,003.9 Million; reflecting 0.1% growth YoY**
- **Profit Before Tax (PBT): INR 837.8 Million; an increase of 0.6% YoY**
- **Profit After Tax (PAT) from continued operations: INR 618.4 Million; reflecting 0.4% growth YoY**

Speaking on the company's performance, **Shailesh Kumar Sharma, Managing Director of SKF India Limited**, said, *“We have started FY27 on a resilient note, reflecting the strength of our business portfolio, customer-centric approach and disciplined execution. While the operating environment continues to evolve, we remain focused on delivering sustainable and profitable growth by leveraging our technology leadership, local manufacturing capabilities and strong customer partnerships.”*

Mayank Holani, Chief Financial Officer of SKF India Limited, said, *“We remain focused on strengthening operational efficiency and improving cost competitiveness while maintaining a disciplined approach to profitability. Our continued focus on these priorities will help us drive sustainable performance and create long-term value for our stakeholders.”*

During the quarter, SKF India continued to focus on delivering value through customer-centric innovation, operational excellence and technology-led solutions for our automotive segment. The Company remained committed to enhancing manufacturing efficiencies, expanding its solution offerings and supporting customers with sustainable technologies that improve equipment reliability and productivity.

These results follow SKF India’s recent corporate restructuring, which has resulted in two independently focused entities, enabling sharper strategic focus and stronger alignment with customer and market requirements.

***Exceptional items include non-recurring expenses pertaining to demerger and new regulations.*

About SKF

Since 1907, SKF has been making some of the world's most innovative bearings, seals, lubrication systems, condition monitoring solutions, and services to reduce friction. Less friction means more energy saved and by reducing it, we make industry smarter, more competitive, and more energy efficient, building a more sustainable future where we can all do more with less. SKF is represented in approximately 130 countries and has around 17,000 distributor locations worldwide. Annual sales in 2025 were SEK 91,583 million and the number of employees was 37,271. www.skf.com.
