- 6 EPS has been calculated, dividing profit after tax/ Number of Shares on each reported date.
- 7 The Company operates under two segments, viz. plastic products and water coconut, but the later segment doesnot account for more than 10% of the total revenue, result or assets as stated in Accounting Standard 17 (AS-17) issued by the Institute of Chartered Accountants of India. As a result there is only one reportable segment i.e Plastic product, and hence no additional disclosure is required.

Except for a small amount of inventory, fixed assets and certain toolings, all items of fixed assets including plant & machinery, equipments and inventories at floor and work-in-progress, documents, vouchers, were burnt in fire. The assets of the company were adequately covered by a fire insurance policy with the Oriental Insurance Company Limited and the insurance company was immediately informed about the mis-happenings at the works premises of the Company. - 14 The Company's net worth is still negative though the company has received a portion of insurance claim against the loss due to fire and remaining portion of the claim is yet to be realised, amount of which is yet to be assessed by the insurance compnay. The Company's current liabilities exceed its current assets. This situation indicates existence of material uncertainty which may cast significant doubt on company's ability to continue as going concern. However the management has adopted going concern basis for preparation of financial statements based on the financial projections for the future years and business outlook and for the resons stated in the para no 13 above.
- 15 The Company is availing credit facilities under multiple banking from Standard Chartered Bank and Axis Bank Limited against hypothecation of plant & machinery and current assets of the Company. There were no human casualties. Evacuation team conducted successful evacuation of all persons present in the factory at the time of fire. After preliminary investigation, it was found that the cause of fire was due to short circuit.

Except for a small amount of inventory, fixed assets and certain toolings, all items of fixed assets including plant & machinery, equipments and inventories at floor and work-in-progress, documents, vouchers, were burnt in fire. The assets of the company were adequately covered by a fire insurance policy with the Oriental Insurance Company Limited and the insurance company was immediately informed about the mis-happenings at the works premises of the Company. The Company has already initiated the process of filing insurance claim for the loss incurred.

Consequent to the above, during the half year ended September 30, 2024, the company has received an insurance claim of Rs.1600.00/- lakhs in part against the insurance claim lodged with the insurance company and the same has been shown as an exceptional item in the statement of profit and loss account.

The Company's current liabilities exceed its current assets. This situation indicates existence of material uncertainty which may cast significant doubt on company's ability to continue as going concern. However the management has adopted going concern basis for preparation of financial statements based on the financial projections for the future years and business outlook and for the resons stated in the para no 13 above.
- The Company is availing credit facilities under multiple banking from Standard Chartered Bank and Axis Bank Limited against hypothecation of plant & machinery and current assets of the Company. The bankers were informed about the fire incident which took place in the previous financial year. The Company is generally regular in serving its debts to the bankers. Further the amount received from the insurance compnay have been utilised for repayment of debts to the bankers.
